I AIN'T MAD AT NOBODY

GUESS HIS NAME

There is a bird or so I have heard that always likes to roam,
He has a roving disposition and no place to call his home.
You can look in any book and they hardly say a word,
History is almost silent about this mysterious bird.

He flies by night, also in daylight, from the Gulf clear up to Nome
He is sure to go through rain and snow even across the foam.
You can take my word he's a mystery bird and on a few worms he can thrive.
In any zone he's usually alone but sometimes there are four or five.

All I can say in a positive way he's a bird that likes to roam,
He knows he's secure as he will endure and visit most any home.
I hereby declare he goes everywhere from Friaco to New York,
His habits are unknown but he is tough as whale—bone—and he is called the stork.

C. S. PARKS, Broad and Wisconsin, Columbus, Ohio

Central Pirates Are Host To Buck Quintet Tonight

West Wallops Logan Chiefs But Bow To North Bears During Week

Having split even-steven in two contests during the past week, a 31-27 City league loss to the champion North Polar Bears and a decisive 38-23 win over Logan in a non-league fray, West High's bouncing Burkaroos will trek eastward tonight to match court shots with the Central High Pirates, currently tied for the league leadership, on the Riversiders' basketball floor. For the second time within a fortnight, West will be the underdogs in the battle.

Central has one of the better teams in the city. Led by "Wee-Willie" Garland, star center, Ervin Diltz and Frank Kamer, they've been beaten only once in the league, that a one-point loss to North, defending champions. However, anything is apt to happen in City league games and it wouldn't be surprising to see the Buckaroos come home with the bacon.

North Team Good

On the Buck court last Friday the Cowboys were no match for the high-flying Polar Bears. Although the count was 31-27 it could have been worse for the Northmen held a 28-16 lead going into the final canto. A desperate last-minute rally led by Forwards Rogers and Ucker reduced the lead considerably but the Winners had enough lead to gain the decision.

Although several teams in the City league lose several players by the mid-year graduating exercises the Bucks' only loss is Warren "Jab" Carter, a guard. Carter, a three-letterman during the past year, will see action for the last time as a Buck in Friday evening's fray. He earned letters in basketball, baseball and was a halfback on the West football team last fall.

Down at Logan Tuesday the Bucks had an easy time of it although Richard Ucker, star forward, was absent due to a family death. Coach George Williams, dissatisfied with the performance given by his team to date, sent a revamped line-up into the game including Maxwell and Mack at forwards; Snyder at center; and Rogers and Blackstone at the guards.

Rogers Leads Scorers

Performing at a guard post for the first time this season Captain Paul Rogers led the Bucks to the victory with 12 points. Bud Maxwell connected for eight markers and Bill Mack came through with seven. Both teams missed many easy shots, West making 16 baskets on 63 tries and Logan chalking up 7 two-pointers on 51 shots.

By C. C. Hartley

Ralph Jacobs For Legislature

The Hilltop has representation in many divisions of government but is not represented in the State Legislature. Along with the fact that the community would do well to elect a man to this law making body it stands to reason that there are good men here available for the position.

One of these is Ralph Jacobs, 2914 Crescent Dr. He is a Democrat but has never been active in politics, having sought no public office previously. He is a successful business man, qualified for a job that requires level headed thinking and an unwillingness to accept all the silly legislation that is proposed in this body each session.

We believe Jacobs could be influenced to seek this position and again we say that the thinking people of a community should pick their candidates rather than have to select from a long list of mere office seekers.

In the Race For First Lady

The road to the persidency this year seems to be a two lane highway with the candidate taking one route and his wife the other.

And for the most part it appears that some very capable wives are going to figure materially in the success of their husbands for the post.

Ohio is fortunate in this respect and either Mrs. John Bricker or Mrs. Robert Taft would make a most graceful first lady of the land. Both have taken an active interest in the jobs of their husbands and Ohio is perhaps getting double service when they elect capable men with capable wives.

Lick em and Like em

Uncle Sam has a new regulation that involves you and you and you if you step up to his parcel post window and mail a package.

There was a time when you paid your money and your transaction was over but now you are handed stamps for the right amount on each package and told to do your own licking.

Now you must place the postage on your packages and thus take the responsibility of seeing that they are well licked and safely attached.

There simply isn't anything you can do about it but lick 'em and like 'em. Maybe the time will come when you can ask for a particular flavor.

A Good Crop Of Misspellers

It has been a very hearty response to the Record Misspelled Word Contest. And we are finding out that the Hilltop has a goodly number of good spellers as well as misspellers. One lady wants to know if there is any reward for the greatest number of mistakes she can find in the entire paper. No, lady, our face might be too red.

One of the best letters received is printed below:

Deer contest Editor—

Party Reunites Old Friends

Old friends, some of whom had not met for 12 years, were reunited again at a surprise birthday party honoring Mrs Martha Thatcher, 262 E Thurman-av last Tuesday afternoon at the home of her daughter-in-law Mrs. Donald Thatcher, 211 N Hague-av. Mrs. Thatcher is 73

The birthday party brought together the senior Mrs. Thatcher's euchre clan, the Jolly Twelve, and through the efforts of Mrs Thatcher jr., the club is to be reorganized

Mrs. Thatcher is shown seated at the head of the table, cutting her birthday cake. Those in the group are, first row, left to right Mrs. Ed. Love, Mrs. Rose Haseth, the guest of honor, Mrs. Sam Miller and Mrs Herbert Thatcher

In the second row: Mrs. Catherine Termeer, Mrs Joe H. Keys, Mrs. Elizabeth Buerstler, Mrs. Philip McDonald, Emma Heintz, Mrs. Carl W Buchler, Mrs. Cordelia Murphy, Mrs John Mooney and Mrs. Donald Thatcher.

First Winner Named

Mrs. Ethel Ferguson, 455 S. Hague-av, is the winner of the first weekly award in the Hilltop Record's Misspelled Word contest, now being conducted in cooperation with 16 Hilltop and West side business firms who are giving valuable prizes every week to the entrants who find the misspelled words in their advertisements in the Record.

The award to Mrs. Ferguson is a ton of Semet-Solvay coke, presented by the West Side Lumber and Coal Co., 3401 W. Broad-st which is singularly appropriate in view of continued near-zero weather for more than six weeks, and no promise of relief in sight.

A regular shower of entries poured in on the contest editor with the first announcement of the contest in last week's Record but there is still plenty of time for contestants to enter who desire to try for the weekly awards.

The award for next week's contest will be $5.00 in trade by the Hilltop House Sandwich Shoppe, broad-st between Oakley and Wayne avenues, operated by Mr. and Mrs. Lee Merrill.

Four More Prizes

Additional prizes to be given contestants were announced this week as follows: W. R. Bussey, decorator, N. Haldy-av, one-half gallon any color enamel.

Cramer's pharmacy, Sandusky and Broad streets, a $5.00 merchandise order

Seiler's department store, a $7.95 multi-color chenille bed spread.

Gray's Gulf service station, Algonquin-av and Broad-st five gallons of gasoline, an oil change and a grease job

Contestants desiring to compete for the grand prize, an award of a $100 scholarship by the Dickinson Secretarial school, are reminded they must submit a final entry in which all misspelled words used during the weekly contests have been made into sentences.

Mystery Girl To Appear On Hilltop

Page Mr. Ripley

The Hilltop has a "mystery girl."

She is a local girl in a contest being sponsored by the West High Triangle club. A five dollar prize will be given to the first person who makes known the identity of the fair lass before 11 p. m Friday evening. For it is at that time that the winner will be announced, at the Triangle club dance in the West gymnasium after the West-South basketball game.

Any person on the Hilltop is eligible to enter the contest. All he need to do is approach the "mystery girl" and say: "You are the supreme eternal Mystery Girl of West High school." Simple, isn't it? In repeating the aforementioned code, however, the contestant must have a copy of the Occident and the Hilltop Record along with a slip of paper with his name and address written upon it.

Not intending to make the contest too easy, the judges have announced that the "mystery girl" will probably appear Friday afternoon following school at Campbell's pharmacy, Todd's pharmacy and the Hilltop Record office. At this time contestants may file their entries.

Preceding the dance, the West Reserves will meet the South seconds at 7:15 with the varsity game between the two schools coming on soon after. The dance is scheduled to begin at 9:30 with Paul Cook's orchestra furnishing the music. Prizes will be awarded for the best couples performing the two-step, the waltz and the jitterbug. In addition, floor prizes are to be given away.

Penal Aid Program Sponsored By Hilltop Resident

Charles G Hoar, 178 N Harris av, is taking an active part in promoting a proposal by the Ohio Vocational Rehabilitation association to aid in fostering the welfare and placement of men released from Ohio penal institutions

The association, Mr. Hoar explained, seeks to amend Ohio laws so they will comply with standards outlined at the national parole conference called by President Roosevelt last spring

One of the outstanding objectives of the association is to establish a "Farm Home" for men released from penal institutions who have no place to go. They would thus be provided with employment, medical treatment and shelter. The organization would cooperate fully with the state welfare department.

Cost of the establishment of the "Farm Home" is estimated at $75,000, funds being raised through publication of the Ohio Vocational News and memberships in the Ohio Vocational Rehabilitation association at $5.00 per year

Plans are to make the organization's first unit self sustaining as soon as possible through production of dairy products, research farming and manufacture of soybean paint as well as other products. The men will also gather up old broken toys which will be reconditioned and sold at reduced prices next November to aid in carrying on their work

Sponsors of the proposal estimate that establishment of such a Farm Home will eliminate 420 crimes during this year because parole board records now show that approximately three per cent of all parolees who have only a new suit and $10.00 in money on their release commit new crimes.

Memberships in the association are being sought.

Pupil registratoin in seven Hilltop public schools including high school, junior high and elementary buildings showed an increase of 70 pupils in totals recorded this week with the beginning of the new semester, compared to the figures for the beginning of the school last September, a check with principals showed today.

The total for the seven schools, including West High and West Jr. High, is 6063 pupils with late enrollees expected to increase slightly this number while the totals for the same schools at the beginning of the term amounted to 5,997

West High showed one of the largest increases, jumping from 1,357 to 1,422 pupils, while West Junior High school dropped from 1,273 to 1,269 pupils.

W. Broad Gains

The enrollment at W. Broad St. elementary school also showed an increase from 607 pupils to 635 despite the fact that 44 elementary pupils who finished that course went on to junior high school work.

Registration also increased at Starling Junior high where 1,214 pupils are enrolled compared to 1,198 at the beginning of school.

At John Burroughs school the enrollment dropped from 974 pupils to 969, while exact figures could not be obtained from Highland Ave school due to the absence of the principal, but it was believed the enrollment totaled 499, the same as at the beginning of the term.

The above totals do not include the enrollments at St. Mary Magdalene and St. Aloysius schools, which had 230 and 316 pupils respectively last fall and are expected also to report increases when their tabulations are completed.

Starling Head Taught McGuffy Reader

W. S. Skimming

After years of experience in the teaching profession and as a student I have become every year more convinced that there is no learning worthwhile which still doesn't require good old application to hard work, there being no diluted forms that can be rubbed in or inhaled." So. W. B. Skimming, principal of Starling Jr. high school, expressed himself in regard to that which he believes fundamental in all school work.

Born in the little village of Burtonville, (near Wilmington—"It never did get on the map"), Mr. Skimming went through eight grades in a one-room school there and got a certificate to teach on the basis of what he learned.

He then attended the National Normal university at Lebanon, from which he received a B. S. degree. "Although you have

Round About The Hilltop

By Wire

Chester Herbert had just finished writing up a grocery order for Mrs. R. E. Lisk.

"Do you want the order delivered," queried groceryman Herbert.

"Yes," replied Mrs. Lisk, "just send it down to RA. 1044."

"What!" yelled the startled grocer.

"I'm sorry," apologized Mrs. Lisk. "Better make it 169 S. Ogden-av."

Where There's Smoke—

We didn't learn the name of the gentleman who was smoking his pipe while waiting for the street car at the corner of Oakley and Broad one of these minus-zero mornings last week but, unnoticed by himself, smoke was pouring out of one of his coat pockets. Much perplexed a passerby rushed to his side yelling something about "smoke—on fire." Little disturbed, the would-be street car passenger and the excited volunteer fireman together put out the smoldering fire.

Damage (uninsured and unestimated), one burned-out coat pocket.

Things I've Learned

Poets have never been able to find a word that rhymes with SILVER. (Check me if I'm wrong E. W.) . . . Dave Shiflet has become a confirmed jitterbug . . . Eileen Griggs is a newcomer to the Record staff . . . The Havenhaughs moved to Lancaster last week . . . One of our Hilltop high school girl sat through four Kay Kyser shows recently . . . Earl Braun, the baker from down on Burgess-av, played football for Pennsylvania with the class of '20. Jane Anderson and Ed Weaver both had birthdays on Jan. 28 . . . Noble Allen's license number is NA14 . . . Miss Kennedy was somewhat embarrassed by Interviewer Hess's remark in recent Record feature that "in tourist cabins . . . have had more than one encounter with bed bugs." (Ed. "Mr. Hess, is nothing off the record?")

The Wagners and The Swains

An interesting parallel will likely follow the neck and neck scholastic finish made by Eleanor Wagner and Erdine Swain for the honor of being named valedictorian of last week's graduating class at West. Only one thousandth of a percent marked the difference in their grade averages for their senior high school careers. Both girls were active in extracurricular activities. They are very close friends.

Eleanor has a sister, Luana now a junior in high school Erdine has a sister, Vivian also a junior. Luana and Vivian are close friends. Both have been honor students all through school. Both possess excellent averages separated by only the barest of margins. So don't be surprised if next year's graduating honors are hotly contested by a Wagner and a Swain.

Check Your Radiator, Sir?

Harry Fleming, 105 N. Warren-av, of the city treasurer's office, has declared himself for a standard of radiator testers to be set up by the U. S. Bureau of Standards or somebody.

During the recent cold snap Harry wandered into the office wearing three vests and several assorted sweaters and coats to tell of his adventures in having his auto cooling system checked.

After learning from various and assorted filling station attendants that the car was protected from an assortment of temperatures ranging from 10 above to 40 below zero, Harry became disgusted and decided if the car was going to freeze to "let her freeze or bust" but, according to last reports the car was still running so somebody must have been right.

After several minutes of fruitless search, a compromise was reached. He paid the nickel.

Tale! Tale!

News of the recent foot of snowfall in Atlanta, Ga., caused Dave Cornwell, Hilltop cameraman and movie machine operator, to recall another big snow in the southern city when he was there more than 20 years ago.

Since sleds and other sports equipment were unheard of in the south, the residents made the best of it by utilizing old rocking chairs to go sleigh riding, taking turns pushing one another or gliding down the hills, which was swell if the coaster was an expert rocking chair balancer, Dave says.

Where's The Fire?

Peace and quiet was reigning in the household of Mr. and Mrs. Wilbur Paullin, 130 S. Burgess-av, one evening last week when all of a sudden the front door burst open. Six men with axes, hose and assorted paraphernalia descended on the quiet home.

"Where's the fire?"

"What fire?" was the startled reply.

"This place is supposed to be in flames," insisted the firemen.

Try as he would Mr. Paullin could not convince the firemen that there was no fire. Only after a thorough search of the house upstairs and down was the quest for a blaze abandoned.

Brannigan Leads St. Aloysius To Fifth Straight Triumph

Westgate, St. Aloysius Girls Retain Clean Slates In Girls' League Games

By Woody Owens

The St. Aloysius Blue Streaks stopped another game closer to the 1940 West Church league title Tuesday night as they smothered Neil Ave. U. B. 39-16 in the feature game at Glenwood Park shelter house. The win was the fifth straight for the Blue and Gold and left them the only undefeated team in the circuit.

Led by their star center, Brannigan, the Irish had little trouble with the Methodists. Brannigan tossed in 20 points to bring his total for the season for the five games up to 75 markers. This is an average of 15 per contest.

In the most bitterly contested fray of the season Hoge Memorial bested Burgess Ave. U. B. 42-30 to retain its second place slot with Holy Family, both still nursing slight title hopes. Mawhirter and Weigand tallied 12 points each for the Presbyterians as Stinson with 14 tallies and Alban with 10 played great ball for the Brethren.

In the third contest of the evening Avondale U. B. nosed out West Park M. E. 30-28 to score its first victory of the season. Galbraith of the winners and Mitchell of the losers came through with 13 points each.

In the evening's finale Holy Family overwhelmed Westgate Evangelical 38-11. It was the fourth setback for the hapless Evangelicals.

H. High Plays Well As Evangelicals Win

Westgate Evangelical won its fourth consecutive game Monday evening at Glenwood shelter house and thus continued to lead the Girls' West Church league, although St. Aloysius, the defending champion, is also undefeated. The Evangelicals have played one more contest.

The scarlet clad lassies of Westgate were not as impressive in their fourth conquest as they had been in their other three starts. Having held but a 6-4 advantage at halftime, the Westgate girls, led by H. High, all-church league selection last year, broke the ice in the second half and went on to win handily. High tallied 12 points in the 21-10 victory over West Park M. E. Williams was again a standout on the defense.

Myers Leads Catholics

St. Aloysius defeated Hilltop C. of C., 19-11, although the decision could have easily been reversed had the Christians cashed in on their easy under-the-basket shots. Myers led the Irish to victory with 13 points as Wilhelm and McNanaway played well for the Christians.

Avondale U. B. won a surprising 13-21 victory over Burgess U. B. and thus chalked up its initial win of the season. Radcliffe of the winners and Scott of Burgess tied for scoring honors with seven markers each.

probably never heard of this school, since it passed out of existence many years ago," said Mr. Skimming, "at one time it had more students than Ohio State. Cordell Hull is one of its graduates."

Following graduation from Ohio State in 1904 where he majored in mathematics and minored in science, Mr. Skimming began teaching at East High school. He had had some teaching experience in the meantime, however ,having taught for two years in the Clinton county schools, three years at New Burlington and one year at Spring Valley.

In the county schools he taught "the good old McGuffy readers." His favorite story, "the one that has stuck longest in my mind"—was the one of the "Crazy Engineer."

In 1910 Mr. Skimming was appointed to head the math department at East, then the first of the new high school buildings in the city ,and in 1916 was made principal. He remained there in that capacity until 1933 when he was transferred to Starling. Two of the present city high school principals were teachers under him at East High.

Favorite diversion is bowling. "My highest score," he said, "was 654 for three games. I've tried to forget the lowest I've rolled," he added. He reads history a great deal and his most noticeable bad habit is "that I sometimes talk too much."

He is a thirty-second degree Mason and belongs to all the school organizations.

A son, Dr. L. H. Skimming, is a physician in Middletown. A daughter, Miss Ruth Skimming, is a teacher in a small community 12 miles out of Cleveland. Mr. Skimming resides at 172 E. Frambes-av.

Building brings sales volume to every line of business

Did you think that the only ones who profit financially from building a new home were the builders? They do profit considerably, but so do the workmen, and the lumber supply companies and their employees — in fact, everyone, who has any direct contact with the building, profits. They all have more money to spend for their needs.

Of course, the home furnishers and landscape gardeners and decorators make direct sales to the family who owns the new home. But the businesses that profit the most are those who sell merchandise or services to the workmen, the architect, the furniture store delivery man, and all the others who take part in helping to build and furnish a new home. In turn the butcher, the baker, the grocer, and the laundryman are able to buy new clothes from the man who lives in the new home.

That is business.

You can prepare to get your fair share of all this business by planning an intelligent and thorough advertising campaign. Direct your campaign at the great majority of this new market developed by the spring building boom — advertise in The Hilltop Record. The Record circulation covers the entire Hilltop market every week. week.

Bucks Meet South Five On Local Court Tonight

West Quintet Loses To Central; Bulldogs Lose Two By Graduation

Settled firmly in the cellar position as hostilities in the City league ceased last Friday night with the end of the first round of activity, West High's floundering Buckaroos, still suffering from a 45-31 thumping by Central, will return to league warfare tonight at the local stronghold with the pesky South five providing the opposition. The Bulldogs, winners over the rope-tossers by a 34-25 margin earlier in the season, will be heavy favorites to top the wilting Bucks.

The Bulldogs, at present tied with North and East for the runner-up slot in the circuit, will present a different line-up from that which opposed the Cowboys on the Blue and Gray court. Captain Floyd Tallor and Jim Kuhnheim will be absent from the visitors' team in tonight's tilt but with high-scoring Ernie Alhgn and lanky Phil Arnold still in basketball togs the going will be plenty tough for the locals.

The Bucks have yet to show the early season form that made them possible title winners. They've loafed at every possible opportunity, they've been unaggressive and they haven't even been in the ball game in three of the five league games to date. No wonder they haven't the record of the higher teams. With a little ginger and a lot more fighting spirit the Buckaroos could do some place in the second round frays. Whether they do or not remains to be seen.

Play Good Ball

In losing to the Central five West played good ball. The Pirates were just "on" and it took a little time for them to start hitting their own nets. When they did, in the third and fourth periods, the erstwhile winners made a rout of the contest. They led 9-7 at the quarter and 21-16 at the half but from this point on it was all Pirate with the Bucks just running up and down the floor.

Outstanding for the losing Cowhands was one Bill Mack. He contributed 10 points to the Buck scoring total and after a shaky start earlier in the season seems to have found himself. Bill, along with the entire team, seemed to tire late in the fracas and he didn't count any markers in the final period. Paul Rogers turned in a creditable performance but the other West representatives were even "mediocre" in their playing.

Coach George Williams, his team having suffered two successive league setbacks, was in doubt as to whom he would start in this evening's game. Possibilities were that Mack and "Duck" Uckert would be at the forwards, Mack well at center and Bell and Rogers at the guards. Bell seems to be recovering some of his last season form but still is not up to par while Rogers, having been shifted from forward to guard, is still a little shaky.

By SHIFLET

In town for a business conference Harold E. Wise was an interested spectator at the North-West basketball game recently. Wise, a native of Athens, is now assistant coach at Ohio university.

Down at Ohio U. Coach Wise is putting into practice with the freshman basketball team a theory he gained during his nine years of coaching at West High. Contrary to the athletic policies of many colleges the Athens school has a competitive freshman team and in addition to that year of athletic competition students are permitted to play three years of varsity competition. But to get back to our story.

Coach Wise has five eight-minute parts to his basketball game instead of the usual four sections. The five men on each team who perform in the initial period are not eligible to play in the second quarter; those who play in the second quarter (or fifth) can't play in the third; those who play in the third can't play in the fourth. In the last stanza of the affair, however, anyone who has seen service in the earlier part of the game can compete in the final period.

In this way the court game is more than just a team affair. It is a squad performance and will permit more contestants to see service during an evening's basketball than in the case with the regulation games played now. We think it's a darn good idea!

* * *

With the moving back of the end line to four feet behind the baskets much additional playing space is given to the playing of basketball, according to the coaches at West. Although this is just a recommendation Coaches Williams, Collins and Rose feel that it will be made into a rule next season for sure.

However, they're not so sure about doing away with the backboard and merely permitting the basket to be suspended in mid-air. The feeling is that the ball would go out of bounds more often. A suggestion to nullify this is to move the baskets in a couple of feet more. These are just ideas on the matter, though, and probably nothing will ever be done about it. But if the baskets were minus backboards the scores and shooting done at present would probably be cut in half.

* * *

Notes and Nubbins: Although they've been beaten on four occasions in City league play the Cowboys are still definitely in the title picture . . . they can still play giant-killer by upsetting some of the favorites . . . for instance, South High tonight . . . 'tis a pretty good suggestion at that . . . Central walloped West in the reserve tilt last Friday night 35-21 to make the evening's rout complete . . . the varsity being spanked to the tune of 45-31.

Recent addition to West Park in the gals' church league is Grace McNabb, former Hansberger M. E. satellite in the North league . . . She did all right up there, 'tis said, but this one is tougher . . . Really taking a shellacking in the Boys' West Church group is Westgate Evangelical . . . Hoge and St. Aloysius both topped the 50 point mark in defeating the hapless Evangelicals . . . but not so with the fair sex of that church . . . they hold the top stop in the circuit for young misses with four successive wins.

Coach Williams Announces Football Schedule For 1940

Five Home Games Are Planned; Three New Teams Added To Sked

The West High school football schedule for 1940, having been completed this week with the addition of Van Wert for Sept. 27, was announced this week by Coach George Williams. Ten games will be played this year as compared with nine in 1939.

The schedule to be taken by this year's Buckaroos is probably one of the toughest in the history of the school. In addition to the five City league games the Cowboys will also meet a quintet of teams from outside of the city.

As was the case last season, the West team will play at Newark and Springfield in the first two encounters of the campaign. Those two games will be among the five night meetings to be played by the Buff and Brown squad. Third on the sked is a game at Van Wert, another nite tilt.

Polar Bears Here

The locals will inaugurate the home season when the arch rivals of the Buckaroos, the North Polar Bears, invade the local stronghold. This contest will also be the first City league game. Following the North-West engagement the Grandview Bobcats, undefeated last season, will play at Mogly field.

Then it's back to City league play for Coach Williams' charges with the Bucks treking to South for a nite fracas on Oct. 18. The next week will find West going away again, this time to Central High for another league venture and a fifth evening rendevous. As the seventh opponent on the card West will play host to Dayton Roosevelt, the third newcomer on the schedule (along with Van Wert and Grandview). To close the strenous campaign Aquinas and East will oppose the Buckaroo eleven on successive week-ends at Mogly field. Both games are league frays.

Following is the complete schedule:

Sept. 13—At Newark (N)
Sept. 20—At Springfield (N)
Sept. 27—At Van Wert (N)
Oct. 4—North
Oct. 11—Grandview
Oct. 18—At South (N)
Oct. 25—At Central (N)
Nov. 1—Dayton Roosevelt
Nov. 9—Aquinas
Nov. 15—East

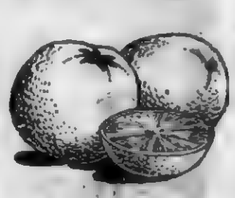
Child Recovering From Face Burns

Elaine Adams, colored, aged three, of 299 S. Oakley-av, is recovering from burns about the face and chest received when her clothing caught fire from an open stove in the family home, Friday.



Presence of mind of the child's mother, Mrs. Ruth Adams, was credited with saving the youngster from serious burns. Hearing a scream, Mrs. Adams threw the child to the floor and rolled her in a blanket. She was burned about the hands. Elaine was treated at Mt. Carmel hospital and taken to Children's hospital.

Hilltop Man, 84, Is Phone Co. Pioneer, Ex-Newspaper Man

E. D. COOK

The gentleman who seems to be enjoying his cigar to the fullest is Ed. Cook, 200 Midland-av, now past 84, who has earned his relaxation, not only as a former newspaper man, but also as a pioneer employee of the Ohio Bell Telephone Co., now retired.

Mr. Cook is the oldest pioneer in point of service in the N. C. [illegible] chapter No. 2 of the Telephone Pioneers of America, which includes all of Ohio except the Cincinnati area and has more than 1,753 active members. Telephone employees must have at least 21 years of service to be eligible for the association.

Years ago Mr. Cook was connected with the old Press Post, a Columbus newspaper that passed out of existence some years ago. And, unlike most newspaper men, Mr. Cook has the reputation of having written some pretty good poetry at times.

GROUND HOG DAY

Ground hog day is now at hand to the poor and millionaire
If the hog don't see his shadow the weather will be fair.
If he should see his shadow get out your winter clothes
For six weeks more we'll shiver in the cold and drifting snows.

That day should be a holiday and have it six weeks later
Make him stay down in the clay, perhaps he is a traitor
Don't let him leave his home cyan if he had a ladder
And come up here acting queer looking for his shadder

He should forget the weather, all trouble and all woe
He has his friends together about eleven feet below
I know the hog is very wise and his hide is tough as leather
But in no wise can I surmise how he'll regulate the weather.

Make him stay down in the clay and sleep a few weeks longer
He is thin, hardly able to grin, so let him get stronger
Don't let him travel through clay and gravel; while the ground is hard and tough
He ought to know, we're tired of snow, and he can't pull off that bluff.

Earl W. Althen Dies In Hospital

Attending physicians attributed the death of Earl W. Althen, aged 55, of 83 Belvidere-av, to natural causes after the Hilltop resident succumbed at Grant hospital Saturday night, 36 hours after he was found wandering in the snow in Dublin-rd, near Goodale-st. Mr. Althen was the owner of the Scioto Rubber Co., 100 N. Sandusky-st, and was a graduate of West High school. He attended Ohio State university for two years.

Mr. Althen had operated the rubber company since 1934, when his father retired. He is survived by his wife, Beatrice Althen, three sons, Gary, William and Benjamin, and his father, William C. Althen, 1831 Roxbury-rd. Funeral services were held at 3 p. m., Thursday, in the Bertram G. Jones chapel. Burial was in Memorial Burial park.

OFFICER RETIRED

Patrolman Herman C. Bates, 124 Columbian-av, has been honorably discharged from duty in the police department by Safety Director George M. Ward because of physical disability.

Bowling Alleys Offer Free Instruction

Bill Shaul, prominent member of the American Bowling Congress and rated as one of the top bowlers in the nation, will offer free instructions to both men and women next Friday afternoon and evening at the Hilltop Recreation alleys, it was announced this week by Bill Wolfe, manager.

The afternoon session will begin at 2:30 while instructive meetings will be held throughout the evening. Special attention will be given to the women bowlers present, Wolfe said.

Shaul was a member of the five-man team at the New York state tournament in 1929 and was also all-events champion at the same meet. During his 18 years of competition in the A. B. C. tournaments he has recorded an average count of slightly in excess of the 199 mark.

Luther Groups Meet Sunday

Next Sunday the Luther leagues of all the United Lutheran churches in the city will meet for a pre-Lenten devotional and friendship meeting, starting at 4 p. m. The meeting will be held at First English Lutheran church, Rev. Louis P. Speaker, D. D., pastor.

Theme of the meeting will be "The Cords of the Cross." Rev. Melvin S. Lange, who is organizing a United Lutheran mission in the tri-village area, will be the Liturgist. The speakers will be Miss Frances Fredrickson, Robert Kloss and Ben Varner. Miss Maya Cooperrider will be general chairman. The devotional meeting will be followed by a luncheon and friendship hour. The offering will be sent to the relief of the churches of Finland.

News Survey Is Term Project

Frances Hartman, 420 S. Harris-av, a senior at West High school, has chosen to make a survey of the news events of the Hilltop as a term project in journalism. She is clipping all news events in which Hilltop people have figured since Jan. 1.

To date she has observed that accidents, deaths, births, marriages and school news predominate. The Hilltop is receiving considerable publicity through the fact that Mayor Green is a resident of the community.

Moss M. Williams, 2531 Steele-av, is among the insurance leaders of the state to be honored at the Ohio-Michigan regional meet at Detroit Monday and Tuesday.

St. Valentine Urges Remembrance

Comes next Wednesday we are reminded that tradition has made this the day of remembrance and St. Valentine urges you to say "I Love You," with a card, a gift, or some message bearer to those for whom you care, to bring them happiness by reminding them that you do.

These are said to be three little words that make the world go round. The happiest people are those who most frequently are reminded that there is "someone who cares" and there is a kind of happiness that comes as a result of giving proof that we care, which must be experienced to be understood.

And the most important day for remembering is next Wednesday, St. Valentine's day. And in order to remember just recall, "Did anyone ever tell you they loved you?"

A System That Works In Reverse

Over the radio comes an announcement that great opportunities lie ahead for the young man who will take a special course and go into business for himself. "Be your own boss" shout those who preach independence.

But Americans today are living under a system that is an exact reversal of the thing that made this country great and prosperous, a country filled with an abundance of good things but no means of equitable distribution so that those who need these good things will have them.

Today a giant monster called government, which includes the city, state, nation, has slipped in upon the scene and so thoroughly controls the situation that there is little if any incentive left for new business to start or present business to continue.

Today at every turn small business men must face the prospect of merely getting along. And just when they feel they are getting along, when they conclude that now, after they have laid the ground work of several years of experience, after having sacrificed so that the business should be able to produce enough to make it a happiness to continue it, then the arms of the government are stretched out waiting . . . waiting to take by means of taxes, any money the firm might make . . . nay, even that money it did not make.

And make it or not . . . one thing is certain . . . the big monster must be fed. He's waiting with all his inefficient and parasitic departments, growling at the bowels because of his constant deficits, constantly asking for and getting more food that goes down that big red lane.

"Be your own boss" did you say?

The Thing Must Be Stopped

Better advice would be . . . Become a wizard first, and look into the future and determine whither do we go. It stands to reason that today there are few incentives for new business, expansion, production.

What of tomorrow? Three years ago the same question was asked and business people, large and small, with an abiding faith in the American system, felt certainly this cannot continue. But it has continued and the burden has become increasingly larger from year to

Minstrel Producers Have Problem In Choosing Male Scarlett O'Hara For Show

Talent scouts for the Hilltop Minstrel, that annual extravaganza of fun and festivity to be given the evenings of Mar. 13, 14 and 15, at West High school auditorium, are now beginning to realise the problems movie producers face in choosing the proper stars and talent for their super-super productions.

Now they know why it took nearly two years to choose a suitable actress for the role of Scarlett O'Hara in the movie, "Gone With the Wind."

For now, they too, also have the same problem and with much less time for a solution, and to top it off, their problem is one that is infinitely more delicate and complex—that of choosing a male Scarlett O'Hara.

One of the feature skits of the big minstrel production is to be a take-off on "Gone With the Wind" with producer C. C. Hartley and his assistant, Lou Saunders, given the job of picking the cast for the "Gone With the Wind" parody.

Must Be Secret

To add to the headaches of the problem, the producer and his assistant must conduct their work of selecting the cast amidst a great deal of secrecy because the name of the male Scarlett O'Hara is not to be announced until a very short time before the three performances are given.

"With such an imposing array of talent available and competition exceptionally keen among the more personable males of the Hilltop for the stellar role in our parody, we have a task that might well draw the deepest expressions of sympathy from Hollywood producers, but we have determined that the position shall be filled adequately so that the huge throngs that attend the performances will not be disappointed," the producer and his assistants declared today.

Further details of the progress in selecting the star are promised from time to time so the public will be able to stand the [illegible]

The addition of this modern market to the grocery section of this paper offers readers one of the most complete food sections in any paper of its kind. Thousands of Hilltop housewives have gotten in the habit of shopping by this convenient method. Some of the advertisers have been in the paper consistently for the past decade.

Last Rites Held For C. Hasson

Buddies, friends and associates of Claude V. Hasson, aged 63, paid their final tribute yesterday afternoon to the World War veteran and first commander of Camp Chase Post, American Legion, who died Monday of injuries suffered in a traffic accident on W. Mound-st Jan. 30.

C. V. Hasson

Funeral services were held for Mr. Hasson at 2 o'clock Thursday in Glenwood Methodist church with Lieutenant Governor Paul M. Herbert delivering the eulogy in the name of Voiture 15, Forty and Eight, of which Mr. Hasson was a member. Members of the organization marched in a body from the residence at 121 S. Wheatland-av to the church for the services.

Active pallbearers were past commanders of Camp Chase post and were M. M. Williams, Edgar C. Planck, William Robers, George M. Ward, Dr. A. C. Myers and D. C. Finneran. Honorary pallbearers were the common pleas judges, bailiffs and the assignment commissioner and his assistants.

American Legion military services were conducted at the grave in Memorial burial park and a guard of honor was maintained at the residence until the body was removed to the chusch.

Known to hundreds of persons on the Hilltop, Mr. Hasson was bailiff for Common Pleas Judge Cecil J. Randall, who was with him at the time of the accident in front of 1090 W. Mound-st. He was struck by a car as he walked toward another car which had been involved in a minor collision with Judge Randall's car.

It's A Boy!

An oder of burning cloth emanated from the Hilltop Record office Wednesday afternoon and it was found that Paul Wichterman, manager, had burned his hat. This was following an old West Virginia custom, based on the theory that a new father's head swells.

It was a boy, first born, in the Wichterman household, 504 Hiltonia-av. Mother, babe and dad are doing nicely, the former are in Mt. Carmel hospital. The youngster has been named James Albert.

Launch Move For New Hilltop Boulevard

Matson Is Candidate For Co. Commissioner

George W. Matson, 87 N. Warren-av, will be a candidate for county commissioner in the coming primaries, he announced this week.

Two weeks ago the Record urged Matson to become a candidate. His reply is printed below:

C. C. Hartley,
The Hilltop Record.
Dear Friend:

I was agreeably surprised to learn from your paper that friends had suggested that I enter the primaries as a candidate for one of the positions to be filled as a county commissioner.

Since these articles appeared in the news I have had numerous calls and letters urging me to run.

Of course I realize that a man's campaign for the running is usually rough sledding, but the assurance which I have received in the past two weeks leads me to believe that I may stand an equal chance with the other candidates, whoever they may be.

I have had some experience in public office which will be of benefit. I was chief of the department of building regulations of the city of Columbus for the four years ending Jan., 1940. I took the Civil Service examination for this job in 1936 and passed as first man on the eligible list. I resigned from this position in Jan., 1940, to accommodate a provisional appointee.

The past four years have placed me on friendly terms with many people in all parts of the city, and it is these same people, pledging their support in my behalf, who have helped me gain the confidence to reply to your kind suggestions and make known my intentions.

I will try for the nomination and ask your hearty support and that of my friends in every section of the county.

Yours truly,
George W. Matson.

George W. Matson

Matson is a member of Hoge Memorial Presbyterian church, Eleventh Ward Republican club, Inc., West Gate F. & A. M. No. 623, Scottish Rite Masons, Aladdin Temple, West Wood K. of P., Fraternal Order Orioles, Union No. 65, Brick.

Would End "Rat Hole" Hazard

A boulevard thoroughfare connecting downtown Columbus and the Hilltop has long been needed. A movement in the direction of securing this improvement was set in motion this week.

A Hilltop Boulevard committee, made up of the civic committee of the Hilltop Business Men's association and representatives of other community organizations has been organized for the purpose of directing a campaign to determine what must be done to get this much needed community project.

First efforts of the committee were started Tuesday afternoon with a call on Allen Slade, county engineer, at the court house.

A survey of the territory involved will be made by the county engineers' office and the next meeting of the group has been set for Feb 20.

Take Out Hazard

Plans call for a straight road from Sandusky-st west on McKinley-av to Wilson-rd, with the "rat hole" undercrossing in McKinley-av being eliminated. This particular spot was termed the "most dangerous traffic situation in Franklin county" by Engineer Slade.

Definite plans for the boulevard will be developed upon final determination as to what improvements are to be made at Grandview avenue and at Sandusky-st crossings.

It is thought that a program may be started which will eventually make possible an extension of W. Long-st, with a bridge across the Scioto river giving one through lane for traffic to and from the center of the city.

William Coulthard of the Hilltop Business Men's association is chairman of the Hilltop boulevard committ and C. C. Hartley is secretary. Other members are Ray G. Hauntz, Rev. Raymond Bauschard, Harry Haney, H. G. Deems, Walter Stephens and Alvie Natzger.

New Gun Club Is Growing

Shown here is a group of club members and guests in the club house of the new Clearview Gun club on Sullivant-av as they participated in a 60 bird event. Five other shoots are scheduled in the next several months.

• • • •

Passing motorists who have paused wonderingly as they watched a line of men clad in hunting coats apparently firing at airplanes in Sullivant-av airport usually are enlightened when they take a second look and notice a small white frame bearing the legend "Clearview Gun Club."

Growth of the gun club has been rapid since its first shoot was held on Aug. 29 last year and the roster now includes 70 members who get a great thrill out of banging away with scatter guns at clay pigeons as they hurtle out from the automatic traps as the marksman cries out "Pull!"

Originally the club was known as the Darby Dale Gun club, located at Darby Dale, but changed its name when the members established at the new location. Since that time a large number of Hilltop trap shooting fanciers have joined the membership.

Belongs to A. T. A. A.

The club is a member of the Amateur Trap Association of America and will hold five registered shoots this spring and summer. The first will be on March 10 and others will follow on April 21, May 19, June 16 and July 21. The club will pay the entrance fee of two high scorers in these shoots to participate in the Grand American handicap, one entrance for a club member and the other for an outsider.

Henry Mollenkamp, 496 Belvidere-av, is the recently elected president of the club and William Beaver, Darby Dale, is the vice-president. Other officers are John Acker, 619 S. Hague-av, secretary; Charles Kent, 323 S. Terrace-av, treasurer, and Mr. Powers is field captain.

Despite the inclement weather last Sunday a throng attended a 60-bird event and merchandise shoot held in the afternoon. The club is the only organization of its kind on the Hilltop and West side.

Benefit Party To Be Held By Cottage Wing

Mrs. J. E. Taylor, 171 S. Harris-av, is general chairman of the annual benefit card party to be held by members of Wing 12 of Nightingale Cottage at 8 p. m. Feb. 23, at the U. C. T. club.

The club, composed mostly of Hilltop women, was organized in 1932 by Mrs. C. F. Shell with only nine members and has grown to a membership of 42. Assisting Mrs Taylor will be the following othe chairmen: Mrs. Frank Scott, Mr M. L. Plummer, Mrs. William Hallestine, Mrs. R. A. Garrison, Mrs R. E. Barron, Mrs. O. H. Born.

Mrs Fred Moier, 118 N. Ogden av, will be hostess for the February meeting of the club.

Robbers Iniure Powell-av Man

Edwin Beh, 320 S. Powell-av, is recovering from a cut on the forehead inflicted by one of two men who grabbed a purse last Saturday night from Garnet Unensetter, 479 S. Ohio-av, as she was getting out of Beh's car to go to her home, police reported. The purse had $2 in money and a pair of glasses.

Burgess U. B. Topples St. Aloysius In League Fray

By Woody Owens

Burgess U. B. pulled the biggest surprise of the current basketball season Tuesday night in the Boys' West Church league race when it handed the previously undefeated St. Aloysius team a resounding 24-12 setback. The defeat for the Blue Streaks forces them to share the loop leadership with Holy Family and Hoge Memorial, with Burgess trailing by a full game.

Ray Stinson, former West High star, was the star performer for the winners. He not only counted 10 points, but held the St. Aloysius high-scoring center, Brannigan, to only five points. Jerry Spears and the Alban brothers, Russ and Herb, turned in fine games for the Brethren.

Dorsey Leads Family

Holy Family defeated Avondale U. B. 38-27 with Bob Dorsey counting 17 markers for the winners. Ballinger made 9 tallies for the losers.

In the other two games Hoge Memorial and West Park turned in victories. Led by its sharpshooting guards, Mitchell and Gray, the Methodists, had little trouble in subduing Westgate Evangelical, the final score being 35-9. The second tilt, between Hoge and Neil Ave. U. B., was little closer, the former trouncing the Brethren 38-18.

Westgate Leads Girls' League

Westgate Evangelical and St Aloysius continued to lead the Girls' West Church league this week with both maintaining unblemished records. The Evangelicals defeated Hilltop C. of C. 29-17 while St. Aloysius outscored Burgess U. B. to triumph 35-31.

Outstanding in the Westgate victory was B. Scoles with 17 markers while M. Colburn led the Irish scoring with 21 points. The best scoring effort of the evening went to J. Miller of the Burgess sextet, the comely lass scoring 24 points for a new 1940 scoring record.

In a third contest Monday evening West Park M. E. upset Hilltonia U. B. 25-8. Travis, Noble and Davis scored eight points each for the Methodists.)

CONTEST—

(Continued from Page 1)

With the number of entries increasing daily, the contest swung into its third week today. Next week's prize will be the award of a $5 grocery order to the lucky contestant by the Fox Food shop, Eureka-av and Broad-st, Harold Fox, proprietor. The company recently purchased a new delivery truck to give better service to customers.

Contest officials pointed out that with the exceptionally large number of entries, the requirement that neatness counts is still in effect and those contestants who wish to participate for the grand prize of a $100 scholarship at the Dickinson Secretarial school or other grand prizes must construct sentences from the misspelled words at the end of the weekly contests.

Important points contestants should consider are:

1—There may be more than one misspelled word in each advertisement.
2—Neatness will be considered.
3—The decision of the judges is final in awarding prizes.

Twelve Good Reasons Why the Youth of America Deserve Highest Honors

A SCOUT, according to Webster, is one who reconnoiters, watches, observes or follows—an apt description of the Boy Scout movement whose members reconnoiter life in their scouting activities. That this effort and fellowship is beneficial, no one can deny. It not only helps boys individually to develop more perfectly, but also has proved worthwhile in making communities everywhere better places in which to live. Scouting is deserving of everyone's continued support . . . parents, businessmen and civic bodies. Are you doing your share?

THE SCOUT OATH

On my honor I will do my best —to do my duty to God and my country, and to obey the Scout Law . . .

To Help other people at all times . . .

To keep myself physically strong, mentally awake, and morally straight.

SPECTATOR—

(Continued from Page 1)

year. Next year it will be even worse, and the following and the following . . . unless there is an immediate stop to this business of working in reverse.

This is not the American way of doing things. And where is the man who can stand up and shout and point with pride to any nation that has today a better system than the American system as it has and should be operated?

Politics? Perhaps. But as we view Hitler from abroad we call him crazy, because he holds on so tenaciously to a program of destruction.

Here at home it appears that eight years of political experimenting is enough to record in history that it will not work. America has been built on a principle that a man works for his living and does not have it handed to him on a platter and when an emergency arises he is always able to respond.

Recent years have caused a lot of that strength to be sapped. What our backbone will be likened unto in a few more years at this rate is a deplorable picture.

Let's give a little thought to the business of re-establishing American stability. There is work to be done. People need the things this work will produce. But we are not able and never will be able to get down to business in a productive manner for the best interests of the greatest number until we are no longer required to use all our energy in feeding the hungry monster that licks his chops from day to day and grows and grows and grows. It's about time he is cut down to his proper size and there is a return of the people running the government rather than the government being so predominantly in control of the people.

I AIN'T MAD AT NOBODY

THE CRUISER

Many stories they relate in old Missouri state
Of the Youngers and Jessie James gang—
How they went through Dakota to Northfield, Minnesota
And Quantrill's war cry they sang.

Guns flashed from many doors and windows on all floors
Robbers fell at the bank door sill,
Buck shot cut them down—brave men were in that town
And no money was taken from the till.

Jessie James bold and brave was sent to his grave,
He was shot while hanging picture frames.
One of his men Bob Ford shot him dead for the reward
Of fifty thousand they'd pay for Jessie James.

The sheriffs of our West never got much rest
And many were sent to their grave.
The men were all bold and their hardships are untold,
The dignity of the law to save.

The crooks act tough—a few drinks make them rough,
And there is the robber and bruiser—
If you'd put fear in their neck just whisper, By heck,
I am going to call the cruiser.

C. S. PARKS, Wisconsin and Broad.

Nature has given the opportunity of happiness to all; they but how to use it.—Thackeray.

Buck "Football Five" Meets Aquinas Tonight

Spanked rather soundly by the South High Bulldogs to the tune of 41-24 last week, West High's hapless Buckaroos basketball team will invade the Aquinas gym tonight in an effort to escape firm entrenchment in the cellar of the City league. West will be seeking its second win in seven league starts with the Terriers also after their second victory in a like number of games.

In the fracas between the "cellar-dwellers" the Green and Gold of the Aquinas squad should tower over the Buff and Brown of the locals. The Terriers edged the Cowboys 26-25 in the first meeting between the schools this campaign and with the added advantage of playing on their home floor things indeed look black for West.

Hard Luck Team

Aquinas has been the hard luck team of the circuit. They have a far better ball club than they are given credit for and if the three aces of the Green squad are functioning properly, namely, Clifford Whalen and McQuade, the Bucks should be sent right home with their tails behind them. The defeat shouldn't be so startling to the local court satellites, however, for they've been beaten in five of six league contests, anyhow, and what's one more defeat, more or less?

In the first meeting between the two schools the tiny Aquinas five literally ran circles around West although its margin of victory was one small point. The Buckaroos, playing like individuals instead of as a team, tired quickly and only their tremendous height advantage kept them in the ball game at all. The same situation will be in effect tonight with the Buckaroos "football five," for they're big enough, anyhow, chasing the smaller Aquinas lads around the court.

10 Ward Dems To Elect New Officers

Plans are being made to hold an election of officers for the Tenth Ward Democratic club for the year following the nomination of candidates by a committee last Saturday evening.

Candidates for the five offices were chosen carefully by the committee acting on instructions of the committeeman, Oscar F. Dilding, and the following were chosen:

President, McClelland Bolin, Robert Devine; vice-president, Burton Kendrick and Allyn Laird; recording secretary, Mary Swank and Margaret Roan; financial secretary, Mayme Wihl and Rose Arthur; treasurer, Carrie Curran and Mary Gugger.

"The Tenth Ward Democratic club invited all Democrats in the ward to their meetings, where they will find a warm welcome at all times, Mr. Dilding said.

Date for the election of officers at a rally will be announced soon, he stated.

Cub Scouts Charters Given

At the southwest district cub meeting, held at the Glenwood shelter house, about 200 Cubs and parents were present to see Cub Pack 23, sponsored by the West Mound Street PTA, and Cub Pack 31, sponsored by the Rome PTA, receive their charters, last Friday night.

C. M. Riggs, district chairman for Scouting in the southwest district, presented the charters. Other district officers present were district commander, Howard G. Miller, and neighborhood commissioners, Clyde Fried and Harry Barnes.

All Cub Packs of the district were represented and the Cubmasters present were James Van Nostrand, Cub Pack 17, Glenwood M. E. church; Henry Garber, Cub Pack 18, Hillcrest Baptist church; and Charles Martin, Cub Pack 25.

Make It An Appointive Job

For a long time we have tried to keep the headlines of having the city auditor elected every four years.

This is a technical position in the city government that requires the services of a man acquainted with the operation of the financial side of the city affairs.

It stands to reason that any business firm would not automatically ask for a change of auditors every four years. Likewise it is reasonable to assume that once a good man is placed in the position he should be carried over from year to year to do the job of keeping the city financial records in a shape that any new city officials can easily interpret. This is hardly likely when there is a possibility of turning over the city financial records to a total stranger on the job every four years.

It may be entirely possible and successful in some instances but a better way would be to have the city auditor appointed by council and serve in a capacity similar to that of the city treasurer. We believe the suggestion merits some consideration.

War In The Machine Age

"In so great a defeat (the battle of Anghiari, 1439), and in a battle which continued four hours, only one man died and he, not from wounds inflicted by hostile weapons or any honorable means, but, having fallen from his horse, was trampled to death. Combatants then engaged with little danger; being nearly all mounted, covered with armor, and preserved from death whenever they chose to surrender, there was no necessity for risking their lives; while fighting their armor defended them, and when they could resist no longer they yielded and were safe." — Niccolo Machiavelli, The History of Florence.

Lodge Candidates In Initiation . . .

The six oddly garbed ladies in the first row of the picture above are newly initiated candidates of Semper Fidelis circle as they were being put through the ritual of that organization during an initiation and annual banquet of more than 50 members of the lodge group last Monday night at Schmelzer's restaurant.

In the first row, left to right, are the candidates: Lilia Harlow, Christine Garner, Helen Newlun, Hazel Hale, Thelma Ketter and Thelma Doran.

Standing in the second row, left to right, are lodge officers as follows: Carolyn Thatcher, vice-president; Iva Edwards, treasurer; Ruth Downs, chairman of entertainment; Marth Lind, past president; Florence Emrich, president, and Lillie McVay, secretary.

The newly initiated candidates were clad in long, flowing night gowns and night caps and had their faces made up in grotesque designs.

Bellar Explains Veteran Job Placement Plan

Any war veteran, whether a member of a service organization or not, may benefit through the facilities of the Central Ohio Veterans' Employment committee, according to Arthur Bellar, chairman of the placement committee.

Furthermore, the committee announces for the first time that qualified children of veterans will be assisted in the same way as their parents. This is a new, far-reaching service innovation which should be enthusiastically welcomed by employers and veteran-workers alike," Mr. Bellar said.

American Legion, Veterans of Foreign Wars, Disabled War Veterans and Army and Navy Union Employment Officers, at the request of the committee, are already cooperating in this major effort to place war veterans in jobs in Columbus and central Ohio. The employment officers of the various posts carefully check on the eligibility and other qualifications of each applicant. Then, qualified job-seekers are referred directly to the nearest office of the Ohio State Employment service.

Mr. Bellar asked that veterans seeking employment get in touch with him only at Camp Chase post meetings between 7:30 and 8 p. m. the first and third Friday of each month at post headquarters or to go to any veterans post. They can also contact the unemployment chairman of the Veterans of Foreign Wars.

Woman Wins Third Week Word Game

Mrs. Walter Curlis, 300 S. Hague-av, is this week's winner in the Hilltop Record's advertiser misspelled word contest and her award is a $5.00 merchandise order at the Fox Food Shop, 2422 W. Broad-st.

The entry by Mrs. Curlis was adjudged outstanding among several hundred submitted in the third week, but there is still plenty of time for other entrants to compete in the remaining three weeks of the contest and still time for all entrants to compete for the grand award of a $100.00 scholarship at the Dickinson secretarial school and remaining awards by constructing sentences from the misspelled words in the entire contest.

Contestants are again asked to remember that only misspelled words in the advertisements of the participating firms are to be considered in submitting entries and that neatness counts.

The Fox Food Shop, who gave this week's award, carries a complete line of groceries and foodstuffs and specializes in an excellent delivery service, with a new truck recently secured for that purpose. Harold Fox is the proprietor of this well-known Hilltop store.

The Hilltop Sandwich Shop, which gave last week's $5 merchandise award, is operated by Mr. and Mrs. Lee Merrill who formerly operated the Bird House at Powhatan-av and Broad-st.

Mrs. Merrill is the former Waunetti Bauemeister, who graduated from West High school in 1929 and is the mother of two children. The shop specializes in noonday lunches.

Next week's award will be a $10.00 Vee-Nees Kreem permanent wave to be given by the Marion Beauty shoppe, 2466 Sullivant-av, formerly located at 2453 Sullivant-av.

The shop is operated by Miss Emma Crooks with Miss Verna Trisler as her assistant. In its new location Manon has installed completely modern new equipment and the proprietor and her assistant are expert hair stylists, and in giving permanent waves. Miss Crooks has been on the Hilltop eight years.

Trustees Named For Rehabilitation Program In Ohio

Charles G. Hoar, 178 N. Harris-av, is the executive secretary of the newly formed Ohio Vocational Rehabilitation association which is rapidly completing plans for organization of a new and unique plan of rehabilitating former inmates of Ohio penal institutions so they will be self-supporting and able to carry on their future life without again resorting to law violations.

Membership of the board of trustees of the new group has just been announced with the following prominent men comprising the board: Dr. J. Fremont Bateman of the Ohio Department of Public Welfare; Rev. A. M. Tharp of Trinity church; Ivan H. Gore, prominent real estate man; Dr. L. J. Roth, 350 E. State-st; Rev. C. P. Mitchell, Hilltop Lutheran church; Col. Kenneth Little, assistant chief of staff, 83rd division; William K. Mackley, chief of probation and parole.

Plans of the association are to carry on a continuous program with the first step to be the opening of a "Farm Home" for men released from Ohio penal institutions who have no place to go.

Cost of the establishment of the farm home is estimated at $75,000 which would be raised through sale of a publication known as the Ohio Vocational News and memberships in the association at $75,000 a year.

Dem. Speakers

Walter Hoer

Hon. Chas. Zimmerman

With two of the state's leading Democratic speakers on the program, Hilltop Democrats are looking forward to a large evening of oratory and dining next Tuesday night at their eighth annual banquet in West High school cafeteria.

Hon. Charles Zimmerman of Springfield, judge of the Ohio supreme court, and Walter Beer, county Democratic chairman, will be the speakers, with several others on the program, according to Samuel J. Willis, Eleventh ward committeeman.

An excellent dinner will be served without charge, but all persons attending are asked to bring table service.

HILLTOP MAN ROBBED

E. W. Moore, 569 S. Wayne-av, operator of an E. Fifth-av, bus was held up and robbed of $25 in car tickets and $3 in cash, Tuesday night by two negro passengers at Fourth and Lexington-avs, he reported to police.

Hasson Memorial Proposed

Plans for a memorial service for the late Claude Hasson will be discussed tonight at a meeting of members of Camp Chase post, American Legion.

Mr. Hasson, long a Hilltop resident and bailiff for Common Pleas Judge Randall, died recently from injuries received when struck by a skidding automobile.

As one of the founders of the post, and its first commander, Mr. Hasson had always been active in Legion work and devoted much time to the rehabilitation of disabled veterans, regardless of their affiliations. Former members of the post and his friends have been asked to join in the movement and attend the meeting at 2184 W. Broad-st tonight.

Other subjects to be discussed include a proposal for the formation of a squadron of Sons of the Legion, plans for a big spring stag party, sponsoring of boys for the Buckeye Boy State and essay contest awards.

Past commander, Dr. A. C. Myers, chairman of Americanization, announced that a flag has been presented to St. Mary Magdalene school, the presentation having been made by Past Commander James F. Hurd.

Kenneth Marsh, chairman of the post Boy Scout committee, has announced that Troop 161 sponsored by the post was the winner of the governor's award for troop efficiency recently.

Republicans To Hear Linton

Linton, prominent local attorney, delegate to the Republican National convention for the past 10 years and a member of the Republican State Central committee, will be the principal speaker at the regular monthly meeting of the Eleventh Ward Republican club at 8 p. m., Tuesday evening at VFW hall, 2393½ W. Broad-st.

J. W. Linton

Thomas Graham, Scottish singer, known as the Harry Lauder of Columbus, will provide the entertainment. The public is invited.

New Coach Line Route Approved

Legislation is being prepared in city council today formally ratifying tentative routes approved by council Wednesday night for the W. Broad-st and Mt. Vernon-av trolley coach line scheduled to start about April 15.

As planned, the route of the W. Broad-st coaches will give Hilltop and West side residents a direct route to High-st and at the same time eliminate the turn at Broad and High-sts, Fred Sulzberger, president of the Hilltop Business Men's association, explained. He pointed out that the change has the approval of most members of the association.

Route of the W. Broad-st coach line will be: Southampton-av, east on W. Broad-st to Third-st, north on Third-st to E. Spring-st, east on Spring-st to Cleveland-av, north on Cleveland-av to Mt. Vernon-av, east on Mt. Vernon-av to its terminus, returning the same way.

The Sullivant-Cleveland trolley coach line will operate from its present terminus on Sullivant-av, east on Sullivant-av to Sandusky-st, north on Sandusky to Rich-st east on Rich-st to High-st, north on High-st to Spring-st, east on Spring-st to Cleveland-av, north on Cleveland-av to present terminus, returning on Cleveland-av, north on Cleveland-av to present terminus, returning on Cleveland-av to Spring-st, west on Spring to Front-st, south on Front to Rich, and west on Rich over the present route.

Fumes Overcome Coal Truckers In W. Broad St.

Ernest Zenbruh, aged 27, of Sidney, O., a coal truck driver, and a companion narrowly escaped death from carbon monoxide fumes Thursday morning as they slept in the cab of their coal truck parked in front of W. Broad st school with the motor running.

Zenbruh was taken to Mt. Carmel hospital for treatment in a police ambulance after police and the fire department inhalator squad made the run to the truck when pedestrians noticed the men had been parked in the truck for several hours with the motor running.

City Hall To Move West For Minstrel

There's music in the air, burnt cork on the faces and an atmosphere of banjos, cakewalks, niffties by end-men and no certainty about regular business routine as Mayor Floyd F. Green, Chief of Detectives Leo Phillips and a host of other celebrities prepare for their parts in the eleventh annual Hilltop minstrel show to be given March 13, 14, 15 in West High school auditorium.

Not only will city hall's No. 1 boys tread the boards, but a host of the Hilltop's busiest business men will also be on the job to amuse the throngs that annually flock to the show of the year for Hilltoppers.

Mayor Has Part

Mayor Green will be interlocutor as usual despite the pressure of city business and the city hall will virtually be moved to the Hilltop for the three nights the show is on, for indications are that two councilmen will also be among the group, one being Ray Hauntz and the other Wyatt Millikin, both veteran Hilltop minstrel boosters.

Many of the veterans in the cast have been putting on their performances for the past 11 years ever since the minstrel show first started. These include Dick Becker while other veterans are Billy Southworth, poultry dealer, and W. H. Jones, well known lumber dealer.

Producer C. C. Hartley and Lou Saunders, his assistant, are still carrying out their search for a Scarlet O'Hara in the parody on "Gone With the Wind."

Chorus To Bid For Prizes

With ambitions to cop a first award from the northern Ohio area if possible, 55 members of the Hilltop Business Men's chorus are rehearsing and preparing to take part in the northern Ohio eisteddfod to be held at Memorial hall in Lima Feb. 22.

The trip to Lima at 3 p. m. on the afternoon of the scheduled journey will mark the first appearance of the local singers in that city and they are especially eager to join the competition for prizes since they have never been successful in that area before, according to "Doc" Campbell, the organization's secretary.

Won at Jackson

Prof. Dale Gilliland of Ohio State university will lead the chorus this year. In past years members have presented programs in other cities in the same area, including Marion and Ada.

In past years the singers have competed in the annual Welsh singing competition at Jackson and have won prizes there.

Starting in 1931 with only eight members and Mr. Campbell as the original secretary, the chorus has now expanded to a point where it includes singers from other sections of the city and there have been many changes since the first proposal was made for such a group in 1931.

The competition number will be "Bugle Song" by Dudley Buck.

Legion To Take In 50 Members

Initiation of 50 new members will feature the meeting of Camp Chase post, American Legion at 8 p. m., Friday, at the post club rooms, 3184 W. Broad-st. Refreshments will be served.

Coyle Named New Bailiff

Avard R. Coyle

Avard R. Coyle, well known Hilltop World war veteran and deputy city auditor for 17 years, this week began his duties as bailiff to Common Pleas Judge Cecil J. Randall, succeeding the late Claude V. Hasson, former commander of Camp Chase post, American Legion, who died a week ago of injuries received in an auto accident.

Mr. Coyle, who was defeated in the race for the Republican nomination for city auditor last fall, lives at [illegible] is past commander of Columbus post, American Legion, is 42 years old, a graduate of West High school and a native of Columbus. He is married and has one son.

At the outbreak of the first World war Mr. Coyle enlisted in Troop B of the Ohio National Guard and was mustered into the 37th division, serving during the duration of the war.

His appointment was made by Judge Randall in considering the qualifications of many Hilltop and West side veterans for the best successor to Mr. Hasson.

Hilltop Veteran Was In March To Atlanta

Atlanta, Ga., was only a pile of smoking ruins when George Carter, 419 Derrer-rd, marched with other federal troops through the southern city, the Hilltop Civil war veteran recalled today.

One of the few remaining veterans in this area who participated in Sherman's march to the sea, Mr. Carter, now 92, declared that his company never reached its seaport destination, but was sent back to another point shortly after passing through Atlanta.

• • •

Still active and with a clear memory of events from the time of his enlistment in the Union army at the Camp Chase recruiting post, the veteran was only 14 years of age at the time he became a soldier, he recalls. "I ran away from home and of course I didn't tell the recruiting officer my real age, but they thought I seemed awfully young," he said as he thought back over the years to the time when he was a boy.

Made Drummer Boy

It was only a few days afterwards when drilling with a heavy musket that Private Carter was called to one side by the officer in charge and asked if he knew anything about beating a drum.

When he told the officer he was no musician it made no difference, he was handed a drum and told to learn. "It wasn't long until I could play the drum as well as any of 'em," he declared.

The march of Union troops through the south was a constant hazard from snipers and shooting from ambush aside from the regular battles, but despite the large number of battles in which he participated he was wounded only once by a small particle of shell that struck him in the leg, he says.

Business Men Study Proposal

Members of a special committee of the Hilltop Business Men's association today were considering a proposal made Tuesday night to have all Hilltop ministers named as honorary members of the organization.

A report on the proposal, made by Herb Deems, is expected at the next meeting of the organization scheduled for March 12, the date having been advanced because of the Hilltop minstrel show on the 13th, 14th and 15th of the month.

The proposal to reroute trolley coaches on the W. Broad-st Mt. Vernon-av line is also attracting the attention of the organization and members are awaiting the action of city councilmen following a report on the proposal by Councilman Ray Hauntz.

The principal change in the route from that followed by street cars now operating would be to have the trolley coaches operate in E. Broad-st to Third-st to Long-st, to Cleveland-av, to Mt. Vernon-av and east over the regular route. The proposal as reported was referred to the safety committee.

Hear Safety Talk

Principal speakers at the meeting were D. K. Finley, manager of the Columbus Safety council who reported on the city's progress in traffic death and accident prevention; C. M. Riggs, district Boy Scout executive, and C. C. Hartley, also a Boy Scout official.

Since its organization in 1931, the safety council has noted a decline in accidental deaths from a total of 281 in the city to 112 last year while the number of persons injured dropped from 26,000 to 10,156, a drop of 57 percent in seven years in deaths and 67 percent in persons injured.

"However, there is still plenty of room for improvement," Mr. Finley declared. He forecast a concentrated movement in the next session of the legislature for an amendment to state traffic laws limiting speed of autos in cities to 25 miles an hour in all [illegible]

Providence, R. I., and Kansas City, Mo., that have already put such a speed regulation into effect, have noted marked decreases in the number of traffic accidents, he said.

Test Is Held

Jim Brown, Tom Sulzberger and Dick Baker, guest Boy Scouts at the meeting, won over Fred L. Sulzberger, Charles Kent and Jack Shank in a traffic true or false contest conducted by Mr. Finley.

Both Mr. Riggs and Mr. Hartley called attention to the work of the Boy Scouts of America in observance of National Boy Scout week and introduced the visiting Scouts.

Members of the association voted to accept the applications of seven individuals and firms to membership in the associations as follows: C. O. Emrich, Dr. L. W. Adams, Dr. Chas. W. Edwards, Hamilton Food market, Hoon Bros., roofers; McDonald Lumber & Coal Co., and the Hague-av Service station.

2 Hilltop Men Among 5 Named Policemen

Leroy F. Smith, 407 S. Eureka-av, and Samuel Toy, 42 S. Hague-av, were among the five new patrolmen appointed to the police department Feb. 10. They began active duty yesterday.

Mr. Smith, a resident of the Hilltop for 22 years, attributes his interest in police work to his hobby as a gun collector. He passed the eligibility examination in March, 1939. He has a wife and one son.

Toy passed his examination last May, and has been a resident of the Hilltop for 14 years. Mr. Toy has been interested in his new vocation for many years and was overjoyed at his acceptance. He has a wife and two children.

Minstrel Tonight

Third and final performance of the annual John Burroughs Motheringers minstrel will be held this evening in the school auditorium beginning at 8 o'clock. Tickets may be secured at the school.

A Business Man And Lover of Freedom

Only in recent years has the world come to think of George Washington as a great business man. But now historians agree that he was an astute businessman who realized that freedom of expression and action was the sole guarantee of personal as well as business life.
That freedom of expression and action fits perfectly into the plan of home financing offered through First Federal's Direct Monthly Reduction Plan. For by that means the homeowner virtually determines the amount he desires to pay on his home each month. It need not be larger than the rent you are paying now. A modest initial investment is all you need to start.

VEILED

Have you seen Beauty bared?
Nor I.
Once in a sudden thunder-crash;
Once in a vivid lightning flash;
Her gleaming sandals passed me by.

LOVE CAME

My heart has ceased to turn
To taste of strange desires.
My soul will no more burn
Beside wild, tempting fires.
But every wish of mine, though old,
Does ever seem as new
And finds a warmth, serene, untold,
Since I have you.

TO THE HILLTOP

O, come with me to the hilltop
Where it is not so far
To reach our hands to the evening sky
And pluck a dream from a star.

Once I stood on the hilltop,
I was weeping bitterly,
And being so close to Heaven
An angel comforted me.

So tonight while we are happy
Perhaps we can reach a dream
And store it for use in the future
To enhance a dull regime.

Lucille Iredale Carleson,
in COME THEN WITH ME.

NEVER I KNEW

Never I knew a word might form
Upon the breath to question
And yet a word did form.
Over we spoke them,
Each day more apart,
And let the rift grow wider . . .
Words have curious little ways
Of building silent hills—
Hills no one may ever cross.
These hills are stones
Grown at the pit of the heart.

Elmo Russ.

STANDING BY

If a kindly word or friendly smile
Will help some life to be worth while,
If sharing someone's weight of care
Their load is eased by the part we bear,
If some can stand more firm and true
Beause we stood by to see them through—
Dear God, forbid that we withhold
Such deeds more precious by far than gold.

Ethel Titus Worthen.

MEDITATION

I sat and watched a clock today,
And mused a while;
How immortale are thy precepts,
O Time!
Ages pass but shall with measured tread,
As exacting as God, Himself,
Thou continue the steady lapse
Of seconds, hours, [illegible]

CITY SNOWFALL

Foursquare, tall towers golden-slit,
Upstayed by black-pronged boughs
In flying buttress file, lamplit,
Mark out a field for ploughs
To cleave and furrow glare in twain
Along the sycamore
Parade, each bole drift-blazed by gales,
Etched every twig in hoar
On nature's tenure lent in fief
To might of man, where snow
Affirms that here in branch and leaf
Grew forests' . . . long ago.

Agnes Miller,

LOVE SONGS

You say you love another?
And what is that to me?
There's lots of fish—and lovely—
In this, the crystal sea.

And I am not so ugly,
My "line" is still quite good;
There's many a lad will take me—
But Ah, I wish you would!

M. Louise Cone.

Hilltop Man Aids Work of Commission

Plans for a program of activities proposed by the newly organized Columbus crime commission were outlined today by Emile Reiss, 152½ S. Ogden-av, local attorney and acting secretary of the group. Mr. Reiss had charge of a parole survey in Ohio for the department of justice in 1936.

The commission has been formed for the purpose of eradicating crime as far as possible and to place boys and girls of high school age in positions as well as advocating a modern, scientific penal system for the state that will return law violators to society properly fitted to start life over again, he declared.

Crime prevention was discussed at the most recent meeting of the group at the Southern hotel, with Porbate Judge C. P. McClelland and several other officials as speakers.

The Word "Coal"

The word "coal" usually means black. There is record of the use of this word spelled "kohle" in England, long before the Norman conquest. "Koh!" is also the name of the black cosmetic East Indian women use to darken their eyebrows. The words, "gual," "kolan" and "glo" are used in Ireland, Cornwall and Wales to designate coal.

Thanks to a New Program of Large-Volume Production and Low-Cost Selling

YOU'LL BE GLAD to hear what's happening to 1940 refrigerator prices. Now you can have America's finest quality electric refrigerator, delivered in your kitchen—for only $112.75.

No—it's not an out-of-date, year-old model being "cleared out" of our showroom, but a brand new 1940 Kelvinator!

It took a daring new program to permit us to do this in the face of rising costs. Here's how Kelvinator did it.

FIRST: Kelvinator found a more efficient way to distribute its products . . and cut the cost of selling. This made a big saving.

SECOND: by putting 96% of production on six-cubic-foot models (and larger), Kelvinator was able to build big electric refrigerators at lower cost.

THIRD: in anticipation of greatly increased sales, Kelvinator doubled factory schedules; and passes the manufacturing savings to you.

And the result? You save as much as $30 to $60 compared with last year's figures. Look at this big Kelvinator model pictured on the right. It's a beauty in gleaming Permalux.

Open that Easy-Touch door and you'll find the best features money can buy. 11½ square feet of wide, roomy shelving . . . chip-proof, "life-time" Porcelain-on-steel cabinet interior . . . big storage tray . . . 84 cube freezing capacity . . . automatic light.

Its amazing, cost-cutting Polarsphere sealed unit uses current less than 20% of the time, and has sufficient capacity to keep 5 refrigerators cold, under average household conditions.

If your present refrigerator is old, noisy—using up current—or if you're still getting along with an old-fashioned ice-box—you're wasting good money. Take advantage of this chance to cut your household expenses! Come down to our showroom. See the new beautiful line of 1940 Kelvinators today!

A Business Man And Lover of Freedom

Only in recent years has the world come to think of George Washington as a great business man. But now historians agree that he was an astute businessman who realized that freedom of expression and action was the sole guarantee of personal as well as business life.
That freedom of expression and action fits perfectly into the plan of home financing offered through First Federal's Direct Monthly Reduction Plan. For by that means the homeowner virtually determines the amount he desires to pay on his home each month. It need not be larger than the rent you are paying now. A modest initial investment is all you need to start.

VEILED

Have you seen Beauty bared?
Nor I.
Once in a sudden thunder-brush;
Once in a vivid lightning flash;
Her gleaming sandals passed me by.

Virginia Spates,

LOVE CAME

My heart has ceased to turn
To taste of strange desires.
My soul will no more burn
Beside wild, tempting fires.
But every wish of mine, though old,
Does ever seem as new
And finds a warmth, serene, untold,
Since I have you.

TO THE HILLTOP

O, come with me to the hilltop
Where it is not so far
To reach our hands to the evening sky
And pluck a dream from a star.

Once I stood on the hilltop,
I was weeping bitterly,
And being so close to Heaven
An angel comforted me.

So tonight while we are happy
Perhaps we can reach a dream
And store it for use in the future
To enhance a dull regime.

Lucille Iredale Carleson,
in COME THEN WITH ME.

NEVER I KNEW

Never I knew a word might form
Upon the breath to question
And yet a word did form.
Over we spoke them,
Each day more apart,
And let the rift grow wider . . .
Words have curious little ways
Of building silent hills—
Hills no one may ever cross.
These hills are stones
Grown at the pit of the heart.

Elmo Russ,

STANDING BY

If a kindly word or friendly smile
Will help some life to be worth while,
If sharing someone's weight of care
Their load is eased by the part we bear,
If some can stand more firm and true
Because we stood by to see them through—
Dear God, forbid that we withhold
Such deeds more precious by far than gold.

Ethel Titus Worthen,

MEDITATION

I sat and watched a clock today,
And mused a while;
How inexorable are thy precepts,
O Time!
Ages pass but shall with measured tread,
As exacting as God, Himself,
Thou continue the steady lapse
Of seconds, hours, ages!

William J. Proudley.

No one but you
Shall ever guess
That it rings untrue.

CITY SNOWFALL

Foursquare, tall towers golden-all,
Upstayed by black-pronged boughs
In flying buttress file, lamplit,
Mark out a field for ploughs
To cleave and furrow glare in trails
Along the sycamore
Parade, each bole drift-blazed by [illegible]
Etched every twig in hoar
On nature's tenure lent in fief
To might of man, where snow
Affirms that here in branch and leaf
Grew forests . . . long ago.

Agnes Miller,

LOVE SONG

You say you love another?
And what is that to me?
There's lots of fish—and lovely—
In this, the crystal sea.

And I am not so ugly,
My "line" is still quite good;
There's many a lad will take me—
But oh, I wish you would!

Hilltop Man Aids Work of Commission

Plans for a program of activities proposed by the newly organized Columbus crime commission were outlined today by Emile Reiss, 152½ S. Ogden-av, local attorney and acting secretary of the group. Mr. Reiss had charge of a parole survey in Ohio for the department of justice in 1936.

The commission has been formed for the purpose of eradicating crime as far as possible and to place boys and girls of high school age in positions as well as advocating a modern, scientific penal system for the state that will return law violators to society properly fitted to start life over again, he declared.

Crime prevention was discussed at the most recent meeting of the group at the Southern hotel, with Porbate Judge C. P. McClelland and several other officials as speakers.

1st Ape—Where is Jocko going with that big load of cocoanuts?
2nd Ape—Haven't you heard? That's Mrs. Jocko's divorce settlement.
1st Ape—What are we coming to? Soon we'll be as bad as if we were civilized.

The Word "Coal"

The word "coal" usually means black. There is record of the use of this word spelled "kohle" in England, long before the Norman conquest. "Kohl" is also the name of the black cosmetic East Indian women use to darken their eyebrows. The words, "gual," "kolan" and "glo" are used in Ireland, Cornwall and Wales to designate coal.

The name Solomon means peaceful and was given Solomon because of a prophecy which foretold his birth: "For his name shall be Solomon, and I will give peace and quietness unto Israel in his days" (I Chronicles 22:9).

We can always be depended upon to render helpful assistance.

KELVINATOR'S THE BUY IN 1940,

YOU'LL BE GLAD to hear what's happening to 1940 refrigerator prices. Now you can have America's finest quality electric refrigerator, delivered in your kitchen—for only $112.75.

No—it's not an out-of-date, year-old model being "cleared out" of our showroom, but a brand new 1940 Kelvinator!

It took a daring new program to permit us to do this in the face of rising costs. Here's how Kelvinator did it.

FIRST: Kelvinator found a more efficient way to distribute its products . . and cut the cost of selling. This made a big saving.

SECOND: by putting 96% of production on six-cubic-foot models (and larger), Kelvinator was able to build big electric refrigerators at lower cost.

THIRD: in anticipation of greatly increased sales, Kelvinator doubled factory schedules; and passes the manufacturing savings to you.

And the result? You save as much as $30 to $60 compared with last year's figures. Look at this big Kelvinator model pictured on the right. It's a beauty in gleaming Permalux.

Open that Easy-Touch door and you'll find the best features money can buy. 11½ square feet of wide, roomy shelving . . . chip-proof, "life-time" Porcelain-on-steel cabinet interior . . . big storage tray . . . 84 cube freezing capacity . . . automatic light.

Its amazing, cost-cutting Polarsphere sealed unit uses current less than 20% of the time, and has sufficient capacity to keep 5 refrigerators cold, under average household conditions.

If your present refrigerator is old, noisy—using up current—or if you're still getting along with an old-fashioned ice-box—you're wasting good money. Take advantage of this chance to cut your household expenses! Come down to our showroom. See the new beautiful line of 1940 Kelvinators today!

Round About The Hilltop

Ordinary store-bot birth announcements were not good enough for Art Miller to announce to his friends the new arrival, Michael. So unknown by Mrs. Miller (Suzanne Kalaher) Art went to a print shop and had a batch of letterheads printed up. Something about the Miller Construction Co. headed up the stork announcements.

P. S. Coach Williams was seen Wednesday night peering into the nursery at Mt. Carmel reportedly getting a line on young Michael's football possibilities.

Likewise handing out cigars this week was Bill Coon, service station operator. And all on account of a bouncing baby boy, Allen Royce. Mrs. Coon is the former Dorothy Martin . . . Rounding out a busy week on the Hilltop the stork likewise paid a visit to Mr. and Mrs. Robert King (Helen Myers) at White Cross.

Bucks, Aquinas In Cellar, Prepare For East Bengals

St. Aloysius-Westgate Battle For Loop Lead

Looking as if they had found their long lost playing talent after a disastrous first round futile search, West High's surprising Buckaroos tumbled Aquinas' Terriers into the basement of the City league last Friday by soundly trimming the Mt. Vernon-av lads to the tune of 37-25. Tonight the Williams-coached aggregation will move across High-st to tackle the tough East High Bengals, the only team West was able to defeat in the first round.

Led by Richard "Duck" Ucker and Bud Maxwell the Buckaroos swarmed all over the smaller Aquinas laddies throughout the fray and the outcome of the tussle was never in doubt after the opening minutes of play.

Coach George Williams, dissatisfied with the performance of his squad prior to the Aquinas-Buck tilt, revamped his line-up to start the contest, sending tiny Jake Richards, a junior, into the forward slot opposite the high-scoring Ucker. A second important change in the initial fve sent Bill Mack, a forward, to a guard post where he teamed with the veteran Ned Bell throughout the evening. Bud Maxwell retained his position at center.

The two changes seemed to do wonders for the heretofore fightless Bucks. Richards, a splendid ball-handler, turned in a fine job in the first contest which he has been able to start. His difficulty has been that he's too small. Falling in line with Jake, Bell and Mack played the best defensive games displayed by the locals since the West Springfield conflict. Between them the two guards totaled 10 points.

No Substitutions Made

In contrast to the happy-go-lucky spirit of past West quintets in the league this season the Buck five which started and played the entire Aquinas game without a substitution turned in a fine display of ball-handling and passing.

No longer were the players "hogging" the ball and playing as individuals but they were playing as a unit, a team. Which is something in itself!

The one Cowboy who was responsible in a large way for the victory was Ucker. The long-shot artist hit the nets consistently from underneath the basket and left the game with a total of 16 markers. Maxwell, playing his best contest of the season, was next in scoring, with 10 points while Bell counted six, Mack tallied four and Richards brought up the West point parade with a free throw.

Three games remain on the West City league sked: After the East-West game tonight the Cowboys will play host to Central on Tuesday and next Friday will end their regular season and league schedule as well by trekking to North for the final fraces.

I AIN'T MAD AT NOBODY

NO DIET FOR ME

My doctor was worried as he sat down to chat.
Sez he, my friend you are getting too fat.
With patience and persistence he pried on my tongue,
He tapped on my breast and also each lung.

Said he was sorry but I must not eat—
Rich food of any kind 'specially fat meat.
Tea without sugar and milk without cream.
No pies or peaches, they'd cause me to dream.

With scientific learning he diagnosed my case,
But the fighting blood was entering my face.
When, he said, My friend, I'll give you a diet.
I said to him, Doc you had better not try it.

I am a peaceful man and the law I obey.
But don't try to force me to eat dry hay.
I am compelled to work and I do all I can,
But I'll not eat sawdust for any one man.

I have to eat plenty to keep in condition,
I know you mean well, you're a good physician.
But I honestly think it would be a great sin
To waste good food that the neighbors bring in.

My job is to sell you Pure gas and oil,
But I don't like to see any rich food spoil.
Celery tops and spinach has no appeal to me,
And your foolish old diet I don't want to see.

Westgate, St. Aloysius Lead In Girls' Basketball League

By Woody Owens

The championship round of play in the Girls' West Church league will come to a close Monday night at Glenwood Park shelter house with the two undefeated sextets in the loop, Westgate Evangelical and St. Aloysius, meeting in the most important game of the evening with the league lead going to the winner.

The Evangelicals have a smooth-working and aggressive combination and will be the choice to take the decision from St. Aloysius, 1939 champions. At forwards for the challengers will be H. High, Scoles and Thornton with Williams, Scoles and Williams, the finest guarding trio in the circuit, in the back-court.

The Irish will depend upon the offensive work of M. Colburn, Meyers and Stewart to pull them through the important fracas. It is no secret that the defending champs have the weakest set of guards ever to represent them and the contest should be a rough, high-scoring affair.

Last Monday evening St. Aloysius moved into a tie for the top spot with a convincing 40-16 win over Hilltonia U. B. while West Park M. E. upset Burgess U. B. 26-14 and Hilltop C. of C. broke into the win column at the expense of Avondale U. B. by a 15-7 score.

St. Aloysius Still Leads Boys' League; Burgess Is Dropped

St. Aloysius continued to lead the Boys' West Senior church league Tuesday night as a result of its 23-20 win over West Park M. E. Hoge Memorial, Avondale U. B. and Burgess U. B. were victorious in other battles at Glenwood.

Officials of the league announced Tuesday that Burgess U. B. had been dropped from the league for using ineligible players. The Brethren five was the only team to defeat St. Aloysius and with the ousting of Burgess the Blue streaks are given a clean slate in seven consecutive contests.

Hoge Memorial, chief threat to the Irish title hopes, triumphed over Holy Family after five years of trying, the score being 31-31. Weigand and Mawhirter, seeking posts on the 1940 all-league team, led the Hogemen to victory.

Burgess U. B. triumphed over Neil Ave. U. B. 34-27 with Stinson and Herb Alban leading the way with 11 and 9 points respectively. Avondale U. B. defeated Westgate Evangelical 35-15 in the other tilt.

SPECTATOR—

(Continued from Page 1)

feet cut off, they stagger on their splintered stumps into the next shell hole; a lance-corporal crawls a mile and a half on his hands, dragging his smashed knee after him; another goes to the dressing station and over his clasped hands bulge his intestines; we see men without mouths, without jaws, without faces; we find one man who has held the artery of his arm in his teeth for two hours in order not to bleed to death. The sun goes down, night comes, shells whine, life is at an end. Still the little pieces of convulsed earth in which we lie is held. We have yielded no more than a few hundred yards of it as a prize to the enemy. But oh every yard lies a dead man."
—Erich Maria Remarque, All Quiet on the Western Front.

HILLTOP VETERAN

(Continued from Page 1)

The wound seemed so slight he paid little attention to it, but in a few days his leg began to swell and infection set in after the splinter had been extracted. Only careful nursing and good general health saved him from amputation, he said.

Although age has brought on somewhat impaired eyesight and hearing, Mr. Carter still gets around with the aid of a cane and likes to recall the stirring Civil war days when he was participating in the struggle to keep the Union whole.

He lived near West Jefferson with his parents when he ran away from home to join the army and through his experience as a youthful drummer boy, he eventually became one of the drummers for the Old Guard. He was a member of McCoy post, G. A. R., and for a time was a member of a G. A. R. Post at Sidney, O.

Shortly after his enlistment in the 180th regiment, the unit was transfefred to Nashville and there was fighting going on there in the hills around the city. It was there he was made a drummer boy, he said. In the first seven days he was in camp he was not called on to take part in any drills.

Joined March to Sea

From Nashville his company moved to Eastport, Mo., where the Confederate troops had burned the bridges across the river. The company was then transferred again, this time to Washington, D. C., where it was stationed at Fort Fisher. At one place on the route the troops were forced to make thoroughfares out of the destroyed railroad lines and at Kingston, N. C., the unit went without food or water for three days and nights. It was in the fighting at Kingston where he received his leg wound.

• • • •

After being stationed in Fort Fisher for a time the company was again sent south to join Sherman and the march to the sea.

Mr. Carter will be 93 on June 11. His daughter, Mrs. Dennis McDaniel, and her husband make their home with the veteran at the Derrer-rd address.

The company returned to the north after the war and was mustered out at Camp Chase and Mr. Carter is now the sole surviving member of six brothers in the Carter family.

New Womans Group Formed On Hilltop

The Hilltop has become the birth place of a U. S. Chamber of Commerce for Women whose purpose is to "protect, promote and preserve the rights of every woman in the United States, "according to the founder, James C. Osborn, 187 S. Hague-av, who announced that headquarters for the organization have been established at 33 N. High-st.

One of the three trustees is Mrs. Nola Phillips, 136 N. Powell-av, and Mrs. Jean C. Littlejohn, 1933 W. Broad-st, is secretary of the organization.

Offers Service

The Chamber of Commerce for Women will be in a position to offer women additional valuable services and suggestions by way of a cooperative employment bureau through an anticipated publication, guest speakers at the meetings for the members, etc.

Membership dues have been fixed at a minimum of $5.00 a year in order that every woman might feel that she might become a member without a strain on her pocketbook, Osborn said.

Mr. Osborn, who was educated at Birmingham Southern university, has resided in Columbus for the past eight years, having lived five on the Hilltop. He is the state representative for Dwinelle Wright Co., Boston, Mass. Mrs. Phillips (Nola Lightfoot) has lived on the Hilltop for the past 10 years and is in the accounting department of the Boston store. Mrs. Jean Littlejohn (Jean Cramer) is a graduate of West High school and is now affiliated with the Federal Housing administration.

Trade Pact To Be Town Meeting Topic

"Should the Reciprocal Trade Agreements Be Continued?" will be the topic for discussion at Columbus Town Meeting Monday evening in the auditorium of the central YMCA. Charles Marts, editor of "Our Times?" a current events weekly for high school students, will speak in favor of continuation of the agreements, while James Duffy, president of the National Brotherhood of Operative Potteries of East Liverpool, will take the negative side of the question.

The meeting will begin at 8:30 p. m., with a preliminary discussion by Clifford James of the department of economics of Ohio State university. Dr. J. Harry Cotton will act as moderator.

Admission is free and tickets may now be secured at the office of The Record, 16 S. Oakley-av, in addition to the usual downtown places of distribution, the YMCA, the YWCA and WCOL.

Membership in the Town Meeting association, now in its second year of activity, as sponsor of Columbus own weekly public forum for the discussion of controversial issues, is open to all citizens of Columbus and Franklin county.

Fire Ruins Home Near Rome

Mr. and Mrs. Don Smith, residents of Emmett-rd in the Mix addition just east of Rome, today were hoping to be able to secure a new home following the loss of their four-room frame dwelling through a fire that swept the building Wednesday.

The fire started from a defective flue according to D. O. Thomas, chief of the West Jefferson fire department. Only a few pieces of furniture were saved, the rest being ruined by fire and water. The flames were fanned by a strong wind and the loss was estimated at $1,000 by firemen.

Scouts Take In Members At Service

It was a proud evening Monday night for Boy Scouts of Troop 181 sponsored by Hillcrest Baptist church, Eldon-av and Broad-st, when they served a pancake dinner to about 125 parents and fellow Scouts before holding an investiture service for tenderfoot Scouts.

Their ceremonies included demonstrations of fire building, first aid, a life line relay, knot tying and other stunts, then they heard talks by several Scout officials and others.

District officers present were C. M. Rigg, district chairman; Howard Miller, district commissioner; P. A. Campbell, organization chairman, and T. H. Boardman, field executive. Clarke Reese, former Scoutmaster and now district commissioner of the northwest district, was also present.

The Scouts gave a demonstration of fire building, first aid, and a life line relay.

Poker Chip Trouble

It's no news for poker chips to be causing trouble, only in this case the trouble comes even before they are put into play. Spiders Red or Green?

The red spider isn't red at all, but a very delicate tint of green, though in some cases this destructive little insect is a very bright green. He, also, like most garden enemies, takes up his abode on the under side of the leaves, where he immediately begins spinning a web, and leaves tiny red dots on the foliage.

Strange Plants Thrive In Hilltop Residence

Despite snow and wintry blasts, two botanical strangers 12,000 miles from their native home in far-off India have been growing and thriving in a Hilltop home with a vitality and growth that would outstrip even Ohio corn during the hottest August corn growing weather.

The unusual plants are owned by Alois Hartung, aged 73, of 2441 Sullivant-av, for the past 30 years a striper at the Seagrave Co., S. High-st, whose home has been visited by scores of persons to see the two plants known as Sacred Lilies of India.

Both plans grow from bulbs and require no earth or water during their amazing marathon to maturity and bloom during the winter months. All that is needed to start them growing, Mr. Hartung says, is to take them into a place where there is light and they start to grow.

5 Inches a Day

One plant recently reached a height of more than five feet, growing at the rate of five inches a day, while the other is ready to start growing when it is placed in the light and will probably be even larger. The flower is a single deep red cup like that of a lily, with a large red spike rising high in the center.

The single flower stalk is thick and resembles the well known "snake plant" common in households here. In summer, according to Mr. Hartung, the bulbs are planted in the yard and they grow resembling the common iris with the exception that the plants are seemingly sensitive to being touched. It is claimed that the leaves will quiver for hours after they are touched when the plant is in the ground.

According to experts, the plant is common in India and sometimes grows to huge size, the maturing flower giving out a strongly unpleasant odor that attracts flies and insects.

Traffic Artery To Await Bridge Study

HOW NEW HILLTOP BOULEVARD WOULD BE PLANNED IS SHOWN

The above diagram and photos show graphically how changes could be made in McKinley-av that would make that thoroughfare into a new boulevard that would serve the entire Hilltop and West side by providing another main traffic artery that would aid greatly in eliminating traffic congestion in W. Broad-st.

As the complete program hinged on the outcome of a $10,000 study of the best plan for construction of a new Sandusky-st bridge and elimination of the grade crossing in that thoroughfare at the Scioto river north of Broad-st, the diagram is only tentative, it was pointed out by members of the boulevard committee of the Hilltop Business Men's association that conferred with County Engineer Allan C. Slade this week.

The map and the pictures illustrate the principal items in the proposal. Numbers on the pictures correspond to those on the map. The grade crossing would be eliminated and a new bridge constructed at Sandusky-st and the Scioto River (No. 1), where now it is necessary to cross the New York Central Railroad within 20 feet of the bridge. The double jog in McKinley-av at Davis-av. (No. 2) would be smoothed into a gentle curve. At No. 3 would be the beginning of a new road, forming a "Y" with McKinley-av and continuing west, with an underpass at the Pennsylvania Railroad (No. 4), to join Valleyview-dr, which now ends at Harper-rd. The dangerous double-turn underpass on McKinley-av at No. 5 would be replaced by another underpass which would straighten the road. Hayner-rd (No. 6), now used as a connecting link between Valleyview-dr and McKinley-av, but dangerous because of sharp turns and a grade crossing, would not need to be used in the new set-up. By following Valleyview and Crystal Springs drives, traffic could go as far west as Wilson-rd (No. 7) which is outside the city limits, or could cut off at any one of several Hilltop cross streets, including Eureka and Hague avenues.

Democrats Have Fine, Get-Together

Tuesday evening was another of those pleasurable events that come once a year when the Democrats of the Hilltop break bread and enjoy baked beans at the Eleventh Ward club dinner.

There is something friendly and warm about the atmosphere that prevails at this meeting. In the first place meetings like this bring together in one big group (nearly 1000 were present) those good people of the community who are interested enough in the affairs of government to take part in an organization of this kind. And the Hilltop has a great number of these people.

But better yet, I like the sense of community loyalty that is so well expressed in this fine club on such an event as this fine dinner. While they are Democrats and in there fighting for their party leaders to the fifth degree they do not sacrifice the good of the community to that of the party. This is to be admired and respected.

At the Tuesday evening meeting I was particularly impressed by the statements of Mrs. Lena Ferrell, president of the club, when she spoke of the Hilltop having the largest independent vote in the city and that it is the independent vote that candidates must have in order to be elected.

This speaks well for the Hilltop. It is a pleasure to live in this type of community. This is the American system working at its best. And isn't it a tribute to the people of a neighborhood when party leaders themselves point with pride to the fact that our people do not vote as the bosses say . . . they do not heed as directed. They have minds of their own, their will expressed in ballots naturally results in a better leadership in public office. It is well that such a situation be encouraged and that the germs of such independence be spread over the county.

But getting back more directly to the Democratic meeting . . . someone has to be behind such a fine gathering as that of Tuesday. Someone has spent long hours in preparations and most certainly has the hearty support of a vast number of loyal friends. That person in this case is Sam Willis.

I recall some years ago, when the Record first dared to speak . . . voice an opinion . . . it did that very thing. Sam Willis came along and disagreed with me. And from that day on I have found Sam one of the most interesting and loyal friends a Hilltopper could have. Today we continue to disagree at times but while the Record always goes to bat for those things that are best for the Hilltop we have found a running mate and companion in Sam Willis. The community and the Democrats in particular can be proud of Sam, who believes in his party but in his community even more so.

Then too, a rose to Lena Ferrell. Here is a gracious lady who has a wide following among Hilltoppers and rightfully so. We think it a fitting tribute that so many people of the neighborhood came out Tuesday while Mrs. Ferrell presided.

While my typewriter could go on at great length to pound out words for the Democrats and likewise for the Republicans of the community, I guess it resolves itself into one thing . . . I'd never make a good politician if it meant strict adherence to party lines . . . After all, there are too many good people on both sides of the fence even to draw a fence between them. Yes sir, I like this Hilltop way of doing things . . . independently . . . for the most good.

County Chairman Walter Heer paid a high tribute to the eleventh ward club and Mr. Willis.

Minstrel Tickets As Prizes

Hilltoppers!

Here's your chance to see the annual Hilltop minstrel show free and at the same time have a lot of fun preparing to do so.

Producers C. C. Hartley and Lou Saunders are scratching their heads and wrinkling their brows trying to think up new jokes for the performances to be given at West High school March 13, 14 and 15.

Today they appealed for help and are relying on the ability of Hilltop folk to think up a large quantity of niffties that will be suitable to spring on the audiences along with the regular assortment of minstrel rib ticklers.

Want 'Em Fresh

Furthermore, they'd like to have those jokes fresh and original, packed with punch and hawhaws, so don't start dusting off any old almanacs—give the folks something streamlined to laugh about.

To those submitting the best jokes in writing to the Minstrel Joke Editor of the Hilltop Record, 14 S. Oakley-av, 10 choice free tickets to the minstrel show will be given—that is, to the five top-notch jokesmiths.

The five pairs of tickets will be awarded after the jokes have been received and all jokes must be in the Record office by Feb. 27. So, get busy, folks.

Name and address must be signed to each joke or group of jokes submitted.

Meanwhile preparations are continuing for the three night gala entertainment that is scheduled to grace the annual auditorium to the doom with Hilltop and West side residents who now view the minstrel show as an established institution that is a worthy successor to the late Al G. Field, famous Columbus minstrel king.

GOP Women To Hear Pastor

The Women's Republican club of Ohio will meet Friday evening at 8 o'clock, Mar. 1, at the Neil House for their March regular meeting when Mrs. Charles E. Scott, program chairman, will present Rev. Frank Throop, minister at Central Presbyterian church.

The theme of this Lenten address will be "Without Compromise." Rev. Throop, pastor of this over a century old downtown congregation, has always been known as a staunch and conscientious advocate of good citizenship and fundamental essentials. Special music will be in charge of Mrs. Fred O. Carpenter, who will present Miss Jean Dhume, soprano soloist, accompanied by Miss Ortelia Harris. All members, their husbands and friends are invited to this Republican gathering.

City Sued For $40,000 In Death Of Father, Son

Two suits for $40,000 have been filed in common pleas court against the city of Columbus by the estate of Ellsworth S. Dean, aged 49, of 234 N. Oakley-av, and his son, Robert, aged 12, who were fatally injured last July 24 in a collision between an auto and the city's rescue squad truck at Central-av and Broad-st, last July 24.

Damages of $30,000 are sought for the death of the father and $10,000 for death of the son.

Three other suits, each for a total of $25,000, have been filed against the Valley Public Service Co., 606 W. Town-st, as a result of the crash at State and Skidmore streets.

The suits were filed by Edith Hartsook, 1734 S. Gift-st; Florence Wise, 1587 Windsor-av, and Ernest Phelps, 1590 Bucher-st, who were standing on the sidewalk at the intersection at the time of the collision. They alleged the bus careened on the sidewalk, striking them. Three persons were killed and seven injured in the accident.

Rites Held For Hilltonia-av Man

Funeral services were held Monday afternoon in the Spears funeral home for Charles F. Hosier, aged 64, of 640 Hilltonia-av, who died at his residence late Saturday afternoon.

Mr. Hosier was a member of the Nazarene church and leaves four sons, Francis, Charles, Roland and Princeton; two daughters, Mrs. Hattie Fry and Mrs. Goldie Frey; 23 grandchildren and eight great-grandchildren. Burial was in Memorial Park cemetery.

LECHNER-AV MAN INJURED IN FALL

Roy Hyer, aged 50, of 338½ Lechner-av, is receiving treatment at Mt. Carmel hospital for multiple fractures of the leg, received in a fall from a platform while loading a tank truck at the Standard Oil Co., 440 Reynolds-av.

Hilltop May Get Colored Play Center

Possibility that funds may be made available for the purchase of a site for a new playground for colored children on the Hilltop was indicated this week by civic spirited business men who are taking a leading part in a campaign for $80,000 to purchase playground equipment, badly needed at many recreation centers in the city.

Complete details of the proposal are only in the tentative stage but sufficiently definite to warrant support for the campaign by every public spirited Hilltop resident, according to officials.

Plans are to begin the campaign early in March with a preliminary slogan contest with an award of $25.00 to the person submitting the most suitable slogan for the drive. This award will be presented by Al Haft, local sports promoter.

William Ellis is chairman of the group sponsoring the drive. He will be assisted by Jack Gannon, city recreation director, and H. S. "Red" Anderson.

It was pointed out by supporters of the plan that some years ago the sum of $40,000 was raised for the construction of Sunshine park at Sandusky-st and Sullivant-av.

Rites Held For Evan E. Evans

Funeral services were held Tuesday afternoon in Moriah church, Jackson county, for Evan Edmun Evans, aged 88, former Jackson county school teacher, who died suddenly Saturday evening at his home, 32 N. Harris-av, shortly after his evening meal.

Mr. Evans was the father of Morgan L. Evans, 2106 W. Lane-av, vice-president of operations of the Columbus & Southern Ohio Electric Co. He was a native of Oak Hill, Jackson county, and taught in the schools there for more than 40 years, retiring at the age of 63 to come to Columbus to make his home.

Besides his son, Morgan, he leaves a daughter, Miss Eunice Evans, of the Harris-av, address; another daughter, Mrs. Harry D. Krause, 1810 E. Long-st, and another son, Samuel N. Evans of Portsmouth. Burial was in Moriah cemetery.

Four Suits Filed In Auto Deaths

Four suits for a total of more than $91,000 have been filed in common pleas court as the result of a crash between an auto and bus of the Ohio Valley Public Service Co., that resulted in the death of three young people last Dec. 17, at State and Skidmore-sts.

The estate of Betty Melvin, aged 15, of 840½ W. Rich-st, has filed a suit for $20,252.21 and the estates of two others killed in the accident, together with a girl who was also injured, have filed three other suits totaling $70,926.

All of the victims were riding in an auto driven by Eugene Turner, aged 19, of 100 Cleveland-av, who was sentenced to six months in the workhouse on second degree manslaughter charges in Miss Melvin's death.

Will Dance At Minstel

Miss Eunice Davis

One of the featured dancers in the eleventh annual Hilltop minstrel at West High March 13, 14, 15 will be Miss Davis, 120 N. Warren-av. She has had numerous professional engagements, including a contract with the Gae Foster Girls in the Roxy theatre, New York City, last October.

Hilltop Man Heads Merged Offices

N. J. Ison, 150 S. Roys-av, a resident of the Hilltop since coming to Columbus 18 months ago, has been appointed manager of the new consolidated office of the Western & Southern Life Insurance Co., 16 E. Broad-st.

The enlarged office replaces the former south office operated by the company at 297 S. High-st, and the north office conducted at the E. Broad-st address. In making the change all employees were retained by the company and it is expected that more efficient service to the public will be possible. Business is showing gains, it was reported.

Mr. and Mrs. Ison have three daughters.

Charges Filed Against Driver

A charge of second degree manslaughter was filed this week against John Runek, aged 18, of 544 Elsmere-st, by police who said the youth was the driver of a truck that struck and fatally injured Charles Price, aged 64, state hospital employee, at Broad-st and Whitethorne-av, Jan. 27.

Mr. Price was waiting for a street car at the intersection when struck. He died in Mt. Carmel hospital of a skull fracture and other injuries Feb. 20.

Patrolmen O. B. Wagner and Edgar Reever, who filed the charge, said their action was based on alleged reckless operation of the truck by Runek.

Purse Snatcher Robs Hilltop Woman

Both a Hilltop woman and a West side resident were victims of purse snatchers during the past week, according to reports to police. Mrs. Luella Work, 381 S. Burgess-av, reported her purse containing $3.50 was grabbed by a youth as she was walking in the 200 block of E. State-st.

Doris Windemaker, 544½ Dakota-av, reported her purse was snatched by a boy as she was walking at Broad-st and Hartford-av.

2 Awards Next In Word Game

Mrs. A. J. Rizer, 2238 Eakin-rd, is the winner of last week's Misspelled word contest being conducted by the Hilltop Record in cooperation with 16 advertisers in the Record, the contest judges announced today.

As the result of her winning entry, Mrs. Rizer will receive a $10.00 Vee-Nees Kreem permanent wave presented by the Manon Beauty Salon, 2488 Sullivant-av, conducted by Miss Emma Crooks and her assistant, Miss Verna Trisler.

The entry submitted by Mrs. Rizer was adjudged best of several hundred that required careful study in selection by the judges.

Two Awards Next

Contestants for next week's contest will have the opportunity of competing for two awards, with the winner taking their choice of the two and the runner-up receiving the other prize.

One award is five gallons of gasoline and five quarts of oil from Bill Coon's Texaco service station at Sullivant and Richardson avenues and the other award is $5.00 in trade at the Cramer pharmacy, Broad and Sandusky streets.

Mr. Coon, who is widely known on the Hilltop, is a graduate of West High school and Mrs. Coon, his wife, the former Dorothy Marfin, is also a graduate of West. They have a new baby in the

2 Hilltop Men Get Postal Jobs

Two Hilltop and one West Side man were among six from Columbus named substitute clerks, it was announced this week. The three are: Frederick L. Courtade, 15 S. Eureka-av; Robert B. Cunningham, 934 W. Broad-st, and Earl D. Tingley, 132 S. Richardson-av.

West Alumni Name New Secretary

Mrs. Marcella Tanner has been appointed secretary of the West High school Alumni association succeeding Robert Franklin, secretary-elect, who resigned this week because of the press of other work.

Plans are proceeding for the skating party to be held Monday, Feb. 26 at Smith's rink. Tickets are on sale from members or at the school.

Group Hails Move As Plan Aid

Hilltop and West Side residents prepared today to await the outcome of studies by county, city and state engineers that will determine the policy to be followed out in constructing a new Sandusky-st bridge and grade crossing elimination project. The study will require about six months, it was said.

The determination of that policy will in turn determine the outcome of plans to make McKinley-av into a boulevard that would link the Hilltop with Sandusky-st, and eliminate several dangerous traffic hazards that now exist on the McKinley-av route.

Are Satisfied

Members of the Hilltop Boulevard committee of the Hilltop Business Men's association who conferred with County Engineer Allan C. Slade, Tuesday, on the proposed program expressed satisfaction this week on the outcome of the conference, pointing out that a careful study of the plans would bring about a better program to serve the entire Hilltop area better than if a hastily devised program were started at once.

They [illegible] the wisdom of a [illegible] in the outcome of the [illegible] of the new Main-st [illegible] several years ago. Instead of "leading nowhere" as the bridge now does, by careful study, a program have been worked out whereby the bridge would have been made a direct connecting link with Sullivant-av.

Have Study Funds

Funds for a study of the Sandusky-st job have been made available through an appropriation of $10,000 by the county.

"We are satisfied with the county's decision," declared C. C. Hartley, secretary of the committee. "The engineer and county commissioner are now on record favoring the improvement we seek and the Sandusky-st problem is the key to this much-needed improvement," he declared.

Members of the committee who met with Mr. Slade were: Fred Sulzberger, president of the Hilltop Business Men's association; Councilman Ray Hauntz, William Coulthard, boulevard committee chairman; Herb Deems and Harry Haney.

Flier Kills One, Injures Man In Wilson Rd.

Ambert Fourman, aged 26, passenger in a truck loaded with horses, was killed and Forrest Applegate, aged 48, of Bradford, driver of the truck, was seriously injured when the vehicle was struck by a fast westbound passenger train in Wilson-rd at the Pennsylvania railroad crossing a mile north of W. Broad-st, early Thursday.

Fourman was a resident of Dayton. The two men were enroute to the Davey horse auction stables in Taylor-av with a van loaded with six horses at the time. All of the animals were killed.

Sheriff's deputies, Joe Sansone and Ed Carroll, said Applegate had left Gettysburg with the horses and brought Fourman along for the ride.

It was believed Applegate drove onto the tracks without seeing the train. Wreckage and the bodies of two of the horses were strewn for several hundred yards along the tracks. Fourman's body was found underneath a badly injured horse.

The deputies were forced to destroy four of the horses. Applegate was taken to Mt. Carmel hospital suffering from a fractured skull and other injuries.

Burial was in Memorial Hall park. Mr. Durflinger, who was a member of the Engineer's Club, society, leaves his wife, A[illegible] Dr. W. L. Durflinger, 65 N. Wayne-av, and two grandchildren.

Group At Party In GWTW Garb

When Mrs. Cora Sheron entertained the Dainty-Maid Health group, Friday, Feb. 16, at her home, 105 N. Westmoor-av, at their annual Valentine party, the affair was in reality a "Gone With the Wind" social.

The associates turned out as characters from Margaret Mitchell's famous book, even Melanie with Ashley's son being present, the baby being dressed in infant garments of the period involving many yards of lace and other materials.

The evening's entertainment centered about principal characters from the southern novel and St. Valentine. Awards were health foods.

Pedestrians Liable Also In Traffic Toll

Pedestrians played a prominent part in the traffic accident experience of Columbus during the past year, according to G. T. Landrum, chairman of the Public Safety committee of the safety council of Columbus chamber of commerce.

In analyzing the accident records in this field, 49 deaths recorded as traffic accident fatalities, 31 or 63 per cent involved pedestrians, showing that street highway safety is not an exclusive problem for the man at the wheel of a motor vehicle. Of the non-fatal injuries, charged to the motor vehicle phase of the accident problem, numbering 1,610 persons, 618 or 39 per cent were pedestrians. These figures show, conclusively that care, courtesy and common sense on the part of pedestrian is necessary for substantial improvement in the traffic accident situation.

Some of the glaring unsafe practices of pedestrians responsible for this bad record were, crossing streets against the red traffic light, darting into the street from between parked cars or other obstructions; walking along the highway on the right side, instead of on the left, facing oncoming traffic, and alighting from buses or street cars into the path of moving vehicles.

Pedestrian involvement in traffic accidents is inexcusable, in as much as their safety is largely in their own hands. If a pedestrian is not in the roadway there is very little chance of being hit by an automobile, regardless of whether it is being operated unlawfully or in a legal manner it was observed.

Jim Cooper Sets WBNS Record

Jim Cooper

Rapidly nearing his seven-thousandth broadcast and establishing a continuous record for radio station WBNS, "Genial Jim" Cooper, the Gas Company's news commentator who has carried out his radio work from a studio at his home at 522 Belvidere-av, on the Hilltop, is fast becoming nationally known from the response received in connection with his news comments.

With a huge following on the Hilltop as well as in all other parts of the city "Genial Jim" is heard four times each day, Monday through Saturday at 7:30 a. m., 1:30, 6 and 10:30 p. m. He gives one broadcast on Sundays at 6:30 p. m.

Since his release from the hospital some months ago Jim has been broadcasting from his home, a departure from the usual in news programs. Jim has his own studio which is fitted out with all the engineering equipment necessary in addition to a battery of teletype machines over which comes a constant flow of news from every part of the world. These Associated Press machines run 24 hours a day. From this mass of material Genial Jim selects his news. Cooper has been directly responsible for returning hundreds of dollars to their rightful owners by broadcasting appeals for the return of lost or stolen money. Several instances are also on record which show that these newscasts have been solely responsible for the return of missing persons and the broadcasting of news which was first to reach relatives telling them welcome news. The public feels that in Jim Cooper it has a tried and true friend which indeed he is.

Round About The Hilltop

From the adult evening classes at Ohio State Idora Merry, 46 S. Harris-av- contributes the following information concerning Hilltoppers:

Dr. and Mrs. C. O. Miller of 2022 Doren-av are both enrolled in the public speaking class on Wednesday night from 7 to 8. Then, while Mrs. Miller investigates that intriguing dish called "Appetizing Menus," Dr. Miller is trying out the music course. What with music, speeches and food it all sounds like a big evening for the Millers. Dr. Miller is the optometrist with an office at 2404 W. Broad-st. They learned about the school through the Hilltop Record.

Arthur E. Withrow, 449 Prospect park, is enrolled in the symphony and voice classes. He has recently returned to West High, after an enforced absence, to finish his high school course. Mr. Withrow teaches music in the homes of Hilltoppers in his spare hours.

Miss Mae Monroe, a nurse at the State hospital, is enrolled in grammar and music. Miss Monroe is quite popular in the school for her cheery manner and her cordial, if not enthusiastically received invitation, to one and all, to "Come up to my house any time and stay awhile."

Mrs. Goldie Dee, 154 N. Warren-av, is enrolled in the Thursday evening short story class. Mrs. Dee is the mother of two grown daughters and is in her third year at school. She fully expects to write the "Best Short Story of 1940."

Joe Leazenbee, 674 S. Harris-av, cartoonist, is enrolled in the Tuesday and Thursday grammar and drawing classes. Mr. Leazenbee is a free lance artist. He does the illustrations for the Ohio Guardsman and The American Legion Magazine.

Modern Poetry

Edited by Esther Wuehley

SNOW

Out of Nature's dress of gray,
Out of the ethereal blue godets,
Across the forests like elves at play,
Across the meadows so bare today,
Like a bridal robe on earth to bestow,
In mystic silence comes the snow.
In fancy we fathom its crystal sheen,
Scintillating beneath a glorious moon,
As myriads of diamonds from the stars it seems,
Softly and silently shields the inert bloom,
Until adolescent Spring awakens life in everything.

DESIGN FOR HEAVEN

The white sheathed world . . .
A frosted pane:
A nude black tree
A far cold star.
The house cat curled
In warm disdain . . .
Can Heaven be
Like where we are?

FLIGHT

The moon is etching on my rosy wall
Lean shadows—imitating prison bars;
My spirit, tuned to catch the distant call,
Cannot resist the lure of singing stars . . .

It breaks the barrier and soars away
To join the starry host's strange pilgrimage,
While this—the chrysalis of me, must stay
To meet the dawn, and earn the daily wage.

BOUNDARIES

I am amazed and mystified
As I look at the sea,
For who shall say how deep . . . how broad
Its walls, or boundary.

Though we compute the rugged reach,
The liquid surface span;
Its limitation, like the grave,
Is still unknown to man.

I AIN'T MAD AT NOBODY
I AM SORRY

I am sorry for the man who walks, he is in danger near or far,
He may fall in a hole intended for coal or maybe get hit by a car;
He may bump into a man that's tipsy and the drunk will start a fight,
They both will land with the law on each hand in jail to spend the night.
I am sorry for the man with a car when it tries to climb a grade,
They'll tie up his hand if he is not dead and the car try to unroll,
They'll haul his car to the shop while the bystanders look and leer
It'll take lots of coal to pay for the pole and he may be in bed for a year.
But the one I pity more than all I think he lives on the hill
We all know that his car won't go cos it broke down standing still
He had a debt and he has it yet he's so poor he sleeps in the dorm
But if he does a heap O livin perhaps he can make it a home.

St. Aloysius Teams Lead Both West Church Leagues

St. Aloysius, defending champion in the Girls' West Church league, turned in its best performance in many years to record a startling 19-10 victory over the previously unbeaten West Evangelical sextet Monday evening at Glenwood Park in the feature game of the program. In the boys' league St. Aloysius chalked up its eighth consecutive win of the season in downing Holy Family, 20-17, thus putting St. Aloysius teams in the leading positions in both circuits.

Brown and Myers played sensational basketball for the defending girls champions by scoring 10 and eight points respectively. Thornton led the Evangelical attack with eight tallies while Buella Williams cinched a place on the 1940 all-West church squad when she held M. Colburn, Irish ace, to one point. Miss Williams, the greatest guard to perform in the local church group, has held her opponents to a total of six points in the same number of contests.

In the other games of the Monday evening section Hilltonia U. B. and Hilltop C. of C. battled to a 14-14 draw while Avondale U. B. upset West Park M. E. 21-17.

On Tuesday night the St. Aloysius Blue Streaks (boys) divided the scoring to defeat Holy Family. Stewart paced the losers' attack with 10 points.

In the class B division West Park Reds, the probable class B champion, defeated Avondale U. B. 32-10, while Neil-av M. E. won a forfeit victory over Westgate Evangelical.

Sunday School Lesson

FEBRUARY 25

"Well done, good and faithful servant." Matt. 25:21.

This lesson presents the parable of the talents in which one man received five talents, another two and still another but one talent. The time came when each man was required to give an account of his stewardship. The question asked was what had he done with the talent intrusted to him. How had he used it? The test was not one of his ability as a business man, nor yet of his opportunity; it was solely a test of his diligence.

As the test was the same for all three so the rewards were the same for the five talent man and the two talent man. "Well done, good and faithful servant." Faithfulness was rewarded with a larger trust. The reward of life is more life. Also failure to strive means loss of the desire and the capacity to strive. The one talent man used 52 words to make his excuses for his failure to use the talent given him. And he was condemned not for failure to produce but for his woeful lack of diligence. "Thou wicked and slothful servant," cried the master. Also his one talent was then taken from him and given to the man with five.

Here in this parable of Jesus true equality is taught. The teaching is not equality of ability, shrewdness, opportunity, intellect nor social standing. It is equality of time and effort in which all men have equal rights and in the long run receive just rewards. Property, education, skill, personality, are all talents conferred upon us, to some more to others less. The test will be of our stewardship, how well have we tried to use our special talent. "To whom much is given much will be required," warned Jesus.

Italy's 'Wooden' Nickels

Not exactly a wooden nickel, but something just as good, may be the thought behind the recent decree in Italy to replace nickel coins by "acmonital," a new stainless steel alloy developed by that country. Reports indicate that this is one of Italy's methods of conserving one of her strategic materials and she stands to save between five and six thousand tons of nickel, according to Engineering and Mining Journal.

Teaching Indian Language

The University of Oklahoma at Norman is plannings to offer a course in Indian languages. It is said to be the first university in the world to include this language in the curriculum.

IN MEMORIAM

JACQUES, DAVID H. who passed away Feb. 26, 1936

Dear David, four years ago today you fell asleep
God whispered to us sweetly, He took your loved one, do not weep.
The years roll on, though hard to bear, but sweet to know you're in God's care
We love to linger around your resting place and plant the flowers, although we know we cannot see your face.
Forbidden tears, with sweet memories come but then we know, "God's will be done."
We'll trust in him and some sweet day
We'll meet our loved one in that heavenly home not far away.
A step into the darkness, but light breaks just ahead, and God gives life eternal"
To ones the world calls dead.
Rest Be Thine—Sweet Remembrance Ours.

Mother, Dad, Sisters & Polly.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors for their sympathy and beautiful floral offerings. Especial thanks to Rev. J. B. Myers, Robert Miller and Spears funeral home at the death of my father, Charles F. Hosler.

Mrs. Hattie Fry and Family.

Conscience Bothered Him

Taree months ago a California man threw his car out of gear and let it coast down a steep Wyoming hill. That is against the law in Wyoming. The law presumes such a car is "out of control." Recently Capt. William Harwood, of the state highway patrol, received a letter from Los Angeles in which the driver apologized for his "recklessness," said his conscience bothered him as he was "trying to lead a Christian life," and would the captain forgive. The captain would, and did.

move along so smoothly as time comes along to elect committeemen.

Down in the Tenth ward Heinie Koontz resigned last year to become a candidate for city council and M. B. Chaffin was appointed to fill his place as committeeman, with the understanding that he would step down again if Koontz failed to be elected.

Heinie didn't quite make the grade and now that he wants to go back as committeeman Mr. Chaffin is not stepping down as graciously as agreed. So it is understood that Koontz will be a candidate for election to the post again this year.

In the Eleventh ward there seems to be definite indications that the Schneider forces will have some opposition in the form of an attempt to oust Mr. Dysart.

Jay Bowser has been talked, as has Art Bellar. Just what the arrangements will be hasn't been announced as yet.

A few years ago Bellar was a candidate and ran a good race without organization support. Today it appears that far more organization men and women would line up with Bellar in view of recent happenings in Republican circles in the eleventh ward.

Our only interest in committee politics is that we sincerely believe, as stated above, that ward committeemen should first be interested in the welfare of their community. After all, they are the direct contacts between individual wards and the higher party organization.

"Hot" Bucks Upset East, Central; At North Tonight

Climaxing a determined effort to upset one of the top-flight outfits in the tough City league, West High's bounding Buckaroos turned the tables on the highly-touted Central High basketball team Tuesday night in the local gym and sent the haughty Pirates back home on the short end of a 19-17 score. The victory was the third in succession for the Cowboys, the second within a week, and it will send the Williams-coached aggregation to North High school tonight seeking consecutive win number four in the final game of the league and regular sked.

The Central upset was no fluke for the Buckaroos! Coach George Williams had been experimenting with different combines throughout the entire campaign and it seems as if he has hit on a winning combination. The Buckaroo five had more shots than the peaky Pirates, guarded better, handled the ball far better than their opponents and in general held the situation well in hand throughout the fray with their near flawless passing and excellent stalling tactics.

Team All Stars

To pick an individual star for West would be sheer folly. The entire team is made up of stars in their own right. Ned Bell and Paul Rogers played the best ball that they have exhibited all season. The other five Buck performers were slightly below normal, but the excellent passing of Bill Mack and Jake Richards and the fine job of guarding the high-scoring Willie Garland by the reliable "Duck" Ucker and later Jack Snyder (after the former had fouled out) were highlights. Garland garnered three measley markers.

After losing to South in the first game of the second round, the Bucks have been gradually picking up steam. With tiny Jake Richards starting his initial varsity contest the locals swamped Aquinas 37-25, edged East last Friday, 29-24, with Richards and Bell in starring roles and Tuesday defeated Central, 19-17. Tonight at North the Polar Bears will have to be hot to cop the verdict from the keen S. Powell-av lads.

In the Central-West battle Bell and Rogers led the Buck sharpshooters with six markers each. Only during the early minutes of play were the Cowhands behind, but by halftime had pulled out in front 11-6. With Rogers displaying a team spirit heretofore not seen and Bell proving himself certain all-high material again, North should have a tough evening.

In a preliminary, Coach George Collins' West reserves defeated Central seconds, 18-17. They've improved along with the West varsity as the season progressed and put on a nice exhibition of stalling to take the close decision.

West Juniors Show Power In Campaign

While their elder brothers have been having a tough season in the City league, the West Junior quintet, under the tutelage of Coach Dale Rose has been performing in first-hand fashion in the junior high league. The "Broncos" finished their league campaign last Friday with a smashing 31-13 win over Roosevelt, the win giving the locals a tie with McKinley for the runner-up position behind Everett, the champion.

In the winning six of seven league conquests, the men of Rose displayed a very fine brand of basketball. The lone defeat suffered by the "Broncos" was inflicted by McKinley, a last minute break giving the locals the short end of a 24-17 score, after the score had been tied with three minutes to play.

Coach Rose, who succeeded George Williams, seems to be having the same bad luck as his predecessor. Williams lost five championships during his five-year term at West Junior, and in each case it was the play-off of a tie for the title.

Split With Title

The warriors of Dale Rose, although not playing Everett, the champ, in league competition, nevertheless split with the title-holders in two pre-league games. And in the final game of the season, with West Junior having a possible chance to share the championship, Everett edged Mound by two points after the latter had led by more than 10 points at one point during the game. But some day the worm will turn!

Outstanding for West Junior during the past season have been the two forwards, Frank Marshall and George Ourk. Both boys will graduate from West Junior soon and Coach George Williams, West Senior mentor, has his eye on the two Bronco stalwarts.

Strive For Greater Variety In Meals

If you've fallen into the easy serving the same things, meal after meal, your family will welcome a resolution that involves greater variety in menu planning. Perhaps it will seem like a lot of effort—but like most things worth while it will pay real dividends for you. PICKLE POINTER

Here's a tasty tidbit for impromptu kitchen snacks or fireplace fun: slice genuine dill pickles lengthwise into fourths. Wrap 2 slivers in a slice of American or Swiss cheese and place in a Parker-house roll. Fasten on toasting fork or skewer and hold over hot coals until cheese melts, or bake in moderate oven.

KETCHUP QUICK-TRICK

To make a tasty fried egg sandwich, spread each slice of toast with a layer of tomato ketchup. Has zip and sing done so!

TASTY TIDBITS

To make colorful canapés on short order, spread thin rounds of toast or crackers with a filling made by mixing 1 package cream cheese with 1 tablespoon tomato ketchup. For an extra frill, garnish centers with strips of pimento and sprinkle minced parsley around the edges.

QUICK AND CLEVER

With three holidays on the docket for this month, and all the hustle-bustle of special entertaining to prepare for, you just don't have time some days to spend on ordinary cooking. All day long you find yourself pushing against the clock, and before you know it you've come bang up against the dinner hour without plans or provender of any sort. What you need these busy days are some quick-trick main course dishes that will make stout eating on a minimum of time and effort. Here now is just such a dish—a fat casserole full of ground steak browned with onion slivers and sauced with a canful of real, home-style vegetarian soup. To seal in all this fine flavor, top with an

old-fashioned crusting of corn bread batter. Takes just a short time to prepare when you follow these simple directions:

STEAK AND VEGETABLE PIE WITH CORN BREAD TOPPING

Brown—
1 lb. ground round steak
1 tablespoon minced onion
in—
1 tablespoon fat.
Sprinkle with—
3 tablespoons flour
1 teaspoon salt
generous dash pepper
then mix well.
Pour in—
1 medium (16 oz.) can vegetarian soup
then stir until it reaches boiling point.

Pour into casserole, having meat mixture about two inches deep. Top with corn bread batter and bake in a hot oven (425° F.) 20 minutes. (Serves 4.)

CORN BREAD TOPPING

Sift together—
½ cup sifted all-purpose flour
1½ teaspoons baking powder
¼ teaspoon salt.
Stir in—
½ cup corn meal.
Combine—
½ cup milk
1 egg yolk
1½ tablespoons shortening, melted.
Make depression in center of dry ingredients, then pour in liquid all at once, stirring until smooth.
Fold in—
1 egg white, stiffly beaten.

BROILED CHOPPED BEEF

Currant-jelly-glazed bananas. Mix 1½ pounds of ground round or chuck of beef with ½ cup of soft bread crumbs, 1-3 cup milk and 1 well-beaten egg. Season with salt, pepper and 1 teaspoon grated onion. Shape into round cakes. Place on a greased hot broiling pan and broil. Time will depend on the size of the cakes and the degree of cooking you like. The bananas may be glazed at the same time. Peel and quarter four bananas, cutting them first lengthwise and then in half crosswise. Lay them in a shallow baking dish. Beat up ½ cup currant jelly and 4 tablespoons melted butter and the juice of ¼ lemon until smooth and well blended. Pour this over the bananas and place them under the broiler with the meat cakes. Baste the bananas occasionally with the jelly mixture.

BAKED STUFFED HEART

5 to 5½ pound beef heart
Cold water
Salt
Pepper
2 cups toasted bread crumbs
⅓ cup seedless raisins
1 cup canned apricots, drained and chopped
½ cup canned pineapple (crushed)
1 tablespoon chopped parsley
½ teaspoon cinnamon
1 egg, slightly beaten
4 tablespoons melted fat
½ cup pineapple and apricot syrup

Wash heart and remove veins and arteries and excess fat. Cover with cold water and simmer for 1 hour. Drain. Rub inside and out with salt and pepper (1 teaspoon salt to 1 pound meat). Make a stuffing of the toasted bread crumbs, raisins, apricots, pineapple parsley, Cinnamon, egg and fat. Stuff cavity and sew up opening. Rub outside of heart with a small amount of fat and place in an uncovered roasting pan. Bake for 2 hours in a moderate oven. At the end of the baking period remove heart and make gravy, using fruit syrup and drippings left in pan.

VEAL AND VEGETABLE SCRAPPLE

½ pound stewing veal
4 cups boiling water
1½ cups canned tomato puree
2 teaspoons salt
1 cup cornmeal
2 onions, minced
1 teaspoon chili powder
Pepper
¼ to 1-3 cup fat

Simmer veal in boiling water about 1 hour or until tender. Remove from broth and chop fine. Measure broth and add enough tomato puree to make 4½ cups in all. Heat to boiling, stir in salt cornmeal, veal, onions, chili powder and pepper. Cook for 30 minutes, stirring frequently to keep cornmeal from sticking. Pour into a well-greased loaf pan. Chill thoroughly. Slice and fry in hot fat.

CORNED BEEF PIES

2 cups flour
1 teaspoon baking powder
½ teaspoon salt
6 tablespoons shortening
1 egg yolk, slightly beaten
1-3 cup milk

Sift dry ingredient, add shortening and mix in thoroughly with a fork. Add egg to milk, add to dry mixture to make a soft dough. Turn out on a floured board and toss lightly until the outside looks smooth. Roll out half the dough ⅛ inch thick; cut in quarters. Fit each into muffin pan; fill with the corned beef mixture and fold the edges of the pastry over to the center. Pinch the edges together on the top. Repeat with the remaining dough. Bake in a hot oven for 20 minutes.

move along as smoothly as time comes along to elect committeemen.

Down in the Tenth ward Helvie Koontz resigned last year to become a candidate for city council and E. E. Chaffin was appointed to fill his place as committeeman, with the understanding that he would step down again if Koontz failed to be elected.

Heinie didn't quite make the grade and now that he wants to go back as committeeman Mr. Chaffin is not stepping down as graciously as agreed. So it is understood that Koontz will be a candidate for election to the post again this year.

In the Eleventh ward there seems to be definite indications that the Schneider forces will have some opposition in the form of an attempt to oust Mr. Dysart.

Jay Bowser has been talked, as has Art Bellar. Just what the arrangements will be hasn't been announced as yet.

A few years ago Bellar was a candidate and ran a good race without organization support. Today it appears that far more organization men and women would line up with Bellar in view of recent happenings in Republican circles in the eleventh ward.

Our only interest in committee politics is that we sincerely believe, as stated above, that ward committeemen should first be interested in the welfare of their community. After all, they are the direct contacts between individual wards and the higher party organization.

Rules Next Week

Next week's issue of the Hilltop Record will carry complete details of rules that must be observed by persons competing for the grand prize awards.

Radio Is Prize

One of the prizes to be given away in the final contest is a $24.40 R. C. A. Victor consolette radio to be presented by the Hilltop Goodyear service station at Eureka-av and Broad-st.

Orville Stephenson is the new owner of this Goodyear unit, having acquired the property last September. The station is managed by Charles V. Myers and Franklin Foust is assistant.

Besides carrying a complete line of auto accessories and electrical appliances, the service station also has a large line of home and automobile radios.

"Hot" Bucks Upset East, Central; At North Tonight

Climaxing a determined effort to upset one of the top-flight outfits in the tough City league, West High's bounding Buckaroos turned the tables on the highly-touted Central High basketball team Tuesday night in the local gym and sent the haughty Pirates back home on the short end of a 19-17 score. The victory was the third in succession for the Cowboys, the second within a week, and it will send the Williams-coached aggregation to North High school tonight seeking consecutive win number four in the final game of the league and regular sked.

The Central upset was no fluke for the Buckaroos! Coach George Williams had been experimenting with different combines throughout the entire campaign and it seems as if he has hit on a winning combination. The Buckaroo five had more shots than the pesky Pirates, guarded better, handled the ball far better than their opponents and in general held the situation well in hand throughout the fray with their near flawless passing and excellent stalling tactics.

Team All Stars

To pick an individual star for West would be sheer folly. The entire team is made up of stars in their own right. Ned Bell and Paul Rogers played the best ball that they have exhibited all season. The other five Buck performers were slightly below normal, but the excellent passing of Bill Mack and Jake Richards and the fine job of guarding the high-scoring Willie Garland by the reliable "Duck" Ucker and later Jack Snyder (after the former had fouled out) were highlights. Garland garnered three measley markers.

After losing to South in the first game of the second round, the Bucks have been gradually picking up steam. With tiny Jake Richards starting his initial varsity contest the locals swamped Aquinas 37-25, edged East last Friday, 29-24, with Richards and Bell in starring roles and Tuesday defeated Central, 19-17. Tonight at North the Polar Bears will have to be hot to cop the verdict from the keen S. Powell-av lads.

In the Central-West battle Bell and Rogers led the Buck sharpshooters with six markers each. Only during the early minutes of play were the Cowhands behind, but by halftime had pulled out in front 11-6. With Rogers displaying a team spirit heretofore not seen and Bell proving himself certain all-high material again, North should have a tough evening.

In a preliminary, Coach George Collins' West reserves defeated Central seconds, 18-17. They've improved along with the West varsity as the season progressed and put on a nice exhibition of stalling to take the close decision.

West Juniors Show Power In Campaign

While their elder brothers have been having a tough season in the City league, the West Junior quintet, under the tutelage of Coach Dale Rose has been performing in first-hand fashion in the junior high league. The "Broncos" finished their league campaign last Friday with a smashing 31-13 win over Roosevelt, the win giving the locals a tie with McKinley for the runner-up position behind Everett, the champion.

In the winning six of seven league conquests, the men of Rose displayed a very fine brand of basketball. The lone defeat suffered by the "Broncos" was inflicted by McKinley, a last minute break giving the locals the short end of a 24-17 score, after the score had been tied with three minutes to play.

Coach Rose, who succeeded George Williams, seems to be having the same bad luck as his predecessor. Williams lost five championships during his five-year term at West Junior, and in each case it was the play-off of a tie for the title.

Split With Title

The warriors of Dale Rose, although not playing Everett, the champ, in league competition, nevertheless split with the title-holders in two pre-league games. And in the final game of the season, with West Junior having a possible chance to share the championship, Everett edged Mound by two points after the latter had led by more than 10 points at one point during the game. But some day the worm will turn!

Outstanding for West Junior during the past season have been the two forwards, Frank Marshall and George Ours. Both boys will graduate from West Junior soon and Coach George Williams, West Senior mentor, has his eye on the two Bronco stalwarts.

PICKLE POINTER

Here's a tasty tidbit for impromptu kitchen snacks or fireplace fun: slice genuine dill pickles lengthwise into fourths. Wrap 2 slivers in a slice of American or Swiss cheese and place in a Parker-house roll. Fasten on toasting fork or skewer and hold over hot coals until cheese melts, or bake in moderate oven.

KETCHUP QUICK-TRICK

To make a tasty fried egg sandwich, spread each slice of toast with a layer of tomato ketchup. Has zip and zing done so!

TASTY TIDBITS

To make colorful canapés on short order, spread thin rounds of toast or crackers with a filling made by mixing 1 package cream cheese with 1 tablespoon tomato ketchup. For an extra frill, garnish centers with strips of pimento and sprinkle minced parsley around the edges.

QUICK AND CLEVER

With three holidays on the docket for this month, and all the hustle-bustle of special entertaining to prepare for, you just don't have time some days to spend on ordinary cooking. All day long you find yourself pushing against the clock, and before you know it you've come bang up against the dinner hour without plans or provender of any sort. What you need these busy days are some quick-trick main course dishes that will make stout eating on a minimum of time and effort. Here now is just such a dish—a fat casserole full of ground steak browned with onion slivers and sauced with a cupful of real, home-style vegetarian soup. To seal in all this fine flavor, top with an

old-fashioned crusting of corn bread batter. Takes just a short time to prepare when you follow these simple directions:

STEAK AND VEGETABLE PIE WITH CORN BREAD TOPPING

Brown—
1 lb. ground round steak
1 tablespoon minced onion
in—
1 tablespoon fat.
Sprinkle with—
3 tablespoons flour
2 teaspoon salt
generous dash pepper
then mix well.
Pour in—
1 medium (16 oz.) can vegetarian soup
then stir until it reaches boiling point.

Pour into casserole, having meat mixture about two inches deep. Top with corn bread batter and bake in a hot oven (425° F.) 20 minutes. (Serves 4.)

CORN BREAD TOPPING

Sift together—
½ cup sifted all-purpose flour
1½ teaspoons baking powder
½ teaspoon salt.
Stir in—
½ cup corn meal.
Combine—
½ cup milk
1 egg yolk
1½ tablespoons shortening, melted.
Make depression in center of dry ingredients, then pour in liquid all at once, stirring until smooth.
Fold in—
1 egg white, stiffly beaten.

BROILED CHOPPED BEEF

Currant-jelly-glazed bananas. Mix 1½ pounds of ground round or chuck of beef with ½ cup of soft bread crumbs, 1-3 cup milk and 1 well-beaten egg. Season with salt, pepper and 1 teaspoon grated onion. Shape into round cakes. Place on a greased hot broiling pan and broil. Time will depend on the size of the cakes and the degree of cooking you like. The bananas may be glazed at the same time. Peel and quarter four bananas, cutting them first lengthwise and then in half crosswise. Lay them in a shallow baking dish. Beat up ½ cup currant jelly and 4 tablespoons melted butter and the juice of ¼ lemon until smooth and well blended. Pour this over the bananas and place them under the broiler with the meat cakes. Baste the bananas occasionally with the jelly mixture.

BAKED STUFFED HEART

5 to 5½ pound beef heart
Cold water
Salt
Pepper
2 cups toasted bread crumbs
½ cup seedless raisins
1 cup canned apricots, drained and chopped
½ cup canned pineapple (crushed)
1 tablespoon chopped parsley
½ teaspoon cinnamon
1 egg, slightly beaten
4 tablespoons melted fat
½ cup pineapple and apricot syrup

Wash heart and remove veins and arteries and excess fat. Cover with cold water and simmer for 1 hour. Drain. Rub inside and out with salt and pepper (1 teaspoon salt to 1 pound meat). Make a stuffing of the toasted bread crumbs, raisins, apricots, pineapple parsley, Cinnamon, egg and fat. Stuff cavity and sew up opening. Rub outside of heart with a small amount of fat and place in an uncovered roasting pan. Bake for 2 hours in a moderate oven. At the end of the baking period remove heart and make gravy, using fruit syrup and drippings left in pan.

VEAL AND VEGETABLE SCRAPPLE

½ pound stewing veal
4 cups boiling water
1½ cups canned tomato puree
2 teaspoons salt
1 cup cornmeal
2 onions, minced
1 teaspoon chili powder
Pepper
¼ to 1-3 cup fat

Simmer veal in boiling water about 1 hour or until tender. Remove from broth and chop fine. Measure broth and add enough tomato puree to make 4½ cups in all. Heat to boiling, stir in salt cornmeal, veal, onions, chili powder and pepper. Cook for 30 minutes, stirring frequently to keep cornmeal from sticking. Pour into a well-greased loaf pan. Chill thoroughly. Slice and fry in hot fat.

CORNED BEEF PIES

2 cups flour
1 teaspoon baking powder
½ teaspoon salt
6 tablespoons shortening
1 egg yolk, slightly beaten
1-3 cup milk

Sift dry ingredient, add shortening and mix in thoroughly with a fork. Add egg to milk, add to dry mixture to make a soft dough. Turn out on a floured board and toss lightly until the outside looks smooth. Roll out half the dough ⅛ inch thick; cut in quarters. Fit each into muffin pan; fill with the corned beef mixture and fold the edges of the pastry over to the center. Pinch the edges together on the top. Repeat with the remaining dough. Bake in a hot oven for 20 minutes.

Virginia Glass Collections

Glass of varied types and age, excavated from historic areas in the Colonial National Historical park, Virginia, form a large part of the artheological collections displayed at Jamestown and Yorktown. Heavy wine and rum bottles, thin-sided Duth gin containers, delicately fashioned perfume vials and drinking goblets, and window panes are included in the exhibit. There may be traced the evolution of the wine bottle from the globular form with high tapering neck and disk-like collar, commonly used at Jamestown in the early Colonial period, to the final development of the moulded cylinder of the late Eighteenth century. Some of the pieces were manufactured at the early Jamestown glass works.

The Hilltop Record

The Spectator
By C. C. Hartley

Cliff Kohn's Contribution

Columbus, and the Hilltop in particular, has lost one of its finest citizens. His friends are mourning the loss of Cliff Kohn.

Little that we can say here will be remembered, but Cliff Kohn's contribution to the building of this community will long be remembered. His affable friendship has warmed the hearts of all with whom he came in contact.

No finer tribute could have been paid to any man than that of the Rev. A. J. Wold at the funeral services for Mr. Kohn on Monday afternoon. No more sincere words were ever spoken than those with reference to the practical Christianity practiced daily by Mr. Kohn.

The Hilltop well knew Cliff Kohn as a calm, soft-spoken gentleman, who never hurried but worked harder than most men to make the Hilltop a finer place in which to live.

His friends will miss his daily rounds in the business section, but most surely the gentlemanly manner portrayed by Cliff Kohn will not be soon forgotten.

Plan Formal Opening Of New Convent

Plans are being made for the formal opening of the new convent home of the Sisters of St. Mary Magdalene church, 618 E. Roys-av, to be held Mar. 10 and 11, with the building open for public inspection, according to Mrs Gene Raymond, 612 Binns-blvd.

The building, constructed at a cost of approximately $15,000, will be placed into service entirely paid for due to the co-operation of members of the parish and Hilltop residents as well as friends from all parts of the city, who aided with various parties and other fund raising projects.

Names of hostesses who are to preside at the formal opening are to be announced soon. A silver offering will be taken to aid in the purchase of furnishings for the building.

Nailor Files As Candidate

Joseph C. Nailor, one of the five Republican state representatives from Franklin county and a Hilltop resident this week announced his candidacy for renomination and re-election for another term.

Mr. Nailor, who lives at 109 N. Burgess-av, is an attorney, at 70 E. Broad-st. He was a member of city council 12 years, from 1912 to 1923, president of council in 1920-21, a member of the state legislature, 1929-30 and last year and this year.

At the present time he is president of the Eleventh Ward GOP club and in 1935 he was president of the Buckeye Republican club. He is a lifelong resident of Columbus, graduate of Ohio state university law school, member of Glenwood M. E. church the Columbus Bar association, Aladdin temple, Scottish rite and several other fraternal organizations.

SEELY ANNOUNCES NEW REFRIGERATOR LINE

The Seely hardware store, 1184 W. Broad-st, is announcing the new lines of Westinghouse and Coldinator refrigerators this week. Details of the new models are given on page three of today's Record.

ATTEND CHICAGO CONVENTION

Lowell H. Tope, 465 S. Powell-av, and Ross Castle, 2480 Westwood-dr, are attending the flour mill and grain elevator inspector's convention of Mill Mutuals general insurance agency in Chicago this week.

Word Tilt Now Near Final Lap

With the windup of the Hilltop Record's Misspelled Word contest at hand, preparations are being made for the distribution of grand awards to contestants who have formed the best six sentences from the misspelled words used each week in the contest, including the misspelled words of this week's advertisements.

Winners of last week's misspelled word contest were Miss Charlotte Tannehill, 76 S. Warrent-av, and Mrs. H. Y. Donavan, 208 S. Harris-av.

As the result of her winning entry, Miss Tannehill will receive $5.00 in trade at the Cramer pharmacy, Broad and Sandusky-sts, while Mrs. Donavan will receive the award of five gallons of gasoline and five quarts motor oil from Bill Coon's Texaco gas station, Sullivant and Richardson-avs.

$100 Scholarship

As previously announced, the grand award will be a $100.00 scholarship in the Dickinson Secretarial college which the winner may sell or give to anyone of their choosing if they do not desire to take advantage of the offer themselves.

This award is made possible through Edward Halsey, a Hilltop man, who is president and owner of the college and who lives at 3170 Wicklow-rd.

Founded in 1926 by Mr. Halsey after years of experience as a practical business man himself, every effort has been made to keep the Dickinson college in the forefront of business education.

All of the teachers in the business school are practical and professional business people and Mr. Halsey himself gained his experience through managerial positions with some of the largest corporations in the United States.

The college at present has an enrollment of 150 students and this enrollment is limited by Mr. Halsey to the number of students he feels that Columbus concerns can properly absorb.

To the knowledge of school officials, not a single graduate was without employment during the depression. This is regarded as an outstanding record among

Deems, community service chairman, and Mrs. R. H. Swiger, Americanism chairman, will be interesting and worth coming to hear.

George Matson's Son Winning Fight Over Injuries

George Matson (Left) With Father

The silver lining is commencing to show a little these days in the clouds over the home of George W. Matson, 87 N. Warren-av.

For father George is again back in business on the Hilltop and son, George, is now preparing himself so that he can join his father in work in a year or two when he has learned the background of the building and contracting business.

This story is really about the son, who through his parents, a skilled surgeon and modern medical science is on the last round of an uphill battle against injuries that would have caused many a man to lose courage.

It all goes back to Oct. 16, 1938, when son George, was picked up from beneath a culvert three miles from Ashley on the Delaware-Cardington-rd. his right leg shattered in 16 places between the knee and ankle and his left arm broken in eight places aside from head and face injuries that alone were so critical that plastic surgery was required to repair the damage.

Hurled From Cycle

George E. Matson and a companion had been on a carefree motorcycle trip when it all happened. Matson was riding on the rear of the motorcycle when their machine was trapped by an automobile and they were hurled into a ditch and against the culvert.

Matson's companion also received serious leg injuries and is still under the care of a physician, while the former chief building inspector's son was removed to Mt. Carmel hospital more dead than alive.

After the first emergency work was done, the long task of rebuilding the youth's shattered body was started under the direction of Dr. Henry Schwarzel, a local general and plastic surgeon.

Matson's leg was so badly broken it could not be placed in a cast. It was necessary for the surgeon to design a new bridge type of metal support fastened at the knee and ankle by steel pins driven through holes in the unbroken bones. The bridge helped to hold the upper part

High Tribute Is Paid To The Late Clifford J. Kohn

C. J. Kohn

Hilltop friends and business associates this week paid their last tribute to Clifford J. Kohn, aged 53, who died at 2 a. m. last Friday in Mt. Carmel hospital following an illness of six months caused by a heart ailment.

Mr. Kohn, who was one of the best known men on the Hilltop, had operated a funeral home at 2456 W. Broad-st since coming to Columbus 22 years ago from Van Wert. He was a charter member and a past president of the Hilltop Business Men's association.

His lodge affiliations included membership in Westgate lodge, F. & A. M., Scottish Rite, the Shrine, Westgate chapter, Knights of Pythias, and the Robert Morris chapter, Pythian Sisters, the Odd Fellows and the Hilltop Male chorus. He leaves his wife, Mrs. Mary Kohn.

Funeral services were conducted at Hoge Memorial Presbyterian church Monday afternoon, in charge of Rev. Alfred Wold, the pastor. The burial, at Memorial Burial park, was in charge of Richard A. Evans, Livingston-av and Kimball Place-av, and Arthur Boyer of Waverly

Lou Saunders

Members of the Hilltop Business Men's association attended the funeral services in a body to pay tribute to Mr. Kohn, a charter member of the group. His pallbearers included Gene Todd, Jack Shank, Martin Seiller, Herbert Deems, Clarence Story and

The honorary pallbearers were Fred L. Sulzberger, Dr. C. O. Cramer, Dr. W. M. Baker, Wyatt L. Millikin, C. C. Hartley, R. Bruce Bidwell, Curtis G. Wilcox and Thomas R. Davis.

High tribute was paid to the late C. J. Kohn by four Hilltop funeral directors this week, who knew Mr. Kohn as a professional man of integrity and a community worker with unfailing civic spirit.

Herewith are their comments:

"It has been my privilege during the years of business on the Hilltop to know Mr. C. J. Kohn in the most friendly and cordial way. I have found him always to be a gentleman of high character and join his wide circle of friends in deep regrets that he should go so early in life."—Jerry Spears.

"We knew Mr. C. J. Kohn as one of the finest men in our community. His sincerity and his ethical practice was outstanding in our chosen profession."—Noble L. Allen.

"Our profession and community has lost in the passing of Mr. C. J. Kohn, an honest, upright ethical associate and business man. We are the poorer because of his going."—Floyd Born.

"The passing of Mr. C. J. Kohn leaves a vacancy that will not be soon filled. He was outstanding in community and professional service and the Hilltop will be hard pressed to find an able successor equaling him."—Wylie S. Shroyer.

Board Ask Views On Project

The proposed Sandusky-st bridge improvement and grade crossing elimination project will be the principal topic of a meeting of the West Side Board of Trade at 8 p. m., Tuesday, at Pythian temple, 527½ W. Broad-st.

Plans are to have County Engineer Allan Slade, State Highway Director Robert S. Beightler and Councilmen William Lehman, Wyatt L. Millikin and Ray Hauntz present at the meeting to explain their views on the program which would mean a new boulevard traffic artery for the Hilltop and eliminate congestion in Broad-st.

All interested residents have been invited to attend the meeting.

Meanwhile, Slade replied to recent charges made by Highway Director Beightler that Mr. Slade was promoting the elimination of the Sandusky-st "bottle-neck" as a political move.

"I am of the opinion," said Mr. Slade, "that the residents of our community are more interested in seeing some progress made for the solution of the Sandusky-st "bottle-neck" than they are to read of minor controversies among the officials who are charged with this responsibility.

"I am very grateful for the expressed spirit of cooperation of Colonel Beightler and the various city officials who are interested in this project. I am sure that with such a spirit prevailing that some immediate action will be attained," the engineer pointed out.

Get Minstrel Tickets Early

Because of the unusually brisk ticket sale this year, all persons planning to attend the eleventh Hilltop Minstrel are urged to secure their tickets as soon as possible for the first two nights, Wednesday and Thursday, Mar. 13 and 14.

Seats for the final night, Friday, Mar. 15, have been selling briskly and are nearly all gone for that night.

General admission is 25 cents and reserved seats are 35 cents. Tickets can be obtained at any Hilltop business place and seats may be reserved only at the office of Shank and Saunders, 2459 W. Broad-st, beginning March 11.

Ward 10 Dems To Install New Officers

The Tenth Ward Democratic club will hold election and installation of officers for this year at Glenwood shelter house Thursday, Mar. 7.

Ballots will be issued to club members only. The election will be preceded by several reels of motion pictures, showing actual work of different departments under the supervision of County Engineer Allen Slade.

The new officers of this club will be installed by Probate Judge Cloys P. McClelland. All are welcome, says Committeeman Oscar F. Dildine.

Two Are Given City Positions

Bertha McKinney, 47 N. Westmoor-av, and Naomi Bidwell, 104 Whitethorne-av, are among six provisional appointees nominated for the position of investigator in the city division of charities by Safety Director George Ward.

Made Colonel

Charles Trabue

Charles Trabue, 2644 Elliott-av, a senior at Ohio State university and a graduate of West High school in 1936, this week received one of the highest ranking honors in the Reserve Officer's Training corps by being awarded a commission as colonel of artillery in the ROTC.

An honor roll student, Col. Trabue will enter the university College of Medicine next year. When at West High school he was president of the "L" society, secretary of the Student council, manager of the basketball team and was elected to the national honor society. He is an excellent pistol shot and won honors as a marksman at Camp Knox.

Rites Held For Christine Kundts

Hilltop friends and associates this week were mourning the death of Miss Christine Kundts, 20-year-old daughter of the late Fred Kundts, former chief of police, who died in Mt. Carmel hospital last Saturday following an illness for the past seven weeks with a streptococcic infection. She resided at 386 Midland-av.

Funeral services were held Tuesday afternoon in Bethlehem Lutheran church and interment was in Green Lawn cemetery. Besides her mother, Mrs. Vera Kundts, she leaves two sisters, Mary and Kathryn.

Miss Kundts was a stenographer in the office of the Franklin county division of aid for the aged, secretary of Bethlehem Lutheran church and Past Royal Princess of the Sunshine Girls. She graduated from West High school in 1938. Chief Kundts was killed in an automobile accident near Sabina, Mar. 22, 1936.

Mound-st PTA, are scheduled to receive an American flag presented by Camp Chase post, American Legion at the Pack monthly meeting at 7 o'clock this evening at Glenwood park shelter house. Dr. A. C. The girls are popular entertainers at many banquets and entertainments in and around Columbus and all are voice students of Dorothy Stevens Humphries. They are featured in a weekly program heard over radio station WOSU.

Hilltop Eisteddfod To Be In May At West High School

Mayor To Star In Minstrel

For the first time in history, the Hilltop Minstrel will have the mayor of Columbus playing one of the leading roles in the three night annual variety entertainment when the curtain rises at West High school auditorium the opening night, Wednesday, Mar. 13.

Not only will Mayor Floyd Green forsake his municipal responsibilities the first night to take up his old star position as interlocutor, but he will do likewise on the other two nights of the show, Thursday and Friday, Mar. 14 and 15.

As usual, this year's minstrel performances will feature a host of individual acts and numbers skillfully woven into the script of the entire performance that will assure first class entertainment for every moment.

Many Songs

Aside from the usual nifties and wise cracks from the end men, Dick Becker, Leo Phillips, W. H. Jones and Billy Southworth, there will be two song numbers by the Hilltop chorus, dances by Janice Davis, Nancy Bailey, Joan Lombard, Frazier Reese and Marlyn Mellick, who were in last year's

Claim Fund Drive Would Aid Hilltop

Successful completion of the civic campaign to raise $80,000 for the purchase of needed playground equipment would benefit the Hilltop by making possible the extensive improvement of Glenwood park, according to Jack Cannon, city recreation director.

Similar improvements would be made at Holton and Westgate parks and West Market hall, he said.

The Glenwood program would include two hard surface tennis courts, a soft ball diamond, a coasting ramp, four horseshoe courts, cement walk around the wading pool and general repairs to the shelter house.

The subscription campaign will begin early in March.

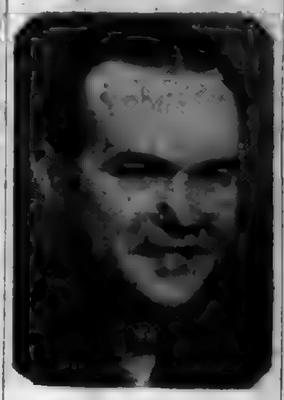
Clarence Dean With Seely's 17 Years

Clarence Dean, a veteran employee of the company, is one of the salesmen in Seely's appliance department. He has spent much time in acquainting himself with the features of appliances handled by the company.

Seely Employees Always On The Job



Always on the job to handle the business of the office, act as cashier and credit manager is Mrs. Ira Seely, wife of the founder of the store. Her pleasant personality is known by most West Siders.

Emmet Seely, brother of the manager, is another of the store's salesmen in addition to handling the delivery service for the company. He, too, has spent many years in the store.

Green Seal Paint A Favorite

For the entire 43 years Seely's has been headquarters for Hanna Green Seal paints, enamels, varnishes and floor paints. The quality of this line has been proven by its continued increases in sales each year.

Russel Seely Is Store Manager

The genial gentleman shown above is Russel Seely, manager of Seely's Hardware, 1185 W. Broad-st. Russel grew up in the hardware business helping his father after school and at other odd times as a boy.

When his father, Ira Seely, retired from the management of the business a few years ago he took over the job. Under his supervision the floor space of the store has more than doubled.

Seely Handles Own Finance

Because of the 43 years in business and the volume of buying each year, Seely's holds all time payment accounts on the purchase of appliances. So when you buy a refrigerator, range, radio, washer or other appliance item you deal only with Seely's.

The advantages of such a system are decidedly in favor of the buyer as closer attention can be given purchasers and payments can be arranged to suit the income of the purchaser. Terms offered are as low as any in the city.

Large Selection At Seely's

In the appliance department of Seely's one will find Westinghouse electric ranges priced as low as $99.50, installed free; White Star and Florence gas ranges as low as $39.95; Maytag washers from $59.95 up; Easy washers and ironers, $49.95 up; Blackstone washers as low as $39.95; Westinghouse special washer at $59.95.

Premier Duplex sweepers, $29.95, complete with attachments; Hoover factory rebuilt sweepers for as low as $12.95; the radio line includes Zenith, RCA Victor and Philco in all models at special prices.

Seely's Store 43 Years In Business

Founded by Ira Seely 43 years ago, the store has been in business on the West Side continuously ever since. The store has stood for honest dealings, reasonable prices and quality merchandise ever since that time. It has lived through two major floods and suffered severe damage but has continued on regardless of handicaps.

The store features a prompt delivery service to its customers scattered all over town.

Eve. Appointments May Be Arranged

For persons who find it impossible to come to Seely's during regular store hours, appointments can be arranged whereby a representative of the store will call at the home and take them to the store where a selection may be at leisure. This is of special interest to families where the husband or wife work and find it difficult to come to the store through the day. No outside salesmen are employed so that you deal directly with the firm through one of their regular employees.

Store hours are from 7 to 5:30 p. m. On Saturday the store is open until 9 p. m.

25 Guests At Colonial Tea

A charming colonial tea was held at the home of Mrs. Lester Loenze, 369 S. Harris-av, when Miss Ruth Loenze, Miss Verna John and Miss Joan Furniss of Harrisburg were hostesses to members of Miss Nance Stevens' Class in Expression, their mothers and a few privileged guests.

The tea was a recital event, the hostess and performers being clad in quaint colonial costumes, presenting a charming picture. Miss Joan Furniss poured tea at a table lovely with the soft light from tall tapers in twin candlesticks and decorated with patriotic conceits. There were 25 privileged guests present.

Editor's Note: The following poem was written by a classmate of Christine Kundtz who died this past week.

LESSON IN SORROW

The list of the death notices
Grows by one,
Another grave is made.
A friend has passed on.

There is a dimness
Where [illegible] a smile,
A tender glance.
A friend has passed on.

The world will feel no loss,
No great sadness.
She was too young to carve a niche,
She was just a friend.

Life continues on its way,
In its traveled road.
But I shall miss a flower.
A friend has passed away.

The sun has lost a golden ray,
The grass is not so green.
There aren't so many flowers now.
A friend has passed away.

Yet henceforth the dark of sorrow
Will have a little light
Which came there with the tenderness,
Because a friend has passed away.

MATSON—

(Continued from page 1)

of the patient's leg and his ankle together while the delicate task of patching up the broken portion in between could be accomplished.

In Hospital Eight Months

For eight weary months young Matson was a hospital patient, undergoing six operations and spending a total of about 15 hours under the ether while he was almost literally being put together again.

In despairing moments he felt that he would probably never be able to walk again or he wondered fearfully whether in the end the surgeon might decide that amputation was best after all.

But now the job is nearly done and Matson is able to walk, use his arm almost just the same as before while the facial injuries have been so carefully mended that there is little indication of the serious injuries that would have been disfiguring for life.

It was necessary for the patient to learn to walk again and at first he was fearful to take even a single step with the injured leg, lest it collapse with him.

Now that fear is gone and the youth is studying building design and construction so that when the proper time comes he can take his place with others as a useful citizen instead of a helpless invalid or a halting cripple.

Bucks Open Tourney Play Against Bexley

Having ended the regular season as they started it, with a stinging defeat, West High's Battling Buckaroos will trek to Delaware tonight to engage the strong Bexley High aggregation in one of the feature games of the Central District Basketball tournament to be played at Ohio Wesleyan university. The contest looms as a toss-up, although Bexley will enter the meet with the better seasonal record.

The lads from the far Orient boast one of the strongest quintets in the history of the school. They finished second to the Grandview Bobcats in the tough Central Buckeye loop with a record of six victories and two defeats, both to the 'Cats. Thru the season the Bexley Lions have shown a determined fighting will to win and the contest this evening, which gets under way tonight at 8, will find the Lions out to repeat the performance which last year knocked the Buckaroos from tourney play.

Well Has Chance

But don't sell the Cowboys short! Against North last week they were off, there was no doubt about it. Maybe they were trying too hard. Maybe it was something else. But the point still remains that any quintet which holds the opponents to 18 points should get the decision. At North last Friday the Bucks secured only 10 points, yes, 10 points, and the result was an 18-10 win for the Polar Bears and a final record of four wins and six defeats in the strong City High circuit.

By comparative scores the locals should defeat Bexley. The Buckaroos edged Central 10-17, and Central defeated Grandview Tuesday night in the only first round game by the score of 33-24. Grandview walloped Bexley twice during the season and by putting two and two together West should "bring home the bacon." Then, too, the Bucks have always been known as a tournament team and this aggregation might continue to merit the praise bestowed upon past West High tournament basketball teams.

One thing remains. For a seasonal record the lads from out S. Powell-av way have won eight engagements and lost eight engagements. This record should have been better with the ball players West has, individually, but it isn't. Tonight the Williams-coached group is given a chance to better its seasonal score or at least to prove its worth as one of the better ball clubs in Central Ohio (which we think they are). They've played good ball before (although as changeable as the weather"), witness the Central-West fray, and if a repeat performance could be had from this showing, tonight's the night.

If Bill Mack turns in his usual fine brand of defensive ball and Jake Richards and "Duck" Uchet are "one the ball" so to speak, then it easily might be, "Beware of the Bucks."

West Park M. E. To Give Drama

On Sunday night, Mar. 3, at 7:30, a new dramatization called "The Tiger" will be presented at the West Park Methodist church. It is based upon the life of John B. Gough and vividly portrays the viciousness of the alcohol appetite which Gough likened to a tiger in his blood.

A cast of 16 will assist S. P. McNaught in depicting certain dramatic episodes in the life of one of America's most famous reformed drunkards.

No admission will be charged. Everybody welcome.

Allen To Speak At Burgess U. B.

City Prosecutor Roland G. Allen will be the speaker at the Brotherhood meeting at Burgess Avenue United Brethren church next Thursday night, Mar. 7. Election of officers will follow the evening's entertainment that will include a dinner at 6:30 and recreation in the church basement at the end of the program.

SON JOINS MOTHER IN BUSINESS

James Bercaw, 78 S. Richardson-av, who graduated last week from the Bustin Beauty school, will be associated with his mother who has operated a beauty shop at the above address for the past 12 years. He will go to Cincinnati and Chicago for the next two weeks for post graduate work.

Hoge Edges St. Aloysius, Ends Long Win Streak

By Woody Owens

Hoge Memorial put an end to the lengthy winning streak of the St. Aloysius basketball team Tuesday evening at Glenwood Park shelter-house as the determined Presbyterian aggregation walloped the Blue Streaks 22-17. The win boosted the winners into a tie for the West Church league lead with the St. Aloysius five.

Curtiss and Whetstone paced the Hardy-coached quintet to the victory with eight and seven points respectively while "Chuck" Weigand practically cinched a position on the 1940 All-West church squad when he turned in one of the best all-around performances witnessed in many a season in the local league.

Morgan and Brannigan, stars in their own right, led the Irish attack with seven markers each.

Neil Ave. M. E. pulled one of the biggest upsets of the campaign by defeating West Park M. E. 23-19 and Avondale U. B. took a forfeit decision from Westgate Evangelical in other loop contests.

St. Aloysius Girls Again Walloped by Westgate Lassies

The St. Aloysius girls walloped the Westgate Evangelical sextet for the second successive time within a fortnight Monday evening at Glenwood shelter-house, the final score in the bitterly contested game being 15-12.

M. Colburn was high girl for the Irish team with eight points while High took top scoring honors among the losers with six tallies. Williams again stood out on the defensive.

Avondale U. B. nosed out Hilltonia U. B. 8-5 in the lowest scoring contest of the present season, while West Park M. E. turned in a 26-17 win over Burgess U. B. Grace McNabb, former North church star, led the Methodists' attack with nine markers as J. Miller with eight points stood out for the Brethren.

Recently $3,500 of new office equipment was added to complete an already extensive list of training appliances and brings the school up to the minute in modern office units. Well informed persons have advised Mr. Halsey that his school is the most modern office training school in Ohio.

The school trains students from the business man's standpoint and one of its keystones of success is the fact that 97 per cent of the students successfully hold their first job.

Appeal Made For School Project Aids

An appeal for donations of bench machinery of any kind for wood, metal or leather working, as well as tools and materials for use in making useful articles with the above, was issued this week by Richard Harrington, class director at the Fleser school, W. State and Starling streets.

Persons who wish to donate either machinery, tools or materials to the project can have them picked up by calling the school, MA. 1724, and leaving their address.

MELANCHOLY DAYS

There are no melancholy days, that is just your imagination,
All days are alike in that respect no matter what your station
If you feel blue and out of tune don't blame it on the weather,
Don't blame it on the sun or moon but get yourself together.

We all feel blue at times but that should never be
If we keep our faith and courage o'er life's stormy sea
Don't blame it on the weather 'cause it's ruled by the one above,
If we complain or criticise we're not showing christian love.

The one who rules the weather and makes the crops to grow,
He'll send the rain and sunshine and also send the snow.
He'll supply all worthy needs and great mercy He'll bestow,
Don't criticize His deeds when you know He willed it so.

There are no melancholy days, don't view any day with fear,
Keep your faith and courage and trouble will disappear.
Some birds are surely singing if we could only hear
You may think they're far away but quite often they are near.

On the Legislature

When Ralph Jacobs consented to be a candidate for the State Legislature he remarked that he believed in simplifying the laws of Ohio wherever possible. One best way to do this is to cut down on the new laws as well as perhaps eliminate the ones that at present overlap and are useless.

"When the state is most corrupt, then laws are most multiplied," said Tacitus, a Roman historian, a half century after Christ. And maybe that same thing is true today.

On Endorsements

Coming up to another primary election we were wondering what the county chairmen were going to do about endorsing candidates before the primary. Seems that Mr. Heer has already settled the question for the Democrats. He has endorsed all present office holders.

Since Mr. Schneider doesn't have many county office holders he will probably endorse his own slate of candidates for his hundreds of workers to go down the line for before the primary. How about it Bill, why not surprise us and let the Republicans decide for themselves whom they want for candidates and then after the primary get in there and pitch for all you are worth for the Republicans who are nominated? We believe that would be a sign of good intelligence.

On Legislation

One of the weakest things introduced to city council in recent years was the ordinance on Monday evening calling for elimination of yummy wagons and ice cream peddlers from Columbus streets and termed as a "safety measure." Take the wagons off the street if you want to, but for gosh sake call a spade a spade and do not disguise the issue as a safety measure. Is it more dangerous for a youngster to go out to the street to buy an ice cream cone, than it is to go down to the corner or across several streets to do so?

On Politicians

This little quotation that turned up in my readings carries a powerful lot of truth. It is from James Freeman Clark.

"A politician thinks of the next election; a statesman thinks of the next generation."

Next time you hear or talk with a man in office or one seeking public support try to determine if he has that note of sincerity that brands him as of the latter or whether his program is merely one of providing himself with a job.

On Confucius

While every day someone comes up and slaps you on the back and tells you something silly that Confucius is credited with and then pulls the one about the son of Confucius saying "Papa talk too much," it may be well to recall that the old philosopher did produce some gems of wisdom some 2400 years ago. Included are:

"If a man take no thought about what is distant, he will find sorrow near at hand."

"There are three friendships which are advantageous: friendship with the upright, with the sincere, and with the man of much observation."

"He who wishes to secure the good of others has already secured his own."

"Our greatest glory is not in never falling, but in rising every time we fall."

HILLTOP MAN IS APPOINTED FIREMAN

Paul E. Casey, 2730 Grace-st, is one of two firemen appointed to the fire department last Saturday by Safety Director George Ward.

Baseball School To Open Sunday

Inauguration of a baseball school for Hilltop boys of 17 years of age or under will take place at 3 p. m. Sunday, Mar. 10, at Camp Chase post, American Legion, 3184 W. Broad-st, with Coach George Williams of West High school in charge.

The school is being sponsored by the post and will be held every Sunday. Plans are being made for practice and instruction out of doors as soon as the weather permits.

As in past years, the Legion post will again sponsor a baseball team, directed by Herb Davis, who is in charge of athletic activities of the post.

Await Action Toward New Fire House

Hilltop residents this week were awaiting to see what action if any, would be taken on the recommendation that a new fire engine house be erected on the Hilltop in the vicinity of Hague and Sullivant-avs.

The recommendation was contained in the annual report by Fire Chief E. P. Welch along with a recommendation that the number of firemen be increased from 335 to 441.

Construction of the new fire engine house has been urged for many years, especially because the Hilltop has only one engine house and the entire West Side and Hilltop only three houses altogether.

Work To Start On Building Within Year

Actual construction work on a proposed $35,000 office and apartment building at 2778 W. Broad-st on property recently purchased by Dr. George T. Mathews, 2760½ W. Broad-st, will not get under way for about a year, Dr. Mathews explained this week.

The physician explained that his present lease runs until next December. The site of the proposed building is now occupied by a building sold by the City Ice and Fuel Co., to Dr. Mathews. This building, which has a 40 foot frontage on W. Broad-st and is 150 feet long, will be torn down.

Plans are to use the first floor of the new building for offices of Dr. Mathews and have 10 apartments on the second floor.

The building construction will be supervised by Edward Ramsey, city architect. The Lane Rental agency handled sale of the property.

Traffic Victim Was Former Hilltop Man

Donald J. McLaughlin, aged 43, of 116 E. Tulane-rd, who was fatally injured Monday night when struck by an automobile at Weber-rd and High-st, while trying to board a street car, was a former Hilltop resident and played the piano in the orchestra that played in last year's minstrel show. He formerly resided on S. Wayne-av.

Rev. Elmer J. Klamfoth officiated at the funeral service, held at the Spears chapel, 2893 W. Broad-st. Burial was in Green Lawn cemetery.

At the time of the accident, Mr. McLaughlin was on his way to work at the Wonder Bar cafe where he was a piano player.

Finneran Named Legion Officer

D. Clark Finneran, 311 S. Eureka-av, past commander of Camp Chase post, American Legion, has been elected secretary-treasurer of the past post commander's club at their annual election.

Other officers elected to the club are: Harold McLaughlin, 1186 E. Main-st, Navy-Marine post, president; Major D. P. Branscom, 61 E. Northwood-av, Ohio State university post, vice-commander.

The Past Commanders club is an honorary organization and its membership is limited to those men who have served as commander of any post in the county and those men who now reside in Franklin county and have served as commander of any legion post. The club is planning visits to each post in the county in the near future.

Dr. Chester Brady Goes To Florida

Dr. Chester Brady, 2639 Sullivant-av, and Dr. M. G. Gibboney, West Jefferson, will leave Saturday for a three weeks trip to Florida, including visits to Sarasota, Miami and the Keys.

Dr. Brady's friends are eagerly awaiting reports of promised fishing expeditions on the vacation trip.

"A Pretty Girl Is Like A Melody"

Miss Dorothy Clark

While she won't sing the song, "A Pretty Girl Is Like a Melody," Miss Dorothy Clark will probably have the audiences at the eleventh annual Hilltop Minstrels thinking about that song when she appears in the above costume to sing "Beautiful Dreamer" and "Alice Blue Gown" at West High school, Mar. 13, 14 and 15.

Miss Clark, the daughter of Mr. and Mrs. Ray Clark, 59 Algonquin-av, is a senior at Ohio State university and will graduate in June. She was formerly active in West High school productions and appeared in a recent minstrel. Photo Courtesy Montrose Studio.

Hopwood Is A Candidate

Harry L. Hopwood has filed his declaration of candidacy as a delegate to the next Republican state convention subject to the primaries May 14.

Electors of the eleventh ward who signed the petition are: William Schneider, 155 S. Roys-av; Dale Dysart, 49 S. Eureka-av; John S. Howell, 451 S. Warren-av; Minerva D. Hopwood, 2653 Sullivant-av; Luly Hulls, 2685 Sullivant-av, and Clara Howell, 451 S. Warren-av.

Band Program At West High Mar. 29

A band entertainment will be given in West High school auditorium at 8 p. m., Mar. 29, sponsored by the Band Parent's club. The program will include a skit by the dramatics department.

Admission will be 15 cents for children and 25 cents for adults.

UNIQUE BROADCAST BY MOTHERSINGERS

A unique radio broadast is being planned by ladies of the West Broad Street Mother Singers some time in April.

Mrs. H. N. Jugel, former director for the Radcliffe Chautauqua Co., is general chairman. Prospective entertainers may call her at RA. 1283. On the committee are Mrs. Walter King and Mrs. C. H. Calhoon. Mrs. Robert Gilliam is director of the Mother Singers.

CHILD BADLY SCALDED

Imogene Reeves, aged 4, daughter of Mr. and Mrs. Elmer H. Reeves, is receiving treatment at Children's hospital for serious burns on the back caused by scalding water from a tub which she upset on herself in the kitchen of the Reeves home, 551 Brehl-av.

Hilltop Officer Secured First Fingerprint Conviction In Ohio

After 23 years of service in the police department, Deputy Inspector Thomas A. Scully, a resident of the Hilltop for 26 years, can recall scores of thrilling and interesting incidents in the line of duty that always make the life of a police officer colorful and dangerous.

But two of the things in his duty that he regards as among the high spots were won in a court room in Circleville and in a house here on Dakota-av on the West side.

The first was the obtaining of the first conviction of a criminal in Ohio on fingerprint evidence alone and the second was the capture of a gang of bank bandits some 18 years ago after the robbery of the old Citizens branch bank on Broad-st near Wayne-av.

Deputy Inspector Scully, who received his latest promotion on Jan. 14, now has a dual job, being in charge of the detective bureau and the traffic bureau.

He recalled that he was the first police officer to classify and file finger prints. That was when he was in the bureau of identification back in 1919. Until he inaugurated the practice, it had always been the practice to toss the fingerprint cards into a drawer where they laid forgotten and unused.

In the case of the first conviction on fingerprint evidence in the state, the deputy inspector recalled that an arrest was made of a drug addict who had robbed a physician's office at Ashville.

Data Won Case

Scully's fingerprint data resulted in a conviction and sentencing of the suspect for a term of five to 30 years in prison. The case was carried to the court of appeals and sustained there.

In the bank robbery, the Hilltop case suspects were seized in a house on Dakota-av by Scully and fellow officers. There were three bandits, but they were captured, together with their guns, tools and some of the loot, without a shot being fired.

The bandits were Chicago thugs and one was the brother-in-law of a convicted bank robber released from prison only last year.

Many Duties

The long service record of Tom Scully in the police department is a roster of duty in almost every section of the city in almost every sort of a job from patrolman up to his present rank.

First among the higher positions was that of captain in charge of traffic for two years, then as lieutenant in the downtown and South side, later in 1932 to 1936, he was a lieutenant and assistant chief of detectives; before that he had been a sergeant on the West side in 1926, a lieutenant in the South side from 1924 to 1926, two years with a sub cruiser crew and from 1917 to 1923 superintendent of the bureau of identification.

The Scully family used to consist of two sons and a daughter along with Mrs. Scully, but now the youngsters have gone through college, are married, and the boys have responsible positions, but father and mother Scully still live at 2101 Sullivant-av.

LUTHERAN BAKE SALE

Members of Hilltop Lutheran Sunday school will hold a bake sale Saturday, Mar. 9, at Seller's department store, 2404 W. Broad-st.

FORMER PASTOR HERE

Elder and Mrs. P. Heard, former pastor of the Church of God, 3319 Sullivant-av, will be at the church next Sunday. Elder Heard is now pastor of a church in Chicago.

Group Named For Trolley Coach Fete

Names of Contest Winners Next Week

Due to the large number of entries, the contest judges in last week's final misspelled word contest found it impossible to complete their work and winners will be announced in next week's issue of the Hilltop Record.

Firing Starts In Party Warfare

Unusual activity in the camps of both political parties on the Hilltop and the West side this week gave indications that heavy firing will soon commence as rival candidates jockey for fence positions in the committee races in the eleventh, tenth and ninth wards.

M. B. Chaffin, 545 Wrexham-av, tenth ward Republican committeeman, commented on a statement carried in the Hilltop Record two weeks ago.

Mr. Chaffin said: "I did agree to accept the committee post when Koontz (Henry Koontz) became a candidate for city council and did agree to resign the post and return it to Koontz should he fail to be elected to council. Since that time I have twice offered my resignation to William Schneider, county chairman, and he has told me not to resign at this time.

"In the meantime I have been working in the interests of the laboring men of the tenth ward. I will make a decision between now and next Friday on whether to be a candidate at the coming election."

Meanwhile, rival candidates are expected to eye each other warily and withhold announcements until the last minute on their intentions in somewhat similar situations.

In the eleventh ward, for example, Dale Dysart, Republican committeeman, and Sam [illegible] Democratic committeeman [illegible] announced they intend to announce their intentions to serve in their jobs as the voters willing.

E. Robertson, 60 S. Hague-av, new president of the GOP club, is expected to sponsor a candidate for the eleventh ward position with possibly a third candidate entering the race.

Camera Club In Photo Rivalry

Two camera competitions are now under way between members of the recently organized West Side Camera club which has a large representation of members on the Hilltop.

One competition is on between Robert Krauss and Mr. Richey for the best picture for the title "March" while the other is between John Barnett and Lloyd Harrison for the best picture appropriate to the title "Easter."

Members of the club met at the Krauss home, 89 N. Powell-av, last Friday evening, Mar. 1, and plans are to meet every other Friday night. The next meeting will be at 7:30 p. m., Mar. 15, at the McLaughlin residence, 39 Rogers-av.

UNION SERVICE IS ANNOUNCED

The Hilltop Ministerial association is announcing the union Good Friday service from 1 to 3 p. m. at the Warren Avenue Nazarene church. Brief meditations will be given on Christ's words on the Cross. There will be appropriate music furnished by the cooperating churches. Further announcement will appear next week.

Candidate

Ralph L. Jacobs

Ralph L. Jacobs, 2914 Crescent-dr, vice-president and general manager of Arcodel System, Inc., bus line and a well known Hilltop resident, this week announced his candidacy for the Democratic nomination for state representative.

Mr. Jacobs, who has been a resident of Columbus and the Hilltop since 1923, is a member of Hilltop Church of Christ, was president of the Ohio Motor Bus Owners' association two years and a member of the legislative committee 15 years. He is a director of the National Association of Motor Bus Owners of Washington, D. C., past master of Westgate Masonic Lodge and Council, a member of Westgate Chapter, Robert Morris Chapter of the Eastern Star, Scottish Rite, Mt. Vernon Commandery, Knights Templar and Aladdin Shrine.

Born in Allen county near Lima, July 14, 1889, Mr. Jacobs was educated in the Lima public schools. He is married and a property owner here.

Teacher Saves [illegible] Youth

[illegible] 2121 Olive-st, [illegible] himself on his [illegible] following a narrow escape from possible death or serious injury last Thursday night.

As he was riding home shortly after dark, his bicycle wheel caught in the car tracks near Westmoor-av and he was hurled to the street in the path of passing traffic.

Myron T. Seifert, 46 S. Westgate-av, journalism teacher at West High school, who happened to be passing in his auto, saw the boy fall. He stopped his car and led the dazed youngster to the curb just as two autos crashed over the bicycle, wrecking it completely.

The first auto failed to stop, Mr. Seifert told police.

HILLTOP MAN IS NAMED ON BOARD

Ernest R. Spencer, 661 S. Warren-av, has been appointed a member of the city board of examiners of electrical contractors by Mayor Floyd F. Green for a term ending Jan. 2, 1942.

MISS MIDER IMPROVED

Miss Ruth Mider, 186 S. Warren-av, is in Mt. Carmel hospital recovering from an emergency appendicitis operation performed Monday.

SEEK MISSING MAN

Police have been asked to aid in the search for Ira C. Cook, aged 22, reported missing from home for more than five weeks by his father, Otto C. Cook, 60 N. Central-av.

Plan Civic Party For April Date

A committee of eight men and one woman, named by the Hilltop Business Men's association this week began preparation of plans for a community and civic celebration scheduled to be held when trolley coaches replace street cars on W. Broad-st about Apr. 15 or later in that month.

Charles Kent, grocer at Sullivant and Hague avenues, is chairman of the committee, while assisting him will be Mary Bentz, Chan. Gibson, Thomas Schwan, A. R. Hill, Jack Shank, Councilman Ray Haunts, M. W. Seiller and Dr. W. L. Durflinger.

Officials of the Columbus and Southern Ohio Electric Co. plan to cooperate with all community and civic groups that plan to take part in the celebration that will bid farewell forever to street cars that have operated in Broad-st for more than half a century.

Open For Inspection

One plan is to have the new trolley coaches placed at various locations along Broad-st in charge of uniformed attendants for public inspection and a complete program of speaking, coach rides, music and other features will be arranged.

Plans are to entirely remove all tracks on Broad-st from High-st to Hague-av by the end of the year. Trackage west of Hague-av belonged to a now defunct traction company and it will probably be up to the city to act on plans for their removal.

Members of the association also went on record this week to ask the county commissioners to refrain from using $250,000 in bonds issued against delinquent tax collections to meet their 1940 budget. The association feels that such action should be deferred until serious need for the money arises.

As an example of the interest that members of the Hilltop Business Men's association take in the meetings of the organization, associates of Miss Harriet Hall, 2154 Bullitt-av, and E. J. [illegible], 110 [illegible]hobs-av, [illegible] that [illegible] Rapp changed her plans and arranged her schedule so she could fly to Columbus from Chicago, Ill., while Mr. Snyder drove all the way from Hot Springs, Ark., in one day to be here in time for the meeting.

Members of the association also voted to favor legislation now pending before city council that would bar itinerant ice cream vendors from the streets, terming the proposal a "safety" measure.

Councilmen are to hold a public hearing on the proposal before taking final action.

Members of the association's schools committee are awaiting action by the state board of liquor control on a repotred move to establish a night club on premises formerly occupied by a drug store at Broad-st and Hague-av.

Noble L. Allen, chairman of the committee, indicated a formal protest will be filed against the application for a permit if the board receives one.

He pointed out the site would be closer to nearby schools and churches than is permissible under state and city regulations.

Woman Recovering From Hurts In Fall

Mrs. Anna Trout, aged 60, of 2197 Sullivant-av, is recovering at Mt. Carmel hospital from a severe cut on the back of the head and other injuries received when she fell down the basement stairs of her home Sunday.

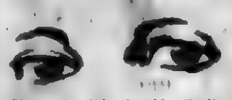
I AIN'T MAD AT NOBODY
BASEBALL
There is a tryout each year in the national game
For a place to win money and baseball fame.
Boys earnestly strive to get on some team
But to most it will be just only a dream.

Those we see in the game are the fortunate few,
Mostly old timers, but some faces are new.
The ones turned back who failed on the grade.
Their names won't appear in the sports parade.

Competition is keen in the baseball trade.
Ball players are born—they can not be made.
You can develop the brain but never the arm—
If not gifted by nature they go back to the farm.

All are gifted by nature in the big time game.
Some find it quite easy to win money and fame.
I think of the lads that fail in the test
And are sent back home though they did their best.

I think of the old timer who is starting to slip
As age grasps his body and is closing its grip.
And the youth who failed by no fault of his own.
These things are sad, but no one can atone.



The picture is sad if we give it a thought
The gifted win easy but the weak are forgot.
If you follow the game much pleasure you'll find,
But speak a word kind for those left behind.

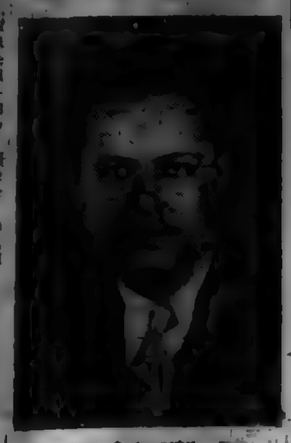
Scarlett O'Hara Parody Cast Finally Revealed



With the secret at last revealed, the breath-taking suspense that has been permeating the Hilltop for the past several weeks has been lifted and the cast of the "Gone With the Wind" parody in the eleventh annual minstrel show was made known this week.

Lou Saunders, co-producer of this year's show with C. C. Hartley, ended the crises by making known that Curt Roberts is to be the alternately coy and fiery Scarlett O'Hara.

Playing the other leading role, that of Rhett Butler will be Jack Shank, while William Birlie will be "Mammy."

Others in the cast of the parody, which will be one of the leading features of the show Mar. 13, 14 and 15, at West High auditorium will be Dr. William Lowry as Porky, Clarence S Story as Prissy, Herb Deems as Pitty-Pat, Wyatt L. Millikin as Frank Kennedy, and Dr. J. H. Cutti as Dr. Mead.

Chorus Director

Prof. Dale Gilliland

Appearance of the Hilltop Business Men's male chorus in the eleventh annual minstrel show this year will be under his direction as the able successor to W. Hayden Jones, who resigned last fall after leading the chorus since it was organized several years ago.

Mr. Gilliland is assistant professor of music at Ohio State university and has much experience in music as a soloist, as well as in recital, oratorio and radio work. He came from Van Wert, where he was teacher of music in the public schools.

"Little Cotton Dolly"

One of the feature songs of the Hilltop chorus male quartet that will appear in the eleventh annual minstrels will be "Little Cotton Dolly," a moving southern tune that is expected to bring out the full blending of the four voices.

The quartet is composed of Sam Russell, first tenor; J. G. Smith, second tenor; Elzie Radcliffe, baritone, and Bob Nichols, bass.

Minstrel Ticket Sale Explained By Group

In order that there will be no misunderstanding about securing tickets for the eleventh annual Hilltop Minstrel, members of the committee in charge asked that the following important facts be made clear:

1—Positively no reserved seats will go on sale for any performance of the Minstrel Show until Monday, March 11, at the office of Shank & Saunders, 2459 W. Broad-st. There is no reserved seat sale until then.

2—These reserved seats will be sold on a first-come-first-served basis and positively no one will be favored over another. This is being done in order to correct any impression that blocks of tickets are held out for persons by request. If you are first in line you can get the first reserved seat.

3—Persons purchasing the 25 cent general admission tickets for any performance must take their own chances of getting a seat to their liking. While there will be plenty of general admission seats available they will be on a first come, first served basis and the early birds will get the best seats.

4—Because there are always many requests for reservation for seats on the last night of the show, naturally the committee is anxious to have as many persons as can, attend the performances the other two nights, Wednesday, March 13, and Thursday, March 14, to eliminate the final night's rush.

Westgate In Upset Win Over Saints

By Woody Owens

The Westgate Evangelical lassies clung to what small hopes they have of capturing the 1940 West Church league basketball championship when they handed the strong St. Aloysius sextet its initial setback of the season by a 15-11 count.

The Evangelicals jumped into an early lead and were never headed although the Saints were always threatening to take the lead. The contest was a battle of the defenses with neither team having many attempts to score due to the brilliant play of the guards on both squads.

Thornton led the Evangelicals to victory with a sensational individual performance; the wily forward scoring 11 markers. Buela Williams and B. Scoles held the Irish offense well in check in the back-court with M. Colburn slipping in eight points for the defending champs.

Burgess U. B. trounced Hilltonia U. B. 15-5 as J. Miller tallied eight points while Lewis played a brilliant defensive game. In a third contest Monday evening West Park M. E. cinched the Class B title with a 19-17 win over Hilltop C. of C. M. Davis of the winners came through with eight points as Wilhelm of the Christians hit the nets for 13 units.

West Cagers Eliminated In Court Tourney

Duplicating its early season triumph over the West High basketball forces, Central High's Buckaneer five eliminated the Buckaroos from the Central District basketball tournament by a 39-20 count in one of the feature games played Saturday evening in Edwards gymnasium at Ohio Wesleyan university.

The preceding evening West had knocked Bexley out of further participation in the tourney with a convincing 48-26 triumph but the second half work of the Bucs in the second evening's play was too much for the locals. The Cowboys had a "hot" night against Bexley but with the fast and tricky Pirate aggregation it was a different tale.

Rogers Is Star

In both games Paul Rogers, senior forward, was the shining light for the Buckaroos. The chunky front-court lad tossed in 17 points in the initial evening of activity and came back Saturday night to lead the local courtmen with eight more markers, a total of 25 tallies in the pair of games. Also outstanding in the duo of tourney debates were "Duck" Ucker and Jake Richards, the former with 13 points and the latter with 11 markers in two tries.

Against Bexley West had little difficulty, leading at every point during the fracas. Against Central, however, the Bucks led only during the early part of the game. The Cowboys were in front at the expiration of the first canto but the fast-breaking Riversiders led 16-14 at the half. The final two periods were all in favor of the Pirates, the ultimate winners leading 28-19 and 39-20 at the end of the two quarters.

Entire Squad Plays

Coach George Williams used every man on his ten-man squad during both frays. Those who saw service in the games were Bell Rogers, Snyder, Mack and Blackstone (all seniors); Richards, Ucker, Wills, Smith and Maxwell, all of whom will return for duty next season.

Including the two tournament games, the Buckaroos played an 18 game schedule, winning nine games and losing the same number. Perhaps the highlight of the season was the 19-17 upset win over Central just prior to the finale of the City league campaign.

Gun Club To Hold Registered Shoot Next Sunday

Members of the Clearview Gun club, located one-fourth mile west of the Sullivant-av airport, will hold their first registered shoot of the season next Sunday, starting at 12 o'clock noon.

The registered shoot will be open to the public as well as club members. The high man from the club and from non-member shooters at the end of five registered shoots will receive their entry fees in the Grand National handicap at Vandalia held in the fall.

The event is for 100 birds.

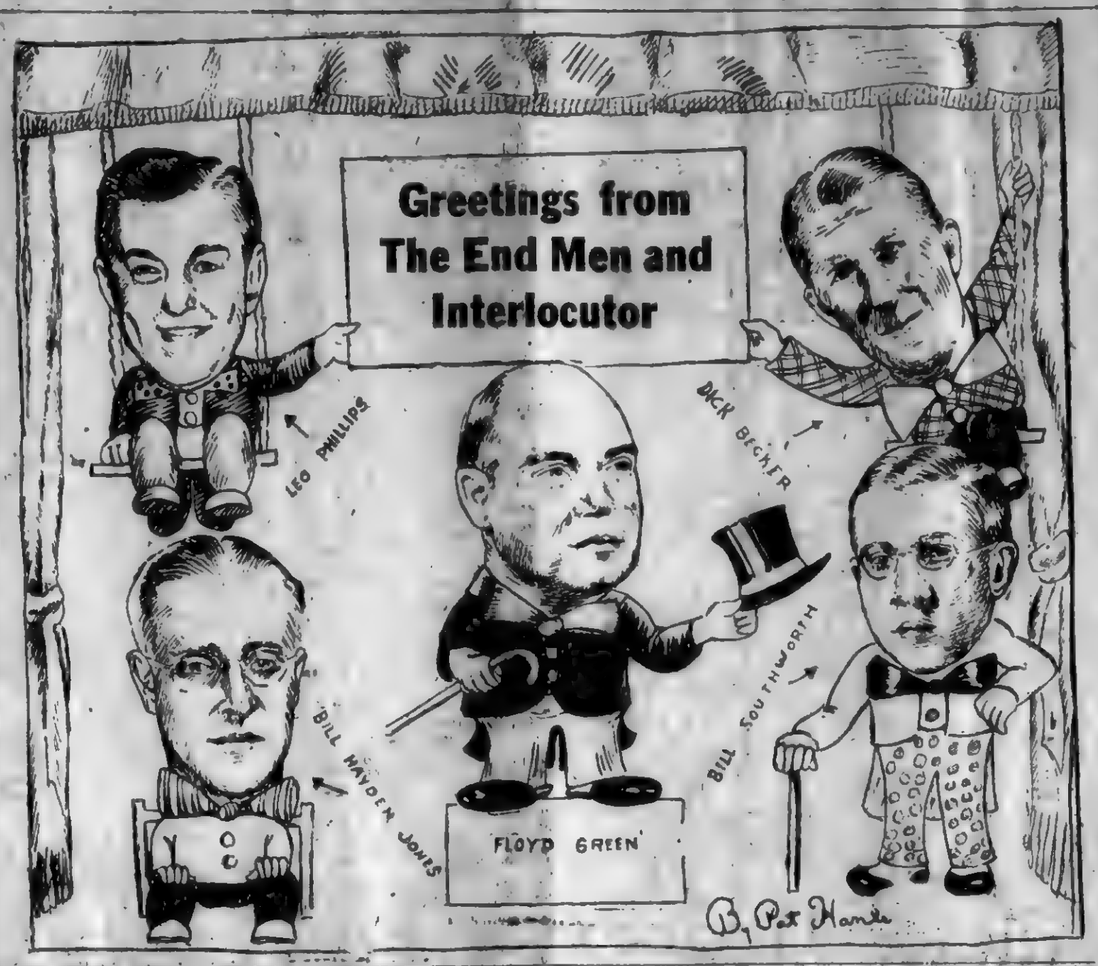
11th Annual Hilltop Minstrel Opens Wed.

Hilltop Chorus To Sing Songs Of Deep South In Minstrel

As has been the usual custom in recent years, the Hilltop Chorus will again occupy a prominent position in the eleventh annual minstrels.

In recent years the chorus singers have aided greatly in stimulating interest in group singing on the Hilltop and individuals with singing voices who like to take part in such vocalization are always warmly welcomed to the society.



This year the chorus features in two specialty numbers in the minstrel besides other singing, the two songs being Negro spirituals entitled "Ezikel Saw De Wheel" and "The Old Ark's a' Moverin."

Both songs are regarded as potent music of the deep South that will be especially appropriate with the general theme of the minstrel performances woven around a Mississippi river boat and the "Gone With the Wind" parody.

The appearance of the chorus at the minstrel will be a preview of the annual Hilltop Eisteddfod, scheduled for May at West High school auditorium, when a prize of $100 will be awarded to the best competing male chorus. Date of the competition will be announced later.

Elzie Radcliffe is president of the chorus and Edgar House is vice-president. "Doc" C. O. Campbell has been secreary since the organization was formed and Prof. Dale B. Gilliland of Ohio State university is the chorus leader. The librarians are J. G. Smith and Paul Nuss.

Recently the chorus competed in the northern Ohio Eisteddfod at Lima, winning second prize, and the ambition of members was to win a prize in that section as they had already won prizes in Jackson and other sections of the southern portion of the state.

Minstrel Program Assures 2 Hours of Entertainment

Two solid hours of continuous entertainment, songs, dancing, jokes, solos, specialties and other features will guarantee the audiences attending the eleventh annual Hilltop Minstrels a program that will hold their interest for every moment they are in West High School auditorium regardless of whether they attend the first night or the last night of the three night community event next March 13, 14 and 15.

The entire setting is laid around the Mississippi river showboat "Hilltop" and as the curtain rises the audience will hear the strains of a calliope as the boat pulls in to dock to entertain the townspeople.

When the final curtain falls this theme will be repeated, the sounds of the calliope growing fainter and fainter as the boat figuratively pulls out into the river to make its way onward.

The curtain will rise promptly at 8:15 each evening and the show will continue without intermission until the final scene.

A brief outline of the entire program follows:

Solo by Dick Becker, Oh! Johnny, Oh!

Solo by Leo Phillips, "Ma."

Solo by Bill Jones, "Shanty Boat on the Mississippi."

Dance by the Montgomerys.

Dances by Nancy Bailey

Aim Eggs At Him Co-Producer Secretary Is Sparkplug

C. C. Hartley

On C. C. Hartley and associate, Lou Saunders, rests the sole responsibility for the success or failure of the three night entertainment that is now a standard Hilltop institution.

Last year Mr. Hartley was co-producer and he has always been an active supporter in sponsoring the unique community entertainment.

Lou Saunders

Lou Saunders, whose regular profession is that of selling real estate and insurance with his partner, Jack Shank, at 2459 W. Broad-st, stepped into a new role this year with the Hilltop Minstrels when he joined with C. C. Hartley in the responsibility of producing the three night entertainment.

C. H. Campbell

When C. H. "Doc" Campbell, secretary, is not at his pharmacy near Hague-av. and Broad-st, chances are he is out on an errand for the Hilltop Business Men's association or attending to the multiple details of the Eleventh Annual Hilltop Minstrel due to be presented at West High auditorium Mar. 13, 14 and 15.

Fred Sultzberger

Fred Sultzberger, jeweler and optometrist at 2417 W. Broad-st has been a sparkplug in Hilltop community affairs and civic events for years and this year's eleventh annual minstrel show finds Fred as general chairman of the committee and in his position as president of the Hilltop Business Men's association responsible for piloting a community group composed of the section's leading business and professional men.

Advertising Man

Harold Fox

One of the key positions in the annual Hilltop Minstrel campaign and show is that of chairman of advertising, which always goes along to help out the show and at the same time convey the message of business firms and individuals to thousands of Hilltop residents.

Harold Fox sacrificed much of his time from business duties at the Fox Food shop, corner of Eureka av and Broadst, to carry on the work of advertising chairman and help the minstrel. He has always been an active booster in Hilltop civic activities.

New Job

Bill: "Did you hear, Mike, I have a new job?"

Mike: "A new job? Now what are you doing?"

Bill: "I am a hitch-hiker in a beauty parlor."

Mike: "Who ever heard of a hitch hiker in a beauty parlor?"

Bill: "Why, every one. I'm a finger waver."

Suspicious Wife

John: "Give me the definition of a suspicious wife."

Tom: "I don't know, it's not in the dictionary."

John: "A suspicious wife is one who suspects her husband of leading a double life just because he buys two-pants suits.

Girl Minstrel Dancers

Nancy Bailey, left, and Joan Lombard

Among the featured entertainers on the program for the eleventh annual Hilltop Minstrel at West High school auditorium March 13, 14 and 15 will be the two youngsters above, Nancy Bailey and Joan Lombard, promising pupils of Jack Sherrick, dance instructor.

11th Annual Minstrel Is Ready For Public

Begun originally as a fund raising project to help enable the Hilltop Business Men's association defray its operating expenses, the eleventh annual Minstrels, to be presented this year on the evenings of March 13, 14 and 15, is now regarded by Hilltop residents as an established institution occupying a definite niche in the field of community service.

Because of this viewpoint, the Minstrels give a large section of the Hilltop and many persons from other sections of the city an opportunity to view leading business and professional men in the role of entertainers rather than in their everyday professions.

As proof that the annual Minstrel is really a community event, civic notables such as Mayor Floyd F. Green and prominent business and professional men in all phases of activity on the Hilltop forsake their routine jobs to take parts in the show and really enjoy doing it.

The story of the first minstrels dates back to 1929, that year of dizzy stock prices, soaring prosperity and the dreadful headache that followed.

In 1928 the activities of the Hilltop Business Men's association had grown to such an extent that the 125 business men and women who made up the roster decided they could do their best job only by employing a part time secretary to help out with the many details.

But, after a year of paying a secretary's salary, the association was running low on funds and the secretary was in danger of losing his job. He was a sophomore at Ohio State university and acquainted with amateur shows, especially with minstrels. So, in an attempt to raise his salary he suggested the minstrel as a necessary source of income.

Clicked From Start

Right from the start the show clicked. A professional director was employed and various association members enacted the roles of end men, dancers and chorus members.

However, when the show was over, it was found that expenses had exceeded expectations and the show didn't make quite as much money as had been hoped. For two more years an outsider directed the show and was paid for his services.

A short time later, in a budget cutting effort, the professional director was dropped and the secretary took over the job of directing the performances and about that time a male chorus was organized within the association, directed by W. Hayden Jones, of local musical fame. Bigger and better shows were then presented from year to year and the production prospered.

Now the members of the association feel they could easily get 50 cents admission, but they have retained the 25 cent general charge with 10 cents extra for reserved seats in the belief that the show is truly a community affair and the low cost is one way they can make a nice contribution to the entertainment of the home folks.

Feel Like Troupers

Thus, as the time approaches for the eleventh annual show, every member of the association feels like a trouper and the show performances go on with professional timing and quality. Old time minstrelsy has been streamlined in places, so that everybody attending is sure to get his money's worth and more of a variety of entertainment that is sure to click with the public.

Long hours of work in rehearring for the shows have been reduced to merely a little organization work on the part of the various committees in charge.

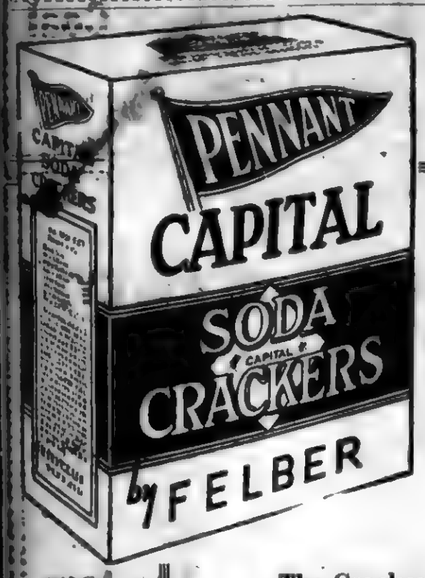
Typical of the way the Hilltop Minstrel goes into production is this year's program. President Fred L. Sulzberger first appointed his committee. These men in turn again prevailed upon C. Carlton Hartley, former secretary of the association and for about six years director of the show, now publisher of the Hilltop Record. Hartley consented to direct the show with a promise of able assistance, whereupon the committee named L. E. Saunders, local real estate dealer, to help.

Hartley and Saunders next met together with the director of the Hilltop Chorus, Prof. Dale Gilliland of the Ohio State University music department, and decided upon a theme. With the "Gone With the Wind" motif so prominent, the three decided this to be a good background for this year's show.

Mayor Is Drafted

The chorus director was advised how many numbers to prepare and the type of music wanted, a community orchestra was called into action to serve. Co-directors Hartley and Saunders then called upon the most logical prospects for various parts in the show.

Mayor of Good Old Columbus Town, Floyd Green, a Hilltopper, and a member of the association, is again drafted to serve as interlocutor. City Chief of Detectives Lee Phillips is called upon for an end-man position because of his popular presentation of "Dinah"; Dick Becker, a wholesale drug employe, has never missed a place in the show and is again signed up for the eleventh consecutive year; Billy Southworth, poultry dealer, is called on to perform for his third year and fourth end man is new to the blackface role but always active in the show, former chorus director, W. Hayden Jones, lumber dealer.



Forty-five members of the Hilltop Male Chorus, several times an Eisteddfod winner, will provide the musical background, with solo numbers by the end-men, an old fashioned girl number by Miss Dorothy Clark, senior at Ohio State, and other song specialties, including three pretty girls in a trio, known as the Ripplettes, popular radio singers.

George Hardy, president of the West High Alumni association, out of school some 15 years or more, has taken up tap dancing with his young daughter, and will dance a black face jig in the show. A ball-room specialty that called for several encores last year will again be presented by Miss Maryln Melick and Frazier Reese, local dance instructor.

Parody On GWTW

"Gone With The Wind" will have its place with a parody from the famed picture having a prominent place in the show and being made more prominent by the prominence

John Riepenhoff

Arranging and providing the costumes for a full fledged minstrel show is no easy task because of their wide variety, peculiar cut and the fact that many are made of shimmering, expensive materials that must be kept fresh and spotless to be really attractive.

However, that is where John Riepenhoff, well-known Hilltop dry cleaner occupies the stellar role in the Hilltop Minstrels as chairman of the costume committee.

With a background of wide experience secured from his previous service with the minstrel performers as well as in his own cleaning experience, Mr. Riepenhoff knows how to handle the actors in their rainbow colored garb.

Mr. Riepenhoff is in business at 0000 Sullivant-av, and has been on the Hilltop for a number of years.

Hilltop Folks Know Rib-Ticklers

When the award of five pairs of tickets was announced recently in the Hilltop Record for jokes that might possibly be used in the eleventh annual Hilltop Minstrel, the Record staff wondered just how good Hilltoppers were in thinking up original rib-ticklers.

From the response, it appeared that residents of the Hilltop area really know plenty of funny stories and the material submitted was largely suitable. Scattered through this issue of the record can be found some evidence of the rib tickling efforts of contestants.

Among those who submitted jokes are the following: Mrs. Arthur Tomlinton, 436 S. Ogden-av; Mrs. Lee Embleton, 603 S. Hague-av; Mrs. Grover Denham, 178 N. Eureka-av; Mary Snair, 92 Clarendon-av; Mrs. H. F. Remington, 123 N. Ogden-av; Glenn McFadden, 123 S. Richardson-av; J. L. Willis, 20 N. Oakley-av; Mrs. William R. Gilbert, 318 N. Burgess-av, and a number of others.

Work at Last

Mrs. O'Flarrety's husband was notoriously lazy. When he died she had his body cremated. Her friends were amazed at her apparent sentiment to keep his ashes near her.

Upon inquiry however they were surprised to hear her say she intended to put his dust in an hour glass.

"Now, begorrah!" was her determined comment, "He'll work!"

They're The Masqueraders

Among the musicians who will provide tuneful ditties at the Eleventh Annual Hilltop Minstrels at West High school auditorium on Mar. 13, 14 and 15, are the four players above known as The Masqueraders. From left to right in the picture is Jack Friend, Mack Toole, Hal Brown and Bob Neal. They are shown practicing up for their part in the annual festival of entertainment.

Scene Shifter

Gene Hays

A shift from insurance selling to scene shifting and arranging the scenery for the eleventh annual Hilltop Minstrel is part of the duties that Gene Hayes of the insurance firm of Roan and Hayes, 2343 W. Broad-st is playing in the eleventh annual Hilltop minstrel this year.

Gene Hayes has always been active in Hilltop community affairs and the minstrel assignment is one that fits in with his views of civic service. Always on the job is Gene's motto.

of the characters. Two of the city's seven city councilmen will be in the cast, Ray G. Hauntz and Wyatt L. Millikin. After weeks of desperation the directors finally selected a man to play the lead role of Scarlett O'Hara, while big, burly grocaryman and past president Charles Kent takes the part of Rhett Butler. Because of his tonnage, William Eirle, tipping the scales at 350, will put on black face and take the part of Mammy. Doctors, lawyers, garagemen and dry cleaners will likewise be featured in the parody. Identity of Scarlett will not be revealed until the show.

After the routine has all been made up by the directors, it is a simple task to put the show together. End-men and interlocutor work together for about four evenings in selecting and practicing gags, the chorus rehearses once a week at the Legion Hall, singers and specialty numbers know their jobs and arrange their own practices. On Sunday before the show the entire cast comes together in the school auditorium and quickly run through the program. Dress rehearsal goes on the evening before the first performance. Then for three evenings in a row everyone laughs and applauds. Each last evening is a relief as weary actors wend their way home, declaring "never again," but yet among the first to volunteer their services when minstrel time comes around another year.

Wolf Is Welcome

The members of a large family had just taken seats for their scanty evening meal. Money had been scarce and it was hard to buy even the food for the large group.

There came a knock on the door.

"I suppose that's the wolf knocking," said the father of the household.

"Well," replied his young son, "if it is, let him in and we'll eat him!"

Expect Overflow

Scene of the show this year will be aboard a Mississinp river show boat. First sound will be that of a calliope coming up the river. Last sound after the curtain drops will be the calliope fading out as the showboat "Hilltop" moves on down the river.

Publicity Chairman Curtis G. Wilcox, manager of the Hilltop branch of the Ohio National Bank, predicts an overflow attendance this year as the public enthusiastically awaits the appearance of so many of their favorites and among them the mayor and other city officials in various roles in the show.

Proceeds from the show and a special advertising supplement of the Hilltop Record go to pay association expenses which include great numbers of contributions to many worthwhile civic promotions, and charitable programs, operation of all the details of a wide awake organization ever seeking civic improvements for the Hilltop . . . "out where the west begins."

The Hilltop is a growing community of Columbus, having about 35,000 residents, and is almost completely severed from the main section of the city because of the location of the State Hospital and Institute for Feeble Minded.

A Community Spirit

Consequently, the Hilltop has come to be somewhat "clannish" and possesses a community spirit unlike anything to be found in this section of the state. A large contribution to this community spirit is developed each year through the various activities of the Hilltop Business Men's association, such as the annual minstrel show, bean dinner, picnics.

Men in charge of various phases of the show this year include Curtis Roberts, florist, tickets; Dr. C. O. McNamee, chiropractor, scenery; John Riepenhoff, dry cleaner, costumes; Harold Fox, grocer, advertising; W. H. Jones, lumber dealer, music; C. G. Wilcox, banker, publicity; Gene Hayes, insurance man, properties; Harold Schmidt, burial park manager, sound equipment; Dr. J. H. Czatt, hosts; Joe Briggs, insurance man, arrangements; H. G. Deems and Walter Stephens, florist, miscellaneous arrangements.

Is Arranger

Joseph M. Briggs

Usually selling real estate and insurance at his office on Sullivant-av keeps Joseph M. Briggs more than busy, but when the annual Hilltop Minstrel rolls around, Joe's activities are just about doubled as he is in charge of arrangements for the three performances at West High school auditorium Mar. 13, 14 and 15.

Joe thoroughly enjoys his role in getting the minstrel performances across because of their benefit to the Hilltop area, which is his opinion is one of the fastest growing and most progressive sections in all Columbus.

Columbus Is Better

Following the death of a certain gentleman, he made his way up to the Pearly Gates and knocked loudly.

St. Peter came, opened the gates a tiny bit and peered out. "Well, what do you want?" he asked.

"I would like to come in," came the reply.

"Where are you from?" asked St. Peter.

"Until recently I was a resident of Columbus, O.," the man said.

"Well, all right, you may come in, but you won't like it here," was the answer.

Horn Tooter

Curt Wilcox

Again this year as he has in the past several years, Curt Wilcox forgot about the responsibility of managing the Hilltop branch of the Ohio National bank from time to time to do a little horn tooting.

However, the tooting was not of the musical kind, but in reality was composed of musical words, for upon Curt rested the responsibility of putting the story of the eleventh annual minstrel show before the public through the Hilltop Record, the daily newspapers and all the other mediums of public information in Columbus.

As in the past years, the packed houses and lively ticket sale this year are again expected to attest to the powers of Curt's facil pen in selling the minstrels to the Hilltop, to Columbus and to the world.

Helps With Duds

Dr. E. E. McNamee

Providing the colorful array usually worn in a minstrel show is always a problem for any organization but with Dr. McNamee it has become somewhat of an avocation because of past experience.

The costumes must be gay and colorful and always in keeping with the spirit of the particular scene or part being enacted and Dr. McNamee is kept busy with John Riepenhoff in selecting and assigning the rainbow colored rainment that the performers will don each night for three nights at the Eleventh Annual Hilltop Minstrel to be given Wednesday, Thursday and Friday nights, Mar. 13, 14 and 15.

In everyday life Dr. McNamee is a chiropractor with offices at 2543 Sullivant-av.

Names of Joke Winners Given

Seven persons received tickets to the eleventh annual Hilltop Minstrel for submitting the best jokes in the recent contest conducted by the Hilltop Record to secure ribticklers for the annual community fun fest starting Mar. 13.

Those receiving tickets were Charles Storch, 26 N. Hague-av; Mrs. Alvin Cosa, 126 S. Burgess-av; Mrs. William R. Gilbert, 318 N. Burgess-av; Mary Snair, 92 Clarence-av; Mrs. H. F. Remington, 128 N. Ogden-av; Mrs. Arthur Tomlinson, 436 S. Ogden-av, and Mrs. Lee Embleton, 603 S. Hague-av.

He Is Host

Dr. John H. Czatt

Despite his extensive professional duties as a physician and surgeon on the Hilltop, Dr. John H. Czatt, 2959 Crescent-dr, will manage to eke out enough time to be in charge of hosts at the annual Hilltop Minstrel Wednesday, Thursday and Friday, Mar. 13, 14 and 15, at West High school auditorium.

H. G. Deems, who has the role of Scarlett O'Hara in the show, and L. E. Saunders, assistant producer, are also hosts.

Three Traveling Rollers

Traveling Rollers in Action

The Travelling Rollers, novelty roller skating actors, will join in presenting one of the feature acts of the Hilltop Minstrels at West High school auditorium Wednesday, Thursday and Friday, Mar. 13, 14 and 15.

This trio of Columbus professional roller skaters have an unusual and unique act, performing many difficult feats on the little wheels, using only the small space of 10 square feet to give their act. A feature in their acrobatic skill and balances as they whirl rapidly about on their skates.

Last year, the trio made a successful tour of eastern cities and were well received in every community they visited. Often they give their act in theatres, moving picture houses and night clubs and they are looking forward to many booking in Columbus and central Ohio.

Charles Roush, Bill Butterworth and Bill Mannus, all of Columbus, comprise the trio with Bill Pemberton, 590 Larcomb-av, is their booking agent. He is active in securing engagements for the skaters.

Ticket Chairman

Curt Roberts

One of the biggest responsibilities in connection with the annual Hilltop Minstrel is the sale and distribution of the tickets and that is where Curt Roberts of Yost Florists comes in for his share of woe.

From flowers to tickets is a long span but Curt has successfully made the hurdle and anticipates a "Standing Room Only" sign in front of West High school auditorium when the show is presented March 13, 14 and 15.

One thing the general public should thoroughly understand is the fact the reserved seats for the minstrel show will positively not go on sale until the morning of March 11 at the office of Shank & Saunders, 2459 W. Broad-st, and the motto is "First Come First Served," he says.

Positively no tickets are held out for any one and no special favors are granted. For the general admission seats the same slogan applies—the early birds get the best seats.

11th Annual Minstrel Is Big Hit On Opening Night

Crowd Buying Minstrel Tickets

If you were one of the hundreds of disappointed Hilltop residents who were unable to get tickets reserved for the eleventh annual Hilltop minstrel show this Wednesday, Thursday and Friday, perhaps this photo will give you an idea why.

The scene was taken a short time after the doors opened Monday at the office of Shank & Saunders, 2459 W. Broad-st, for the sale of reserved seats and shows the office literally jampacked with ticket buyers.

John Howell was first in line at 6:15 a. m., and was followed shortly afterward at 6:16 by Fred Sulzberger, president of the Hilltop Business Men's association, Dave Barry was next at 6:30 a. m., and Mrs. C. H. Lose followed at 7.

When the doors opened at 8 a. m., the line reached out from the office door to the sidewalk.

What a Show! What a Cast! What Music—What An Audience!

The program described the offering as a Minstrel Show. It was all that and far more. As a first nighter we were just as much interested in the event as a dramatic bit of evidence of unselfish endeavor on the part of a great number of people [illegible] the undisputed fact that one would search far and wide for a combination of public and community spirit—pride in home folks and unusual talent as were in the very definite entertainment value of the show itself. We left West High School auditorium on Wednesday night with a feeling that the eleventh annual Minstrel Show of the Hilltop Business Men's association rivaled and even surpassed many a feature of the professional stage.

All of the trimmings of a "first night" were in evidence. Flashlights popped as the lobby was congested just before the hour of eight—while a portable microphone carried the comments of prominent patrons to the large radio audience of WHKC, as an audience that taxed the capacity of the auditorium filed in.

Carlton Hartley, of the Record, had told us something of the minstrel. We had listened with interest, but having had some experience in viewing and writing [illegible] both professional and amateur offerings and knowing that the best of them sometimes turn up

(Continued on page 4)

A part of the Hilltop Minstrel will go on the air over station WHKC tonight at 8:30. Bud Sweeny will announce and listeners will hear songs and jokes direct from the stage of West High school.

Work To Start On Rt. 40 Super Highway

Weather permitting, work is scheduled to be started almost any day on the proposed new super-highway that will be built in U. S. Rt. 40 (W. Broad-st) from the west city limits to West Jefferson, state highway department officials declared this week.

Construction of the new super-highway will mean the elimination of the dangerous, narrow stretch of bumpy roadway from Columbus to West Jefferson that has been the scene of many fatal accidents. It will provide ample width for heavy traffic and will be constructed to withstand the pounding of heavy trucks.

Realizes Efforts

Start of work on the highway will bring about a realization of efforts by Hilltop business men, civic organizations and officials that began several years ago.

The plans call for widening the highway from 24 feet to 62 feet, with a landscaping and beautification plan to be carried out along with the roadway. All fine trees that line the highway will be saved, officials said.

Both brick and concrete will be used in the construction work, the concrete being seven inches thick and the brick four inches thick, all laid on a mastic cushion. The specifications call for laying approximately 115,000 square yards of concrete.

L. L. Clymer, the contractor for the project, will have headquarters at West Jefferson. He was awarded the contract on a bid of $379,763.02, the contract completion date being Nov. 30, this year.

New Bridge

At the West Jefferson end of the seven and a half mile improvement, the plans call for construction of a 28-foot single span bridge with a roadway width of 70 feet. In addition, nine new culverts will be built and eight others repaired and widened. A feature of the road will be a strip of concrete four and one-half feet wide in the center of the roadway that will act as a dividing line for traffic.

Cost of the bridge at the West Jefferson end will be $12,406 and $5,645 will be spent for roadside landscaping and beautification.

A total of $208,000 is being contributed toward the contract price by the Federal Bureau of Roads, the government and state working in cooperation on the job.

In some sections of the road it will be necessary to set back or cut off the fronts of buildings. Most of the widening will be on the south side of the road and in many cases, buildings that are now distant from the present roadway will be close to the new highway.

The road has already been staked out, trees marked for removal or setting back and some small buildings have already been moved or torn down.

Republicans Make Sensible Move

This week's news seems to be presenting the Republicans of the 11th ward in a much more favorable light. Seems that they may be off to a move in the right direction by trying their hand at getting together in a progressive [illegible] of harmony that should accomplish much more for them.

George Sinclair is fully capable of handling the job being offered him and should prove to be a good committeeman. If the cooperation that has been promised from the two clubs materializes there should be some resulting harmony.

• • •

Sure, He'd Take the Job

Mayor Floyd Green tells of one applicant for a job, 80 years old, who asked that he be given a job as a building inspector. He was informed there were no jobs of that type available, but that there was an opening as an electrical inspector.

"That's all right, I'll take it," the oldster replied. "What does it pay?"

Another Minstrel Passes in Review

Tonight will mark the third performance of the 11th annual Hilltop Minstrel and from all reports received members of the Hilltop Business Men's association have every reason to be well satisfied with their big show.

Of course, there were many who were disappointed because they failed to get reserved seats. And many more could have been accommodated and many more dollars made if the group had reserved the whole house. But then the show is not purely a money-making affair and the association has been conscious of the fact that possibly the extra price that might be charged might keep some Hilltoppers away because they felt they could not afford the expense.

All in all, it is a big undertaking and one that could never move so smoothly without the fine cooperation shown by all members of the association and everyone who has in any way had anything to do with the show.

The big show is about to become community history. And everyone has had a good time.

THEATER PASSES FOR BEST ANSWERS

Passes to the Westmont theater will be given to the persons sending in the best list of four questions and answers to be used on the quiz feature of the West Broad PTA radio broadcast to be held on Apr. 12. Lists must be submitted at the school office or addressed to Mrs. H. N. Jugel, 126 N. Chase-av, before Mar. 29. Questions on Hilltop facts, folks or foolishness are welcomed.

The unusual entertainment is being sponsored by the Mothersingers of the school. A full evening of amusement is being planned.

Final Winners Named In Contest

After two weeks of deliberation and study over many competing entries, the judges today announced the winners in the final lap of the Hilltop Record's Misspelled Word contest conducted in cooperation with the Hilltop and West Side advertisers.

Miss Phyllis McMurray, 2538 Hague-av, is winner of the first prize, a $100.00 scholarship to the Dickinson Secretarial college.

Mrs. L. S. Embleton, 603 S. Hague-av, is winner of the second prize, a $34.40 RCA Victor consolette radio furnished by the Hilltop Goodyear store.

Miss Charlotte Tannehill, 70 S. Warren-av, was awarded the third prize, a $50.00 personal oil painting of herself furnished through the Spears funeral home.

Other prize winners are as follows:

Mrs. Leonard Echols, 789 S. Eureka-ay, $5.00 grocery order from the Broad-Warren market.

Fred Shepard, 420 S. Burgess-av, a $7.50 multi-colored chenille bed spread furnished by Seiller's store.

Mrs. William W. Thompson, 380 Midland-av, a ton of Allburn coal from the McDonald Lumber & Coal Co.

Mrs. R. E. Baird, 248 S. Eureka-av, five gallons of gasoline, car grease job, oil change from Gray's Gulf service.

Mrs. Walter Curlis, 300 S. Hague-av, set of half dozen oil opaque window shades from the Cale window shade factory.

B. C. Brown, 854 S. Wayne-av, half gallon of enamel from W. R. Bussey, decorator.

Girl Recovering From Auto Hurts

Martha Holliway, aged 7, daughter of Mr. and Mrs. Charles Holliway, 130 N. Wayne-av, is receiving treatment at Mt. Carmel hospital for a head injury received when she was struck by an auto last Tuesday at Broad-st and Oakley-av, suffering a possible fracture of the skull.

According to police, the child was struck by an auto driven east in Broad-st, by Frank Streight, 246 N. Hague-av. Physicians at the hospital said the girl is recovering.

Six Pastors To Speak At Union Service Friday

Six Hilltop pastors will speak for 10 minutes each at the annual Union Good Friday service, to be held on Good Friday from 1 to 3 p. m., at the Warren Ave. Nazarene church with Rev. H. B. Anthony, the pastor host presiding. Several of the participating churches will provide special music.

The following ministers will speak: H. S. Handy, Highland Ave. Friends church; W. E. Seesholtz, Warren Ave. Evangelical church; A. J. Wold, Hoge Memorial church; J. S. Shellhaas, Glenwood Methodist; J. H. Ashburn and J. H. Harris, Hilltonia United Brethren.

Hilltop Man Heads Plans For Banquet

F. I. Williams, 744 S. Wayne-av, is publicity chairman for the National association of Letter Carriers' annual banquet to be held at American Legion headquarters, 98½ N. High-st, Mar. 30, at 6:30 p. m.

Charles Thompson, 366 S. Ogden-av, is a member of the entertainment committee.

Minstrel Tickets To Go On Sale

Sale of 400 general admission tickets to the eleventh annual Hilltop Minstrel will start at 7 o'clock Friday night at West High school auditorium when the final performance will be given, it was announced today.

First come, first served will be the policy and the tickets will be sold for 25 cents each.

The show will again be broadcast over station WHKC, direct from the stage, starting at 8:30 Friday night.

Burglars Enter 3 Hilltop Firms

Proprietors of three Hilltop business firms discovered this week that they had been entered by burglars apparently over the week-end, but the amount of loot taken was small, according to reports of police.

Entrance was gained to the Perry Davis filling station at 2115 W. Broad-st, by forcing open a back door, about $23.00 being taken from a soft drink machine and from the tax compartment of the cash register. A quantity of spark plugs were also taken and the register was damaged.

At the Roan and Hays insurance office near Broad-st and Oakley-av, nothing was taken, but books were taken from a new safe and piled on the floor. The safe had just been delivered and was left open because officials didn't know the combination yet.

The beauty shop of Doris Ault near Broad-st and Whitethorne-av, was also entered.

Plan To Expand Hilltop Post Office

Renner Store To Be Taken In Short Time

Plans for the expansion of the Hilltop branch post office station at 2824 W. Broad-st, to include the store room now occupied by the S. W. Renner paint service store adjoining, were revealed this week by M. W. Cooper, assistant postmaster.

The expansion program is made necessary by the larger number of carriers and clerks working in the present Hilltop office and will make from one-third to one-half additional floor space available for the post office department, Mr. Cooper said.

Renner to Move

Mr. Renner, who owns the property, has completed tentative plans to occupy space in the adjoining building he owns at 2820 W. Broad-st, now occupied by a garage. He said this week he expected to complete his arrangements when a new lease will be taken on the property by the government about May 1.

Starting with only a few clerks and carriers, several years ago, expansion has been made necessary by the growth of the Hilltop area west of Hague-av, until now from 25 to 27 men work out of the small office, including 18 carriers.

Report Asked On Holes In Streets

Cooperation of Hilltop and West Side residents in reporting bad holes in streets that need repairs was asked this week by Charles Whiteman, in charge of street repair work for the city engineering department.

Mr. Whiteman pointed out such action would enable the repair crews to locate and repair the worst places first in the annual spring program of street work.

In making the report, the person doing so should give the engineering department an idea of the seriousness of the break in the street, he said. The engineering department can be reached by calling the city hall.

Peace Reigns Over Hilltop Political Camps At Deadline

As the deadline for candidate filing arrives today, there were indications of a renewed harmony program among Republicans of the tenth and eleventh wards with the announcement that various groups in these wards have agreed to go along with the selections of County Chairman William Schneider for committee posts.

Geo. E. Sinclair, 109 Powhatan-av, secretary to Safety Director George Ward, has been agreed upon as the candidate for eleventh ward committeeman. He stated this week, "If elected there will be no preference shown any group or club over the other. I am interested in solidifying the party in the eleventh ward."

Dale Dysart, present committeeman, has agreed not to be a candidate and presidents of the two local Republican clubs understood to have agreed to try to secure endorsements from their respective clubs for Sinclair. While petitions were being circulated for Jay Bowser this past week, it is understood that he will not file.

Chaffin Not In

In the tenth ward the situation is clearing up with the announcement that present committeeman, M. B. Chaffin, will not seek the job and the party will concentrate on Henry Koontz, 485 Hilltonia-av, who held the position previous to his candidacy for city council last year.

Stewart Wagner, present committeeman in the ninth ward, will again be the organization candidate.

George Matson, 87 N. Warren-av, filed this week as a candidate for county commissioner. Recent developments indicate that the Republican organization will lend their support to Matson in the campaign.

Dems Also Peaceful

Although it may seem somewhat unusual, the dove of peace also seemed to be hovering over the camps of Democrats in the Hilltop and West Side wards on the eve of the deadline for committee filings.

In the eleventh ward for example, Samuel G. Willis has the Democratic organization support and no opposition is in sight. His petition was signed by Lena Ferrell, Stella McCarthy, Pauline Brokaw, Harley Sapp, William Palmer and Albert Scales, all of whom are either delegates or alternates to the Democratic state convention.

In the tenth ward, Oscar Dildine is a candidate to succeed himself, with reports in circulation that he will have the opposition of Charles Middleton, who is reported ready to run on an anti-organization plank.

W. Howard Meyer is a candidate to succeed himself in the ninth ward, but is expected to have the opposition of Roy Walling, who is blind.

The post will be visited by a delegation of 40 and 8 members at the regular meeting at 8 o'clock this evening.

Officers of the club were elected for the new year at a meeting last Thursday evening at Glenwood park shelter house as follows: McClelland Bolin, president; Allyn Laird, vice-president; Margaret Roan, recording secretary; Roy Arthur, financial secretary; Carrie Curran, treasurer.

MINSTREL—

(Continued from page 1)

with disappointing aspects, we had our reservations. But, responding to Hartley's invitation to write a piece about the show from the standpoint of an "outsider," we submit the following.

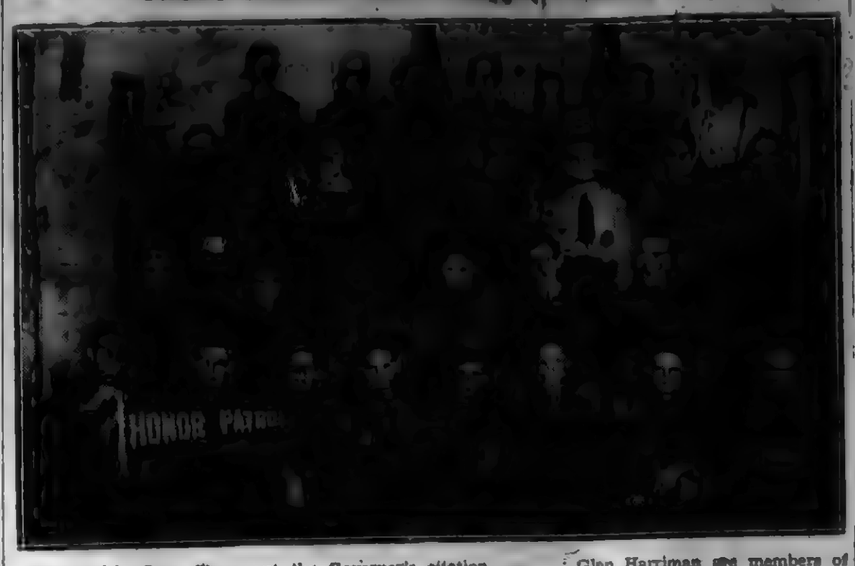
All in all, the show was good from every standpoint. It would be hard to single out the outstanding features because most of them were tops. We were particularly impressed with the smooth running performance of the entire production.

We could listen to the Ripplettes for a longer period. They were about the best we have been privileged to hear in such a performance and in radio work. And a pleasing sight for the eyes is the tango by Marilyn Melick and Frazier Reese.

The show was well backed by the Hilltop chorus and their spirituals added to the variety of the program. The audience liked and applauded loudly for all the dance numbers as presented by Janice Davis, George Hardy, Nancy Bailey, Joan Lombard and the top notch performance by little Edmund Montgomery.

As fine a collection of black faced comedians as we have been privileged to see and hear kept the crowd in smiles throughout the show. Leo Phillips, Bill Jones, Dick Becker and Billy Southworth will repeat their performances tonight for the final presentation of the show.

A really professional skating act by the Traveling Rollers is breath taking in spots. The "Gone With the Wind" skit featuring prominent Hilltop men in the leading roles is side-splitting when one considers the parts these men play in everyday business life and affairs of the city.



We liked the numbers by the Old Fashioned girls. Miss Dorothy Clark has an excellent presentation of "Alice Blue Gown" and "Beautiful Dreamer" and the violin accompaniment by Emalene Fansler is very appropriate as is the number "Jeannie With the Dark Brown Hair" by Eleanor Smith. The men's quartet adds harmony.

But it is easily understood that such a show could not maintain its smoothness without capable handling, such as offered by Floyd Green, mayor and master showman of the entire outfit.

Arthur J. Bellar, who had been mentioned as a possible Republican candidate for committeeman in the eleventh ward, said today he had given his support to George Sinclair and that he had signed Sinclair's petition in the harmony move.

He declared he is anxious to see all Republican groups work together and that his own business interests keep him away from the city part of the time, so that he could not give all the attention to a committee position that would be proper. They wanted to sail for America and to see the U. S. A.
They wanted to be a policeman on the toughest street in town
And by the aid of the schillalah they'd win money and renown.

A fight was what they longed for and they were stout and brave
They'd work hard for their money but the divil a bit they'd save
They landed without any coin the Captain took all of their kale
They were not the kind to worry they'd call that a small detail.

When the boat landed at the harbor a diver came up from the deep

St. Aloysius, Glenwood To Play For Championship

Girls League Title At Stake In St. Aloysius-Westgate Fray Monday

By Woody Owens

The St. Aloysius Blue Streaks captured the Boys West Church league No. 1 basketball championship for the second consecutive season Tuesday night when they nosed out their ancient rival, Hoge Memorial, 24-21, in a bitterly contested fray at Glenwood shelter house. Two field goals in the final minute of play by Sweeney, sub forward, provided the Irish with their margin of victory.

Cliff Morgan tallied 10 points to lead the champs' attack, while McFadden stood out for the Presbyterians.

West Park Wins

West Park M. E. took the Class B title with a resounding 33-13 win over Avondale U. B. Mitchell and Alford, with 12 and 10 points, respectively, led the Methodists to the victory.

In the near future, St. Aloysius, winner of the No. 1 league, will clash with the up-and-coming Glenwood M. E. quintet, victors in the No. 2 church circuit, which plays on Thursday night, with the 1940 Class A title at stake. In a second tilt yet to be scheduled the No. 1 and No. 3 teams from West Park M. E. will battle for the Class B title of the two church leagues.

WESTGATE GIRLS WIN; TITLE GAME SET FOR MONDAY

Westgate Evangelical handed St. Aloysius its second straight setback Monday night at Glenwood shelter house by trimming the Irish sextet, 18-14. In the fourth game of the playoff for the church title. The league championship will be decided Monday night when these two outfits meet at Glenwood.

This week's game was a typical Irish-Evangelical battle, with the lead changing hands every few moments. The play of both teams left nothing to be desired and it was not until the final few seconds that the outcome of the contest was certain.

High High Scorer

H. High and B. Myers led the winners with nine and seven markers, respectively, while Brown and Colburn were high for the Irish with six points each.

In other games West Park M. E. nosed out Avondale U. B., 7-6, to take the Class B crown, while Hilltop C. of C., led by Wilhelm with 20 points, upset Burgess U. B., 22-16, to annex its second victory of the season.

West Matmen Second In Wrestling Meet

Capturing only one first place but taking runner-up honors in six other events, West High's wrestling team placed second behind South High in the finals of the City wrestling meet held Wednesday afternoon at Ohio State university. The Bulldogs captured 38 points to take the title while West totaled 27 and Central annexed 23. East and Aquinas were also represented.

The lone first place gained by the Buckaroo matmen was in the 115-lb. class where Hartung defeated Pratt of East. Others who gained points for the locals by virtue of runner-up posts were Scoles, Ham, Faust, Wright, Reymer and Lee Brandenberger.

Local Teams Bowl In City Meet

Included in the list of teams which will bowl in the City Bowling tournament are four Hilltop aggregations. All will bowl Sunday evening with Hollis Electric, Richer Dairy and Born funeral home, scheduled to take the alleys at 7 p. m., followed by the Kahn Jeweler team two hours later.

Hilltop Ball Star To Get Georgia Trial

The Hilltop's contribution to the hustle and bustle of the training camp period for minor league baseball players in the southland, Bob Whetstone, will depart tomorrow. Whetstone is a former West High and Ohio State university athlete and is well known in amateur basketball circles on the Hilltop.

Following a year of activity with the minor league teams in Nebraska and Missouri during the past two summers, Bob will be given a tryout with the Columbus, Ga. team of the South Atlantic league. The circuit is a class B organization with teams operating in Georgia, South Carolina and Florida.

Whetstone graduated from West High school in 1937. He pitched for the Buckaroo nine during the 1937 season, but did not attain any great recognition until his freshman year at Ohio State university where he twirled for the Buck "freshies." From there he entered professional baseball.

While at West High the young pitcher, who has yet to pass his twenty-first birthday, also participated in basketball and was a member of the Cowboy basketball squad which captured runner-up honors in the Central District tournament. He played basketball regularly during the past season with Hoge Memorial and the Hilltop Merchants, two of the top amateur teams on the Hilltop.

Hilltop Man Goes Without Sleep For Days Searching For Missing Four Footed Pal

That old saying "A man's best friend is his dog" is literally true in the case of "Goffer", the four-footed pal of George Johnson, 462 Westgate-av, caretaker of Westgate park, who is happy again because the dog has been found after being missing for a week.

Day and night, Mr. Johnson went without food and sleep as he searched everywhere for Goffer, even offering a reward for recovery of of the dog dead or alive, and finally locating the animal in the care of a family on Northwest-blvd in Grandview.

Goffer is a brown and white dog, nine years old, and is known to hundreds of children and scores of picnic parties who make use of Westgate park. He was raised from a pup by Mr. Johnson and frequently amused parties in the park by displaying a series of tricks that include "playing the piano."

Mr. Johnson frequented the garbage disposal plant and the dog pound in a hunt for Goffer and reported that the employees of both organizations are full of cooperation in helping locate missing pets.

For example if the garbage disposal plant is called and a description given of the missing animal, the employees there will watch for it, Mr. Johnson said.

When found, the dog was hungry and had been given shelter by the Grandview family when it whined at the door. It was identified through the license and collar.

Mr. Johnson believes that someone lured the dog away from his home and then abandoned it.

Round About The Hilltop

Committee members working on the HBMA Minstrel were literally going around in circles this week trying to get tickets for all prospective patrons. Dr. Sulzberger, president of the assn., had stood in line patiently for an hour Monday morning to get ducats for his friends only to discover after he left the place that he had failed to get a seat for Mrs. Sulzberger and to add to the disappointment had reserved all of the seats for the wrong night.

Curt Roberts, head of the ticket committee, almost forgot to get a ticket for his Mrs. until late that afternoon.

Bob Zellars over at Seiller's has discovered a sure method of making prospective customers pay attention to advertising material. Last week-end Bob sent out 13 circulars advertising a new line of rugs and floor coverings with beautiful samples to illustrate. The mailing pieces were to have gone unsealed but in the rush of things he forgot and glued them shut.

Monday morning Seiller's phone started ringing and such conversations were heard:

"Whatsa big idea of making me pay four cents due postage on your circulars?"

Bob is sure that most of them were read.

Things I've Heard

Margaret Miller has trouble finding her way around in Rome. All those Hollywood-sounding names of streets confuse her, i. e. Pasadena, Buena Vista, etc. . . . Allan Hoar, aged 75 years, will have license plate H75 . . . Art Currier dresses up niftily in an ROTC uniform . . . Hamp Cruse is a Foreign Commerce student up at State . . . Kate Smith's ever popular favorite "God Bless America" rings down the curtain on this year's HBMA Minstrel. It brought a hearty hand as a climax to last year's show . . . Eva Lou Louden is a night school student at OSU . . . The Hilltop Chorus will put on its second Eisteddfod come spring.

Such Exclusion

Floyd Green, the Hilltop's No. 1 contribution to City Hall, was just a little irked the other day. A full day had passed and his picture had not appeared in any one of the three down town papers. (First time since taking office.)

"Such ingratitude," Floyd thought.

"I'll call them in the morning and find out why all the exclusion."

Next morning's paper carried His Honor's likeness twice so he thought things were about square.

Speaking of psychology is an embarrassing topic for members of one of the OSU evening classes, we learn. Members of the group were doing a field trip to the State Hospital across the street supposedly observing the peculiarities exhibited by patients brought out before them. One of the patients derived no little enjoyment out of firing stiff questions at the visiting group and then rattled off the answers himself much to the embarrassment of the visiting intellectuals.

MUSIC TEACHING CERTIFICATES READY

The Ohio Music Teachers' association is now granting certificates to teachers who can qualify. If any of the Hilltop teachers are interested, please consult Ethel G. Wright, chairman of central district, 2703 W. Broad-st.

It was announced this week by the Buckeye Motors Car Co. that Robert R. Stewart, 78 N. Eureka-av, is the manager of their new used car lot at 1000 W. Broad-st.

Stewart has been with the Buckeye Motors Co. for the past two years. He was formerly an insurance salesman on the Hilltop for six years before starting with the auto firm.

Stewart is married and has one daughter, Barbara Ann, seven years old.

Eisteddfod Invitations Are Sent Out

Of necessity one number in the second annual Hilltop Eisteddfod to be held at West High auditorium on May 24 had to be changed this week after programs were released. The piano solo number will be "Spring Song" by Mendelssohn Opus 62 in A major.

Prospects for several choruses from various sections of the state were good this week as letters of invitation went out to more than a score of music organizations.

Specialty Shop To Liquidate

Kathryn Hoffman, who operates the Phillips Specialty shop, 2478 W. Broad-st, this week announced she is retiring from business and that her entire stock of merchandise and fixtures would be sold.

The store handles infant's wear, hosiery and dresses. It has been in its present location five years. Earl C. Andrus is the liquidator in charge.

NEW SCOUT UNIT IS FORMED

Hilltop Man Secures Record Size Goose Egg

Here's a goose egg equaling in size any of those noted in football, baseball or basketball scoreboards from time to time and the egg is actually a real goose product that is being displayed by Howard E. Taft of the Broad-Hague poultry market.

The egg was secured by Mr. Taft several days ago from E. M. Rinehart, a farmer of near Sunbury, while on an egg gathering trip. "I could hardly believe my eyes," Taft said. The egg was laid by a young goose as its initial contribution to the egg laying industry, he was informed. The egg was found lying on the barn floor.

Weighing 12 ounces and having a length of five and a half inches, the egg is shown in the photo above as it compared to the average hen egg. Most goose eggs weigh around five ounces, the owner was informed by Ohio State university officials.

Making a hobby of collecting unusual eggs, Taft has obtained many odd shaped eggs such as capsule eggs, one inside another, and other unusual forms and his proudest possession was one bearing the seal of Ohio which attracted wide attention uptil it was broken in the office of a downtown newspaper.

Kent's Modern Market and Russell Pharmacy Opening Saturday

New Stores Add To Hilltop Business Area

Two of the Hilltop's most progressive business firms will welcome old customers and new friends to their beautiful new store rooms at the southeast corner of Sullivant and Hague-avs, Saturday.

The two firms are Kent's Modern Market, Charley Kent, proprietor, and the Russell pharmacy, Rempel Russell, proprietor, which have just occupied their new building and installed all brand new equipment to give every convenience and service to their patrons.

The Russell pharmacy was formerly located at 2699 Sullivant-av, while the Kent market was across the street from its present location at 2756 Sullivant-av.

Everything is in readiness for the formal opening. All units have been installed in the new stores, new goods unpacked and arranged and arrangements finished for improved service by both concerns.

New Glass Front

Spick and span wits its new type, gleaming all-glass store front, the new building provides a large amount of additional floor space for both concerns and the new location is at a point where both can give better service to old customers and new ones too.

Every lady visiting Kent's on the day of the formal opening will receive a rose, while tickets will also be issued for the presentation of 25 baskets of groceries free to the holders of lucky tickets.

The drawing for the baskets will take place at 8:30 o'clock Saturday night and it will not be necessary to be present to hold a winning ticket. Delivery of the baskets will be made to the winners. A ticket will be presented with each 25 cents purchase Friday and Saturday.

At the Russell pharmacy, roses will be presented to the ladies and cigars will be given to gentlemen. There will also be prizes of ice cream awards to holders of lucky tickets.

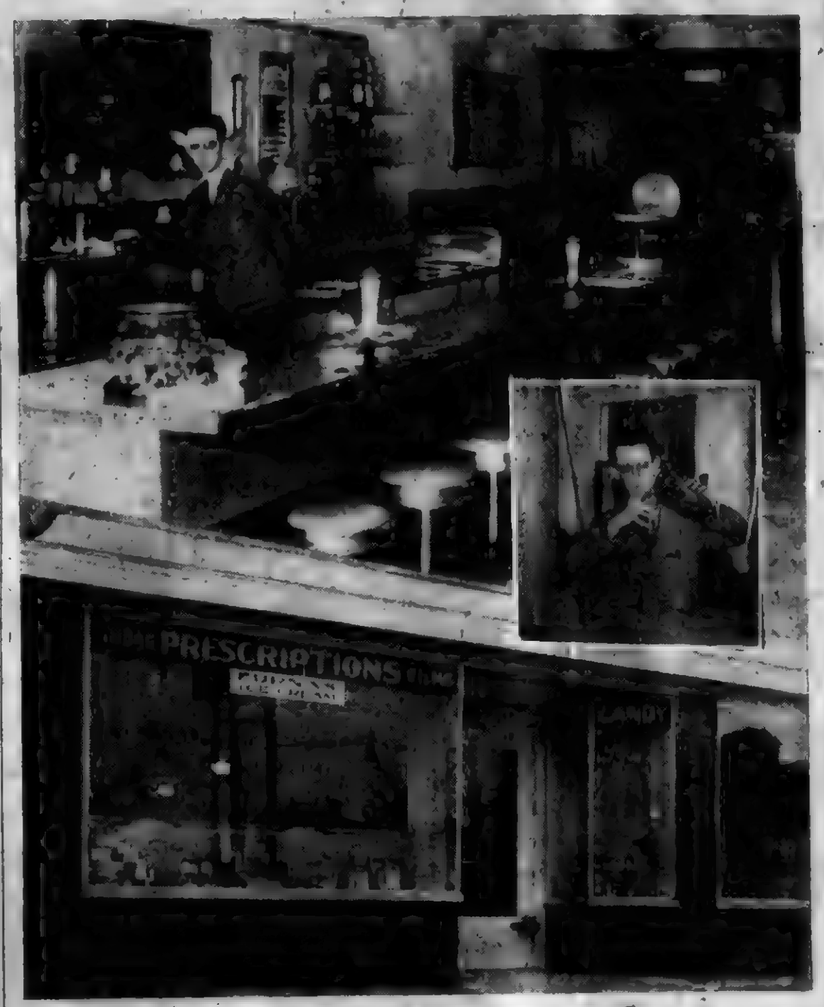
Exterior or New Kent Modern Market



Here is an exterior view of the newly opened Kent Modern Market, at the southeast corner of Sullivant and Hague-avs, just opened to the public with larger floor space and up-to-date fixtures by the proprietor, Charles Kent, who formerly operated a store across the street on Sullivant-av.

The new market has a beautiful glass front in white, cream and black and has ample floor space for both Mr. Kent's old customers and many new ones he expects to pay him a call.

Plenty of parking space and much sidewalk room are added features of the new location.

Views of New Russell Pharmacy

Above are shown three views of the spick and span new pharmacy just opened for business by Rempel Russell adjoining the new Kent Modern Market in the new building at the southwest corner of Sullivant and Hague-avs.

At the top is the beautiful new soda fountain with a Schwartz-Showell backbar and ample seating capacity for many fountain patrons. Booths are also available for patrons.

Inset is Mr. Russell at the prescription counter. He always maintains an ample supply of new drugs and prescriptions are speedily and carefully compounded.

Below is a view of the front of the new Russell pharmacy showing the large window display space. The building has a beautiful glass front.

Tropical Fruit Boom

Anticipating continuation of the trend toward greater use of exotic tropical fruits in the American diet, 1,500 acres in the Rich Everglades adjacent to Miami, Fla., have been opened to cultivate papayas, sapodillas, avocados, guavas, mangoes and pomegranates.

New Pharmacy Is Stepping Stone For Rempel Russell

Opening of the new Russell pharmacy at the corner of Sullivant and Hague-avs, adjoining the new Kent market, will mark another step in the business progress of Rempel Russell, the proprietor, who regards his new location as one of the most ideal merchandising spots on the Hilltop.

Established as a druggist on the Hilltop for four years and for five years prior to that in business on the north side, Mr. Russell is an experienced registered pharmacist and a graduate of Ohio State university.

A feature of his new store is a large new liquid carbonic soda fountain in pale green with accompanying booths and tables for the comfort of fountain patrons. A complete line of fountain drinks, ice cream, soft drinks, sodas and sundaes is always available.

The interior of the new drug store is finished in harmonizing shades of color with especially selected floor covering to match the store fixtures.

Bahama Conch Shells

Many conch shells are exported from the Bahama islands to Italy and France, where they are carved into cameos. Others bear valuable pearls, and all contain a sea snail or slug which is eaten by many West Indians. To catch them, native fishermen bait an empty shell with a piece of ham. The odor of the food attracts large numbers of live conches, and divers have only to drop overboard to reap their harvest.

Charley Kent of Kent's Modern Market, realizing every housewife enjoys buying food for the family at a store that is modern in every respect and displays its wares in a neatly arranged, clean, sanitary and complete market where goods can be quickly inspected and easily selected in a bright, well lighted atmosphere of friendly service, chose Mr. C. O. Emrich of 598 Racine-av, who designed, engineered, installed and assisted him in the selection of the most modern store equipment of the latest types and design installed in the city of Columbus for the new Kent's Modern Market just opened at Sullivant and Hague-avs.

Mr. Emrich has been in the sales and engineering field of refrigeration since 1912, having 28 years experience in that field in a wide variety of responsible positions that required a high degree of technical training and engineering knowledge as well as sales and designing ability.

He was formerly commercial manager of Servel's factory branch, Pittsburgh, Pa., and manager of the commercial department for two Westinghouse distributors. Mr. Emrich has lectured at various schools and colleges, also many of the engineering societies at their national conventions throughout the United States. He also gave a complete lecture course to the United Association of Steam Fitters on heat and refrigeration as applied to air conditioning.

His work in Pittsburgh included many and varied types of engineering and installations for such firms as U. S. Steel Corp., Carnegie-Illinois Steel Corp., Gulf Refining Co., Pittsburgh Plate Glass Co., The Aluminum Co. of America, the H. J. Heinz Co., Boggs and Buhl's department store, Gimbel Brothers department store, Pittsburgh Brewing Co., Independent Brewing Co, and many other nationally known corporations.

One of his most recent installations was Schenker's market, Ashland, Ky., which is one of the largest and most complete markets in northern Kentucky. This market has over 80 feet of cases for food display of perishables in addition to two Walkin coolers and complete grocery equipment.

His genius for store designing and engineering is displayed in the new Kent's Modern Market.

The new refrigerated fruit and vegetable case is stainless steel and porcelain is so designed that one-half of the case is dry refrigeration for such fruits and vegetables as grapes, berries of all kinds,

artichokes, peppers, cucumbers, brussells sprouts, tomatoes, beans, peas, fresh mushrooms, etc. The west side of this case designed for such vegetables which require not only cold temperatures but water as well—carrots, celery, spinach, lettuce, radishes, cauliflower, kale, leek, parsley, etc.

This arrangement assures the shopper more vitamins in their fruits and vegetables and the crisp hard full flavor so desirable in produce. Then, too, for the late shopper all fruits and vegetables are just the right temperature for serving. This new Gloekler equipment does away with hot, withered, discolored and weatherbeaten fruits and vegetables at the new Kent's Modern Market.

Another new idea in fruit and vegetable display and entirely modern is the unrefrigerated case section for the display of fruits and vegetables making for ease in shopping by a waist high display arrangement for oranges, lemons, apples, peaches, pears, potatoes, onions, cabbage and all of the fruits and vegetables which require no refrigeration. This is open for the shopper's convenience. The upper section is arranged for box display of fruits.

Both of these units are so designed to permit "self-serve" should the customer so desire. Between these two units is a scale and wrapping counter for fast efficient service. Next to the dry case is a very modern office section to speed up orders and make for quicker service and delivery.

The top is encased in glass for the display of candy in packages.

All of this Gloekler equipment is in black and white porcelain trimmed with stainless steel and plate glass and was built by the Gloekler Manufacturing Co., Erie, Pa., and was designed by Mr. Emrich especially for the new Kent's Modern Market.

On the wall at the office section is a specially designed cigar and cigarette case built by the E. O. Bulman Manufacturing Co. of Grand Rapids, Mich.

Next to the office section is the meat department which has been completely redesigned to afford the shopper not only faster service but a full view of all meat and dairy products. New slicer stands, cutting table and a large block two and one-half feet by six feet, built by the Gloekler Manufacturing Co., Erie, Pa., has been installed and is so arranged to permit the shopper seeing the meat cut as desired.

Service Is Kent's Modern Market Motto

With a large staff of experienced help on hand, Charles Kent is always on the alert to assure his old and new customers they will receive prompt service at the new store at Sullivant and Hague-avs.

The above photo shows the entire staff of the new Kent Modern Market. In the rear row, left to right, are John Moerch, meat cutter; Rollin Linscott and Charles Kent, the proprietor.

Front row, left to right, are Charles Morris, truck driver; John Read, butcher; Richard Woods and Hughes Stimson.

Vegetables Always Fresh At Kent's

A unique feature of the new Kent Modern Market at Sullivant and Hague-avs is this gleaming new Gloekner refrigerated vegetable case, where a large stock of fresh, crisp vegetables and garden truck is always on display.

Customers are invited to serve themselves and the goods are easily reached by sliding back the glass doors to get whatever is needed. Vegetables are always garden fresh through this arrangement.

The grocery department is also entirely new. Over 40 feet of the latest and most modern straight steel shelving, 18 inches deep, 72 inches high and two large self-serve island displays, nine feet each, made by The E. O. Bulman Mfg. Co., Grand Rapids, Mich. This equipment is especially designed of steel in streamlined style with price tag moulding for each shelf, and arranged to add to the eye appeal of the merchandise carried. Although the supporting standards are only one inch in width, they are designed and reinforced in such a way to make them so strong they can easily carry the heavy loads of mass food displays. Bases are eight inches high with removable panels permitting sanitation at all times.

Three new nine foot display and service counters have been installed. These are designed for bread, cookies and all packaged baked goods. These counters are of the self-service type.

A large glass bakery case for special baked goods has also been added. Then, too, there is a new cookie and cracker case.

These cases and counters assure the shopper a complete one-stop service for all baked goods requirements.

The whole color scheme is white with black and stainless steel trim.

The design permits easy shopper movement throughout the entire store and this coupled with the pleasing, friendly service makes the new Kent's Modern Market, Sullivant and Hague-avs, truly the shopping center of the Hilltop and much credit is due Charley Kent for his faith in the Hilltop, and the designing engineer, C. O. Emrich, 598 Racine-av, who is responsible for the design, store layout and installation of the complete store, and who is distributor for central and southern Ohio for the Gloekler Manufacturing Co., Erie, Pa., and The E. O. Bulman Manufacturing Co., Grand Rapids, Mich.

Tastes Are Different

Farmer Jones saw Farmer Brown driving past with a load of fertilizer.

"What are you going to put that on?" Farmer Jones asked.

"On my strawberries," Farmer Brown answered.

"Well, we always liked ours with cream and sugar," Farmer Jones remarked.

Internal Conflict

"Ain't you feeling well, Rastus?"

"No, I ain't. Last night for supper I ate some German potato salad with French dressing without remembering they were at war and now my tummy feels as if it is being bombarded on the Western Front!"

Glass Store Front In Three Colors

A three-tone color scheme is embodied in the all-glass store front that has large raised-letter matching signs, one reading "Russell" and the other "Kent," over the top of the respective store fronts in the new building at Sullivant and Hague-avs.

The glass-front color scheme consists of cream-colored areas surrounding the store fronts with black trimming and base, while the top will be in pure white, with the contrasting store name signs brightly lighted at night.

Construction work was started on the new building by the Barnett Realty Co. in November. Customers of both firms will be pleased by the added parking space made available at the new location and the generous sidewalk area both at the front and side of the stores.

Both stores will continue to carry their usual line of standard products and, in addition, have added others.

The Russell pharmacy will continue as a post office substation, retaining its No. 10 agency.

Raisins used in puddings and cakes may be made plump by covering with cold water and bringing to the boiling point and boiling for five minutes.

Russell Sees Location As Business Hub

Regarding his new drug store location at the corner of Sullivant and Hague-ave, as one of the centers of business activity on the Hilltop, Rempel Russell foresee that section as a hub of development in all fields before long.

Mr. Russell studied the section carefully before deciding to move there and he is convinced that there will be more business growth, more home building and more general prosperity in that area than in any other newly opened section of the entire Hilltop in the next few years.

He pointed out that similar activities in other portions of the Hilltop have already reached their peak for the time and that the neighborhood where the new store is located is the logical center of progress for some time to

Accidental Discovery

Accident often plays a large part in the discoveries of science. Roentgen, credited with discovering the X-ray, was put on the path of his epochal feat when he found that waves emitted from a Crookes tube, through which he had been sending electrical charges, registered on some photographic plates stored in his laboratory.

Kent's Have Modern Meat Dept.

A complete line of fresh and smoked meats, cold cuts, butter, cheese and dairy products in modern refrigerated cases is always on hand in the new Kent Modern Market at Sullivant and Hague-ave, as shown above.

At the left is Moerch, the meat cutter, and his assistant, John Reed, butcher. Both are skilled meat men and Charles Kent, proprietor of the store, takes pride in maintaining a meat service that will delight every Hilltop housewife.

Kent Market Carries Big Food Stock

Thousands of tasty foods in gleaming cans and shining packages are on the new shelves and islands of the new Kent Modern Market at Sullivant and Hague-ave, as this partial view of a small counter section of one side of the store will show.

Housewives will never have any difficulty in supplying their needs at the new Kent store, where articles are easily seen and are available for inspection by customers.

Cain and Cane

If a man raises cane when he is young, what does he do when he is old?

Answer: "He walks with one."

Installed Units

C. O. EMRICH

C. O. Emrich, 596 Recineley, who has had many years of experience in refrigeration and display case sales and installation, had charge of the sale and installation of the various items of display cases, islands and shelving placed in the new Kent Modern Market, all made by nationally known firms.

Kent Learned Food Business By 17 Years of Service

Charley Kent gained his experience as a grocery man the practical way, having served for 17 years with E. W. Distelhorst before he started in business for himself.

He has been a resident of the Hilltop 14 years and was president of the Hilltop Business Men's Association last year. Aside from his business his favorite hobbies are hunting and trapshooting. He is married and he and Mrs. Kent live at 323 S. Terrace-av.

Hollywood Dialect

If you hear a movie director say, "We're sneaking it in a tank tonight, but I don't like getting it out in $150," you know he means his latest picture is going to be sneak-previewed that night in a town under 15,000 population, and that he is bothered because the picture is 8,150 feet long and he is afraid that it is too much footage for that type of film entertainment. In other words, the audience will get restless over its length and that will react against the picture itself.

New Kent Fruit Display Attracts

An attractive new bin and counter arrangement for the display of all kinds of fruit in tempting array is a feature of the new Kent Modern Market. Here is the proprietor, Charley Kent, waiting on Beverly Sawyer, 653 S. Roys-av, a young patron and one of the first to inspect the new store.

Modern Drug Store Carries Numerous Items

Most drug store patrons know that druggists carry extensive stocks of various items, but few are aware of the extent or number of the articles carried in the opinion of Rempel A. Russell of the newly opened Russell pharmacy, Sullivant and Hague-ave, which will be formally opened on Saturday.

To the average customer, the many shelves of bottles and packages may seem like an overstock of articles compared with some other businesses, but even in the average sized store such as he owns, a total of from 5,000 to 7,000 separate items must be carried at all times to meet the calls of purchasers, Mr. Russell declared.

Ranging from such commonplace things as paper plates to rare drugs and tinctures used in the compounding of prescriptions, the druggist must always keep his stock fresh and up to date in every respect, Mr. Russell pointed out.

An especially important item is the prescription file which must be carefully compiled and recorded so that prescriptions of customers originally secured from physicians will always be available to be filled although they may date back for years.

Mr. Russell's new store carries an extensive file of prescriptions and customers are always assured they will receive first class service in this department.

The Best Young Man?

At the age of 14 Horace Greeley became an apprentice in the printing office of the Northern Spectator at Poultney, Vt. He later went to New York and secured a job on the Spirit of the Times. In December, 1833, he and Francis Story, foreman of the office, left it and established a printing business under the name of Greeley & Story. After Story's death Greeley and the former's brother-in-law, Jonas Winchester, were partners and in March 1834, they began a weekly literary newspaper which they named the New Yorker.

It costs the average American household only $1.71 for lighting with 40 kilowatt hours of electricity a month, while with candles an equivalent amount of light would cost $345.65 a month. About 5,778 candles, weighing more than half a ton, would be burned.

Store Site Sold First In 1923

Opening of the new Kent Modern Market and the new Russell pharmacy at the southeast corner of Sullivant and Hague-avs, recalled to Mrs. Mary A. Russell, 2779 Sullivant-av, the time when she and Mr. Russell purchased the lot back in 1923 from Charles W. Barnett.

"At that time," Mrs. Russell said, "the territory was only open fields and there wasn't event a paved street there."

Later Mr. Russell, father of the present pharmacist, met his death at the corner in 1928 in a traffic accident.

The lot purchased by Mr. and Mrs. Frank Russell was the first in the Wiltshire addition to be sold and at the time it appeared there would be little if any building to be done for some time to come.

OLIVES STUFFED WITH SHRIMPS

Remove black veins from canned shrimps; martinate with lemon juice and a very little salad oil; drain and fill vein cavities with very thine strips of pimento. Remove stuffing from large stuffed olives, slit the olives halfway down and insert one shrimp in each olive. Insert toothpicks in olives and arrange them in a bowl of cracked ice. Serve with Russian dressing in a small bowl.

SIX DIAMOND SHAPED CANAPES

Cut the six diamonds of white bread at once, spread all with creamed butter, cut a stuffed and ripe olive in slices. Have ready a tube of cream cheese or egg and butter mixture, caviar, curled anchovies and some fillets. In the center of two place curled anchovies and on the two others place slices of stuffed olives. Around the edge of the anchovy one place slices of black olives. Pipe cream cheese all around the edges. Around the edges of the two with stuffed olives, place half slices of black olives alternately with halves of stuffed olives, straight cut sides to the edge. Pipe cream cheese all about and sprinkle the cheese with minced parsley. On two more diamonds lay fillets of anchovies and lay four half slices of stuffed olives, straight cut edge to the anchovy, two on each side. A little rosette or mound of yellow cheese or butter and cheese, either side of the fillet makes this effective.

MINT FROSTING

2 egg whites
1½ cups sifted granulated sugar

Combine ingredients in top of double boiler over briskly boiling water. Beat with egg beater until stiff enough to stand up in peaks (7 to 10 minutes). Add flavoring and beat until thick enough to spread. During cooking, keep sides of double boiler clean. Makes enough frosting to cover tops and sides of two 8x8x2-inch layers or top and sides of 10x10x2 inch layer.

Spring Starts North Over the Equator

The 1940 version of Spring started north over the equator on Wednesday at 1:34 p. m.

Advance indications are that it will be of the variety that we all enjoy but then it is a tricky article to deal with and for a few more weeks may keep us all guessing.

And spring recalls those happy barefoot days we always looked forward to back in the country.

Over in Washington the Children's Bureau has tabooed the "Barefoot Boy" by Whittier. Twelve hundred copies of a report of the White House Conference on Children were ready when Miss Katherine F. Lenroot, head of the bureau, ripped off the covers because they depicted three healthy youngsters romping in their bare feet.

But seriously, what is the country coming to if in the spring a young man's fancy can't turn to love and a youngster's feet be allowed to tickle old mother nature's backbone?

The Government Takes a Census

We gave the government our portion of a cross section of America . . . that's what they call the census . . . on Wednesday. Two men made three trips to the office and brought a total of six sets of blanks for us to fill.

It was the business census . . . just a sample of the things every individual will be called upon to supply this next month.

In the business census they want to know how many employees we have . . . how much they earned, cost of materials used, sale prices of your products, how many motors you use, etc . . . just a general check up by Uncle Sam to determine if all his chillun are getting along o. k.

Everybody's Preacher: The village of Greenfield and community this past week paid last respects to an honored and highly beloved citizen . . . he was "everybody's preacher," Dr. James R. Colley.

Back in 1933 when I went to Greenfield one of the first welcome greetings of early morning was a theory, "Good Morning, Horace Greeley," from this kindly retired Methodist minister who knew no creed except faithful service to all men. And that warm greeting, as only he could extend it, was as regular as the morning sunshine, and as invigorating.

Dr. Colley is gone but he will long be remembered as "everybody's preacher" . . . no finer sermons were ever preached than those of his cheerful greetings and radiant smiles.

He was the father of Frank Colley, 3096 Ellis place, on the Hilltop.

West High Band Wins Honor In Tourney

Shown above is the West High school band, directed by H. E. Hutchison, which recently won the district division tournament held at Ohio Wesleyan university, Mar. 16, and which will give its second annual entertainment in the school auditorium at 7:45 p. m., Friday, Mar. 29.

A dramatic skit, "The Castle of Mr. Simpson," will be given as part of the program by the dramatics department, directed by Roy Bowen.

Highlights of the program will include numbers by the West High quartett, numbers by the band, novelty marches, and contest presentations—orchestra and clarinet quartet, brass quartet, the triumph trio and the school choir.

In winning the district division tournament at Delaware, the band played "Fair Chicago March," as their warm-up selection. Their contest numbers were "Secret Marriage" by Cimarosa and "Manx Overture" by Wood, the three judges giving a rating of "1" to the Cowboys.

The band has received two letters of invitation from the director of the musical department of the New York World's fair to come to the fair this summer at their own expense and play, but no action has been taken on the invitation as yet.

Two Townsend Meetings Planned

Townsend club members will hold a district rally at IOOF hall, 2386½ W. Broad-st, on Sunday, Mar. 24. The speaker will be Van Benton of Lancaster.

Townsend club No. 28, will meet tonight, Friday, Mar. 22, at 7:30, to hear news flashes from Washington. Coffee and doughnuts will be served, and there will be entertainment.

Camera Club To Meet March 29

Members of the West Side Camera club will meet Friday, Mar. 29, at 7:30, at the Richey residence, 362 S. Terrace-st.

At the last meeting of the club at the home of Jack McLaughlin, club members heard helpful suggestions from Ernie Marquardt, photographer from the Ohio State Journal.

Print winners of the month were Bob Krauss and Lloyd Harrison.

Rites Held For C. Waltermire

Many Hilltop friends were among the large group that paid tribute this week to the late Claude C. Waltermire, aged 54, former newspaper man and political publicist, whose death occurred last Saturday at Mt. Carmel hospital.

Funeral services were held Tuesday afternoon in charge of the Rev. Paul Rugg. Interment was in Annamoh Abbey. Mr. Waltermire was a Hilltop resident, living at 606 Wiltshire-rd.

A native of Kenton and the son of Beecher W. Waltermire, former mayor of Findlay and later a prominent Columbus attorney, Mr. Waltermire directed the publicity for the Harding campaign in 1920 and the Bricker campaign in 1938. He had been a newspaper man in Findlay, Toledo, Upper Sandusky and in Kansas, also serving as legislative correspondent for International News Service.

Besides his wife, Mrs. Ruth Ingram Waltermire, he leaves a daughter, Mrs. Wildamary W. Smith, Dayton, granddaughter, Sandra Smith, and a sister, Mrs. Eloise W. Grove, former teacher of voice at Capital university.

Hilltop Symphony To Give PTA Music

The Hilltop Symphony orchestra under the direction of Prof. Walter King will provide music for the West Broad PTA radio broadcast to be held at the school auditorium on Apr. 12. The program, sponsored by the Mothersingers, will be made up of 10 acts and will last for more than two hours.

Mrs. R. V. McKinney will present a comedy skit, "The Rummage Sale," with a cast composed of room mothers. More than 50 people in addition to the Mothersingers chorus will take part in the program.

Rites Held For Wm. E. McLane, 68

Funeral services were held this week for William E. McLane, aged 68, of 110 N. Eureka-av, a retired railroad car inspector, who died Saturday in Lakeland, Fla., as he and his wife, Emma, were preparing to return to Columbus after spending the winter in the south. Mr. McLane had been in ill health for some time. He was a car inspector for the New York Central railroad from 1897 to 1930.

Republican Club To Meet Tonight

The West Side Douglas Republican club will meet this Friday evening with Mrs. D. E. Solomon, 446 S. Oakley-av. Members are urged to be present. Refreshments will be served.

Scenes At Minstrel

The eleventh annual Hilltop minstrel was only a memory this week, but it left behind a record breaking attendance of 4,342 persons for the three nights at West High school auditorium besides several hundred persons that were turned away the last two nights, unable to gain admission because all tickets had been sold.

In the top picture above are the hosts for the performances as follows: first row, left to right: Paul Rausch, Noble L. Allen, Walter Stephens, George Gusler.

Second row: Harold Schmidt, Dr. U. R. Leaman, Charles Crues, Joe Briggs.

Third row: John Reipenhoff, Dr. E. E. McNamee, Edgar Planck, Percy Miller, Dr. M. W. Bates and Curtis D. Wilcox.

In the middle picture are the three comic roller skaters who staged a comedy act prior to a regular thrilling skating act. They are, left to right: Alva G. Nalzger, Curtis Wilcox and Charles Crues.

In the bottom photo, the cast of the "Gone With the Wind" parody is shown. First row, left to right, Dr. W. M. Lowry, Curtis Roberts, Jack Shank and Clarence Story.

Second row: Ray Hauntz, Wyatt Millikin, Herbert Deems, Bill Bivile and Dr. J. H. Czatt.

Several lost articles that were recovered may be had by contacting Fred L. Sulzberger.

Good Friday Union Services To Be Held This Afternoon

With six ministers scheduled to speak 10 minutes each, the annual Hilltop Union Good Friday services will be held this afternoon at the Warren Ave. Nazarene church from 1 to 3 p. m.

Rev. H. B. Anthony, the pastor host, will preside and several of the participating churches will provide special music.

The following ministers will speak: H. S. Handy, Highland Ave. Friends church; W. R. Seesholtz, Warren Ave. Evangelical church; A. J. Wold, Hoge Memorial church; J. B. Shellhass, Glenwood Methodist; J. H. Ashburn and J. H. Harris, Hilltonia United Brethren.

Orchestra Leader's Mother Succumbs

G. Hal Brown, 156 S. Southampton-av, leader of the Masqueraders, the orchestra that furnished the music for this year's eleventh annual Hilltop minstrel, and who also provided the music for the show last year, was called to Philadelphia this week by the death of his mother.

Hilltop Choir Boy On Radio Sunday

Albert DeMeers, 608 S. Columbian-av, soprano soloist of St. Mary Magdalene boy's choir, accompanied by his teacher, Miss Margaret Crawford, will be the guest artist on a special Easter program by Corporal Parr over radio station WHKC at 1:15 p. m. Sunday, Mar. 24. He will sing Schubert's Ave Maria.

The choir is directed by Sister M. Clarise.

MRS. KILLIAN IS ILL

Mrs. Winifred Killian of 160 N. Terrace-st, has been confined to her home for the past two weeks suffering from a nervous ailment.

STUDENT RECOVERING

Ralph Link, West High school athlete and student there last year, is recovering at his home, 422 S. Richardson-av, from a recent operation for appendicitis.

Lively Fights Forecast On Hilltop Political Fronts In Primary

With pre-filing statements of harmony among all Hilltop and West Side ward political factions apparently tossed into the discard as the deadline passed, indications were this week that both Democrats and Republicans will wage a lively war among themselves for committee positions as well as for places on the two tickets in other offices.

In the eleventh ward as an example, George Sinclair, 109 Powhatan-av, secretary to Safety Director George Ward, is being challenged by Russel S. Welch, attorney, of 384 S. Brinker-av, in the Republican committee race.

While likewise in the same ward as far as the Democrats are concerned, the long reign of Samuel J. Willis is under the fire of two rivals, Dr. Fred L. Sulzberger, president of the Hilltop Business Men's association, and Adelbert R. Sheakey.

"The so-called harmony program is just a myth," declared Mr. Welch. "It is a little early to say just what the issues will be in the campaign. At first I felt that there would be little of interest over the campaign, but since I have received favorable assurances from three of the six so-called war horses of the ward, I feel more encouraged."

In Unison

George Sinclair, the organization candidate, is a lifelong west sider, having been born 43 years ago in a house no longer standing at the corner of Sandusky and W. Broad-sts. He is a former West High athlete, served overseas in the front lines with the Sixteenth infantry, First division, and for 21 years was assistant engineer in the county engineer's office, later becoming chief tax map draftsman when R. H. Hoffman was county auditor.

With his wife, the former Bertha Ewald, a native of Columbus also, Sinclair now spends his [illegible] quietly at home when not at the city hall. The Sinclairs have a 16-year-old son, a junior at West High school, who has followed his father's footsteps as a drummer in orchestras and [illegible] Johnson.

[illegible] of organization [illegible] the [illegible] with [illegible] official blessing is there.

Sulzberger is providing a fiery campaign while Willis asserted that he will go along as he has always done and devote his time toward "electing Democrats in the fall election."

Hitting In

Aside from the committee battles, the more important public offices commanded the attention of more than half a dozen prominent Hilltop men such as George W. Matson, 87 N. Warren-av, one of the two Republicans to file for county commissioner, and who will have the organization support. Mr. Matson is a former head of the city division of building regulation and a resident of the Hilltop for many years.

Ralph L. Jacobs, 2914 Crescent-dr, has filed as a Democratic candidate for state representative. The vice-president and general manager of Arcadel System, Inc. bus lines and a well known Hilltop resident, Mr. Jacobs has been a resident of Columbus and the Hilltop since 1923. He was president of the Ohio Motor Bus Owner's association two years and member of their legislative committee for 15 years.

Other Hilltop candidates include: Henry P. Fagan, 368 Algonquin-av, Democratic candidate for state senator; Joseph G. Nailor, 109 N. Burgess-av, incumbent candidate for Republican state representative; F. D. Houston, 184 S. Wheatland-av, and E. Maxwell Young, 112 N. Crabbe, while the ninth ward Republicans are: Stuart L. Wagner, incumbent; Francis W. Chenoweth and Clyde D. Ward.

The tenth ward Democratic candidates are: Charles A. Middleton, 99 Belvidere-av, the former committeeman and resident of the Hilltop for 21 years, who is running against Oscar F. Dildine, the incumbent.

Ninth ward Democratic candidates are: Lutz B. Burks, Fred W. Reab, Roy Walling and William M. Meyer, incumbent.

Clubhouse To Be Built By Cyclists

Plans for the construction of a new club house and a motorcycle race course within a short time were announced this week by officers of the Ohioans Motorcycle Club, Inc.

The new structure and race track are to be built on Fisher-rd about two blocks west of Hague-av. The club house will be a frame structure with a large hall, separate kitchen and cloak room. The building is estimated to cost $500 and will have space for a billiard table and kitchen equipment.

At the rear of the clubhouse, a motorcycle tourist trophy race track will be built and several events are planned for the season. The club has 38 members and is planning to offer $150 in awards to winners in its first racing program.

Club officers are as follows: Herschel Brunton, Fisher-rd, president; Joe Geo, 699 S. Hague-av, club referee; Clyde Parkey, 290 Brehl-av, ex-president and member of the competition committee; Harry Stites, 1978 Sullivant-av, is a state champion tourist trophy winner.

Work is to be started on the new club house as soon as bids are accepted, officers said. The Hilltop site was selected as the most suitable of several considered, although the club is composed of members from all parts of the city and county, they declared.

Hilltop Observes Traditional Easter

Following the solemn observance of Good Friday, the most sorrowful day of the church year, all Hilltop churches will celebrate Easter Sunday with elaborate programs and special services, some beginning with the dawn.

For their Easter services, many of the churches planned to have special music and in some cases breakfast will be served to those attending Eastern dawn services.

Flowers, decorations and sermon topics will be in keeping with the traditional Easter observances.

Buelah Williams, Weigand Captain All-League Squads

By Woody Owens

At the conclusion of each basketball season it is customary to select mythical all-star squads which represent consistent performers in the league during the entire season. Today, with the announcement of the RECORD'S selections of the all-league squads in both of the senior West Church leagues, tribute is paid to those players who played the game the best and in most cases virtually stood "head and shoulders" above the rest of the leagues' player personnel.

In the Girls' West Church league, which played Monday night at Glenwood, 14 players comprise the squad, seven forwards and seven guards. At the down-floor posts Catherine Brown and Marie Colburn of St. Aloysius; Hazel High and Dorothy Thornton of Westgate Evangelical; and Mary and Jayne Miller of Burgess U. B. were the top-notch performers. In the back-court slots Buelah Williams, Betty Scoles and Isabelle Scoles of Westgate Evangelical; Helen Colburn of St. Aloysius; Betty Johnson, West Park M. E.; and Irma Lewis of Burgess turned in scintillating exhibitions at all times.

The honorary position as captain of this all-star group goes to Buelah Williams, Westgate's great guard. Miss Williams is without a doubt the greatest guard ever to perform in the local league. Citing her record, the comely lass took part in 10 league encounters and held her respective opponents to an average of 1.1 points per game, a record that should stand for many years to come. A trio of other selections who deserve special notice are Dorothy Thornton, Irma Lewis and Mary Miller, all of whom are still students at West High school.

WEIGAND CAPTAINS BOYS' ALL-LEAGUE SQUAD

Dominating the selections in the Boys' West Church league, which played Tuesday evening at Glenwood, was the strong Hoge Memorial Presbyterian quintet which finished in the runner-up slot behind the champion St. Aloysius Blue Streaks. Hoge placed two players on each of the two teams selected while St. Aloysius gained only two first team berths.

Those honored with positions on the all-league team were Ernest Mawhirter, Hoge, and Cliff Morgan, St. Aloysius, forwards; Robert Brannigan, St. Aloysius, center; and Charles Weigand, Hoge, and Herman Mitchell, West Park M. E., guards. Weigand, former West High cage star, was given the post as honorary captain of the team.

Second team honors went to Robert Archer, Holy Family, and Charles Alford, West Park, forwards; Robert Whetstone, Hoge, center; and John Devlin, Holy Family, and William Curtiss, Hoge, guards.

Weigand was the lone newcomer to the first team from last season when he didn't perform in the local church league.

Easter Sunday

PERHAPS as a youngster, with so many other things to do, regular Church attenadnce was an allegiance not of your own choice. Now you are far enough along the highway of Life to realize more clearly the comfort and peace to be found in His word. There is strife and hatred on other shores. Your own responsibilities and cares may have increased many fold. Find the hope, the composure you seek in your Church this Easter Sunday. No doubt, you were planning to attend. But we would like this message to achieve another purpose, too: more frequent attendance at your Church to find the guidance and encouragement you want.

I AIN'T MAD AT NOBODY

FILLING STATION ROBBERS

They robbed the filling station and got a little change
I surely hope the robbers don't live upon this range
I hope they came some distance, Chicago or Arkansaw
It's hard to think our neighbors would violate the law.

Professionals didn't do it, of that the law is sure
There was conclusive evidence that shouted amateur.
The law came on the scene, they are an efficient crew
They are working faithfully on each and every clue.

Those prisoners now in jail at one time were free men
They thought it smart to rob that's why they're in the pen
They must face the world anew, when time is served in there
With a form bent and feeble and a head of snow white hair.

The culprits will be caught, now or when they're older
If not apprehended this time that will make them bolder
This is just the stepping stone to greater deeds or crime
They should quickly face about or they'll soon be serving time.

St. Aloysius Retains Girls West Church League Championship

By Woody Owens

St. Aloysius took possession of the Girls' West Church league basketball championship for the second straight season Monday evening at Glenwood shelter house when the Blue Streak lassies took the rubber game of a five-game series with Westgate Evangelical by a 12-8 count.

Catherine Brown led the champions' attack with eight points while Dorothy Thornton, Hazel High and Isabelle Scoles were outstanding for the losers. All of these girls were honored this week with positions on the mythical all-league squad.

Burgess 28 Victor

Hilltop Church of Christ won its third straight game by trimming Hilltonia U. B. 13-3 in another low-scoring battle, McManaway with eight markers led the Christian offense.

In a third encounter on the evening's program Burgess U. B. edged Avondale U. B. by a three-point margin, the final score being 19-16. Jayne Miller, Burgess star, stole high-scoring honors for the evening as she tallied 15 points to lead the Brethren to victory. The 15-point splurge gave the S. Warren-av girl the individual scoring title for the season, her final total amounting to 76 points in 10 games.

Coming Events Cast Their Shadow

"You will observe the rules of the battle, of course?", the White Knight remarked, putting on his helmet. "I always do," said the Red Knight, and they began banging away at each other with such fury that Alice got behind a tree to be out of the way of the blows."
—Lewis Carroll, Through The Looking Glass.

This week it begins to look like Democrats of the Eleventh Ward will have to duck behind the trees in order to keep from getting hit by some of the blows that may be exchanged in a fight that is appurently brewing in this community.

But this is beginning to be old stuff for the Eleventh Ward. The Republicans have been doing it ever since Mose Williams, who had served as a good committeeman, came in for an organization ousting . . . probably because he was a little better citizen than he could be as a politician.

Party bosses just can't take too much of a chance of a man getting too popular with the public. Republicans and Democrats alike have proven that. And so possibly that is the trouble with Sam Willis in the Democratic ranks. Sam has had a big following in the Eleventh and could perhaps continue to maintain it but rather than get mixed up in a community fight has withdrawn entirely. Democrats all over Franklin county will be surprised to learn of this bit of news today and our best guess is that the organization as a whole is going to lose some of its most enthusiastic workers.

Mr. Willis says he believes his withdrawal from the race will make for harmony. That isn't the way we hear it. Sam Bill Schneider's troubles with the Republicans in the Eleventh may be duck soup as compared with a situation that may arise among the Democrats after this lid has blown off.

Yes, Alice, it would be wonderful if we could watch the fury of battle if all the rules were to be followed.

What's it all about? Why is Sam being given the bye eye? These are the immediate questions. Some may know the answers. Our's is a guess but we think a pretty fair one.

Seems that back in the last campaign the Democratic council candidates thought they saw an opportunity to head off some of the nice votes they knew Ray Hauntz would get out here and elsewhere in the city. Had something to do with some literature or information being circulated against Ray.

Willis was called on to get the information around and was reluctant to do so. He may have even refused as far as we know but then he had more sense of responsibility as a citizen of the Hilltop than sense of duty as a politician and did not choose to take any such method of attacking a reputable citizen of the community even if he was a Republican.

Hauntz did pile up that tremendously big vote you will recall and Democrats as well as Republicans supported him. And now the boys may be taking the attitude that this is a nice way to get even with Willis. We don't think it will prove that way.

Peculiar thing about these Hilltoppers. They have a way of constantly bobbing up as formidable question marks in the political affairs of the city and county. We continue to maintain this is a healthy situation. We certainly will be losing that much enjoyed independence when we have to go down a one-way street supporting a man for office just because he has a particular party brand.

Seems like Hilltoppers just don't do it that way. Better pause and give that a little thought boys.

Coaches To Run Apr. 14 Is Report

New Equipment Here But Weather Delays, Official Declares

Although continued inclement weather has acted to delay construction work, plans are to start operation of the new trolley coach service in W. Broad-st from High-st to Southampton-av on Apr. 14, Morgan L. Evans, vice-president of the Columbus & Southern Ohio Electric Co., in charge of operations, said today.

The 25 new trolley coaches and other new equipment has been received here by the company and awaits the completion of overhead wire work and remodeling of the old car barns at Glenwood-av and Broad-st, Mr. Evans said. Work at the car barns has been delayed by the continued freezing weather, he declared.

Base Car Barns.

A housing place for street cars for many years and the scene of rioting during the 1910 street car strike when it was necessary to summon national guardsmen to duty in Columbus, most of the historic barn has been razed and the remainder is being converted into service quarters and parking space for the new coaches.

Members of the Hilltop Business Men's association, Camp Chase post, American Legion and other organizations have been working on plans for a civic and community celebration when the new trolley coaches replace the old time street cars.

Extra Turntable

In addition to the turntable bay at the end of the line at Southampton-av, the company has installed a turntable space for trippers coaches in Powell-av just south of Broad-st that will be used for extra coaches that will turn there during rush hour periods mornings and evenings instead of making the trip to the city limits.

Much work remains to be done on portions of the line east of High-st, Mr. Evans said. Company plans are to remove all tracks from Broad-st and repave the space after the new coaches are in full operation.

Hilltop Bowlers In ABC Classic

When the annual tournament of the American Bowling Congress gets under way in Detroit on the first and second days of April four teams from the Hilltop will be among those teams from all over the United States which will compete in the event. Those teams which will attend the tourney are Shank & Saunders, Seiler's, Spears Funeral home and the Emrich Kalvinators.

Due to the absence of these teams the regular Recreation league games scheduled for Monday, Apr. 1, will be rolled off Sunday, Apr. 7, at 2 p. m., Bill Wolfe, manager of the Hilltop Bowling alleys, announced this week. The alleys will be open to the public after 1:30 p. m. Monday.

Murnane Is High

Outstanding among the bowlers competing in the annual city-wide tournament now being held is John Murnane. His three-game 678 early this week was the second highest in the entire city.

In the doubles department early this week Vic Thayer and Lou Krueger held down sixth place with 1262, closely followed by Hilltop teams John Murnane-Ken Mettle and Bill Lash-Bo Graham with scores of 1254 and 1252 respectively, good enough for seventh and eighth positions in the race.

Hilltop teams which went great guns this week were the Adam Renners Pure Oil five which held third place with 3039; the Hilltop Van and Storage team of the Commercial league which had a firm grip on the number-five slot with 3,023, and the Seiler's department store quintet which was twelfth in the city standings with an aggregate total of 2969. The tourney was to continue this week.

W. Broad St. To Get New Sixteen Family Apartment

Contingent upon a change in the zoning of the district by city council, construction work is scheduled to be started almost immediately on a 16-family apartment estimated to cost $50,000, to be built at Highland-av and W. Broad-st, according to announcement this week by Charles W. Althen, 17 Highland-av.

Althen, who is secretary and treasurer of West Side Motors, Inc., 1760 W. Broad-st, said plans for the new building have been drawn by Robert W. Day, 2978 W. Broad-st, who is connected with the firm of Orr & Day, the company that will erect the building.

Sullivant Ave. Tracks Being Taken Out

With traffic being diverted and business impeded, Sullivant-av residents and business places this week were hoping that street improvement work now under way west of Central-av will be pushed by the city as rapidly as possible.

Removal of the old traction line tracks is being carried out, the company having long since passed out of existence. It is planned to improve the section where tracks are being taken out and repair other portions of the street.

Saturday Last Day For Auto Tags

Hilltop motorists today and tomorrow will have their last opportunity to purchase 1940 license tags if they wish to drive their cars on and after Apr. 1.

As the last day of the month falls on Sunday, deputy registrars have been instructed by Cyion W. Wallace not to sell tags on that day.

The penalty for not having tags Apr. 1, if you drive, will be $25 fine, and there will be no extension of time, according to state officials.

Tags are on sale at 2414 W. Broad-st in charge of Mrs. George Roberts and at 1199 W. Broad-st in charge of Henry Koontz. Both registrars plan to keep their offices open until a late hour tonight and Saturday to accommodate the last minute patrons.

Quiz Suspect In Robbery of New Russell Pharmacy

Police this week were questioning a 24-year-old barber suspected of implication in the holdup of Rempel Russell, 720 S. Ogden-av, in his new pharmacy at Sullivant and Hague avenues at 11:10 Tuesday night. Mr. Russell was robbed of $50.

The suspect was seized by a special officer as he returned to his auto which had overturned in the 500 block of E. Broad-st. According to Patrolmen F. I. Williams and Curtis Nafzger, two other men in the car jumped out and helped the driver push the light auto on its wheels.

The men ran as the officers approached and the third drove away in the car with police in pursuit. The driver fled after he turned the car into a blind alley at Washington-av and Avon court, being seized by the special officer when he came back.

Sam Willis Quits In Dem Committee Race

Sam Willis, 145 S. Roys-av, for 20 years Democratic committeeman in the eleventh ward, will not be a candidate for re-election.

This announcement is being made today. He had previously stated he would be a candidate. This leaves the field open to Dr. Fred L. Sulzberger and Adelbert Sheskey.

Willis has for years been the approved and supported committeeman of the Democratic organization for the eleventh ward and this year as in previous years his petition was filed by the organization. This week he withdrew from the race after it was learned that the organization is to support another candidate.

Makes Statement

In a statement to the Record Willis said, "The only remuneration I have ever had from this job has been knowing that I have been of service to my community and many of our people. I have conducted the affairs of the office to the best of my ability and for the best interests of the community. I have no desire to mix in any fight over the job and want no part of any friction that such a fight might cause in the community.

"In the past many people have come to me for help . . . people with pride who have made good in the past, but in the depression were helped in every instance where we could help. I have never sent anyone away just in order to get rid of them.

Wanted Full Support

"I would not consider seeking the job in this community without knowing I would have the full support and cooperation of the party. I will continue to devote my time to the interests of the Democratic party. I am merely interested in a program that will provide the most harmony in the community. I have no desire to have a situation created in the eleventh ward among the Democrats similar to that of the Republicans of this ward."

Sulzberger is reported to have the organization support.

Hilltop May Get Gun Range

Plans for councilmanic approval of the establishment of a pistol range for police use on city property near the McKinley-av incinerator are being boosted by a group of Hilltop business men, it became known today.

Legislation authorizing the use will be before council Monday night, and, if enacted, will clear the way for the establishment of a range that will be a powerful drawing card in attracting large numbers of small arms marksmen to Columbus and the Hilltop, according to Fred L. Sulzberger, president of the Hilltop Business Men's association, who favors the proposal.

At the present time there is no adequate site for a pistol range except the small one provided some years ago in the basement of the police station, while the site would be an ideal spot that could be made into a range at small cost, attract many marksmen and other police groups to the city and provide a practice place that would be safe.

Rites Held For Policeman's Wife

Funeral services were held Sunday afternoon for Mrs. Bessie Miner, aged 49, of 454 Hiltonia-av, wife of patrolman Fred Miner, who died early last Friday at her home.

West Team Will Play First Home Game April 2

Facing one of the stiffest schedules prepared for a local baseball team in recent years, the West High school nine will inaugurate its home game card Tuesday afternoon at 3:30, when the Worthington High dubbers visit the local diamond, it was announced by Coach George Williams this week. According to present plans the Buckaroos will take part in 20 or more contests.

Following the opening tussle Tuesday, the Cowboys will trek to Worthington Apr. 8, to match the Franklin county team in a return game. Then comes the City league opener on Apt. 16, and a skirmish with Aquinas here on the following Friday. Apt. 20, will find the Cowboys entertaining the Springfield High track and baseball squads and three days later, Apr. 23, the Bucks will be back in league competition with the North Polar Bears, defending City league champion, providing the opposition at Magic field.

In addition to the 10 City league frays, Coach Williams is planning to have games with Greenfield McClain, Zanesville and a home series with the Grandview Bobcats. No league scraps on the sked in addition to the Worthington tussles include Springfield, Marion Harding, and the district meet opponent on May 10 and 11. Spring Brings Desire To Build New Homes In Community

Low Cost Housing Project Is Started By Local Firm

On another page appears a picture of the first KEN-DICK HOME to be completed under title one, class three regulations of FHA, better known as low cost housing.

Ken Dickerson, Inc., 3127 W. Broad-st, is sponsoring the project which is now under way on Buena Vista-av, Rome. Three Ken-Dick homes are now under construction and a group of 80 more will be built during the summer months.

Lots in the tract which have already been staked off will be approximately 140 feet deep and will have a frontage of 50 to 66 feet. The homes will be in the low price range of $2,950, including the cost of the lot. Monthly payments can be arranged as low as $17 per month, according to Ken Dickerson, sponsor of the project.

The lots will be large enough to provide for a garden plot and shade trees. Electricity, gas, water and sewer facilities are available on all the properties.

One of the features of the homes in the new project is that they will be heated by a forced air gas furnace said to be a more economically method of heating with this type of home.

All the homes will be built as one floor plans with five rooms, hardwood floors, 3-coat plaster walls, including two bedrooms with bath, large living room, kitchen and utility room with attached garage, or detached, as the owner may prefer.

The architect for the project has planned a variety of exterior which will give all homes a distinctive individual appearance usually not found in such lost cost houses.

All KEN-DICK homes to be built in this project will be rigidly supervised by FHA inspectors which assures the ultimate owner of the best possible construction.

The first KEN-DICK homes will be open for inspection this week-end at 74 Buena Vista-av, Rome.

Electricity Aids In Modernizing Farm Houses

In thousands of farm houses throughout the country the many benefits and advantages of running water under pressure are being made available through the swift advance of rural electrification. The bathroom in the farm home can now be just as up-to-date and attractive as the bathroom in the city home.

With the installation of an electric water system, not only may the bathroom be modernized but washrooms and lavatories for the hired hands may also be easily improved. When the bathroom is located on the second floor it is wise to provide the first floor wash room with a lavatory and a shower compartment.

If the farm house does not have an indoor downstairs washroom, funds obtained under the Federal Housing Administration Modernization Credit plan will aid in the utilization of unused space for that purpose. Large closets, sections of bedrooms, and unused hall ends may be easily converted into fully equipped washrooms.

The regulation of interest rates is a form of police power which is generally exercised by state legislatures. Interest laws may be divided for convenience into four classes, which are: Statues fixing the legal rate of interest, laws fixing the maximum contract rate of interest, regulatory small loan statutes and specific enabling acts. In Ohio the maximum monthly rate on small loans is three per cent plus a $1 fee on small loans.

Hilltop Building Prospects Viewed As Excellent For Year

With several scores of new homes, at least two apartment buildings and a number of business buildings projected or already under way, aside from many remodeling and improvement proposals, indications are that building construction of all kinds this year will equal, if not exceed last year's total, that in turn was substantially better than in 1938, according to comparative statistics for the Hilltop area.

Despite prolonged cold weather and temperatures that were substantially lower than in the winter a year ago, construction in the early part of the year proceeded at an encouraging pace and is now gaining momentum with spring already here.

In the first three weeks of March, the city division of building regulation this year issued a total of 201 building permits for construction with a total estimated value of $455,885 against a total of 282 permits with a value of $710,650 in the entire month of March, 1939.

Had Record Day

For the first two months of this year, a total of 246 permits with a valuation of $700,606 were issued, Miss Vera Hunter, secretary of the division, reported.

Friday, Mar. 22, was a record breaking day for permits for this year, she said, 23 having been issued.

From permits issued, construction activities in the Columbus area are heaviest on the Hilltop, southeast section and on the North side, Miss Hunter said.

Several important construction projects are scheduled to be announced within the next few weeks, according to reports. These include a large business project in the vicinity of Sullivant and Hague avenues by a national grocery concern and contemplated improvements by the owner of extensive property holdings in the vicinity of Broad-st and Hague-av.

Included in the dwelling house classification, 80 permits have been issued in the first three weeks of March as compared with 90 for January and Febru-

Fund Will Survey New Housing Needs

A survey of housing needs as they present re-employment opportunities is being undertaken by a newly appointed committee of the Twentieth Century Fund. Miles L. Colean will accept appointment as research director of the survey.

"The Fund's investigation," said Evans Clark, executive director, "will attempt to determine how residential construction can be stimulated, with a view to contributing substantially to the restoration of a higher level of employment, meeting the recognized need for more adequate housing for the American people, and making more effective use of the country's available resources."

Hoagland Heads Committee

Dr. Henry E. Hoagland, professor of business finance at Ohio State university, former member of the Federal Home Loan Bank board, is chairman of the committee sponsoring the survey. This committee, representing various interests and points of view, will review the findings of the research staff and, on the basis of these factual data, will present a program of recommended action.

Business Bureau Warns Against Siding Salesmen

Columbus and central Ohio residents who are considering remodeling their homes were warned today against "high pressure" salesmen engaged in the sale of imitation brick siding.

Warning was issued by the Columbus Better Business bureau, which said that they had had numerous complaints and inquiries on salesmen for various concerns. These salesmen have used the story that homes remodeled by the application of imitation brick siding would be used as a "model" and that so much commission might be earned as a result of this house being displayed that the job would cost the home owner little or nothing.

This "model home" story has been disproved in recent years the bureau said, and suggested that any persons interested in remodeling homes in this way secure competitive bids from reliable lumber and construction companies before signing contracts.

Modern Homes, Inc. Active On Hilltop

One of the most active builders of new homes on the Hilltop at the present time is Modern Homes, Inc., 330 Dublin-av, with Herbert Huffman as general [illegible]

The company specializes in building homes at a price the average person can afford to pay and makes loans available for building with only five per cent down payment. Monthly payments cost no more than rent.

Building Volume Gains Over Past Six Year Period

By A. W. Jordan
Auditor for West Side Lumber and Coal Co.

Each year since 1934, residential buildings has gained in volume, but the conditions under which a new home can be acquired have become progressively liberalized.

Monthly payments have been considerably decreased, as home construction costs only about 85% of 1926 building costs.

Present construction has reached a state of settled security as opposed to boom building. The lowest interest in American history is now available. A house built in 1920 for $8,000, can now be built for $6,400. Small house architecture has reached the most practical stage of a 250 year career. Reductions in family income have sharpened designing wit and improved design producing more house per dollar.

Boy Shot In Eye By Air Rifle

George Bessman, aged eight, is recovering from an injury to his right eye received last Wednesday night when he was struck by an air rifle shot while playing in the rear of 29 Whitethorne-av. He was treated at Mt. Carmel hospital.

Police said the rifle was fired by Roland Chapman, aged 15, of 29 Whitethorne-av, who was shooting at a bottle.

Inch of Rain Is 3,630 Cu. Ft. Per Acre

The meaning of one inch of rain is shown by the fact that an acre of ground contains 43,560 square feet. Consequently, a rainfall of an inch over one acre of ground would mean a total of 6,272,640 cubic inches of water. This is the equivalent of 3,630 cubic feet.

As a cubic foot of water weighs about 62.4 pounds, the amount varying with the density, it follows that the weight of a uniform coating of one inch of rain over one acre of surface would be 226,512 pounds or 113¼ short tons.

The weight of a U. S. gallon of pure water is 8.345 pounds. Consequently a rainfall of one inch over one acre of ground would mean 27,143 gallons of water. This is equivalent to 603 barrels of 45 gallons each.

Daugherty In Shade Business For 19 Years

Charles Daugherty, 97 S. Roys-av, has been in the window shade business for 19 years. He is owner and manager of the Daugherty Shade Factory, 2283 W. Broad-st.

During that time he believes he has put shades on at least half of the houses on the Hilltop, inasmuch as half of his business is east of the river.

Recently venetian shades have started to take the place of cloth shades. In addition to the shade business the firm deals in wallpaper, enamels and kindred household decorative needs.

Daugherty has lived in Franklin county practically all of his life.

Streaks On Ceiling Are Easily Avoided

Plaster of paris is used by most householders for patching plastering. However, it sets so quickly that often it is difficult to make a smooth patch. Wood fibered gypsum plaster will be found equally as satisfactory and is much easier to work. A large patch over wood lath is more easily made by first covering the area with metal lath nailed and wired to the wood lath. This is particularly true of ceiling patches.

It's Building Time Too

The Ole Fishin' Hole isn't the only sure sign of spring. New houses by the dozen are beginning to take shape as a new building season comes into full swing. Many of these new homes are being built with funds made available by our Direct Reduction Plan. Some of these families didn't think a new house was possible on their modest incomes. But owning a home proved no more of a financial burden than the rent they were previously paying.

Step in today while "spring is in the air." It's a good time to talk over your plans for building or buying a home of your own.

Metal Lath and Plaster Check Fire One Hour

Plaster is of value as a fire resistive material only so long as it stays in place. The greatest problem, therefore, is to prevent it from cracking and falling off the wall or ceiling when it is exposed to fire. The materials of which plaster is composed expand when heated. Sudden, severe local application of heat, as in a fire, will cause sudden, severe local expansion. The only direction the plaster is free to expand is by bulging outward away from the wall. This quickly breaks the keys, or tears the lath loose and the plaster falls. This effect is perhaps magnified by the partial calcination of the cementitious materials and by the peculiar expansion of the grains of quartz sand, both of which weaken the plaster and make it less able to resist the strains.

It seems that the nature of the lath is more important than the nature of the plaster, as tests by the Fire Underwriters laboratories and others indicate that cement and gypsum plaster on metal lath will afford a one hour's rating for wooden structural members protected by the metal lath and plaster.—Adapted from U. S. Bureau of Standards bulletin, "Properties of Wall Plaster."

FLOOR—PLAN

This small home, a variation on the Colonial theme, is particularly noteworthy for two reasons of practically equal importance. First is its simplicity and the interesting handling of detail, and second is its nominal cost. Financed under the Federal Housing Administration plan, the property has a mortgage of $3,300 which will be repaid over a period of 21 years by monthly payments of approximately $21. This does not include local taxes or hazard insurance.

First Federal Offers Loan Services

Herbert Deems

Securing the loan is but the first step in home financing, according to Herbert Deems, secretary of the First Federal Savings and Loan association, 2369 W. Broad-st. During the 10 or 15 years that the loan may run, many things may happen that will necessitate the advice of someone with a knowledge of loans. This service is always available to First Federal borrowers.

A policy of the firm has been to deal with loan applications with all possible speed. Loans are usually closed in 48 hours and less, thus eliminating much of the "red tape" often encountered.

The First Federal charges no commission for handling the loan. There is a nominal fee to cover appraisal and title examination. The first cost is the only cost incurred.

Payments under this plan can be handled like rent. A new principal established each month thus creating a substantial saving in interest accumulation. Additional payments can be made at any time and the entire balance may be paid without penalty. The loan is written for from five to 15 years, thus eliminating the expense and worry of refinancing, which is characteristic of short term loans.

Wasn't House That Inspired Poet To Sing

The influence of color upon moods and temperaments is a matter of scientific discernment. Blue is restful, red exciting, magenta exhilarating, while purple is regal. Likewise, the effects of music are recognized. Sublime intonations inspire worship, martial airs arouse patriotism—and midnight jazz from a neighbor's radio incites murder.

Science also has computed the wear and tear of various noises upon human nerves, and has suggested means of reducing the city's din. This is important because harrassing confusion sometimes is blamed for unbalanced reason and even self-destruction. Garish billboards along scenic highways are denounced as ruthless commercial despoilation of natural beauty, the enjoyment of which is believed to be soothingly beneficial.

But who has given careful study to the influence upon our personalities of the appearance of buildings around us, or of those coming within the purview of our daily routine? Many structures, particularly the older and smaller ones, were erected with scant regard for their environs—and with little thought of appearance. Additions or alterations often are grotesque distortions.

Strident noises soon die away, and the sun mercifully fades gaudy colors, but a structural monstrosity remains to increasingly offend sensitive eyes, even into the third and fourth generations. One man can build a house but almost countless thousands may have to endure the grating visual effect of his blundering. A hideous perspective offends a keen sense of proportion and symmetry even as a discord rasps on musical ears. Latent architectural appreciation is almost as prevalent as a love of music—and equally worthy of encouragement.

Building ordinances prohibit the erection of unsafe structures, but there's no ban on the creation of eyesores. However, careful planning and competent designing increase the efficiency of buildings, give them greater buyer appeal—and win the aesthetic appreciation of the general public. The exterior and interior lines of a well-proportioned building are as inspiring as a lovely song—and far more enduring. "A thing of beauty is a joy forever."

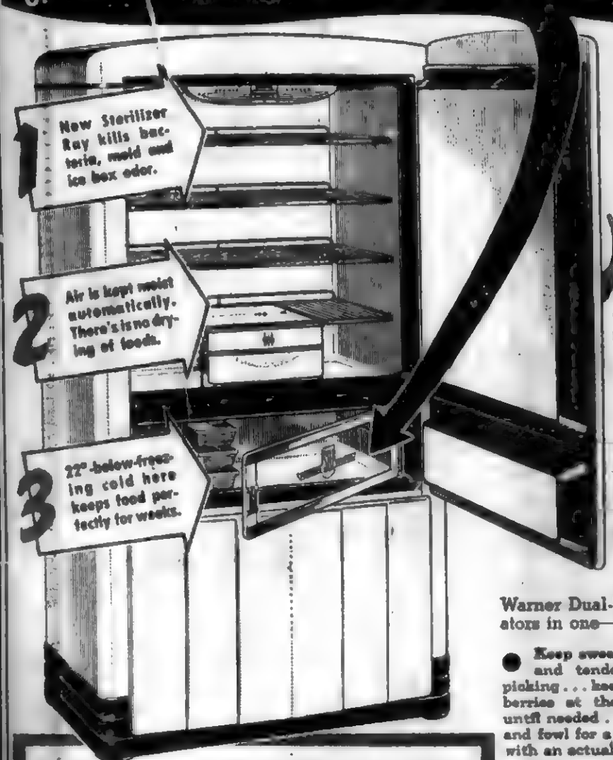
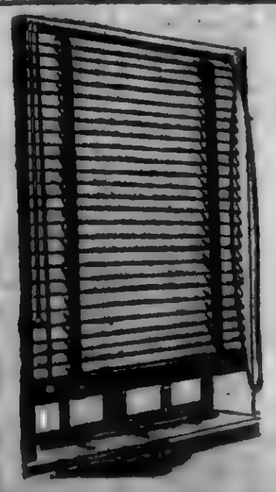
Lumber Group Sees Consumption Rise

Stressing the continuing "great opportunity" of the lumber industry to participate in the nation-wide housing activity, the Lumber Survey committee reported to the secretary of commerce that with home building in 1940 expected to increase slightly over the relatively high record of 1939, lumber consumption in the first quarter of 1940 should be about five per cent above the similar period of last year.



The Lumber Survey committee made its quarterly analysis of lumber movement, consumption and stocks at the request of the secretary of commerce.

Widest opportunities for the lumber industry's participation in the extensive home-building program exist in the towns and rural communities in which there is a shortage of up-to-date housing but more than the average of employment, according to the conclusions of the committee.



The committee also reported that fear has subsided, for the present at least, that building costs would rise sufficiently to curtail home construction.

Instantaneous Hot Water Is Possible

It is possible to have hot water as soon as the hot water faucet is opened if the plumber installing the domestic hot water piping will run the supply line from the storage tank in a complete loop so that all hot water faucets are connected, and so that the supply line returns to the storage tank. In this way the water in the storage tank may circulate at will through the hot water lines, making hot water always available if the water in the storage tank is hot.

1939 Mortgages Total 1,362,794

Home mortgages on non-farm property numbering 1,362,794 and amounting to $3,765,595,000 were recorded by lending institutions and individual mortgagees in the United States in 1939.

The figures come from a monthly compilation of recordings of mortgages of $20,000 or less, begun in 1939, and are the first reports ever assembled of current home financing by all types of lenders. Future reports will permit the determination of trends of participation by all factors in this field. The figures do not show "net new loans" since obligations refinanced by the same lenders are included. Loans on existing as well as new homes are included.

Savings and loan associations were responsible for 34 per cent of the number and 31 per cent of the amount of the mortgages recorded for the year, more than any other group.

In December, 113,241 mortgages valued at $316,541,000 were recorded. This was only slightly less than in November which is customarily a much more active lending month.

Fire Precaution

To reduce home fire losses, open joists over furnaces should be protected by gypsum plaster on metal lath. It's easily installed.

Abrasion-Resistant Paint

Home owners who have recreation rooms in their basements will be interested in a new paint which is designed to provide a 'colorful coating for floors of concrete, steel, wood or composition. An abrasion-resistant coating of high hardness, the paint can be put to its best use on surfaces where resistance to wear, water, heat, acid or alkali is important. The paint is supplied in 22 colors and black and white.

Percy With West Side For 30 Years

Raymond Percy

Raymond A. Percy, 1915 Fairmont-av, started with the West Side Lumber and Coal Co. 30 years ago. During that time he has seen many changes take place in the community as the Hilltop continued to grow at a rapid pace.

He remembers the time when plowing the fields in the vicinity of Camp Chase, of finding bullets from the camp activities. When he started in the business there were few streets on the Hilltop and only 300 or 400 persons living here.

Percy recalls the coming of the first city street car line out Broad-st, and the traction line from Columbus to Springfield.

The firm was started with just one car of coal. Delivery was made by horse and wagon. Since then the company has increased to its present status.

Percy is married and has one son. His hobbies are fishing, baseball, bowling and playing bridge in Jack Shank's bridge club.

I AIN'T MAD AT NOBODY

WHO IS RICH?

What is your opinion of riches, who has the greatest wealth
Do you figure riches by dollars or a man's physical health.
Are you governed by the rule of the penny or a healthy contented soul
What is your opinion of riches and what should be our goal.

Money is what we strive for, physical health is a wonderful thing
But what of the healthy soul, and the contentment and peace it will bring.
If you have money in the vaults, it will clothe and keep you in food
It will take you on a vacation, if you're in the traveling mood.

This is my opinion of riches, make heaven for your goal
The smartest thing we can do is strive for a healthy soul
All other things are material, if your soul is not at rest
You're sure to die very poor, although tons of gold in a chest.

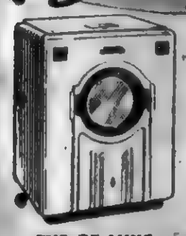
MEMO FROM A MR. to his MRS.



"Hmmmm . . . Say, that's good news! A real Bendix Home Laundry, priced lower than I've ever seen before. Must be a new model just introduced. Better tell the Mrs. to stop in and take a look at it. She's been working awfully hard on washdays, anyway. Much too hard! They say the Bendix does ALL the hard work — washes, rinses and damp-dries —and her hands need never touch water. We can easily afford the Utility model and save money in the long run. Certainly is a bargain!"

Units of Project Housing 1,102 Families

These attractively landscaped units are representative of those making up the vast Wyvernwood development at Los Angeles which provide modern accommodations for 1,102 families. Containing 4,425 rooms, Wyvernwood has a rental scale averaging $9.34 per room, or an average of $37.06 per family unit.

A $3,000,000 mortgage on this property was insured by the Federal Housing Administration. Valuation of the development has been set at $3,845,000.

The Wyvernwood project is one of the largest privately-financed rental housing developments in the country.

1940 Home Building Total To Equal Volume of 1939

The nation's total of home building in 1940 will keep pace with the volume reached in 1939, which was the record year for a decade, the Federal Home Loan Bank review predicted in its third annual survey of economic and business conditions.

Among key statement in the annual survey were:

Labor Costs Decline

Any further diversion of industry to meet war production demands will cause uncertainties in the construction field, and any emphatic upward trend of building costs might interfere with the substantial amount of home building expected. During 1939 only a slight increase occurred in the index of the cost of a standard house, maintained by the Federal Home Loan Bank board. A small decline in labor costs was more than offset by higher material prices.

A five per cent interest rate was for the first time the commonest nominal charge for first mortgages on new, moderately priced homes, indicating stable or falling mortgage interest rates in the immediate future.

Favorable Factors

Factors favorable for more building include an anticipated rise in the national income, increasing emphasis by government and industry on the necessity for producing low-cost homes to satisfy the market demand, reduced interest rates, minimum down payments, and extended loan plans.

Real estate sales in 1939 "averaged considerably better than in 1938 and somewhat above 1937." Most active sales were in new five to six room modern houses priced below $5,000 and older properties priced below $3,000.

Savings and loan associations enjoyed the most successful year since 1929; savings placed by the public in them reached new high totals and the trend continues upward.

Small home mortgages insured totaled $689,400,000, a 41 per cent increase over 1938. Of the total dollar volume of mortgages accepted for insurance, 76 per cent was on new homes, compared with 69 per cent in 1938 and 55 per cent in 1937. A total of 151,000 new dwelling units were financed under the FHA plan in 1939, compared with 118,000 in 1938, or about one-third of all new nonfarm units built.

Phillips Does Large Wallpaper Business

The Phillips Wallpaper store, 169 E. Main-st, furnished the wallpaper for new homes being constructed in Rome by Kenneth Dickerson. James Phillips, owner of the business since July, 1938, was with Mr. Fuchs, former owner of the store, for 15 years.

The firm carries a complete line of wallpaper and paints as well as supplies for painters and paperhangers. The store has seven clerks and Mr. Phillips has contracts with wholesalers.

Coffman Adds Stewart-Warner

A 1940 line of Stewart-Warner refrigerators has just been added to the line of appliances handled by Coffman's, 3388 W. Broad-st, according to Finley Coffman, manager of the firm. The Stewart-Warner line supplements the Kelvinator refrigerators already in stock for spring purchasers.

For the past couple of years Coffman's have been distributors for Coffman Automat stokers. Many homes have already added the comforts of automatic coal firing provided by this stoker.

The Automat is said to greatly reduce the dust and dirt nuisance present in the old fashioned method of firing. It provides clean, even heat at a uniform temperature 24 hours per day without attention, thus cutting down the loss of excess heat one hour and then a cold house in the morning.

Miss Dorothy Jane Riddle, 3005 W. Broad-st, was among several Columbus students who were cited for unusually good showings in Ohio State university's department of romance languages in the past quarter.

"Best Season Since '29" Expected By Lumber Dealer

View of office and yards of Jones Lumber and Coal Co.

"We're expecting the best building season since 1929," was the optomistic outlook of W. Hayden Jones, manager of the Jones Lumber and Coal Co., 57 N Sylvan-av, this week.

"One reason for the increased activity is due to the fact that people are getting more for their money than at any time in the past 20 years," he continued.

Such advantages as better building materials, more thorough inspection by the city and FHA officials, more efficient insulation and heating equipment were pointed out as proof of this statement. All this adds up to a more sturdy home and at the same time a far more convenient and comfortable home at no greater cost than was true several years ago.

Jones' firm has been supplying building materials for the construction of Hilltop homes for the past 11 years. During the depression only two salesmen were employed, but at the present time four are active, taking care of handling estimates and contacting the building trade. On the sales force in addition to Jones are Harold Green, Abe Jones and Pat Jones. An average of 10 people are employed by the firm in various capacities.

At the present time the company is supplying materials for 12 homes.

Telephone Niche Easily Made

A niche for the telephone, or for ornamental purposes, is easily constructed. Cut away an area of plastering between studs, line the pocket with metal lath that can be curved to the desired shape, and wired together, securely attach it to the studs with small nails, and apply the necessary plaster. To hide the joint between the old plastering and the new, a neat moulding can be formed around the opening.

Hill Appliance Shows Norge

The 1940 line of Norge refrigerators, ranges, ironers and other appliances are now on sale at the A. H. Hill Appliance shop, 2455 Sullivant-av, A. H. Hill owner of the firm, said today.

"I believe the popularity and reputation of this line of merchandise will warrant the patronage of my customers," Hill said.

A. H. Hill

The store, in business at that location for the past three years, also handles Hotpoint ranges and ironers, Easy, Maytag and Blackstone washers, RCA Victor and Zenith radios and other small appliances.

Considerable interest has already been shown in the new line of Norge refrigerators by persons planning to buy this year. All indications point to a good year for that appliance, Hill stated.

The Navesink, N. J., lighthouse is the brightest in the United States, the light having 9,000,000 candle power.

Treat Your House To the Best

The lumber in your house is just as important as the material that goes into the foundation. For the stability of your house, be it brick or frame, depends on a framework of sturdy materials.

There is as much difference in lumber and millwork as in the foods you eat. Some of them are good, some are unsatisfactory. You should be sure the lumber that goes into your home is first quality. You are not getting your money's worth if it isn't. A reliable lumber firm will not sell you anything but good material.
Let us estimate your building needs. Our service is at your disposal without obligation.

Whether you plan to build, remodel or repair your home we have materials you need. This is a good time to spend a few dollars in beautifying your house. The winter has been hard on it and needed repairs made now will save you countless dollars later on.

Fifth Street Teaches Fifth Avenue a Lesson

Maybe we folks on 5th Street watch our pennies more closely than you Van-An-Vanders of Fifth Avenue. Anyway, we demand the utmost protection paint can afford when redecorating our homes. We want the durability and beauty which "Minnesota" Tested products give.

We can't afford to buy less than the best because "cheap" paints don't last long or give sufficient protection. Their spreading rate per gallon is less than "Minnesota" Tested's which makes painting with them more expensive even though their "per gallon" price is less.

Half A Street Or None?

Over on Sullivant avenue the city has been tearing out street car tracks and present plans call for a covering of hot mix composition that will provide a street similar to that repaired on the east end of Sullivant avenue this past year.

We don't see the value of such a building program. Businesses and individuals generally build for permanence. They put their money into a program that will provide more good over a longer period.

Such a paving program for Sullivant avenue is a temporary proposition at the best and a look at the east Sullivant paving will give ample proof that it is a botched up job and one that is going to prove highly unsatisfactory after being traversed by the heavy traffic that finds its way down that street in the course of a few months.

We believe people who use this street deserve something better than a temporary arrangement and the people of Columbus should ask that all such street building be done on a permanent basis.

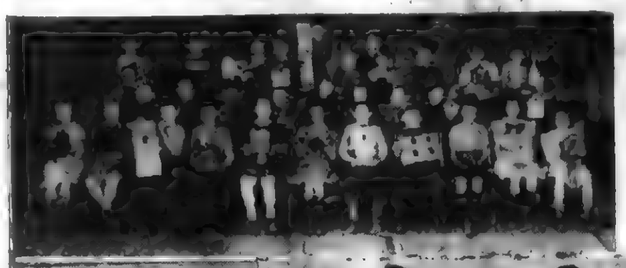
Live All Your Life

That letter Walter Russell Bowie received from a small boy reminds us that sometimes we may be inclined to overlook some of the fine points of living. The youngster concluded his letter with "I hope you live all your life."

How many of us make a regular check up to determine if we are living all that we should? Are we getting all that we should out of life? At this season of the year are you seeing all the beauties of nature? Are you awake to what life has to offer?



These are the days we can't help but heed the small boy's advice and wake up and live all our lives.

Many Happy Returns

Our most grateful thanks to the Camp Fire girls for the fine cake delivered to our office this past week in response to the publicity given their birthday anniversary. In the first place the gesture in itself was among the finest we have experienced and secondly . . . what a cake! This is one time we'd sure love to be able to eat our cake and have it too. Again we say, THANKS!

Note - Spring Is Here For Sure

Rent Free For Birds Only

Definite evidence that spring is really here is shown above in the display of bird houses made by the pupils in the nature study classes of the fifth grade at John Burroughs school, where pupils have been industriously plying their time designing and building shelters for flickers, house wrens and martens.

Held every year, the bird house building program this year produced more unique designs and many larger houses that in past years as is shown in the group of six prize winners, who are, left to right: Betty Donohue, 160 S. Warren-av; Ruth Kreuzio, 403 S. Wayne-av; Charles Walemeyer, 301 Nashoba-av; Robert Nebinger, 809 S. Wayne-av; Robert Lea Ford, 757 S. Harris-av; Gene Allen, 291 S. Richardson-av.

One of the largest houses was built by Thomas Fisher, aged 10, of 858 S. Eureka-av, shown inset, while Darrell Johnson, also 10, of 799 S. Eureka-av, shown in the center of the large group, built a unique house of tall lighthouse design with a weather vane on top.

Start Work This Week On Rt. 40

Preliminary construction work on the U. S. Rt. 40 super highway project from the west city limits in Broad-st to West Jefferson began this week with the arrival of spring weather, officials of the L. L. Clymer Co., which has the contract, declared.

While heavy construction operations will not start for about three weeks, the work of clearing the right of way, ditching, grading, setting back power poles, preparing to do work on culverts and other preliminary operations have been started.

Tabulate Bids

Aside from weather conditions, clearing the north side of the road of power lines acted to slightly delay the work, a company representative said.

The state highway department is now tabulating bids for the construction of two bridges over Big Darby creek and Little Darby creek, a part of the improvement which was estimated to cost approximately $500,000. Bids on the bridges were opened Tuesday.

The divided highway approaches and bridges will connect with the seven mile route improvement, which will be carried out along the entire north side of the road between the city limits and Big Darby. The bridges are scheduled to be completed in November, 1941.

L. L. Clymer, the contractor, is from Bluffton.

Hilltop residents who frequent Westgate park this spring and summer will have the opportunity of watching the antics of 14 ducks of several different varieties placed in the pond there this week by city officials.

George Johnson, 462 Westgate-av, caretaker at the park, warned the public against stoning or annoying the fowl. They can be fed hard bread and similar tidbits, however, he said.

As soon as weather permits, Johnson said he plans to build a runway on the island and a place where the ducks may find shelter to nest, if they wish.

If the ducks remain, the city may place swans in the pond next year, he declared.

West Nine Wallops Worthington In Opener

West High's veteran baseball ensemble opened the local baseball campaign in an auspicious manner Tuesday afternoon at Magly field by blanking the Worthington High school team 10-0 in a seven-inning contest. The Buckaroos will trek to Worthington Monday afternoon for a return contest.

With the varsity pitchers, Richards and Swisher not in uniform, George Ruder, Howard Terry, Dick Smith and Jask Kulp each took a turn in twirling for the locals. Ruder turned in the best performance, facing only seven men in two innings and fanning two, while Worthington secured four hits off the deliveries of Terry and Smith.

Bill Albert secured the first hit and also the first homerun of the season by socking a four-bagger in the second inning for the first Buck tally. The Cowboys tallied six more runs in the third inning with "Ding" Bell's double being the principal blow, and in the sixth, Bill Mack's homerun was the main hit in a three-run rally.

Following is a brief resume of the West High squad as it shapes up.

Plenty of Veterans

Coach Williams has seven of his starting nine back this season and at only two posts, second base and center field, are there new faces. Ned Bell, veteran second baseman, will take over

New washers for golf balls have been installed; six new raised tees have been added and 35 tons of sand placed in the traps. By Apr. 16 there will be 110 new saplings on the course for additional hazards. The course is located one-fourth mile south of Rome. Because of its nearness to the Hilltop, it has always enjoyed a good local patronage.

Hilltoppers At Work—

Ed House Checks Boys Attendance At West High

Ed House

Perhaps no other individual at West High school knows as many of the boys enrolled there as Ed House and there's a good reason for it. Ed is in charge of boys' attendance for the entire school and if you think that is a small job just consider yourself matching wits with the excuses of 748 boys on a balmy April day when the fish are starting to bite.

Under the centralized system of administration installed by Dr. H. H. Reighley when he became principal at West three years ago attendance, tardiness and absence is handled by two persons responsible for that job rather than by the home room teacher. Heading this work for the girls is Mrs. Laura Mason and for the similar supervision of boys Dr. Reighley assigned Ed.

A master "G-Man" file lists every absence so far this year and suitable explanation must be offered for every entry. The task of keeping check on so large a number goes beyond the regular school hours so far as his work is concerned. Many are the telephone calls that are necessary and week-end calls at the homes of several of the boys who have been lax in attendance or punctuality are made to determine the cause.

Attendance Good

That the system thus employed is effective is born out in the fact that West attendance has been consistently higher than any other school in the city. And to add to the success of the system is the fact that the boys like the setup even though it may "call them on the carpet" once in a while. Perhaps no other teacher at West is more popular than Ed. He calls most of the boys by their first names.

In addition to his administration work he finds time to teach two English classes and supervise two study halls. He started teaching in Caldwell junior high 13 years ago. After three years there he spent seven at West junior high before coming up to senior high three years ago. In 1930 he received his arts degree from Ohio university where he sang in the men's glee club. Before that he attended Muskingum college. In 1937 he took his masters degree from the school of administration at Ohio State university.

Ed was married three years ago to the former Mary Davis of Cambridge only 17 miles from his home town of Caldwell. Oddly enough they met in Co-

THE UNIVERSAL THEME

By George E. Wagner

Assembled from far distant lands,
An alien group piled brawn and hands.
One native son was near his home,
One swarthy youth from ancient Rome.
Two others were from Budapest,
And one from far off Bukharest;
With these his labor to employ,
From Essen came a German boy.

Engaged in loading stones and [illegible]

With frequent respite from their toil,
They held no converse each to [illegible]
For no one knew the other's speech.
Since speechless toil prolonged the day
They shortened it by prankster play.
One awkward day when hours seemed long,
The homeland boy burst into [illegible]
He had a mellow tenor voice
To make an angel choir rejoice.
With songs he filled their resting [illegible]
Some frivolous and some sublime.
Some songs in every land are known,
Rich gems that each man calls his own.
When some of these were being sung
The German joined in his own tongue.
Though neither one could understand
Words of the other's native land,
At resting time when the task was done,
They often sang in unison.
Sometimes the tenor sang alone
But when the golden baritone
In some familiar song took part,
The music reached the crudest [illegible]
That listened in that little band
Of untaught mind and caloused [illegible]

They sang of themes both gay and grave,
Of mountain top and rolling [illegible]
Of mother, home, and hearthfires bright;
Of patriotic valor's might.
When of that universal theme,
That highest reach of poet's dream;
When one sweet song of love they sang
Their mingled voices sweeter rang
Than tone of any other word
That in those labored days we heard.
As one voice sang the closing line
Of "Love Me And The World Is Mine"
The boy from Essen near the Rhine
Sang "Lieb Mich Und Die Welt Ist Mein."

DEITY!

I am a God, my word is law;
I chastise or destroy;
I rule by love and yet by fear;
Allegiance I enjoy.

I am a God, my little world
I rule with iron hand;
My slightest wish is ever law;
I have but to command.

I am a God, eyes follow me
Wherever I may go;
Eyes filled with love, devotion true,
All eager such to show.

I am a God, don't laugh at me;
I'm not in mental fog;
The one who sees me as a God
Is just my little dog.

D. E. Mumford in SINGING QUILL.

RECANTER

I jested at wealth and pride of place,
My heart, a restive one,
Scoffed at rules, and mocked at [illegible]
And then—I bore a son.

I preached convention (staid but safe)
Before its gods kowtow;
This once-heretic heart of mine
Is a conformist now.

Modernizing Old Furniture With The Paint Brush

Whether we run our homes on a close budget or a liberal one, most of us like to get our hands on a paint brush during this spring season, and do over some of our old furniture. There is much more than economic satisfaction in these refinishing jobs, if you go at them whole-heartedly. Bringing the old timers up-to-date with fresh, modern colors gives you such a nice glow of personal gratification. For you've really made something new, and had a lot of fun as well. Refinishing furniture need not be a laborious task, now that we have synthetic enamels, such as 'Duco," which brush on more easily and dry far more quickly than the old-time paints. The job is completed so rapidly that you can often paint a piece in the morning and have it back in service again by nightfall.

The choice of color is usually your first consideration. Alice E. Riley, director of the DuPont Style News Service, offers the following suggestions, which may solve your color problems: For small pieces like wall cabinets, tea tables and occasional chairs, Miss Riley selects a tone that picks up a color from the curtains and upholstery. If you're going to paint dinette furniture, she advises something very gay and cheerful—such as lettuce green with yellow trim or buff with tangerine. For a feminine bedroom, pastel colors are now much in vogue. On the furniture in a young girl's room a soft blue with white edging is suggested. You can give it a French effect by antiquing the freshly enameled surface with a glaze coating of raw umber mixed with raw sienna. Immediately after applying this glaze, wipe off most of it with a wad of cheesecloth, leaving just enough in the corners and on the flat surface to give the mellowed effects desired.

Be sure to wash your furniture clean before refinishing, says Miss Riley, and let the surface get thoroughly dry. Dirt and dampness under the paint will prevent satisfactory adherence of the fresh coating. Oil, wax, furniture polish or grease must be removed and will easily come off by rubbing with turpentine. After wiping the surface dry, go over it with No. 0000 sandpaper, dust off with a clean cloth, and you are ready to go ahead with the painting.

If the article you are going to paint is a chair, the work will be simplified if you place it on a table, turn it upside down and start on the legs. Then you can proceed without leaving fingermarks on the fresh paint. To protect your table from drippings and smears, spread newspapers underneath the chair.

Perhaps some of the pieces can be improved by a little carpentry work. Dressers with attached mirrors will look more modern if the mirror is removed and hung separately. Ugly applied carvings can be pried off, the old drawer knobs replaced with modern ones.

If the old finish is in good condition one coat of synthetic enamel may be sufficient, as the new paints have remarkable hiding powers. When two or more coats are used, allow ample time for drying between coats. On furniture that is scarred or marred, first brush on the undercoating that is made especially for use with the enamel. Then apply the enamel.

It's important to stir the enamel thoroughly in the can, with a wooden or metal stick, so the pigment will be smoothly mixed. Provide yourself with a new soft-bristle brush and dip it deep into the can, filling the bristles full each time. The paint will flow on smoothly and may be gone over without danger of leaving brush marks. Should sags or runs occur, they can be corrected with a full brush, but never with a dry one.

In fact modern paint formulas have so simplified the once tedious job of refinishing furniture that there is now no excuse for harboring pieces that are out of step with present-day styles in decoration. It has been found, too, that the new finishes are more lasting and are easier to keep clean—practical values that mean much to all good housekeepers.

Letters To The Editor

Dear Editor:

Again I wish to bring a verbal bouquet to the members of the Hilltop Business Men's association for the splendid minstrel show that has passed into history. My opinion is that it "was the best ever." No need to mention the separate artists. That has been so well expressed by others. But, my wish is to say we thank you for the very enjoyable evening spent with our friends and neighbors in such a wholesome entertainment.

Very sincerely,
Mrs. Arthur Tomlinson
436 S. Ogden-av

P. S.: Looking forward to the Eisteddfod.

Hilliards, O., March 1, 1940.

To the Editor,
Hilltop Record.
Dear Sir:

The writer has a suggestion for the Charity Newsies. For years I have given to this organization, sometimes not much, but I gave what I could, as did many others.

Recently a case came to my attention where the father was sick and his two children did not have sufficient clothing to attend school. Thanks to Mr. Shade, who realized their situation and saw that they were supplied with food and coal immediately.

With a note from the township trustees, the Charity Newsies were asked to donate some clothing, but, because these people lived outside the city limits, they were refused help.

What is the difference where they live! If they need clothing, they need it. Particularly when it is such an essential factor in keeping them in school. The Charity Newsies don't ask where you live when they ask for a contribution.

There is no doubt in my mind but what the Charity Newsies have done a lot of good in the past, and also that about 15 or 20 per cent of their contributions have come from outside the city limits. So why not reciprocate and where there is an actual case of need, let the needy be supplied. I'm sure that most of the contributors feel the same as I.

M. J. CLARK.

To the Editor,
Hilltop Record.

Allow us to present a new Veterans association to your readers; this association will not be affiliated with any other group or organization.

These men are your postal employees, the men who deliver your mail to you, and this is strictly a local association, being confined to the ex-service veterans in the Columbus post office and sub stations of Columbus.

To be eligible to membership in this association a veteran must have had honorable discharge from some branch of our nation's armed forces.

Due to the fact that peacetime veterans as well as war veterans are eligible to membership, it would be impossible to affiliate this association with any other.

This association to be known as "Postal Ex-Service Man's association," its aims and ideals are just these: The protection and advancement of the veteran in his job as a postal employee.

We pledge ourselves to work for the good of all postal employees and assist the recognized veterans organizations, whenever possible to do so.

Due to the kindness of Westway post, No. 3441, of the Veterans of Foreign Wars of America, we will elect and install our first officers in their hall on Sunday, Mar. 10, at 2 p. m., located at 2393½ W. Broad-st, and we wish to extend to the members of this post an invitation to assist us in this work, by attending this meeting.

Chairman of Organization,
R. M. Hartman.

Busy At Work For The Red Cross

Shown in the accompanying picture are four women volunteers of the Franklin County chapter's war relief production unit, established last October to make layettes, knitted socks, scarves, sleeping caps, sweaters, and women's and girls' dresses. Two shipments already have been sent for distribution among distressed civilians in war-torn Europe, and others will be sent monthly. Annual Red Cross Roll Call April 10-24, will seek 30,000 members in Franklin County communities, a 50 per cent increase over last year, required by increasing war relief needs, Ben F. Hadley, drive chairman, announced this week.

Evolution of the Window Pane

Egyptians were the first people to make use of windows. At that time they consisted merely of narrow slits between slabs of stone and were for the sole purpose of admitting light. It was many centuries before window panes were invented.

These were made of thin slices of marble which admitted a certain amount of light and also gave privacy to the home. Windows of this type were first used in Greece in 430 B. C.

Apparently the use of glass in windows was invented by the Romans. Windows during this period were merely small doors which swung in and out on hinges. It was to an unknown Dutch inventor that the honor came of being the first to construct a window sash.

This was about the middle of the seventeenth century.

Meanwhile, various materials other than glass, which originally was very expensive, were used. Waxed paper and isinglass were pressed into service. The window of today represents evolutionary processes that have run for 3,000 years and possibly more.

A license of some kind to marry is required in every state and territory and marriage in the United States is now universally on a civil contract basis. But religious ceremonies are authorized in all the states, provided there is a license to wed.

Common law marriages of a year or more duration without either license or ceremony are now validated by the courts in practically all the states on proper proof, and where children or property are involved.

EVANGELIST

Rev. Zachman

Rev. Harry L. Zachman of Canton is preaching every evening at the Westgate Evangelical church in a series of "Spiritual Rearmament" services. Services each night at 7:30 excepting Saturday.

WOMAN

Her life's held nothing save what comes to all,
The simple dramas, birth, and love and death;
She has known pain, and drunk grief's bitter gall,
And watched by loved ones' beds, with bated breath.
Though secretly she longed to travel far,
Her hands have never scorned her humble deeds;
With eyes firm-fixed upon the farthest star,
She has ministered to life and human needs.

What has she missed of all life has in store,
Although it has not been her lot to roam?
Why, all of life has flowed before the door
Of that proud citadel, her little home.
A good wife, mother, neighbor, this her fate;
How she would smile, if I should call her, "Great!"

Ferne Parsons Norris.

SONG LEADER

Mrs. Gallagher

Mrs. Edith Gallagher, song evangelist, Sebring, is the song evangelist and children's worker at the special post-Easter services now being conducted at the Westgate Evangelical church.

CORNED BEEF FILLING

2 tablespoon butter
¼ cup chopped onion
2 tablespoons flour
1¼ cups cooked corned beef cut in pieces
1½ cups canned tomatoes
Few grains black pepper

Melt butter; add onions; cook slowly until soft. Add flour; stir till well blended. Add remaining ingredients; bring to a boil, stirring constantly until thick and smooth. Let simmer about 10 minutes.

STUFFED LAMB PATTIES WITH CURRIED PINEAPPLE

1½ pounds chopped raw lamb
¼ cup milk
Salt and pepper
1½ cups finely chopped mushrooms
1 chopped onion
3 tablespoons fat
2 tablespoons butter
2 tablespoons curry powder
6 slices pineapple
2 tablespoons pineapple syrup

Mix the lamb with the milk and season highly with salt and pepper. The milk keeps the patties from drying out. Wash, peel and chop enough mushrooms to measure the above quantity. Saute them with the onion for 5 minutes in the fat. Shape the meat into 12 very flat cakes. Put some of the mushroom and onion mixture in the center of 6 cakes. Cover with remaining cakes and shape into well rounded patties, pinching the edges together well, so the stuffing will not come out. Place in a shallow pan and broil about 10 minutes, basting occasionally with the drippings. While the patties are broiling melt the butter in a skillet. Add the curry powder, pineapple slices and syrup. Cook over moderately low heat for about 10 minutes turning slices.

Player, Too

He claims to be "almost hobbyless" although he admits he gets lots of fun "fixing up" around their home. Before coming to Columbus he played saxophone for five years with a dance band; has always been a lover of music. He has been a member of the Hilltop Business Men's chorus for six years and this year heads the committee sponsoring the second annual Hilltop Eisteddfod. While with the chorus he has participated in eisteddfods at Lincoln, Lima, Jackson (three times) and last year's Hilltop Eisteddfod.

Not an athlete himself, Ed is a keen sports fan—reads the sports page line by line—prefers football over all other. In 1931 he accompanied Charles Vance, now principal of Fourth Street Elementary school, and W. W. Barlow, teacher at North High, on an 11,000 mile motor trip through the West. At that time all were teachers at West Junior.

hot-corner duties where Ralph Link starred last season. [illegible] and two outfielders, Harold [illegible] and Dick Colburn, have graduated. Don Rogers will succeed Bell at the keystone sack, while Bill Mack returns to his work at the initial sack and the hard-hitting Paul Rogers will take care of the short-field duties at shortstop. Other infielders include Dave Wills, Don Mathews, Bud Maxwell and Melany.

In the outfield only one new face will appear. Ray Medlick, fleet football star, will patrol the center field pasture while Jack Disthorst will again wander in left and the dependable Dick Smith, a junior like Medlick, will savort in right. Bud Maxwell, reserve first baseman, may be an outfield prospect.

Mainstay of the mound staff this season will probably be Jake Richards, a junior, who was the star of last season's district champs. In addition to the reliable Jake, veterans include James "Strib" Neal, hard-working southpaw; George Ruder and Jack Barrett, who saw some service last season. Of the sophomore twirlers only one is outstanding, Bob Swisher having earned a reputation as one of the fastest twirlers in the city while in junior high school. Jack Kulp may also see service with the squad.

Trio of Catchers

The veteran, Bill Albert, an all-high selection while a sophomore last season, will take care of the backstopping chores and will be aided by Frank Bymer and Les Westerman. All have seen considerable experience, Westerman being a senior and Bymer a junior.

Hilltop Vetran Wants U.S. To Stay Out Of War Unless Nation Invaded

Ray Robinson

"By all means, the United States should stay out of war unless the country is invaded."

That is the view of Ray Robinson, 344 N. Ogden-av, a World war veteran of the Second division who saw plenty of action on the western front and who was gassed and wounded twice there.

Next Sunday it will be 20 years since Robinson was honorably discharged as first sergeant in the Twenty-third infantry, Second division, after winning the Distinguished Service Cross, the French Croix De Gurse with two citations and the United States medal of the Order of the Purple Heart with oak leaf clusters.

From Mexican border duty after he enlisted in the regular army in 1916, Robinson was transferred to service in France with other members of the First and Second divisions after the United States entered the World war in 1917.

Has Scars of War

Today he carries lifetime momentoes of the action he saw at Verdun, Chateau Theirry, Soissons and in the Champagene sector in the form of scars from shrapnel and bayonet as well as gas seared lungs that kept him in hospitals for three years, both in France and in the United States.

Like most World war veterans who saw plenty of action, Mr. Robinson is reluctant to talk about his experiences on the battlefields except when asked questions about his service.

However, one of his outstanding memories is that of a hand to hand encounter with a German member of the Prussian guard at Soissons where he was wounded in the face by a bayonet after the Prussian had disabled Robinson's rifle. Robinson finally killed the German with his .45 caliber automatic service pistol, which he carried as a corporal.

Robinson won his service citations for two encounters equally as vivid as that with the Prussian Guard, one being in March, 1918, when with four other men serving with the French force, the detail held off a German raiding party.

Only Two Left

The other was on Oct. 6, 1918, in the Champagene sector where he set out with seven other men of his company to capture a German machine gun nest. The gun was captured after fierce fighting, but of the eight men who started out, only two returned, Robinson and another man.

The Second division landed in France July 27, 1917, additional units being [illegible] Mar. 15, 1918, and [illegible] trained at Bourmont and Valdahon. The division [illegible] the front lines May 18, [illegible], and when the fighting [illegible] the division casualties [illegible] 26,076, the Yankees [illegible] captured 12,026 prisoners [illegible] Distinguished Service [illegible] had been awarded. The [illegible] sailed for home July 25, [illegible].

The division captured nearly [illegible] the number of prisoners [illegible] by the First division but [illegible] casualties were slightly less.

Pot-O-Gold

Harry Haney at the Economy Drug store might have trouble claiming his pot of gold were he ever that fortunate. Leastwise he had better get acquainted with the donor, Horace Heidt.

Seems the genial bandmaster walked into Harry's store Monday and presented him with passes to his Tuesday broadcast. Bewildered Harry accepted the ducats but couldn't recall for sure just who Horace Heidt was.

Rites Held For Truck Victim

Funeral services were held Wednesday for Justis G. Suiter, aged 42, of 53 Stevens-av, who was burned to death Tuesday morning in his wrecked trailer truck a half-mile west of Cambridge on U. S. Rt. 40. Services and burial were in Chesapeake, O.

Mr. Suiter was a driver for Suburban Motor Freight Co., Inc., 888 W. Goodale-st. He was believed to have been trapped in the cab of the wrecked vehicle which plunged into a ditch after he apparently lost control of it.

In the crash the gasoline tank burst and flames spread over the wreckage according to state highway patrolmen, who have a headquarters three blocks from the scene. The truck was loaded with general merchandise consigned to Wheeling, W. Va.

Besides his wife, Viola, Mr. Suiter is survived by a son, Geo., Huntington, W. Va., his father, Fred Suiter, a brother and sisters.

In the evening at 7:30, Rev. Shellhase, has secured Bishop Ralph A. Ward to speak. Bishop Ward is a Methodist missionary from China where he has been for 30 years. He is a native of the state of Ohio and a graduate of Ohio Wesleyan university.

After the address by Bishop Ward, Glenwood church will honor all new members received into the church since last September, with a fellowship tea. There have been 133 new members received in that time and they are all urged to attend. All members and friends of the church are invited.

West Grad Joins Army Flying Corps

Norman Carey, 309 Josephine-av, a 1936 graduate of West High school, who was connected with the H. Clyde Scott Construction Co., in air conditioning and sheet metal work, has enlisted in the air corps of the U. S. army. He left for New York and plans to sail for Hawaii to stay for three years.

The man who made time stand still for 60 years. His name was Baron Ballyrans and, from the days of Queen Victoria until his recent death, he refused to admit that the world was changing. Read about his strange existence in The American Weekly, the magazine distributed with next Sunday's Chicago Herald-American.

Westgate Electric Active In Rural Electrifiation

C. J. Rice

R. H. Bowyer

On the wall in the down stair's office of Westgate Electric shop is a map of the U. S. on which are several hundred colored pins, marking the many activities of the company since the beginning of the government rural electrification program more than four years ago.

Less than one farmer out of every 10 in the U. S. enjoyed the benefits of electricity at the time the program began. Today more than 30 percent of the farmers in the U. S. have been served, thereby making available to rural folks, for the first time, many of the benefits that city dwellers have had for years.

Lines are built under the direction of farmer owned cooperatives with money loaned to them by the federal government, which is paid back to the government over a period of years, out of the earnings realized through the sale of electricity.

Westgate has specialized in the organizing of farm wiring programs and to date have been instrumental in the wiring of more than 12,000 farm homes. At the present time, their activities cover 10 states including, Ohio, Pennsylvania, Indiana, Illinois, Iowa, Missouri, Kansas, Kentucky, Tennessee and Arkansas.

The Columbus office is the bookkeeping headquarters for the entire operation while the actual direction of the work is conducted by C. J. Rice, the owner of the business, and R. H. Bowyer, the manager, who spend most of their time contacting their men throughout the territory. Both Rice and Bowyer have just recently returned from trips on which each of them covered more than 4,000 miles in the past four weeks.

Miles Planned

Thousands of miles of new line are being planned throughout the U. S. to serve many thousands of farm homes and when the actual construction of line begins in any community, there is immediately a need for an organized farm wiring program.

Westgate Electric supplies this need by keeping available a score of trained farm wiring salesmen who are capable of helping the farmer plan his electrical wiring so as to get the most from this new service. After the salesmen have systematically covered a large part of the project being built to contract for wiring in several hundred farm homes, an organization is set up to carry out the actual wiring of these homes. Materials are shipped in by the carload and placed under the supervision of a local manager. Local contractors and wiremen are then contracted with to do the wiring with material supplied by and issued from Westgate's warehouse in that locality.

The Westgate main store is located at 2650 W. Broad-st, between Warren and Ogden-avs, where they render a complete service for everything electrical and display complete lines of leading makes of appliances and radios. The outstanding store and the vast experience coupled with their tremendous buying power makes possible Westgate's policy—"The Best for Less!"

This has made Westgate Electric one of the leaders in electrical business throughout this part of the country.

Sponsored Cooking School

Many people will remember the entertaining and instructive cooking and home planning schools conducted so successfully by Westgate Electric a few years ago.

Next month Westgate will celebrate their nineteenth anniversary and invite all of their friends to visit their new store which is open every evening until 9 o'clock for the convenience of its customers.

Spring Festival; Coach Preview Is Slated For Saturday Evening

By Harold Mors

Carnival spirit is expected along W. Broad-st, Saturday evening when the Hilltop is afforded its first glimpse of the latest in modern electrical coach transportation when the new coaches that go into regular service Sunday morning, Apr. 14, go on dress parade as the feature act of the spring festival, sponsored by the Hilltop Business Men's association, Camp Chase post of the American Legion and other organizations.

The parade is scheduled to start at Wheatland-av with the Camp Chase drum and bugle corps leading the march, followed by the new coaches that will stop for inspection at designated [illegible]

$100 In Prizes

A novel system of distributing the prizes of $100 worth of electrical equipment donated for the occasion by the Columbus and Southern Ohio Electric Co. was devised by the HBMA committee. Tickets for chances on the prizes, which are on display in Seiler's east window, can be obtained Saturday from any member of the Business Men's association without any purchase or obligation.

The stub of the ticket is to be deposited in the fare box of one of the coaches that will be on exhibition at various streets on the Hilltop. These tickets will be collected at 9:30 p. m. and taken to a revolving wheel that will be set up in the vacant lot next to the Hilltop branch of the Ohio National bank where the drawings will be made at 10 p. m.

Ticket holders do not need to be present to be eligible to win a prize. Lists of the numbers drawn will be posted Monday at various business places about the Hilltop.

There will be a time limit on claiming a prize and after that time another ticket holder will be eligible to receive the award.

Another relic is soon to be thrown into discard—ye olde street car must give way to progress. Let us hope they furnish enough busses so it won't be necessary to stand up the whole distance. Busses are speedier, less noisy and more comfortable. Goodbye to shiny rails and flat steel wheels.

Hail to the new order!

ODE TO A TROLLEY BUS

Where once the buffalo herd had trod,
And there the red man roamed the sod,
The white man followed with [illegible]
And made this footpath a white seam across the nation.
Close to this road of yellow clay,
Settlers built homes, there to stay.
Soon pounding hoofs and wagon wheels
Gave way to rails of glistening steel, with increased population.
And now these rails will be removed.
For rubber tired busses proved
A quicker transportation.

A rose goes to George Hardy, 1745 E. Main-st for the success of the West High Alumni dance.

Since we are handing out roses, we would like to give a dozen or so to E. C. Hartley, publisher of the Hilltop Record and his able staff for the spirit shown in turning his paper over to the tender mercies of the West High Occident staff. We hope that we justify his faith in us.

The fine spirit of cooperation of The Hilltop [illegible] is well established and undoubtedly one of the big factors why the Hilltop as a whole is a growing community. The sincerity and the pride it shows in the varied organizations stimulates the community on to greater things.

Graduation days are here again. Now that we can review our past school days, some of us are bound to have a few regrets. We feel grownup and wet if our ideas and dreams on life change as quickly with each coming year as they have in the past, it would be well for all of us to set a goal, hold tight and steer straight ahead for we are now drifting into that dangerous age In the years past, others have steered our courses more or less, but now we must take over. We can thank our fine churches and our exceptional schools for a good start, then again, our parents had great influence on our lives. Our future now lies within ourselves.

We have much to be thankful for—all our mobilization was done in our class rooms instead of a barracks, for we had axioms to find instead of axes to grind. Ours was a struggle with text books instead of marching to siren drills and bomb shelters. Let us hope it may never be more serious.

HOPE

Hope, like a poising eagle, soars
On pinions of our sorrows,
Though hope may vanish with the night,
It will return tomorrow.

Bucks Down Hamilton In Dull Affair

By Paul Churton

Playing a baseball game that closely paralleled the weather, West's Buckaroos endured a colorless, listless affair with Hamilton township providing the opposition Wednesday afternoon on the home field. The playing field sounded more like a cemetery than a baseball diamond with no chatter or life displayed by the local lads.

Out-hit 8 to 7, West won on a final count of 3 to 6. Ned Bell enjoyed the best afternoon at bat with two hits for two trips to the plate, and also a walk. Dick Smith jr.'s circuit clout with the bases loaded was the one high spot of the game.

Dick Smith is credited with the win. In three innings Dick gave out four hits and it was not until his last inning that Hamilton combined two hits and a bunt to score its first run.

"Chucky" Paul Rogers after doubling in the fifth took a lead off second and was promptly tagged out by the shortstop. Paul was a victim of the oft heard of, but seldom seen, hidden ball trick.

The afternoon was better suited for football than baseball and this may have furnished some reason for the dull exhibition of baseball.

The Buckaroos play Mifflin this afternoon and then journey to Greenfield Saturday for another contest.

Ponder Paving Project

By Georgia Spanabel

Sullivant-av curb-to-curb paving was the major issue discussed at the monthly meeting of the Hilltop Business Men's association Tuesday evening at Schmeiser's restaurant.

Mary Bentz led the fight for the increase in width from 40 to 50 feet, but complications were brought to light—would the owners of the property along the street be compelled to pay the cost of moving their sidewalks and would such a proposal, resulting in a cost increase, cause the project to be abandoned completely?

After complete consideration of all suggestions and facts, it was moved that the safety committee accompanied by Mrs. Bentz, have a conference with Paul Metzel, city engineering department, in charge of construction plans for Sullivant-av, as soon as possible.

Emalene Fansler, accompanied on the piano by Mrs. Earl Fansler, gave two selections on the violin.

C. Carlton Hartley, program chairman, then introduced the guest speaker, Clyde Moore, columnist, with the Ohio State Journal. His topic was "Human Nature on the Half-Shell," revealing peculiarities and interesting views of current questions.

The coming opening baseball game was discussed with the suggestion that the businessmen support the team by attending the game in a group. Tickets are available from Curt Wilcox and C. H. Campbell.

The pupils selected by Myron T. Seifert, journalism instructor, were: Harold Mers, Georgia Spanabel, Marcia Shields, Betty Sulsberger, Marjorie Baker, Helen Euler, Vivian Shaver, Paul Churton, Jacqueline Pfeifer, Pat Hanley

Students Introduce Men Behind The Scenes Of West High Occident

By Vivian Shaver

Members of your West High Occident staff are constantly in touch with two interesting personalities but never have an opportunity to write about them because of the modesty of the two men. This week the Occident staff is footloose and take it in opportunity to introduce the men behind the scenes of their school paper.

Advertising, that source of income that makes the wheels of the Occident go, is under the direction of Harry L. Zulauf. And under his direction the business affairs of the Occident have so prospered that today West High has the largest newspaper in the state and is one of the few of its kind in the entire nation.

He was born on a Morrow county farm graduating from high school in 1916, and from Ohio State university in 1924, receiving his masters degree in 1934.

He first taught at a country school in Morrow county and then at Circleville. He began teaching in Columbus in 1926. He taught mathematics in West Junior high and in 1937 he became a faculty member at West Senior high, teaching business ad and mathematics.

His hobby is playing checkers at which he is a star player.

His favorite sports are football and track.

He enjoys teaching, listening to the radio—his favorite programs being those of popular songs. He is also fond of dogs.

Mr. Zulauf is married and has two children, Robert, 18, who graduated from West in June, 1939, and now attends Ohio State, and Mary Jane, 15, a student at West Junior high.

He and his family reside at 136 S. Roys-av.

Myron Seifert

A "dark horse" who has an amazing past and present is none other than Myron "Jake" Seifert, journalism teacher of West High school.

Mr. Seifert and his wife are members of the Glenwood Methodist church. He is a very modest person and wishes to write about other people evidenced by the fact that he has written for many papers and is now making an chronological index of articles taken from local papers.

Mr. Seifert graduated from Bremen High school, being valedictorian of his class. Ohio State is his alma mater where he received his bachelor and masters degrees. He is a member of Phi Delta Kappa and Kappa Phi Kappa. Not only did he return to Bremen High to teach, but also to become athletic coach and principal. He taught at Sterling Junior high until invited to teach at West by Dr. H H. Reighley.

His favorite dish is sauerkraut and backbones. He not only has newspaper research as a hobby, he plays the violin, "putters" around in a small vegetable and flower garden, collects antiques, especially colored glass bottles.

Both "Jake" and Mrs. Seifert own bicycles and hope to travel this summer.

The other member of the Seifert family is a five-year-old Toy Fox Terrier, who can do such tricks as sitting up, shaking hands and, very child-like, saying its prayers. Along with his other hobbies, he has a collection of Bibles. One of his prize possessions is the Stuart family Bible which came from England in 1606 and was handed down by his maternal, great, great grandparents, whose names were Stuart.

Sullivant Avenue To Be Repaved Soon

By Raymond Haughn

The rumor that Sullivant-av from Whitethorne to Hague-av would be paved similar to that work done from Central to Whitethorne was disproved as the city engineering department this week declared that the plans for the improvement of Sullivant-av have been changed by the mayor, so that the specifications now call for a complete new thoroughfare from Whitethorne to Hague-av.

The approximate cost for this improvement is $[illegible]. Work will begin within the next two weeks.

The car tracks are now being removed by the department, and as soon as the work is completed, WPA laborers will begin work on the repaving project.

Hilltop streets which are being resurfaced are: Fremont-av from Wayne and Roys-ave and from Huron to Westgate-avs; Gracest from Huron to Oral-avs; Burroughs-av from Warren to Burgess-avs; Westmoor-av from the alley north of Fremont to Fremont; Logan-st from Highland to Wayne-avs; Springmont from Whitethorne to Richardson-avs; and Sullivant-av from Whitethorne to Hague-avs.

Now that the Dayton-Columbus interurban line is abolished, a new two-lane Rt. 40 will provide a "Golden Gate" to the Hilltop.

The plans of construction, for which the contract has already been let, show two 24 foot lanes reaching from Columbus to West Jefferson over Big Darby creek on a reinforced concrete bridge which will cost approximately $198,000.

The highway will be lowered one foot with a 10 foot parkway between the two lanes. The total cost of the highway construction is estimated at $800,000.

Hilltoppers Opine On Trolley Buses

Editor's Note: Prompted by the installation of trolley coaches on Broad-st a survey has been taken by the Hilltop Record to secure the opinions of business men concerning this step and its relation to the community.

"I look forward to the day when the bus line will be extended from the 'Big Four' to Alum Creek," stated Dr. Fred L. Bilzinger, when asked his views on the new bus system. He added that the elimination of traffic accidents caused by passengers boarding and dispersing from the street cars will be overcome by the new arrangement of "curb service." This was the most frequent answer when asked the question "What is the most important benefit derived from the trolley coaches?"

R. T. Horn, of the Sinclair Service station at Broad-st and Eldon-av, seriously expressed his opinion that the new poles which hold the trolley wires was the most discomforting result of the new coaches, but assured us he would lose no sleep worrying about the slanting supports. Mr. Horn also stated that the problem of trying to talk above the rumbling of the street cars would be abolished. He found it very annoying to carry on a conversation on the telephone at the same time a street car was passing his station.

From the standpoint of F. B. Coffman, of the Coffman Radio and Electric store, the installation of the new coach system little affects him. "One is just about as

Plans are being made by Committeeman M. B. Chaffin and Henry A. Koontz, president of the 10th ward Republican club, for a Republican Rally to be held April 26, at Glenwood Shelter house.

This meeting is to make it possible for the Hilltoppers to see the candidates and is the only rally in the 10th ward before the primary.

Koontz is stressing the fact that although a woman is a candidate for committeeman, committeewomen are still appointed by the committeeman as outlined by the law. Mrs. Agnes Cain and Mrs. Josephine Allen are the committeewomen.

(Continued on page 4)

bad as the other," stated Mr. Coffman. But he agreed that it was a step in progress.

From the standpoint of F. B. Coffman, of the Coffman Radio and Electric store, the installation of the new coach system little affects him. "One is just about as bad as the other," stated Mr. Coffman. But he agreed that it was a step in progress.

B. E. Moriane, Hilltop florist, stated that the new coach system would make it too easy to get downtown, because of speed and convenience, and that this would tend to effect the business of the Hilltop merchants.

Agreeing with Mr. Moriane, Paul Carter, manager of the Big Bear store, adds that the new system will also provide exceptional safety for pedestrians.

Burgess Brotherhood Hears Benjamin

"Gradual change of conditions . . . " was the general theme of the interesting discussion given by Noel Benjamin, affiliated with the State Conservation department, at the monthly meeting of the Burgess Avenue U. B. church brotherhood, Apr. 4.

Following the musical entertainment and the reading of the minutes of the previous meeting, Steve Pfeifer, president, introduced Mr. Benjamin—a familiar figure to a majority of those present.

West To Exhibit Art In Cincinnati

Art, in the practical and modern trend, will be the motif of the West High school art department exhibit, Apr. 17-20, in connection with the Western Arts association convention to be held at the Netherlands Plaza hotel, Cincinnati.

Twenty-five original designs mounted on black cardboard and strikingly outlined in red fabric braid will be displayed in a specially constructed booth—one of hundreds of exhibits of student progress from cities west of Pennsylvania and east of Colorado.

The following students assisted W. D. Campbell, art instructor, in the construction and planning of the display: Albert Spencer, Harry Householder, Ethel Sommers, Elmer Howard, Richard Bull, Tom Shambaugh, Jacqueline Jackson and Carl Denner.

Accepts Position At Northwestern

Myron A. Webb, 1936 West High school graduate, son of Mr. and Mrs. H. E. Webb, 29 N. Burgess-av, recently accepted a graduate assistantship in the department of chemistry of the Northwestern university, Evanston, Ill., for next year.

Mr. Webb selected the position at Northwestern after carefully considering similar offers from Purdue, Iowa and Missouri universities.

Two degrees, one in education and the other in arts and sciences, will be presented him upon the completion of his course in chemistry at Ohio State in June.

Bendix Washer Operates Simply

As simple as turning on your radio — your hands need never touch water. That is just one of many features of the new Bendix home laundry which is being featured by the Westgate Electric shop, 2655 W. Broad-st, as the modern answer to the clothes washing problem.

Clothes are put dry into the cylinder of the Bendix and the washing is started. Then rinsed in clean fresh water, then spun damp dry. Pre-soak in the Bendix if desired. Control is by a single dial.

According to Westgate Electric shop officials, they selected the Bendix home laundry as the buy of the year for housewives because there is almost no end to the savings one can make with the Bendix home laundry in the home. It ends laundry bills . . . lessens need for housenold help . . . adds to the useful life of clothes and linens and saves on water, soap and bluing.

And, most important of all, it saves time, making a greater total savings than any appliance one could add to their household equipment.

In the Bendix home laundry, all moving parts are completely protected. There are no wringer rolls nothing exposed that could possibly catch fingers or clothes. Safety has been a foremost factor in the design of the Bendix . . . a feature the housewife will appreciate especially if there are children in the household . . . or if help is employed for whose safety the housewife is responsible.

There is no moving of the Bendix to and from set tubs. It is permanently installed — another safeguard against injuries that can so easily occur when floors are slippery and a heavy washer has to be pushed into place.

Dr. R. J. Miller Is Convention Speaker

WEST ALUMNI DANCE IS WELL ATTENDED

The West High school alumni dance at the Deshler-Wallick hotel Apr. 4 proved one of the big events of the year according to George Hardy, president, who was in charge of plans. Music was furnished by Lou Posey's orchestra with dancing from 10 until 1 a. m.

Old Four-Mile House Once Spacious Tavern

By Betty Sulsberger and Marcia Shields

The old Four-Mile House was a spacious country tavern of the Hilltop's early days, so called because of the distance from High-st, and was finally torn down by a contractor's gang in 1919.

The ancient tavern became widely known as an excellent stopping place for travelers over the national pike. It was operated by Timothy Biglow, whose daughter, Hanna Ong, is a resident of the community.

It was built on a farm that extended northward to the railway and was located on the north side of W. Broad-st at what is now Chase-av.

Several additions were made to this building, which was originally log, the frame structure being added just before the Civil war. The exact date of its beginning is not known. It was taken over on Apr. 1, 1862, by Mr. Biglow.

The hotel had a lobby and 14 or 15 large rooms, and was famous for its fine food. The place was a favorite hangout of soldiers during the existence of Camp Chase.

Mrs. Hannah Ong, 3900 Crescent-dr, is a daughter of the proprietor. She made her home in the tavern for 30 years.

Mrs. Ong's marriage was among the last of the numerous weddings held in the old Four-Mile House.

All the girls employed there entertained their "beaux" in the dining room, which was reserved for them after the meal had been served.

While Biglow owned the place it was doubled in size and a good business was operated. Mrs. Ong recalls that during the war the dining room was often filled three times during one meal by soldiers.

The tavern was purchased by Vandebow and Bager, a Cleveland firm, six weeks before the 1913 flood. They became discouraged with the business prospects after the high water receded and permitted it to be torn down in the fall of 1913.

The largest meteorite of which the date of fall is known is the one which crashed to earth on Feb. 17, 1930, about 14 miles southwest of Paragould, Ark. It split into fragments. One weighed 820 pounds, another 80 pounds and there were many small pieces.

Farmer Corntassel was showing a girl visitor from the city around the farm. Suddenly she spied a herd of calves in a field and exclaimed: "Oh, look at the little cowlets!"

Farmer Corntassel grinned and replied: "Them is bullets."

Junior—My, what a pretty new coed we have this term! Is she going out for athletics?

Soph—No, athletes.

Also featured on the program were the Ripplettes, and vocal numbers by Miss Dorothy Clark.

Rescuer—How was it that you came to fall in?

Rescued—I didn't come to fall in at all. I came to skate.

HILLTOP EVANGELISTS

Sifton Robinson and Lindley Osborne of Cleveland Bible college will be present at the week end evangelistic service at the Highland Avenue Friends church. Sifton Robinson will speak at each service.

The next largest meteorite of which the date of fall is known is the one which fell at Knyahinya, Hungary, on June 9, 1866. It weighed 647 pounds.

Twenty-two states impose the death penalty by electrocution for murder while eight provide for death by lethal gas; hanging is the death sentence imposed in 11 states and two territories; six provide life imprisonment as the extreme penalty.

An iron meteorite found in 1921 in the desert of Adrar in Mauretania is said to be 300 feet long.

West Side Girl, 4, Killed By Train

Betty Seymour, four-year-old daughter of Mr. and Mrs. Alva Seymour, 3000 McKinley-av, was struck by a Big Four railroad passenger train near her home as she was racing home playfully in front of her uncle, William Seymour.

She was pronounced dead on arrival of the ambulance at Mount Carmel hospital.

Services were held last Monday at 1:30 p. m. at the Spears Funeral home with burial in Green Lawn cemetery.

Thomas Paine's pamphlet, "Common Sense," is said to have done much toward arousing the American public to the urgent necessity for the Declaration of Independence, and a constitution for the United States of America. Paine was writing at a time when Washington "abhorred" the idea of separation as "associated with everything wicked;" when Franklin had not heard of it "from any man, drunk or sober" and when Jefferson "was still looking with fondness toward reconciliation."

Father—Son, I want to talk to you. Your reports show you are not doing so well this year.

Son—But, Dad, my grades are passing—although they are a little under water.

Father — What do you mean "under water"?

Son—Below "C" level.

WHICH . . ?
The Choice Is Yours . . .
A stack of cancelled rent checks . . . or a completely paid-for home?
Which will it be 10 years from today?
The completely paid-for house can be had for about the same monthly outlay of dollars as the cancelled rent checks. Looked at from a purely economic standpoint it seems the height of folly not to use your rent money to PAY FOR THE HOUSE YOU LIVE IN.
Most renters can own their own homes on their present budget—but lack the initiative to make the start.

Letters To The Editor

The Hilltop Record
Sports Editor
Dear Sir:

Reading in the paper where the calls for softball meetings have been made brings to mind the dissatisfaction over the superior strength of some teams in the past years. This matter has been brought up each year and now we find practically every league in the city affected. It will be remembered that the former Hilltop Church league broke up for that reason, making it necessary to combine church teams from the West side and the Hilltop to form a league.

I believe that a representative from each interested church, meeting with the others, could draw up a satisfactory set of eligibility rules and regulations that would eliminate the dissatisfaction and unfavorable comments that have been drifting around. Certainly there are enough churches on the Hilltop that would be willing to reorganize the Hilltop Church league. Churches that would be willing to appoint a reliable athletic committee to see that the rules and regulations of the governing body would be carried out and strictly enforced in each church. The only connection the city recreation department would have is permitting the use of diamonds and appointing umpires for which each team would have to pay a fee.

The Hilltop has always been a leader in all civic affairs and has set a fine example for other sections of the city. Wouldn't such a plan, if worked right, be another boost for the Hilltop?

Councilman Recalls Days of Toonerville

Displaying a marvelous memory, Wyatt Millikan, councilman, recalled to mind the days of the Stevenson-built one truck trolleys, commonly called "Toonerville." The contraptions capered about our streets in the early 90's.

It was not until 1900 that an experiment was tried with a two truck car by M. S. Hopkins. After a little trouble at Nell and High, where one truck made the turn and the switch jumped back, allowing the second truck to continue up High-st, doubt was experienced as to whether or not two truck cars would be practical.

In 1900 vestibules were added to these for the public's convenience.

"Now we are looking forward to change from trolleys to busses with a capacity of 44," Mr. Millikan added, "with plenty of seats for the men folks."

With such rapid strides in transportation, who knows what the future holds for us in progress of movement?

3,500 Hilltoppers Need Bike Licenses

By Ray Haught

Owners of an estimated 3,500 unlicensed bicycles on the Hilltop have been warned by City Auditor James A. Rhoades that tomorrow, Saturday, Apr. 13, will be the deadline for obtaining 1940 licenses.

Licenses may be secured at the auditor's office, first floor, west corridor of the city hall, from 8:30 a. m. to 4:30 p. m. daily.

Last year there were 24,000 licenses issued to Columbus bicycles—of these, 6,000 were issued to Hilltoppers.

Of all the bicycles stolen last year, 95 per cent were recovered, but less than 30 per cent were returned to their owners because of lack of proper identification, registration or complete failure to secure licenses.

Some errors which are frequently made in applying for the license are failure to register proper serial number (found under sprocket of bicycle) and failure to use the cyclist's name on the application. These errors cause much inconvenience in case of accidents as to the identification of the victim.

Adult Classes Attract Many

Many new students are enrolled in the spring quarter of adult classes at Ohio State university. Among the newcomers enrolled are:

Miss Sally MacKenzie, 2280 W. Broad-st, stenographer and clerk in the bureau of juvenile research. Formerly a student at Miami university and Ohio State day classes, she is now enrolled in radio speech on Tuesdays and Thursdays from 8 to 10.

Miss Marjorie Moler, 804 Larchmont-av, sales clerk in Cory's specialty shop at the Neil House, is enrolled in the play production class. Before coming to Columbus she was an assistant to Dorthy Kisler of Athens Co., instructor in interpretative dancing.

Mrs. Elizabeth Butterbaugh, 168 Dana-av, is a student in the home furnishing class on Monday evening in Campbell hall. She is learning how to make the home she already has more attractive through interior decorating. Her sister, Miss June Gilbert, 203 W. Park-av, stenographer for Ironside Co., is enrolled in the Brides school on Tuesday from 8 to 10, where she is taught how to balance a budget and plan for that new home she expects to have soon.

Clean Stove Works Well

Any kind of household equipment works better for being kept clean, unclogged, and uncluttered, and the gas stove is no exception. If spilled foods are permitted to choke up the burners or if the oven walls become coated with grease, the stove cannot be expected to function properly.

Daily wiping with a cloth well wrung out of lukewarm soapsuds will keep the enameled surface, inside and outside, spotless. Except for spilled foods, which always should be mopped up at once, it is best to do the washing when the stove cools off.

Be sure to remove the broiler racks for frequent soap and water scrubbing or burned foods may discolor the metal permanently. To prevent the top burners from becoming clogged, detach them once a week or so and scrub them with hot soapsuds and soda.

Carl Capretta Once Sold Groceries From Wagon; Has Modern Store

Five years ago Carl Capretta, grocer at 2006 Sullivant-av, found himself in one of the most critical situations that can possibly confront a man with a family—he was without a job and had a wife and nine children to provide for.

After 40 years as a meat salesman all that Mr. Capretta had was an expression of polite regrets from the company he had worked with for 30 years—and four weeks' pay to feed nine healthy, growing youngsters.

"I just had to get busy," he said, "with my family to keep and getting a job being almost impossible, especially when a man is past 40, something drastic had to be done."

Mr. Capretta knew something of the grocery and meat business from the angle of a salesman. He had been in contact with grocers for years, had aided them in selling and in their merchandising problems, but now things were different—he would be on the receiving end of such a business if he started out on his own.

Set Sales Record

He had sold pork chops from a horse drawn wagon when, as he said himself, "the location where our store is now was only a mud hole," and years later he had established an all time sales record on his meat route by selling more than 237,000 pounds of meat in one week, here in Columbus.

There was a store available and after giving the matter considerable thought, Carl Capretta jr. decided to take the plunge. He needed credit to get started and he needed courage to undertake a responsibility like a new business while there were 10 others in the family to be supported, but it was almost the only thing left to do.

None of his children had ever worked in a store—in fact they were too young to have worked anywhere, but he decided they could learn.

He made up his mind he would succeed in the new venture if it was humanly possible to do so. He would operate his store on an "American" schedule of hours, closing at 6 p. m. on week days and 9 p. m. on Saturdays, he would make credit available to customers on a fair basis to those who deserved it and he would always have a complete stock of good, wholesome foods and meats. He would make prompt deliveries to all parts of the city.

Paid Up in 3 Years

In two years time, operated on this basis, the Capretta market was a success—it had been paid for, the younger Caprettas, four sons and a daughter, were in the grocery and meat business with their father and they were learning fast, doing their bit to make the business a Hilltop institution that would be a community asset.

Today the Capretta store is a hive of business activity. There is a meat and dairy refrigeration case 40 feet long, stocked with good things, aside from the scores of other shelves and counters in the store, there is a poultry department where chickens are housed and fresh dressed, with even turkeys provided on order; and the store carried a total of 3,700 different items, including frozen foods and a line of Italian specialties and breads. Two delivery trucks make four deliveries a day to all parts of the city and more than a ton of fresh dressed and smoked meats are carried.

Assisting Mr. Capretta in the store are Carl jr., Robert, Raymond and Harold, his sons, as well as his daughter, Dorothy, Lee Waters, his first assistant, and Fred Althen, the butcher, who has Bob Capretta as assistant.

Just recently Harold Capretta won first prize for a display window featuring General Mills products, including Gold Medal flour, Kix and other General Mills products.

Handkerchief Habits

As soon as the baby has passed the toddler stage he should have his own supply of handkerchiefs. Teach him to put the soiled ones into the hamper and to help himself to a fresh one once a day or oftener if necessary.

This is good training in self-reliance. More than that, it is one of the habits that make for good health, for clean handkerchiefs, properly used, are one of the indispensable adjuncts of disease prevention, particularly colds.

Handkerchiefs may be washed more easily if they are separated from the rest of the laundry and soaked for a while in cold water to which a handful of salt has been added. Plenty of soap and warm water is ordinarily sufficient for washing. If used by persons suffering from colds, they should be washed in the usual way and then boiled.

Opening of Panama Canal

When the Panama canal was opened in 1914, many New York newspapers took no notice of the event whatever. The reason was that war had broken out in Europe a few days before. Since that time 100,000 vessels carrying half a billion tons of cargo have moved through the waterway.

Short Term Loan

Once more two children's banks in Dominick Rizzi's home, at Portland, Me., are full of money. Twenty-four hours after a thief had emptied them of $31.27 Rizzi found a package on the porch of his home. It bore a note: "Here's the money I took. I am sorry. Please forgive."

Germans With Big Ideas

Hermann Soergel of Munich, Germany, once suggested damming the Mediterranean at Gibraltar, at the Dardanelles and at the Suez canal. Since the sun takes water from the Mediterranean three times faster than rivers flow into it, a vast area of arable land now underseas would thus be bared. Next, Soergel also suggested that a canal should be built to the Sahara desert, which is below sea level, to turn the desert into a garden.

Barring the Borer

By stringing electrocuting lights around his cornfield, T. E. Heinton, of the Indiana experiment station, finds that he can attract and kill corn borers before they have any chance to lay their eggs, declares the Country Home magazine. Last year his wired field was almost entirely free of borers, while nearly half of the cornstalks on surrounding farms were badly infested.

Long and Silent

Among the eccentricities of nature there is an amphibian in Australia, now almost extinct, that has three eyes. Another oddity of the animal world is that the giraffe is the only mammal known which is uncapable of uttering a sound.

Popular Turkish Drink

Raki is one of Turkey's most popular drinks and is a clear, colorless liquid made from raisins grown in Smyrna and flavored with anise seeds. It is distilled 3 times, twice with the raisins and once after the anise has been added.

Still Abandoned

Enough railroad lines have been abandoned in the United State since the World war, according to the Association of American railroad figures, to build a single track railway nine-tenths of the distance around the equator.

Vice President's "Veil"

NOW - - - MODERN TROLLEY COACH TRANSPORTATION SERVICE IS EXTENDED TO THE HILLTOP

Starting Sunday Morning APRIL 14

Street car and motor bus service on West Broad Street will be permanently discontinued and service provided with new 44 passenger trolley coaches. Motor bus cross-town service on Hague Avenue between Sullivant and Ridge Avenue will continue in effect.

HERE'S GREATER COMFORT SAFETY — SPEED

We feel sure the reception of these new coaches by the residents of the Hilltop section will be most enthusiastic. The last word in riding comfort, they comfortably seat 44 passengers. Green upholstery with stainless steel trim . . . modern louvre lighting . . . non-skid tread in aisle and on steps . . . smooth rapid acceleration . . . newly developed electric brakes . . . quiet operation . . . new safety uprights which increase the comfort and safety of passengers and which is exclusive equipment on these coaches. All these and many other splendid features add up to the finest and most modern coach ever constructed for city transportation.

Pursuant to Resolution adopted by the Council of the City of Columbus on February 26, 1940, the regular route of the new Broad and Mt. Vernon Coach Division will be from Southampton Avenue and Broad street east to Third street, north to Spring street and east over the present street car route, however, this new route cannot be followed until certain track removals are made at Broad and High streets and Spring and Third streets. During this temporary period of track removal, which will commence April 15, the coaches will operate in both directions on Front street between Broad and Spring streets. When removals are completed the route as authorized will be made effective.

The Hilltop Business Men's Association and Camp Chase Post 98, American Legion, in celebration of this improvement, are sponsoring a carnival on Saturday evening, April 13. A number of these new coaches will be placed at various points on Broad Street for your inspection. The tickets as distributed by the Association may be deposited in any one of the coaches on display and included in the general drawing for the 15 prizes to be awarded.

Starting Our 24th Year

This week marks the beginning of the twenty-fourth year of publication of The Hilltop Record. We are extremely proud of the many years we have had an opportunity to work with Hilltop people through this medium.

We have had but one thought in mind in the publication of what we have considered an outstanding community newspaper . . . that of service to the community it represents. The success of the Record has testimonial of a job satisfactorily done.

And so again on another birthday we say "Thank you" in a most hearty manner and sincerely hope we may have many more opportunities to serve the Hilltop. Now and at all times we hope to be able to reiterate that The Hilltop Record stands for everything that is good for the Hilltop.

Good Work, Occidenters

Last week two Hilltop institutions had their inning . . . together. But then it wasn't the first time by any means . . . such cooperation is common.

We make reference to the fact that the journalism students of West High school edited the Record. And a very creditable job they did. Our only disappointment was that they turned in so much news copy and art work we were not in a position to use it all.

This is the third year that such a cooperative venture has been carried out. We have been glad to offer our part of the program as recognition of outstanding work of a select group of students in this department who merit such recognition.

Any success of such a venture is but another recognition of the progress of this outstanding high school under the direction of Dr. H. H. Reighley, principal.

It's A Fitting Tribute, Gentlemen

We haven't forgotten that more than a year ago we suggested that city council change the name of Westgate Park to Westlake Park in honor of the late Milton W. Westlake.

Perhaps in the rush of pressing financial matters city council has overlooked our request and the reasons for same. But we haven't forgotten . . . especially after a recent stroll through the park.

Herein is the nucleus of the most beautiful spot on the Hilltop. For years it was but a wooded spot and enjoyed by but a few. Last year saw remarkable improvements by the city park department. These improvements are continuing and now that spring presents itself this park will soon burst forth in all its beauty.

These improvements as well as numerous others for the community were set in motion under the direction of the late Councilman Westlake. His was a life of service to his community and to his city. It is fitting that his memory should be so honored.

Gentlemen of city council, we ask again, would such a recognition be out of place?

Hilltop residents this week began making full use of the newly inaugurated trolley coach service in W. Broad-st after bidding farewell to street cars last Saturday night in a gala celebration that attracted throngs to the street despite chilly weather.

Hailed by the Columbus & Southern Ohio Electric Co. as the company's latest contribution to civic progress, the modernized Broad-Mt. Vernon division of the transportation system was inaugurated at a cost of $604,000, according to company figures.

Eight persons of the large number of lucky ticket holders have claimed their electrical merchandise prizes in the drawing held in connection with the formal inauguration of trolley coach service on the Hilltop, Curt Wilcox, manager of the Hilltop branch of the Ohio National bank, announced this week.

West Attendance Is Best In Columbus

Better-Than-Average Record Means $1,974.60 To City School System

A unified effort on the part of West High school faculty members and the cooperation of Hilltop families will effect a saving of $1,974.60 to the Columbus board of education during this school year if attendance figures for the remaining three months parallel those of the first six months. This figure represents the difference in the fine attendance record compiled at West as compared to average figures for other schools in the city.

The state allowance to boards of education for each pupil in grades nine to 12 inclusive in average daily attendance is 25½ cents per day for a period of not to exceed 180 days per year.

The average percentage of attendance in Columbus High schools for the first six months of the present school year has 92.4 percent. The average for West during that period has been 96.4 percent. The enrollment at West as of Apr. 15 was 1,417. Three percent, the amount by which the best attendance is better than the average for all, of 1,417 is 43. That means that 43 pupils are in school at West who would not be there if attendance was average. The 43 multiplied by 25½ cents means that $10.97 is received by the Columbus board each day because of the better attendance record.

The fine cooperation of Hilltop families, in the opinion of Dr. H. H. Reighley, West principal, has made this savings possible.

The average for the year thus far is 2.3 percent better than the nearest school; it is 5.7 percent above the lowest attendance in the city. By months the average was, September 97.7, October 96.4, November 94.8, December 95.2, January 94.4 and February 94.1.

Figures just released yesterday for the month of March show West with an average of 94.1 per cent, 1.6 per cent above the next best record for the month.

Under the system of checking attendance now in use at West two teachers devote a major portion of their time to the task of checking on absences and tardiness. Mrs. Laura Mapes is responsible for the attendance of all girls and Boy House keeps a record of boys attendance. This [illegible] Hilltop students of the job of checking absences. A suitable excuse must be registered at the office before a pupil is admitted to his classes once he has been absent.

Over and above financial significance attached to the attendance record at West is the importance to the student himself of being in class regularly in the opinion of teachers and parents alike.

Green To Explain Amendment

Hilltoppers are invited to attend a meeting called by the Hilltop Business Men's association for next Wednesday noon at Schmeizer's restaurant, 3184 W. Broad-st, for the purpose of hearing an explanation of the proposed city charter amendment to be presented by Mayor Floyd F. Green.

Members of the association and residents of the community are urged to attend.

Matson For Unit Building At Low Cost

Plans are being studied by George W. Matson, 87 N. Warren-av, for the possible construction of one small home that would serve as a demonstration unit for an idea that he has in mind for low cost housing.

The proposed plan would serve to make clear a plan he has in mind that groups of small homes in units in one building that would be heated by a central heating system and rented for about $25 a month with the heat furnished.

Mr. Matson is again active in building work since leaving the office of city building inspector. He has his construction headquarters at 31 Orb-av and his office at his home.

Now a candidate for the Republican nomination for county commissioner, Mr. Matson has a record of having constructed the brick work on many large Columbus buildings, including Westgate Masonic temple, the Cyrus Woodbury home in Upper Arlington, the Knight Culver home, Bexley, and the Hatton home in Upper Arlington.

He is a member of the Masons, Knights of Pythias, Orioles, Aladdin Temple Shrine and Hoge Memorial Presbyterian church.

To Pave Sullivant

Complete repaving of Sullivant-av from Whitethorne-av to Hague-av, is to be carried out by the city in cooperation with WPA officials this year, but the street cannot be widened at this time because of financial conditions.

This assurance was given a delegation of five people with business places on the street by Mayor Floyd F. Green this week at an interview in his office when the group, headed by Charles Kent, grocer, sought to learn details of the city's plans for the street, now torn up for the removal of abandoned traction car rails.

Besides Mr. Kent, the delegation included John Riepenhoff, Dr. M. W. Bates, Miss Mary Bentz and Fred Donley.

Complete New Street

Mayor Green declared the city engineering department planned to lay a complete new concrete foundation and a new top surface, probably with concrete gutters, and that no patch work or temporary repairs would be made.

To insist that the street be widened at this time, however, would only mean that all work would be delayed for at least a year and the abandonment of aid for the project by the Works Program Administration, he said.

City finances are in such a condition that it would be impossible for the city to do anything toward such a plan and the placing of assessments against abutting property owners would probably bring a storm of protests, he declared.

If the improvement can be carried out now as proposed, later on, if the need justifies it, the street can be made wider, he declared.

Sulzberger Calls Democratic Meeting

All Democratic ward workers of the eleventh ward were asked this week to attend a meeting to be held at 8 p. m. this Friday at the home of Fred L. Sulzberger, 2948 Crescent-dr.

Hilltop Record To Sponsor Cooking School May 1, 2, 3

Final arrangements for presenting a Gasco food institute on the Hilltop were completed today by The Hilltop Record, The Gas Co. and other interested Hilltop merchants. Dates set up for this interesting food event are May 1, 2 and 3, with West High school auditorium as the scene of all the programs. Evening sessions, beginning at 8 o'clock, will be held. Admission will be free to all.

Miss Louise McFarland will be food lecturer of the institute. She will be assisted by Miss Rita Carper, local home service representative of The Gas Co. in this city. Mr. K. A. Williams is the food institute manager in charge of properties and program arrangements.

A program composed of three different sessions—one to be presented each day—has been arranged. Each day's program is filled with dramatic and entertaining demonstrations. During the three days practically every phase of modern cooking will be covered. The modern trends in menu planning, new time-saving methods, unusual food servings will be particularly emphasized.

The opening program, "Life Begins at Breakfast" will take up that much neglected, yet most important, meal which starts the day in every home. This program holds a number of dramatic surprises as well as an entirely new approach to the breakfast problem.

The second day's session—"The Meal of the Day"—is a continuation of the first day's program, dealing primarily with the ideas for serving the main meal of the day. A portion of the discussion, also, will be devoted to the preparation of children's dishes. Again, as in the first day, a dramatic skit will enliven the program. As a special feature the food institute will prepare several unusual servings.

Miss Louise McFarland

Party Foods Presented

The third and final day will be devoted to party foods in an intriguing program called "After Hours In the Kitchen.". Every housewife who does any entertaining at all will be tremendously interested in this session.

Many new features are included in this food institute. One which adds a new exciting note is the use of the "Magic Mirrors" to better visualize the cooking demonstrations to the audience. All programs will be conducted in a model all-gas kitchen of latest up-to-the-minute improvements in appliances.

Free Prizes at Every Session

Free door prizes will be given away at every session of the food institute. The long list of merchandise and food prizes is headed by a Tappan gas range. Other prizes include a three-quart "Wear Ever" sauce pan and cover, a six-piece kitchen utility set, two ovenware platters and 24 large baskets of groceries.

'Dirt Diggers' Ready For Comedy

By Jean Ann Spohn Photo by Montross

The 9A dramatics classes of West Junior present the play "Digging Up the Dirt," a comedy in three acts by Bert J. Norton, tonight (Friday) in the auditorium at 8 o'clock.

The six leading characters in the play are: Marian Miller, 40 N. Westmoor-av; Wanda Deaton, 644 Wiltshire-rd; Mary Margaret Harold, 192 N. Terrace-st; Lee Schlegel, 217 N. Oakley-av; Bob Cawley, 514 N. Hague-av; and John Brown, 489 N. Harris-av.

If there's an ounce of laughter in you anywhere you'd better have it ready for this romantic and laugh-provoking play because the talented cast selected by the dramatics director, Mrs. Velma Moss Millhone, will keep you in stitches through the three acts of mystery, intrigue and fun.

The setting is "North of the Border Down Mexico Way," where a search for buried treasure is being led by the Professor (John Brown), accompanied by those slaphappy college lads, Bill (Lee Schlegel) and Ken (Bob Cawley). There is dirty work at the cross roads when Jose (Richard Janes), that low-down Mexican greaser, enters the picture, but Sheriff Carson (Tom Webb) usually comes up to straighten everything out.

Arriving unexpectedly and at the most inopportune time comes aunt Miriam (Mary Margaret Harold); and a party of girls of which one is her niece Betty (Wanda Deaton), who adds comedy and romance to the setting. Betty's friends include Nan (Marian Miller); Jane (Patty Hart); Phyllis (Marjorie Bast); as well as the boy Allen portrayed by Don Stout. It is on their arrival that the fun and excitement really begin.

A party is in full swing in the second act with extra young men from a nearby dude ranch as guests. While the dancing goes merrily on, the poor professor mysteriously disappears, and to be sure, Sheriff Carson finds the villain. But who is the villain? Ah! Ha! Now there's a surprise for you.

All in all, it turns out to be a most successful digging up of the dirt, even if the boys did encounter a "Mephitis Mesemelas" (skunk to you), but that's another story and a good one, too.

Get your ticket right away so you, too, can see what happens to the Professor, to Betty and Ken's romance and of course, to all the characters of this play-of-all-plays.

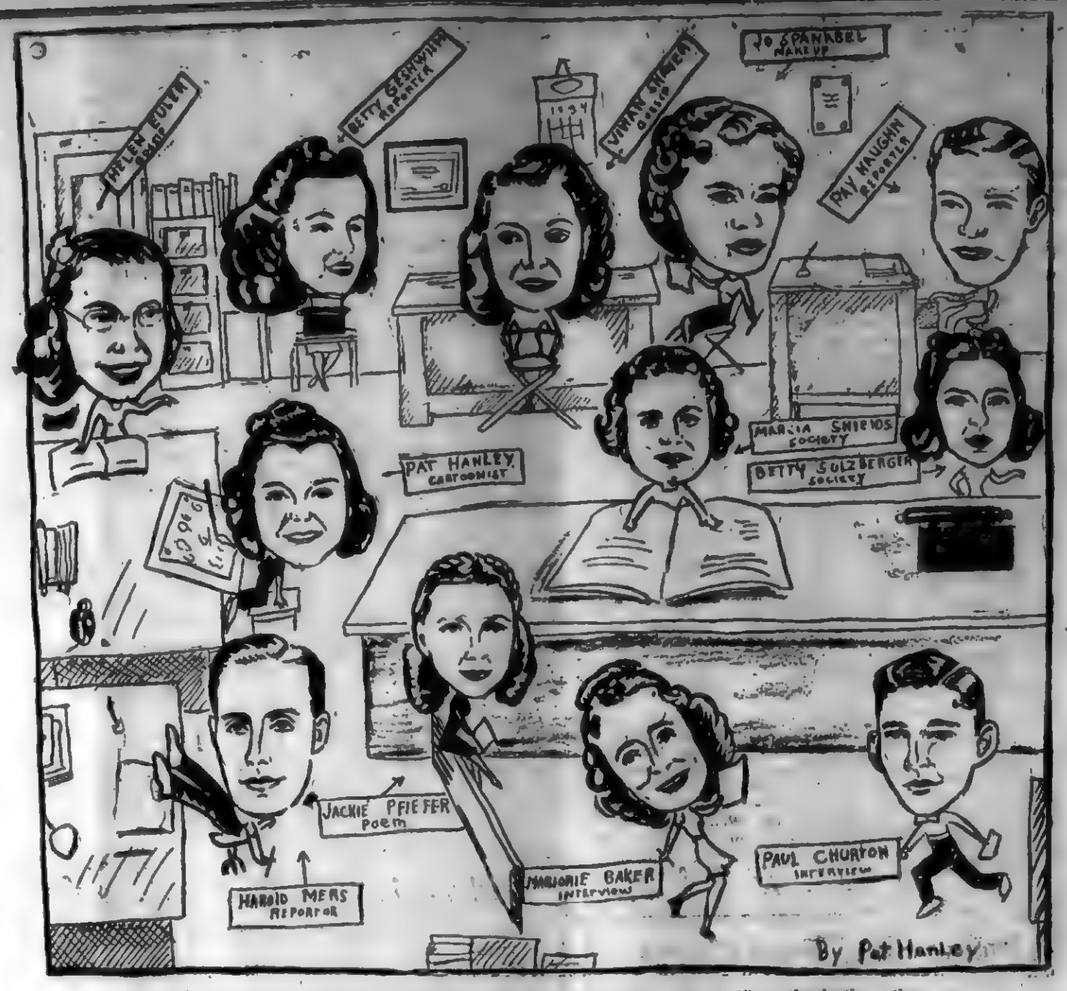
I AIN'T MAD AT NOBODY

STATION ROBBERS CAUGHT



The robbers have been caught that robbed the filling station
The Judge'll say how long they'll be out of circulation
Their pleasure on stolen money was of short duration
Mansfield or Spring St. will be their next location.

They would not heed the warning and now they'r serving time
They have besmirched their family name by a path of crime
We cannot help but wonder just what their life will be
After their time is up and once again are free.

Will the brand of criminal and all the word implies
Follow them through life for all men to despise
That is a serious handicap that no sane person would crave
All their future days may be spent as some one's slave.

No one will hire a criminal when good men are at hand
But honest industrious boys are always in demand
If any work to do the boss will pick the best
The only thing I know is offer a prayer for the rest.

Rev. Wold, Native of Norway, Tells Of Town Where He Was Born

By Harold Mers

Although all of the eyes of the world are turned anxiously toward the Scandinavian countries, the center of military attention at present, there is one set on the Hilltop that is just a little more concerned than those of the average citizen, and they belong to the Rev. A. J. Wold, pastor of the Hoge Memorial church.

Rev. Wold was born in the small village of Orkdal, Norway, three miles (three Norwegian miles equal 27 English miles) from the port of Throndheim, which was recently captured by the Nazis. He spent his boyhood there, among the glaciated country, ice-skating and skiing in the winter, fishing and swimming in the fjords in the summer.

At the age of 12 he came to the United States but his brother remained at Orkdal with his family and is still in the village, just 29 miles back from the fjord from Throndheim. Although the brother is too old for the regular army, he is probably serving with the "Landwehr" or national guard during the invasion.

"I believe that the Germans must have passed the heavily fortified islands that guard the port of Throndheim, on pretense," stated the minister. "The terrain of Norway is similar to that of Finland but I believe that Germany will make more rapid progress with her mechanized army than did Russia in Finland, because of the network of good roads in Norway, some of which have been blasted out of solid rock and would be hard to destroy."

"It is too bad that two such peaceful countries (Denmark and Norway) would have to be dragged into the chaos of war. They were unprepared; spending their money for social improvement instead of creating a vast war machine, they had become two of the most civilized countries in the world, and now—"

Russel Welch Is Candidate For Committeeman

At a meeting held by the Eleventh Ward Republican club Tuesday, Apr. 16, Russel S. Welch, candidate for committeeman, stated that pressure had been brought to bear upon him to stay out of the race. He said, however, that he would not be dictated to and would not be bossed. "Back-appointed political bosses must go," he stated. "I want the voters of the eleventh ward to decide, not the political bosses, who their committeeman shall be."

He said that harmony could never be a reality until the people retake control. When the majority govern, then only is the greatest chance for harmony.

He also said that he is getting so much support that he is greatly encouraged and that he is definitely in the race to win. Mr. Welch is an attorney and resides at 354 S. Brinker-av.

11th Ward GOP Endorse Sinclair

Further indications were revealed this week that Hilltop Republicans are determined to carry out their harmony program with an announcement by the members of the Eleventh Ward GOP club that they are endorsing George Sinclair for Republican committeeman of the ward.

A resolution endorsing Mr. Sinclair was adopted Apr. 4, the text stating that the action was taken in keeping with the request of Republican County Chairman William Schneider for harmony.

The club members pledged their support in the resolution to the county Republican organization and to all candidates who are endorsed by that group. The resolution was adopted on motion of F. E. Robertson and seconded by Vernon Frederick. It was signed by James G. Sherry, first vice-president, and Ursla C. Roberts, recording secretary.

Eliminations For Circus To Be May 4

District eliminations for the Boy Scout circus will be held by the scouts of the southwest district on the athletic field at West High May 4.

Each troop may enter teams in each of the competitive events, including: first aid, signalling, semaphore and Morse, fire by friction, fire by flint and steel, knot tying, wall scaling and an obstacle race.

The winners of district contests will represent the district in the nineteenth annual Scout-o-rama to be held at the coliseum on the fair grounds May 18. All of the scouts of the southwest district will participate in the "Pageant of Youth" in which some 5,000 central Ohio boys will take part.

Ritz Theatre Remodeled

A new and more beautiful theatre was completed and made ready this week for Hilltop movie patrons with George Pekras as the manager of the amusement palace, located at the corner of Sullivant and Richardson-avs.

Easily rivaling in luxury and comfort the largest theatre in Columbus, the new Ritz has features that some of the larger show palaces do not have including a new type of leather seats that are more comfortable and that automatically fold up when the patron rises.

With a seating capacity of 800 persons, the new Ritz has been completely remodeled and renovated inside and out, with the exterior lighting effects completely done in neon and flourescent tube lighting.

Aside from the new seats, the interior remodeled includes complete redecoration and new carpets and draperies. The sound equipment is of the latest type and the acoustics have been arranged to be the best.

Booking arrangements for movies at the new Ritz include the best pictures presented by Metro-Goldyn-Mayer, Fox, Paramount, Universal, Warner Bros. and RKO.

Mr. Pekras, who is well known to all Hilltoppers, is also manager of the Rivoli and recently aquired the Ritz. His hobbies are fishing and taking his pet bulldogs out for a walk.

Owens To Coach Camp Chase Team

Camp Chase post No. 98 will again sponsor an American Legion junior baseball team, it was announced this week. Thirty-eight prospects answered the first practice call of Coach Woody Owens, but only 15 of this number will be retained, owing to the league rules.

Indications are that this squad will be the finest to represent the local section since the Columbus Cycle squad of 1933 which reached the finals of the state tournament. The group has exhibited plenty of ability in the field but the hitting must improve if the local legion team is to be a title contender.

According to Coach Owens the squad will consist of the following: infielders, Don Davies, Clark Young, Wehr, Stettler, Histon and Ray Smith, who will also take his turn on the mound; outfielders, B. Richards, Dean and Rebholtz; catchers, McVay and Crandstaff; and pitchers, "Dizzy" Wilson and Underman. Jake Richards, ace of the West High school mound staff, will join the squad at the end of the high school schedule.

Stephen Flowers To Have Opening

Formal opening of Stephen's Flowers new display and sales room at 612 Harrisburg pike will be held Saturday and Sunday afternoon and evening, it was announced by Walter Stephens, owner of the flower company.

The opening of the new quarters comes after 57 years in business in the same location under management of the same family. The greenhouse and previous offices of the firm have been at 704 Brown-rd. The new location is just a few steps south of Mound-st on Central.

A feature of the new display room is a new neon lighted steel refrigerator for keeping flowers fresh. Wrought iron fixtures lend an attractive appearance to the building.

The firm delivers flowers to all parts of Columbus, Bexley, Grandview, Upper Arlington, Marble Cliff and Grove City. Stephens is a member of the Allied Florist association and is a member of the Hilltop Business Men's association.

Fall Fatal To Eldon Ave. Man

Arthur F. Zellner, aged 65, of 207 Eldon-av, a retired railroad telegrapher, died last Friday at the home of his mother, Mrs. Amanda Zellner, at Allentown, Pa., from injuries received in a fall.

Mr. Zellner had been in ill health for the past three years. He had been a resident of Columbus for the past 25 years and had worked for numerous railroad companies in the United States, being last associated with the New York Central railroad. He was a thirty-second degree Mason.

Besides his mother, he is survived by his wife, Allovetta. Funeral services and burial were conducted at Allentown.

Library Sets New Record

Hilltop branch public library patrons are showing an increased interest in reading by establishing a new record in calls for books, according to Miss Mildred Phalor, the librarian.

A total of 10,171 books were issued in March to residents of the Hilltop area and nearby county territory, making the first time in history that the book issue passed the 10,000 mark, Miss Phalor reported.

Over 500 books were withdrawn from the library last Saturday and four reference questions were answered by telephone. In addition, a large number of patrons spent time in the library reading magazines and looking up reference problems.

The 10 o'clock Saturday morning story hour attracted a group of more than 60 children while during March more than 25 classes from West Broad St. school visited the library during school hours for supplementary reading and study.

While many of the newer books are owned by the branch, the most popular volumes continue to be "Gone With the Wind," "Rebecca," "All This and Heaven, Too," Miss Phalor said.

She urges all Hilltop residents to visit the library and get acquainted with its community services.

Open Account, Get Radio

In honor of its 51st anniversary the Central Building, Loan & Savings Co., 46 E. Gay-st, is giving a five-tube Philco radio to everyone who opens a new savings account with $10 or more. The only condition attached is that the account must earn at least $10 in interest during the next 36 months. In addition to the radio, new accounts also bear 3 per cent interest, on which the state tax is paid. The thrifty saver, therefore, not only gets 3 per cent earnings on his savings but also receives a radio. Joseph Lanzer, at desk, is shown passing out another radio to a new customer.—Adv.

West High Nine Faces Busy Week

Hoping for better weather in which to continue their baseball wars after Jupe Pluvius had forced postponement of three diamond contests, West High's Buckaroo nine was to attempt to engage the tough Aquinas Terriers in the feature City league fray of the day this afternoon at Magly Field.

Rain forced the postponement of the West-Central league opener on both Tuesday and Wednesday of this week and the game was to be re-scheduled if not played yesterday afternoon. For this afternoon's game Jake Richards was to do the pitching for the Buckaroos with Bill Albert behind the plate.

The West-Greenfield baseball game, which was to have been played last Saturday at Greenfield, has been re-scheduled for May 27, at Greenfield, Coach George Williams said this week. The Cowboys will entertain the Greenfield team here this Wednesday afternoon, weather permitting.

Facing one of the toughest weeks of the schedule, West will play host to Springfield tomorrow in a baseball game and track meet. Then on Tuesday the champion North Polar Bears will visit Magly Field for a City league tussle. Greenfield McClain will play here Wednesday, West plays at Central Thursday, East High will tackle the Cowboys there on Friday, and Zanesville will attempt to subdue the Buckaroos on Saturday, Apr. 27, at Magly Field.

Although they have played three games, winning two and losing one, no definite line can be given on the possibilities of the S. Powell-av lads in the pennant chase. After walloping Worthington 10-0 the Cowboys lost to Bexley by a 6-4 count and then came back to edge Hamilton Twp., 8-6. However, these three teams were facing the second line of pitching strength of the Bucks, for Jake Richards and Bob Swisher have yet to pitch in a scheduled contest.

Hilltop May Be Without Independent Merchants League

Unless Hilltop sponsors awake very soon, the Hilltop independent softball league may go out of existence.

Only two teams answered the first call for organization at the city recreation department Thursday night, Kent's modern market and Westwood K. of P.

Walter Gerber, assistant recreation director, has scheduled a second meeting for Tuesday, Apr. 23, in the recreation department offices, city hall, and hopes to meet all prospective teams then.

The league will not be operated with less than six teams, so that unless the extra four report for the organization session, Kent's and K. of P. may be moved into the McKinley Independent.

The Hilltop loop played Thursday nights at Westgate, with Kent's, K. of P., Corner cafe, Spears funeral home, Sullivant-av merchants and Westgate merchants represented.

If the Hilltop league is formed, one more team will be needed to fill out the McKinley Independent.

Woman First To Ride In New Coaches

Mrs. E. T. Bucy, 86 S. Roys-av, this week claimed the distinction of being the first regular paying Hilltop passenger to take the east-bound trip on the newly inaugurated trolley coach service.

Mrs. Bucy boarded the coach at 6:30 a. m. last Sunday at Broad-st and Roys-av, riding east to the end of the line at Woodland-av and then back west to Southampton-av, then to her starting point. She reported the time for the trip was an hour and 20 minutes.

Officials of the Columbus and Southern Ohio Electric Co. were also on the coach. Mrs. Bucy reported the ride was most enjoyable and the driver was very courteous.

Two Speak At Townsend Meeting

There will be a Townsend rally Sunday afternoon at 2:30 o'clock at 2356½ W. Broad-st, with Rev. W. F. Rutherford and Mrs. Rowena Addis as speakers. Music will be furnished for the meeting.

Free Shakespeare Plays Scheduled At West High

Lovers of Shakespearian dramas will have an opportunity to witness several without charge in a program to be presented at 3:30 p. m. Tuesday, Apr. 23, at West high school by pupils directed by Ray Bowen, dramatics teacher.

The program will be in observance of the birthday of William Shakespeare.

Marjorie Walker, 18, 331 S. Roys-av, was returned to her home Wednesday after undergoing an appendectomy at White Cross hospital on Apr. 1. She is reported showing favorable recovery.

Books To Be Sunset Literary Club Theme

"Books As Passports" will be the subject to be discussed by Miss Esther Sullivan, book reviewer from McClelland's book store, in a program at a noon luncheon of the Sunset Literary club at the Southern hotel Wednesday, Apr. 24.

Miss Sullivan will develop the theme that books are passports to foreign countries and to the realm of imagination as well as the key to understanding people an dtheir every day experiences.

Some recent books that will be used in developing the theme include "How Green Was My Valley," "The Gentleman From Stratford," "Loon Feather," and John Guenther's new edition of "Inside Europe."

April Unusual Month For Mrs. Chas. Moon

The death of Mrs. Sarah Monett on Apr. 17 added another coincidence to the unusual number that have been recorded by Mrs. Charles Moon, Hilltop resident, and daughter of Mrs. Monett.

Mrs. Moon recalled this week that her husband, the late Charles Moon, was born Apr. 16, that she and Mr. Moon were married Apr. 20, a daughter, the late Gwendolyn Moon, was born Apr. 24, the daughter died on Apr. 27 and Mr. Moon died on Apr. 29. Mr. Moon's father died Apr. 3.

Mrs. Monett made her home with Mrs. Moon for the cast six years but died at the home of her daughter, Mrs. Earl Hunter, 12 Wisconsin-av.

Miss Betty Kidwell and Miss Frances Lewis attended the opera at Cleveland last week-end. They were house guests of Mr. and Mrs. Clint Noble.

The competition is open to all boys under 17 with amateur status. The season will open Apr. 28, with Carl E. Smith, physical education director at Starling junior high school in charge of the west league.

Mrs. Mable Dusenberry, aged 49, of 1079 W. Broad-st, was undergoing treatment for an injured right shoulder and cuts on the right ear this week, received in an auto collision at Avondale and Sullivant avenues. She was treated at Mt. Carmel hospital.

Crowd Present At Beacon Light Opening

A capacity crowd attended the formal opening of the Beacon Light golf course last week but inclement weather put something of a damper on play for a couple of days over the week-end.

Don't Risk Roof Leaks

BAD weather quickly locates the weak spots in roofs. New leaks develop, and old ones get worse. Wise property owners refuse to take chances—they have risky roofs put in good condition or replaced before any damage occurs.

Commonplace or True Distinction?

Where does the commonplace end; and true distinction begin?

You see a hundred people . . . a thousand flowers . . . a score of jewels. And suddenly your attention is arrested by one, standing out from the many . . . one intangibly interesting and appealing.

These qualities that make for true individuality are indeed varied and deep rooted.

This past week's presentation at a downtown theatre of "Abe Lincoln In Illinois" and "The Story of Dr. Ehrlich's Magic Bullets" are in themselves four star pictures but added to their entertainment value they serve to show that true distinction in the case of a backwoods statesman and a great German scientist came through their steady devotion to an Ideal.

Both men, humanitarians in their particular field, lived with courage toward their goals; they concentrated on building and saving lives, not just making a living for themselves.

Their's were great dreams with foundations put under them with hard work; they had cultivated broad mental and spiritual horizons; they recognized that like attracts like and gave their best that they might receive the best.

Their higher selves were perpetuated in the lives of others; their influence counted on the side of things which worked for a common good . . . they lived creatively.

And above all else they had the courage of their convictions.

This Matter of Talking or Doing

Comes there to Ohio an organization that does something other than talk about the things that should be done. It is the Citizen's Tax League, now in its second year in Franklin county and with a very fine record of accomplishments to its credit in this time.

The League has recognized that their job is not primarily to reduce taxes so much as it is to see that taxpayers get their money's worth for their expenditures. In this respect they do not ask that present governmental functions be eliminated but they are asking and rightfully so that true economy be practiced.

In a short time the league will conduct a membership campaign. Here is an opportunity to give your moral support to a program that will have its effect on coming generations. Their program is important. It is worthwhile.

Why Not Consider City Manager Form?

With Mayor Floyd Green presenting a city charter amendment that borders on the Cincinnati home rule plan why isn't it a very logical time for the public to take a renewed interest in a city manager form of government for Columbus and go all the way in patterning after Cincinnati?

A few years ago the city manager form of government was seriously considered and hundreds of the most substantial citizens of Columbus went to bat for the program. It failed to be placed on the ballot for public approval however, after a very short drive to secure the proper number of signatures failed.

We believe a new city council should be interested in having the plan presented if the proper charter can be formulated.

It's Mayor Shank Now

Seems that some of the boys may be grooming Jack Shank for pohtics.

Last week they placed an edition of one of the downtown daily papers on his desk with the front page screaming in 72 point type "Shank's Mayor of W. Broad Street." Subhead on the story was "Reformists Promise to Kick Him Out . . . Bill Gloeckner Says Shank Must Go; Shefburn To Lead Fight."

The story following was the one appearing in an earlier issue of the paper under the heading of Personality Parade. The story pointed out that Jack recently played the part of Rhett Butler in the Hilltop Minstrel and was selected because he resembled Clark Gable more than any other member of the cast . . . All of which should put Shank up before the public as a potential vote getter.

The story was all in fun and we understand the press run was about 50. Maybe the boys were just feeling Jack out to determine if he could stand up under the loads of publicity a mayor gets.

West, East In League Game

By Dave Shiflet

Their chances in the City league inflated somewhat by a 7-6 win over the North Polar Bear nine in the league inaugural Tuesday afternoon, West High's Cowboy baseballers are scheduled to tackle the formidable East High Tigers this afternoon at Harley Field. Probable pitching choice for Coach George Williams' charges will be the reliable Jake Richards while "Lefty" Novak appears to be the choice for the Oriental school.

Yesterday George Ruder was to be the pitching nominee as West tackled a weak Central High team on the Riveraiders' diamond. West was installed as the favorite by virtue of the North victory but anything can happen in this league as shown by the unexpected defeat of Aquinas by East earlier in the week.

Sparked by the six-hit twirling of Richards and the timely hitting of Paul Rogers and Ray Medlick, the Buckaroos were able to edge the Polar Bears Tuesday. Rogers cracked out a home run with two on in the third while Medlick doubled with the bases full in the second. A squeeze-play run in the seventh with Ned Bell scoring gave the locals the win, however.

Loss To McClain

Wednesday afternoon the McClain Tigers edged the locals on the Magly field layout by an 8-5 margin. "Stub" Neal pitched for West but the plucky little southpaw tired after "five" two frames after swirling nine-run ball for five full rounds. McClain picked up two in the sixth and finished the game with five in the seventh, the final three tallies coming via a home run with two on base, two out and two strikes on the batter.

Drama Enlivens Food Institute Programs

Here are a few scenes from the highly dramatic and humorous skits which enliven the programs of the 1940 Gasco Food Institute to be presented here beginning next Wednesday at West High School. This dramatic action adds to the entertainment of the unusually interesting programs. Three sessions are planned, one each evening, beginning at 8:00. A model kitchen furnishes the stage setting for all programs.

Hilltop housewives are promised a dramatic adventure into the cooking world of today and tomorrow in the 1940 Gasco food institute conducted in cooperation with the Hilltop Record, which will open for a three day session at 8 o'clock Wednesday evening, May 1, at West High school auditorium.

On Tuesday afternoon, Apr. 30, a COOKING SCHOOL EXTRA edition of the HILLTOP RECORD will be delivered to every home on the Hilltop with all the late news on the Gasco cooking school to be held at West High auditorium on the evenings of May 1, 2 and 3.

Watch for this edition on your porch next Tuesday.

The second and third sessions of the institute will be held on Thursday, May 2, and Friday, May 3, with Miss Louise McFarland as food lecturer.

Features will include free prizes at every session, time saving methods, novel menu ideas, brand new recipes, dramatic programs, free prizes galore and a modern kitchen setting that will appeal to every woman.

Greggs Market Is Record Advertiser

Added to the grocery section of this week's Hilltop Record is the advertising of Gregg's Market, 2897 Sullivant-av. The store, managed by Art Stiffler, 399 S. Eureka-av, deals in quality merchandise. Nationally advertised brands are featured in all departments.

Noah Riggle

Still hale and active at the age of 84, Noah Riggle, 53 S. Eureka-av, this week, on Thursday evening, became an honorary member of Westgate lodge of Masons and was presented with a 50-year Masonic order medal at a ceremony in Westgate temple. Many lodge members and a delegation from Mr. Riggle's lodge, Caledonia, of New Albany, attended.

Of the 18 or 20 fellow lodge members that belonged to the Caledonia lodge when he entered, only one is left now, Mr. Riggle believed. He entered the Masonic order originally at Blendon lodge but later attending the Caledonia meetings because it was more convenient to his farm home near New Albany.

Mr. Riggle has been a resident of the Hilltop for 21 years since his retirement as a farmer. He was born near New Albany and operated his late father's farm until he came to Columbus.

His formula for appearing like a man of 60 at the age of 85, Mr. Riggle says, is the fact that he has always liked to associate with young people and take part in their activities.

He makes his home with a son-in-law and daughter, Mr. and Mrs. R. E. Alspach, and has another daughter, Mrs. Theodosia Huelf, N. Oakley-av, and a son, Daniel S. Riggle, N. Powell-av.

Besides her husband, Mrs. Kent is survived by three sons, Paul and Howard of Columbus and Ralph of Elmhurst, N. Y., her mother, Mrs. Clara Dever of Sciotoville, two sisters, Mrs. Gertrude Poole of Minford and Mrs. Ida Ione Dever of Sciotoville, six brothers, John, Walter and Hobart Dever of Portsmouth, Blain of Columbus, Homer of Steubenville, and Lowell of Manhasset, L. I., and three grandchildren.

Need For Tax Plan Is Told

Hilltoppers who are interested in their city government heard Mayor Floyd Green explain the charter amendment proposal Wednesday noon at a luncheon at Schmelzer's restaurant.

Mayor Green told his story as follows:

The bonded debt of the city is 26 millions. Columbus receives a revenue of 8.4 mills of which 6.76 goes into the sinking fund to retire these debts and pay interest. General operating expenses get 1.4 mills with .3 mill being set aside for police and a like amount for fire pensions.

The city inherited a deficit of $740,000 from last year. The council has passed a budget that will carry the city through July 1, but money will not be available for operating expenses after that time unless the voters approve the charter amendment.

The city tax duplicate in 1920 was $70 million dollars and today it stands at 364 millions, six millions less than 20 years ago.

Last year the city borrowed or refunded to the extent of an estimated 5.95 mills in order to operate, with interest at an average of four and one-half percent.

Passage of the proposed charter amendment would enable city council to ask up to a total of six mills for operating expenses, over half of which would be spent entirely for relief.

A $3,000 Hilltop home would have taxes increased about $13 but the mayor also assures the elimination of the sewer rental tax which would mean a net increase of about $6.

Other means of meeting the deficit would be to retain the sewer tax, charge for street lighting service, charge for garbage and refuse collections and place a city license tax on automobiles.

Cincinnati has had the charter amendment since 1926 and has never yet placed the tax at the six mill limit as provided.

The charter amendment will be up for a vote of the people on June 18 and will require only a majority for passage.

Passage of the Home Rule plan would eliminate the 10 mill limitation entirely but would actually only increase [illegible] property taxes 4½ mills. The amendment calls for operation of this plan for two years.

May Green expressed the opinion that passage of the amendment is the only solution to a sound financial program for Columbus.

Ralph L. Jacobs Can Claim Title of Hilltop Champion Commuter

Ralph L. Jacobs, 2914 Crescent-dr, candidate for the Democratic nomination for state representative, can claim title to the commuting championship of the Hilltop if his travels of 120 miles a day back and forth to work can be regarded as an index.

While Mr. Jacobs is now in Columbus as vice-president and general manager of Arcadel Systems, Inc., a bus line, for six years he drove to Zanesville each morning and back to the Hilltop each evening, while he was an executive connected with the Zanesville street railway and motor coach lines and the former power company there.

Ralph L. Jacobs

Traveling 50,000 miles a year to work and back would be regarded by most people as a job in itself, but Mr. Jacobs viewed it as just an incidental matter — his home has been on the Hilltop since 1923 and he cared too much for that home and the Hilltop to give them up for anything like a mere 120 miles a day drive.

Is Frank Speaker

The driving episode is characteristic of Mr. Jacobs. He likes to get things done and when he makes campaign speeches he does not indulge in the flowery generalities of the job seeking politician. He frankly tells his audience that he feels he knows more about handling the job of state representative than he does about the manner of campaigning for such a job, except in an honest and straightforward manner.

In Mr. Jacobs' business he is thrown into contact with half a dozen or more different state departments almost every day and he feels that he has a thorough knowledge of the working of the state governmental machinery. He feels that in the legislature the only way for a law maker to act is to study each bill presented carefully, the relative effect it will have on the people of the state, and to vote for or against it accordingly.

His candidacy is the first time he has ever sought public office and he is rather proud of the fact that he has never drawn a cent of public money. Every bit of new state legislation should be carefully analyzed and studied before being voted upon, in his opinion.

His favorite hobby is fishing—when he isn't too busy.

West Players In State Music Contest Finals

Several West High school students and members of the Hilltop symphony orchestra who received high honors in the recent high school district music contest at Delaware this Saturday will compete in the state music contest at Oberlin.

They include Jack Newhouse, French horn; Glenn Harriman, trombone; Dick Blaney, clarinet. Prof. Walter L. King will play the piano accompaniment for Jack Newhouse and Glenn Harriman in solo numbers.

The B flat clarinet quartet includes Richard Blayney, Robert Gulcher, Richard Sinclair and John Patterson. Martha Waite will sing mezzo soprano.

Red Cross Drive In Good Gain

The current Red Cross drive on the Hilltop has been meeting with generous response, according to Mrs. P. B. Benton, in charge of the territory. An appreciable gain over last year's mark is anticipated before the close of another week. The additional week for canvassing was thought advisable in view of the number of calls yet to be made.

At the conclusion of the drive Mrs. Benton will entertain workers with an Appreciation Tea at her home, 65 S. Westgate-av. The following persons are active in the work:

Majors, Mrs. Robert Weller, 166 S. Brinker-av; Mrs. Purdy, 176 S. Brinker-av; Mrs. Leonard Wisdom, 254 N. Harris-av.

Sullivant Paving To Start Now

Work of repaving Sullivant-av from Whitethorne-av west is scheduled to start immediately following the removal of street car tracks and will mean a complete new street from curb to curb, City Engineer Paul W. Maetzel announced this week.

Mr. Maetzel declared he had been swamped by complaints of residents who were fearful that the street was just to be patched up and he emphatically denied that this would be done.

A new concrete foundation and new asphalt surface will be laid by WPA crews who will take the street one section at a time to carry out the work, so as not to interfere with coach traffic, he said.

The new paving will have brick gutters and will be completely new, he declared. The work will require about three months, he estimated.

Plans are to carry out the work in four sections and while it is being done repair work will be carried on in the section of street east of Whitethorne-av by the city's own maintenance crews.

Mr. Maetzel explained that the impression that the street was to be patched up had probably been obtained through the fact that Washington officials several months ago ruled that WPA workers could not engage in track removal projects, thus making it necessary for the city to do this portion of the work itself.

The new paving can be laid by WPA workmen, however, and a contract has already been let for the asphalt surface material, he declared.

Traffic Divider Is Proposed For W. Broad

Construction of a medial divider on parkway strip in W. Broad-st to serve as a safety island for pedestrians and to prevent opposing streams of traffic from coming in contact with each other is favored by J. Robert Guthrie, city traffic engineer.

Such a plan would lessen the number of accidents on the street and could be easily built when the street car tracks are taken out of the street, Mr. Guthrie points out. He is hopeful that councilmen and the city traffic commission will favor the proposal.

Robert Morris Social Club Celebrates 25th Anniversary

The Social club of Robert Morris chapter No. 372 OES held its annual inspection luncheon at the Southern hotel Apr. 16, also celebrating its twenty-fifth anniversary.

The room was arranged and decorated very beautifully. The speakers table was elevated along one side of the room. There was a long table along the other side with two more tables arranged in a V in the center of the room. In the cetner of the V and directly in front of the Worthy Matron was a round table on which a huge star had been placed, each point covered with its own color. On the labyrinth of the star was a miniature altar with a small open Bible on it and a lighted candle on either side serving as altar lights. On all of the tables were flowers of blue, yellow, white, red and green foliage which constitute the colors of the star. Along the front of the tables were placed red and white carnations. The lights along the wall were covered with palms, ferns, etc. The favors were lovely memory books with wooden covers, on the front of which was an Eastern Star.

After the luncheon several numbers were sung by Burrel Drake, accompanied by Virginia Kuenzli, both of Capital university. The newly formed chorus of the chapter made its initial appearance under the direction of Mrs. Phese Jerman, with a surprise song, "Sweetheart," from "Maytime," sung to the Worthy Matron, Mrs. Lily Hulls, president of the Social club, then introduced the honored guests, Della Behm, deputy grand matron of the seventeenth district; Hazel Hale, worthy matron of Robert Morris chapter; Marvel Whitmer, representative of New York; Florence Alexander, representative of Tennessee; Edna Tabor, grand Esther; Maria McElres, deputy grand matron of the twenty-sixth district; Elsie Bechtol, president of the seventeenth district; Willis Bailey, vice-president of the hospital circle. PREVIEW
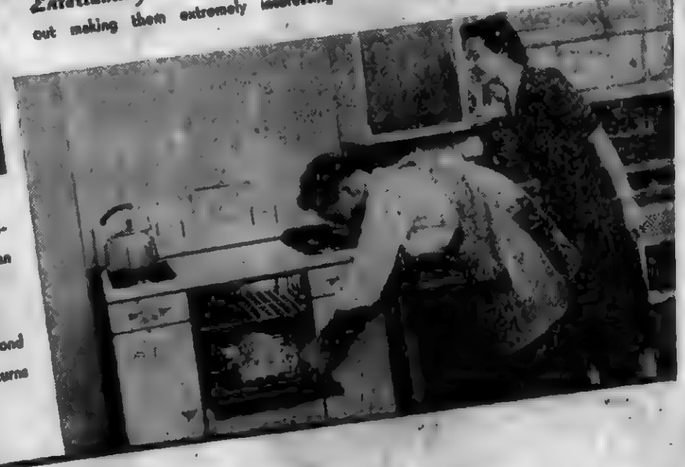
SCENES FROM THE 1940 GASCO FOOD INSTITUTE



Cooking modes of today and tomorrow will be demonstrated by experienced lecturers throughout the programs of the Gasco Food Institute.

Glorified foods will be mirrored in a frame following each days program emphasizing the modern trend toward greater attractiveness in food servings.

Kitchen comedy humorously points out the common eat-and-run tendency among some modern families, illustrates how it can be avoided.

Man takes over the cooking duties during part of the second day's program as the Food Institute manager dons apron and turns out some highly appetizing dishes.

Entertaining drama enlivens the programs of the Food Institute throughout making them extremely interesting as well as informative.

These Thrills — and Many More
Await You at the Outstanding Food Event of the Year

There's never a dull moment in the three exciting days of Gasco Food Institute programs as these preview scenes indicate. You'll be entertained with comedy and drama—you'll be informed with lectures and demonstrations. Every phase of food preparation will be presented in programs packed full of new ideas. You'll not want to miss a moment of the three sessions.

Remember the dates, Wednesday, May 1, Thursday, May 2, Friday, May 3. Sessions begin at 8:00 o'clock each evening in the West High School Auditorium. Plan now to attend each day. Watch the Hilltop Record for further announcements.

High Tribute Paid Willis

High tribute was paid to retiring Democratic committeeman Samuel Willis by members of the Eleventh Ward Women's Democratic club last week at a meeting at the home of Mrs. Grover C. Amerine, 180 Binns-blvd, with John McSweeney, Democratic candidate for U. S. senator from Webster, as the principal speaker. More than 125 men and women filled the home to capacity.

For Mr. Willis it was the last meeting at which he held the position of ward committeeman, but he stressed the fact that he could be "just as good a Democrat in the bleachers as in the box seats."

Jacobs Speaks

Ralph Jacobs, candidate for state representative, another speaker, cited his qualifications for that office and stressed the fact that he knew more about handling the job than he did about being a candidate. He is a Hilltop resident.

Mr. Willis commended Hilltop Democrats for doing their own thinking and intimated that he expected eventually to win out in the dispute that resulted in his withdrawal from the committee race in favor of Dr. F. L. Sulzberger.

Republicans In 11th Ward Endorse George Sinclair

Members of the executive committee of the Eleventh Ward Republican club this week announced that they have gone on record endorsing George Sinclair as a candidate for committeeman of the ward.

The announcement said that some time ago a group of prominent Republicans from the ward met for the purpose of selecting a committeeman who could act as arbitrator, with the selection of Mr. Sinclair as the result.

Two Townsend Meetings Planned

Townsend club No. 25 will meet at 7:30 o'clock this Friday evening at 2356½ W. Broad-st, with Rebecca Addis, district deputy from Zanesville, as the feature speaker. Entertainment will be provided by Nary and Harry Varroll. Refreshments will be served.

A rally will be held at 2:30 p. m. Sunday at the same address by Townsend clubs with Rev. W. T. Rutherford as the principal speaker. The public has been invited to both meetings.

BAD weather quickly locates the weak spots in roofs. New leaks develop, and old ones get worse. Wise property owners refuse to take chances—they have risky roofs put in good condition or replaced before any damage occurs.
When new roofs are needed, we can supply the right type of Carey Shingles or Roll Roofings

In Which We Preface Our Remarks

A radio address from Chicago one day this past week by Dr. Hutchins of Chicago university contained one expression by the famed educator that serves to best preface any remarks along political lines from this corner in the next two weeks. Our interest in seeking the best qualified men for public positions is based on this same expression:

"Common men cannot shirk politics and expect to continue to enjoy freedom."

• • •

Two Local Men Seek Offices

That the Hilltop is better represented than it has ever been was evidenced in the results of last fall's election. However, this community has a grand opportunity to extend this representation into two other branches of government if two Hilltop candidates can get the enthusiastic support of their party followers at the primaries May 14.

Republicans can well afford to give their hearty endorsement and support to George Matson for county commissioner and Democrats can do likewise in seeing that Ralph L. Jacobs is one of their nominees for the state legislature.

One of the most important offices in the county is that of commissioner and Matson is well qualified as a business man and also through his past experience in the conduct of a public office to lend much in the way of efficient operation and good business judgment to this important position.

Ralph Jacobs has long been a substantial citizen of the Hilltop and his business experience coupled with the fact that he is not a man to make a decision and wonder about it afterward brings us to believe he is the type of individual most needed in the state legislature today. This body is the law making body of the state and it stands to reason that the best in government regulations can come about only from men capable of formulating such laws or with judgment capable of rejecting the many screwball pieces of legislation presented in every session.

• • •

Three Things a Candidate Needs

County Republican Chairman William Schneider in an address at Central High school last week stated a Republican had to have three things to get the committee endorsement: Ability to fill the office if elected, must be a winner, must have shown a regular interest in the party.

We agree with Mr. Schneider heartily.

Roland G. Allen with his experience as a lawyer, as a prosecutor and as a man, has the ability to fill the office. His popularity has made him a winner. We are inclined to believe Allen has a better chance of winning after being nominated; he has always been regular with the party and is conducting a very dignified campaign at present even in face of the party endorsement of another candidate who never practiced law, has no experience as a prosecutor and has been twice defeated after being nominated.

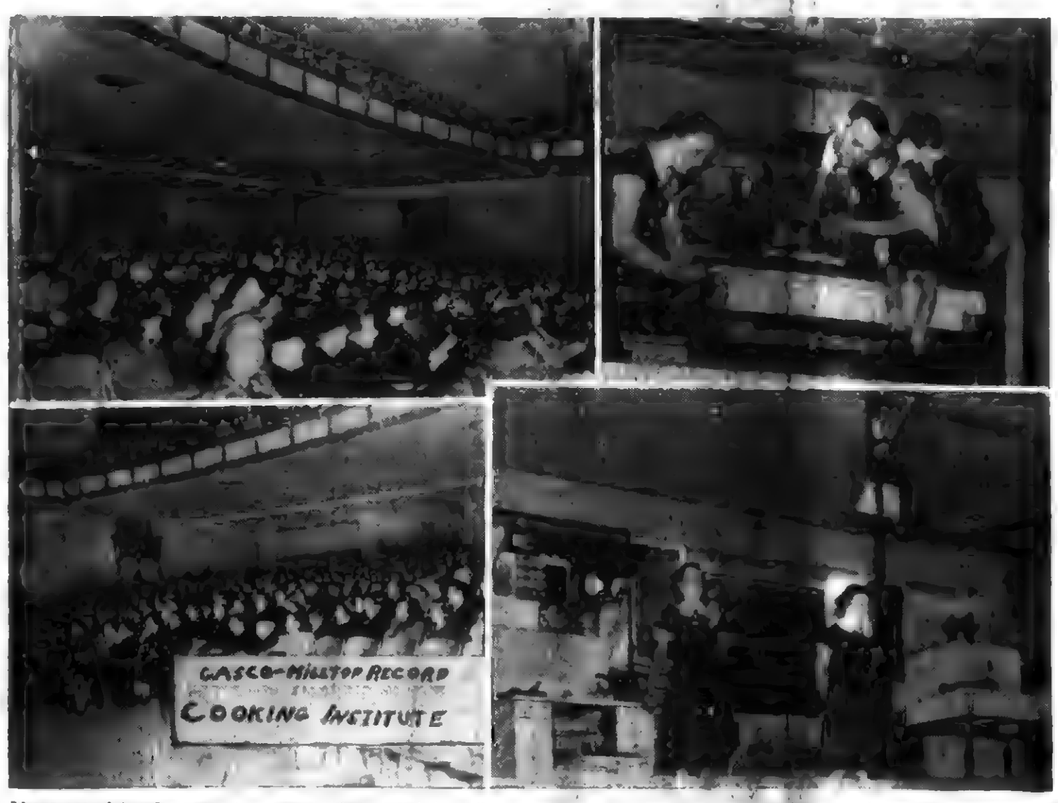
The Weather

Judy Wolfe, two-year-old daughter of Dr. and Mrs. John Wolfe (former Record editor) asked to go out and play, whereupon daddy told her she couldn't on account of the weather.

"What's weather?", queried Judy.

"A condition of the atmosphere," replied the scientific father.



"Oh, I see," Judy agreed.

Scenes At Record-Gasco Cooking Institute

Above are pictured scenes at the opening of the Gasco-Hilltop Record Food Institute at West High school auditorium Wednesday night. Two of the pictures show the throng of women that attended, while at the upper right is prize drawing with little Jacqueline Powell, 636 S. Richardson-av, taking a ticket from the drum. Miss Rita Casper, assistant at the institute, and K. A. Williams, in charge of properties, are also shown.

Below, Miss Louise McFarland, the food lecturer, and Miss Carper are shown giving a portion of the program. The Tappan range and the magic mirrors are shown in the picture. The Institute will end tonight.

With scores of Hilltop housewives eagerly hoping they will be the fortunate person to win the beautiful Tappan 1940 gas range or one of the other grand prizes in the drawing tonight, the three evening Gasco-Hilltop Food Institute is scheduled to conclude before a capacity audience at West High school auditorium.

A crowd of nearly 800 women as well as a goodly scattering of men attended the opening session of the institute Wednesday night to see the beginning of the unique triple program with cooking taking the spotlight in a new fashion that entertained and amused as well as helped.

Miss Louise McFarland, the food lecturer, Miss Rita Carper and K. A. Williams presented the programs, Wednesday night's subject being "Life Begins at Breakfast," Thursday night's being, "Meal of the Day."

Menu Planned

The program tonight will be "After Hours in the Kitchen."

All programs have been conducted in a model all-gas kitchen with a score of brand new features to enliven the food institute, the "magic mirrors" that enabled every person in the audience to clearly see and follow the various steps in food preparation being one of the features, while the brilliantly illuminated ovens of the 1940 gas range with us many attractive features as a 1940 auto was another.

Tonight's session will begin at 8 o'clock, the same as the other two. Besides the Tappan range, the merchandise and food prizes include a three-quart Wear Ever sauce pan and cover, two oven platters, a six-piece utility set, 24 food baskets and many other articles.

Valleyview To Vote

The notice was filed by Marvin C. Yerke, clerk of Franklin twp.

Why Not Complete The Plan?

An Editorial

We are fully in accord with the charter amendment that will come up for approval or rejection of the voters on June 18. The city is definitely in a financial jam, one that has accumulated over several years, and one that only increased revenues can eliminate. That is especially so in view of the tremendous load caused by relief. Something must be done.

The Home Rule amendment providing that city council shall have the power to tax real estate to provide additional money up to six mills is a part of the Cincinnati charter plan. It was adopted in 1926 and as yet the Cincinnati council has not requested the top limit of taxes this plan provides for.

But Cincinnati has a City Manager form of government. Furthermore Cincinnati has a wide-awake and progressive citizen's charter committee who keep actively interested in every activity of their city government. Under this plan Cincinnati has come from having the reputation of America's worst governed city to America's best governed city.

We say again, we are in favor of the passage of the charter amendment that will be on the June 18 special election ballots. Observation by those who have studied Columbus municipal progress has led them to the conclusion that any failures in administration have not been so much the fault of the administration in power as it has been that the present system does not provide for the most efficient operation of a business the size of that of the city of Columbus.

Political expediency has caused previous administrations to refrain from discussing the true financial condition of the city.

The Record is interested in those things that are good for the city as a whole, because therein this local community can best accomplish greater things. We are interested in learning what other Hilltoppers think of the City Manager form of government for Columbus. Your comments and letters will be greatly appreciated.

League Lead At Stake

West, Aquinas Battle For City League Supremacy

By Dave Elliot

Returning to the City league baseball warfare after two days of idleness, West High's pennant-pounding Buckaroo nine will entertain Central High this afternoon on the local diamond, seeking revenge for their only league defeat to date. Saturday the Bucks entertain Washington C. H. at Magly Field, in a non-league battle.

Aquinas Here Tuesday

Then on Monday and Tuesday the Cowboys are booked to tangle with the strong Aquinas Terriers in a home-and-home series. Both teams have won three and lost one in the loop and the outcome of these two battles should determine the ultimate City league winner. For the locals Jake Richards (3-0) and Bob Swisher, starting his first contest, will pitch, while "Wheaties" Whalen and Jerry Walsh will be the Terrier twirlers.

Richards in One-Hitter

Last week the Bucks won three games and lost one, Kulp being beaten 6-3 by Zanesville. Richards let East down with two hits, winning 9-0; then pitched a one-hitter in beating South 4-3 and drove in three runs with a triple. In the fourth game Jack Barret allowed five hits Monday last to defeat Marion Harding 8-3.

The South-West battle was the most interesting from the spectator point of view. South tallied three times in the first inning on four costly West errors, but from then on the Bulldogs weren't in the ball game. Richards tripled in the fourth with the bases full and a Buck run in the fifth won the game. Not until the last inning with two out and two strikes on the batter, did a South batter score a single base hit.

All children who will enter the school as 1B pupils next fall are asked to attend.

West Students Win Many Music Honors

West High school students in the music classes this week could be proud of the splendid showing made by representative pupils in the state solo and ensemble contests held in Oberlin last Saturday.

The B flat clarinet quartette received the highest rating of "Superior" and were appointed to represent the state in the regional instrumental competition festival to be held in Battle Creek, Mich., May 15-18. Members of the quartette are: Richard Blayney, Robert Gulcher, Richard Sinclair and John Patterson.

Miss Martha Waite, mezzo-soprano, also was rated "Superior" and designated to represent Ohio in the national regional three vocal competition festival at Springfield, Ill., May 10 and 11.

Glenn Harriman, trombone soloist, and Jack Newhouse, French horn soloist, were each rated "Excellent."

Praises Cooperation

Commenting on the fine showing of the West High students in the contest, H. E. Hutchinson, instructor in music at the school, had the following comment to make: "In a contest of this type, many people unite to make success possible for the participants. First of all, without the encouragement and financial support of the parents, no participation would be possible, so it's 'hats off to the parents'."

"The Ohio Music Education association of school music supervisors and directors, of which I have been an active member for many years, sponsors the district, state and regional contest. These contests are open only to members of the school bands, orchestras and choruses. The application of each contestant must be signed by both the principal and music director."

"The Band Parents club has done much to provide music and equipment for the band as a whole. Studio teachers of music gladly cooperate in developing contesting pupils. In this instance, special appreciation is due to Mrs. Mary Walton, the private teacher of Martha Waite, to Fred Weaver, who gave a good deal of time to drilling the clarinet quartette, in which were three of his pupils, and to Walter King, who spent much time drilling the trombone and French horn soloists, and who took a day of his time to go to Oberlin to play as their accompanist.

"I wish to thank all of those who contributed their time and talent to help West High school make the fine showing which was theirs in district and state contests. We are all wishing Miss Waite and the boys the best of luck in the national finals."

Foods Dress Up For The Party..

In a GAS REFRIGERATOR

What modern homemaker doesn't want to be known as a gracious hostess. Yet, entertaining presents the all important problem of what to serve. And here's where modern gas appliances come to the aid of your party. There's nothing like a Servel Electrolux gas refrigerator to dress up foods for party servings. You'll see this demonstrated many times during the interesting third day's program of the Gasco Food Institute when party foods take the spotlight — foods like those tempting delicacies pictured above. You, too, can prepare and serve these appetizing dishes at your parties with ease and assurance of the most successful hostess when your kitchen is equipped with a gas refrigerator.

Your "Silent Partner"

Many a hostess refers to her gas refrigerator as her "silent partner". Silent — because it operates without noise or moving parts to wear. Partner — because it freezes ice cubes and delicious frozen salads and desserts at a most economical cost. After seeing the new gas refrigerator in action at the Food Institute you'll want to visit The Gas Company and inspect a new model for your kitchen.

"WHEN WEALTH WORKS THE PEOPLE WORK"

Not before Wealth can be put back into Commerce and Industry can we expect to see a decrease in National Unemployment. Taxes bind wealth to the hindrance of Commerce and Industry. The wealth that takes the greatest risk in commerce and industry pays the highest rate of taxation. Revise our National Tax set-up! Tax the billions of wealth on which no taxes are paid, also tax the billions of wealth on which very little taxes are paid, and put the same levy on all wealth in the United States. This accomplished we can, then, get a balanced budget, pay old age pensions to all classes of people and we will again have no unemployment in the country, as this will expand commerce and industry. Isn't one class of wealth to another class of wealth, when it moves for profit or loss in commerce and industry, always based on the American Dollar standard of Value? Then, why not tax the movement of wealth as it moves in this country, all at the same rate? Then we will have an equalization tax on all wealth, and from that time on there should never be a depression. This tax on the movement of wealth would lower the tax in the dollar to the consumer, which would automatically increase national income in proportion to the increase of the buying dollar. Taxes made this country what it is today. Taxes can still destroy this country.

I would appreciate your support at the Democratic Primaries, May 14th.

Faithfully yours,
SAMUEL BRODBELT.

Women Seeks Man's Job In Politics

Mrs. Gladys L. Crabbe, 527 Hilltonia-av, candidate for membership on the Franklin county Republican central committee, whose name will appear on the May 14 primary ballots is one Hilltop woman who not only will be filling a man's job, but will be called upon to appoint a "committeewoman" to assist her in tenth ward Republican activities if she wins, it was revealed this week.

Mrs. Gladys L. Crabbe

Mrs. Crabbe is of the opinion that "women deserve official representation on the central committee instead of mere recognition" and accordingly is seeking the place that has in the past always gone to a man.

On her campaign cards, Mrs. Crabbe is pledging that if she is elected she will revive needed party confidence and activity in the tenth ward.

Sulzberger In Race

Fred L. Sulzberger, president of the Hilltop Business Men's association and candidate for Democratic committeeman of the eleventh ward, gets his biggest thrill when he is on the firing line before city council or some other group sponsoring an improvement project for the Hilltop or the West Side, or both.

For many years, Fred has been a sort of father confessor to hundreds of Hilltop and other residents. They have come to his store at 2417 W. Broad-st, with their troubles and trials and usually Fred has listened patiently, offered advice and suggestions and most always managed to send them away feeling better than they were when they came in.

Helps Get Jobs

Another community service task has been that of employment officer for Camp Chase post of the American Legion and Fred can cite records of plenty of time and lots of gasoline used in traveling about seeking jobs for war veterans.

Operation of the recent W. Broad-st trolley coach line is a case in point where Fred regards the change from street cars as an improvement that will be of enormous value to the Hilltop, providing not only quicker and more flexible transportation, but also eliminating a score of traffic hazards, especially that of street car patrons being compelled to walk into the path of oncoming traffic to board a car.

However, if the campaign gets tough and the enemy is annoying, Fred says he is prepared to fire both barrels and then some, promising a campaign with plenty of thunder and lightning.

Why I Am Running For Committeeman

BY

Charles Middleton

If the Committeeman is sincere in his attempt to honestly represent his ward his job can be of great importance since the office carries with it the responsibility of holding meetings and representing the ward in the central and executive committees. But further than this the Committeeman should be prepared to serve his party faithfully and unselfishly. This I am prepared to do.

I am running for Committeeman because I believe in the Democratic party. I want to see as many progressive Democrats elected as possible, since during their term of office they will necessarily raise the prestige and dignity of the party they represent. In 1939 Columbus had a Mayoralty election in which two Republicans were nominated in the primary. The Democratic Party had no candidate whatever.

I felt as every loyal Democrat should feel that this was a serious blow to the prestige of the Democratic Party and to good government. Something was radically wrong with the leadership in the Democratic party that would permit such a thing to happen. It was also bitter medicine for me to swallow when during the same election I was approached by an organization Democrat and asked to vote against Judge Dana Reynolds for Common Pleas Judge. This I would not do. Judge Reynolds has always appeared to me to be a fair and honest public official and why the Democratic organization presumed to represent the Democratic voters and execute their will would openly go out and work against him after he had been duly nominated by the Democratic voters I was unable to understand.

I believe in party organization. I believe in party harmony and unity. I feel that we must have a type of leadership in the Democratic party in Franklin County that is devoted to the party and the ultimate success of that party. This can not be gained by attempting to defeat loyal Democrats for office for which they have been duly nominated by the Democratic voters or by politically maneuvering so that two Republicans are nominated for a responsible office in our city government. This is neither democratic nor responsible government. I feel as every voter should feel that our present government is a pretty good one. We want it to continue. Honest public officials and sincere individuals' interest in the welfare of their city and state are the only guarantee that our form of government will be permanent. I hope, if elected, to help bring democratic government and honest representation to the Democrats of the 10th ward in Franklin County.

Walcutt Has Legal Background

Roscoe R. Walcutt, 4080 Cleveland-av, candidate for the Republican nomination for county prosecutor, is pointing out in his campaign one of the unusual qualifications he has for the office is his practical working knowledge of the law and trial procedure which the average attorney receives only after years of practice.

Mr. Walcutt was educated in the schools of Sharon twp., North High school and Otterbein college. He taught school for a time in the Sharon twp. school system.

By reason of his long connection with county affairs, he has a comprehensive understanding of the county boards, offices and commissions. For six years he was a member of the Mifflin twp. board of education and is affiliated with many fraternal and civic societies and is a well known public speaker.

Fagan Seeks State Senatorship

Henry P. Fagan, candidate for the nomination for state senator, has been a Hilltop resident for the past 10 years, living at 308 Algonquin-av. He is married, has two children and is practicing law at 40 W. Gay-st.

A graduate of Groveport High school and Franklin university college of law, he was admitted to the bar in 1927 and has been an attorney for 13 years.

Clifford Seeks County Judgeship

In his campaign for the Republican nomination for judge of common pleas court, Judge Joseph M. Clifford, 66 Webster Park-av, is asserting that "I shall not run against anybody, but shall seek nomination and election in the hope that I may be of greater service to the public."

Judge Clifford, who is 40, is the son of Dr. Joseph B. and Lillie G. Clifford. He saw service in the U. S. Naval aviation corps and began aw practice in Columbus July 15, 1923, being first elected municipal judge Nov. 5, 1929. He is a Mason and is connected with many other lodges and organizations.

The Legend of The Dogwood

The hills are spotted with the white blossoms of the dogwood tree and at this season it is appropriate to recall the legend of the dogwood as follows:

In the time of Christ, so the legend goes, the dogwood attained the size of the oak and other trees of the forest; and so strong was the wood of the tree that it was chosen as the timber of the cross.

This of course distressed the dogwood mightily, and Jesus, sensing regret at having been chosen to serve such cruel purposes, made this promise:

"Never again shall the dogwood tree grow large enough to be used as a cross. Henceforth it shall be slender and bent and twisted, and its blossoms shall be in the form of a cross—two long and two short petals, and in the corner of the outer edge of each petal there shall be nail prints brown and rust and stained with blood, and in the center of the flower will be a crown of thorns.

"All those who see it will remember it was a dogwood tree that I was crucified on, and this tree shall not be mutilated or destroyed, but protected and cherished as a reminder of my agony and death upon the cross."

Down in the hills the dogwood is out in all its glory, growing as the legend promised, with slender branches, bent and twisted, with its snowy blossoms.

Remember Mother On Her Day

One day that is distinctly American and to be celebrated this Sunday is Mother's Day.

Thoughtfulness can best be expressed by a card or gift to this person we all love.

"M" is for the million things she gave you . . . so remember her on her day.

Jobs Begins In '40

Thousands of university graduates who will receive diplomas and [illegible] will be beginning [illegible].

Down at the University of Kentucky the journalism department [illegible] some 2,000 letters from June graduates to co-operative employers. These students ask newspaper [illegible] to put themselves in the shoes of the June graduate.

"Do you remember when YOU landed your first job?" they ask. "Do you remember how scared you were? We're scared now . . . but not too scared to ask you to look over our qualifications."

Another Use of Newspapers

Comes a suggestion that newspapers have another value—the ink serves as a protective value against moths. We won't vouch for this or recommend it however.

But it reminds us of the time we had started our daily paper in Greenfield and a man came in from down in the hills, sat a small puppy on our desk and asked the subscription price, proceeded to bargain and was undecided whether to take our daily or the rival weekly.

He received a six months subscription to our paper, however, upon payment of the pup and 50c after he had figured it out that the daily had an added advantage . . . it would provide wrapping paper for his lunch each day.

West Play On Again Tonight

Tonight will mark the second showing of "First Lady," West High school senior class play by Dayton and Kaufeman, directed by Roy Bowen. Last night a capacity crowd saw the first presentation of this production.

Last Tuesday previews of the play were presented before the student body during the weekly assembly program. James Ham and Bob Richey portrayed talent scouts who were "bound to find" talent in the cast of "First Lady."

For an evening of entertainment by the Washington social circle in the merry whirl of presidential races, "First Lady," at the West High school auditorium, is pleasing to drama followers.

Camp Chase Post Honors Hasson

Members of Camp Chase post, American Legion and 35 new Legion members last Friday night paid an impressive tribute to the late Claude V. Hasson, one of the founders of the post and its first commander, who died in Mt. Carmel hospital last Feb. 5 from injuries received when struck by an automobile in W. Mound-st several days previous.

Dr. A. C. Myers, past commander of the post, in a memorial address, paid tribute to Mr. Hasson's unselfish service to his fellowmen, his great loyalty to the nation, the community and the post. "His memory will forever be held sacred by all who knew him," Dr. Myers said.

Harold McLaughlin, past Chef de Gare of 40 et 8, the organization served by Mr. Hasson as Chef at the time of his death, in behalf of the Hasson family, presented to the post a leather bound Memorial book in which to record the names of all deceased members of Camp Chase post. The book was received by Commander Ernest H. Brown in behalf of the post. Taps were sounded by Harry K. Marshall.

The post degree team, composed of Walter E. Sprenger, Elmer A. Young, James F. Hurd, Dr. A. C. Myers, Milton P. Hein, Harold McClure, Thomas Milliken, Harry K. Marsh and Robert C. Hitchcock, conducted the initiation of the 35 new members of the "Claude Hasson Memorial Class" of the post. The newly initiated members and officers of the post are shown in the picture above with the memorial memory book and a portrait of Mr. Hasson.

Study Plea To Change Street Name

City councilmen this week took under consideration a petition signed by Arthur J. Bellar and 30 other residents of Algonquin-av, asking that the name of that street be changed to Westlake drive.

The petitioners pointed out that the name Westlake drive was selected because councilmen may change the name of Westgate park to Westlake park in honor of the late councilman, Milton W. Westlake, a Hilltop booster and community supporter. The street runs directly into the entrance of Westgate park.

Persons who signed the petition were Arthur J. Bellar, F. A. Sheehy, W. G. Combs, C. F. Junker, C. J. Wohlgemuth, H. W. Vieth, H. H. Kemper, R. J. DeShetler, T. J. O'Toole, Alexander Howard, Mrs. E. P. Schlegel, Mrs. R. Egan, F. E. Gunning, Mildred N. Rickert, C. E. Mahoney.

Miss Bess Alley, E. E. Hicks, Lilly M. Nickey, J. A. Hess, C. Owens, Franklin J. Leroy, Loretta M. Couch, A. L. Holzbacher, Mrs. Laura Pinkerton, Mrs. Helen Barok, Bernice S. Clover, Mary F. Powell, Martha A. Merriman, Mrs. Ray Clark, Andrew N. Hauer, Clo Lauer.

Roys Ave. Family Hurt In Crash

Mr. and Mrs. E. C. Platt, 223 S. Roys-av, and a daughter were given treatment this week in Mansfield General hospital for injuries received in an auto collision near Mansfield Sunday. Mr. Platt is head stock buyer for the David-Davies Packing Co.

Ministers To Hold Last Meeting

The Hilltop Ministerial association will meet Tuesday afternoon at 4 o'clock in the parlors of the Hillcrest Baptist church for their last regular meeting until next fall. A number of very pertinent matters are to be discussed and each minister of the Hilltop is urged to be present, Clyde R. Wendell, the secretary, said.

Hilltoppers Active In Primary Campaign

Hilltop voters next Tuesday are scheduled to cast their ballots for a goodly number of Hilltop and West Side candidates in the primary voting, with a large representation of candidates from this area seeking nomination for a wide variety of positions ranging from county commissioner, common pleas judge, state senator and representative to ward committeeman.

With both parties scheduled to do some rough and tumble scrambling for votes in the eleventh and tenth ward committeeman contests, these battles are expected to attract as much attention as the more sedate campaigning for higher offices.

Other issues of interest to the Hilltop will include the incorporation vote on the Valleyview area west of Hague-av and the decision of voters on May 21 whether to incorporate the Little Farms section along Broad-st west of the city limits near Rome.

Principal Candidates

Principal Hilltop candidates for the major nominations include George W. Matson, 87 N. Warren-av, former chief city building inspector, who is seeking the Republican nomination for county commissioner, Ralph L. Jacobs, 2914 Crescent-dr, vice-president and general manager of Arcadel System, Inc., bus lines, seeking the Democratic nomination for state representative, and Judge Edward C. Turner, 4309 W. Broad-st, former attorney general of Ohio, who seeks to succeed himself on the common pleas bench of the county.

Other Hilltop candidates include: Henry P. Fagan, 308 S. Algonquin-av, Democratic candidate for state senator; Joseph C. Nailor, 109 N. Burgess-av, incumbent candidate for Republican state representative, F. D. Houston, 184 S. Wheatland-av, and E. Maxwell Young, 112 N. Guilford-av, both Democratic candidates for state representative, and Otto Bess, 481 Townsend-av, Republican candidate for sheriff.

In the committee races, the principal contests will be between George Sinclair, 109 Powhatan-av, and Russell S. Welch, attorney, 354 S. Brinker-av, who are both seeking to win the eleventh ward Republican position with Sinclair having the indorsement of the Republican organization and clubs while Mr. Welch is asserting there is no harmony program among Hilltop Republicans and that he can muster as many backers as Sinclair.

Woman In Race

With the withdrawal of Samuel J. Willis from the Democratic committee contest in the same ward, Fred L. Sulzberger, president of the Hilltop Business Men's association, is expected to have easier sailing as Adelbert R. Sheskey, the only other candidate, has definitely withdrawn from the race.

The tenth ward Republican committee contest is highlighted by the competition of a woman candidate for a man's job, Mrs. Gladys L. Crabbe, 327 Hilltonia-av, seeking the position with Henry A. Koontz, former incumbent, as her rival. If nominated, Mrs. Crabbe would find herself in the unique position of bearing the title of "committeeman" and having to appoint another woman as "committee woman."

Oscar F. Dildine, incumbent Democratic committeeman in the tenth ward, is popular with his followers and is campaigning for renomination on the fair and square treatment he has given all Democrats in the ward. His rival is Charles A. Middleton, 99 Belvidere-av, the former committeeman, and resident of the Hilltop for 21 years.

In the contest for common pleas judge, two judges are rivals for the Republican nomination, Judge Edward C. Turner, a resident of the section west of the Hilltop, seeking to fill out the unexpired term of the late Judge Harold L. Kime, while Municipal Judge Joseph M. Clifford, 66 Webster Park-av, seeks to win the place held by his former late associate.

Harry L. Hopwood, 2653 Sullivant-av, candidate for delegate to the Republican state convention in June is one candidate who doesn't have to worry much about competition or do much active campaigning. His nomination papers were filed last March and since the job is really active only for the afternoon of the convention, he isn't alarmed. The position is non-salaried.

Record-Gasco Food Institute Is Success; May Be Given Again Next Year

Successfully closing before a near-capacity crowd, the first Hilltop Record-Gasco Food institute last Friday night gave scores of Hilltop housewives and numerous lucky prize winners a new insight into the daily home task of preparing meals for the family as presented by Miss Louise McFarland and Miss Rita Carper, assisted by K. A. Williams of the institute staff.

Mrs. James A. Hill, 1411½ S. Ogden-av, winner of the 1940 Tappan gas range, received the biggest thrill of all when her name was called as the lucky ticket holder. She was so surprised she could hardly make her way to the stage to pose for the above photo with her prize.

Hilltop merchants and many food firms cooperated in the three evening event at West High school auditorium and so successful was the program that plans are under consideration to make it an annual event.

Mrs. Hill said she enjoyed the institute so much that on the second night she determined to write the Record a letter of thanks for such a good program, but when she was awarded the stove, she changed the letter to an expression of appreciation.

Your Vote Will Count

An Editorial

The best men can be elected to public office this fall if the best ones are nominated at the primaries next Tuesday, May 14.

Your vote is important at this time. Perhaps there are good men of both parties you would like to see nominated and under the primary system your preference must be stated and you are thereby prohibited from scratching your ballot at this time, but this is no reason for you to fail to visit the polls Tuesday. Remember, those better men of your party may not receive the nomination unless you add your support at this time.

Hilltoppers, both Democrats and Republicans, have several candidates in the running. They deserve your consideration.

For several weeks the Record has endorsed the candidacy of George W. Matson, Republican for county commissioner, and Ralph L. Jacobs, Democrat for state legislature.

We can heartily recommend support of these men because they have been long time residents of this community and are capable of providing the finest type of public service in the positions they seek. They are honest, experienced in business problems, understanding and sincere in their desire to serve their community.

Plan For $100,000 Sullivant Ave. Court

Following the approval by city council of a change in zoning, last Monday night, plans are being made for the erection of a 30 family court type apartment building on the north side of Sullivant-av, it was revealed this week by Harry L. Hopwood, 2653 Sullivant-av.

The building, to be called Salisbury Court, will be located on a plot of ground 164 by 148 feet between Binns-blvd and Huron-av, now zoned for business. Plans are to build a modern, artistic court with 30 apartments of two or three bedrooms that will rent for a minimum of $40. Estimated cost of the project is $110,000.

The court will be in keeping with the excellent neighborhood and a credit to the Hilltop, Mr. and Mrs. Hopwood said. Selection of an architect to prepare plans will be made within a few weeks and it is proposed to start work on the building within a short time, they declared.

Hilltop Student Wins State Honor

Horace H. Coburn, 230 S. Westmoor-av, was among 107 ranking school seniors in the central Ohio district who received certificates last Saturday afternoon from the state department of education in ceremonies at Ohio State university for scholarship contestants.

State awards will be announced Saturday, May 18, at ceremonies in Memorial hall. Dr. Howard L. Bevis, president of the university, addressed the winners. Dr. B. L. Stradley, dean of the arts college, presided.

James H. Looker, 63[illegible] S. Harris-av, received honorable mention.

Record, Associates To Be On Radio In Salute Programs

Columbus as represented by the Hilltop, the Record and adjacent cities of Lancaster, Washington C. H. and Greenfield, all served by Hartley newspapers, will be on the radio air waves next Friday and Saturday nights at 10:30 o'clock through the WCKY salute to communities program, it was announced by the 50,000 watt L. B. Wilson radio station this week at Cincinnati.

The salute programs will cover Columbus and Greenfield at 10:30 next Friday night and Washington C. H. and Lancaster at 10:30 Saturday night, the programs all originating in the 50,000 watt Cincinnati station's new studios in the Hotel Gibson.

Build Communities

Because Mr. Wilson feels that his station, WCKY, and newspapers in neighboring communities are striving for the same common goal—to render the best possible public service, he believes that newspapers are logical sponsors in the salute series.

The 1939 series, inaugurated when WCKY became as powerful as any station in the entire U. S., was so widely hailed and such favorable response was received from the communities participating, that Mr. Wilson asked WCKY officials to set aside 133 quarter hour periods for a similar series this year.

Tell Advantages

The programs are devoted to telling the story of each community and residential advantages, together with little known contemporary and historical facts.

Mr. Wilson has asked the Hilltop Record and its associate newspapers to visit WCKY's studios in the Hotel Gibson, Cincinnati, and the transmitting station at Crescent Springs, Ky. Residents are especially invited the evenings of the community broadcasts. The station is a basis member of the Columbia network.

Their Hobby Is Minature Autos

Probably few people are aware that automobile races are held on the Hilltop every Sunday afternoon with cars that are both fast and powerful, although their gasoline consumption would be the delight of a Scotchman.

The races are held under the auspices of the Hilltop Miniature Race Car club that is planning to build its own race track soon adjacent to the floor where the races are now held at the Hilltop swimming pool.

The new track will be standard for its type of racing and will be 105 feet in diameter and four feet wide, in the form of a circle.

Members of the club meet the second and fourth Mondays of each month at 7:30 p. m. in the basement of Gearhart's hardware store, 2387½ Sullivant-av, where the club room is located. All miniature auto racing fans are welcomed to attend the meetings.

Officers of the club are: Charles Mooney, 168 W. Tulane-rd, president; Jaco Boyer, 2387½ Sullivant-av, vice-president; Ed Duff, 8 University-pl, treasurer, and Blair Caldwell, 403 E. Maynard-av, secretary.

No races will be held at the swimming pool track this Sunday, as the floor is being made larger.

Eagles Elect New Officers

Claude Fox, 336 S. Powell-av is the new president and C. E. Keller, 217 S. Wheatland-av is the new vice president of Aguila No. 2209, Fraternal Order of Eagles. They were elected in a closely contested race for the two offices at the annual election last Monday, winning over Robert Gibson, 101 N. Powell-av and Charles Snyder, 619 E. Eureka-av.

The following other officers were elected without opposition: Chaplain, Wesley Baker; secretary, D. R. Gerrish; treasurer, A. F. Lane, conductor, Guy Peden; inside guard, George Metzger; outside guard, George Fox; trustee, Ralph Lasmmle.

Illness Fatal To Member of Pioneer Family

Funeral services were held Wednesday afternoon for Miss Gertrude Haldy, member of a pioneer Hilltop family and daughter of the late Charles W. Haldy, who died last Sunday evening at White Cross hospital following a short illness. Burial was in Green Lawn cemetery.

Miss Haldy was known as an artist and interior decorator and was formerly connected with the F. & R. Lazarus & Co. She was born in the Haldy homestead at the corner of what is now Broadst and Haldy-av, and until about four years ago had resided at that address. She had lived at 672 Sheridan-av in recent years.

The Haldy family settled in the section west of Hague-av in 1862 during the Civil war and had a 200 acre farm there, their original holdings extending north to the Big Four tracks. The family still owns land north of the tracks. The original Frederick Haldy homestead was on Hague-av.

Miss Haldy is survived by her mother, Mrs. Charles W. Haldy of the Sheridan-av address and a sister, Mrs. Harrison Kitemiller, Hudson, Ohio.

Valleyview May Incorporate As Separate Village

A petition by residents of Valleyview asking the question of whether Valleyview shall be incorporated as a village has been accepted by the board of trustees of Franklin township, and the issue will be submitted to the voters on May 14, according to Marvin C. Yerke, clerk of Franklin twp.

The petition is for decision on incorporation as a village rather than in regard to annexation of the area to the city of Columbus, as has been generally supposed, Mr. Yerke explained.

Valleyview is located between Hague and Eureka avenues, being bounded on the north by the Pennsylvania railroad and on the south by the New York Central railroad.

Feels Woman Is Needed For Committee Post

"My desire to represent the tenth ward on the Republican county central committee is based on the fact that I feel that women should be represented on the party's controlling committee," says Mrs. Gladys L. Crabbe. "It is true that such representation has never existed before, and that is all the more reason why it should begin this year.

"My opponent seems to intimate that it either would not be proper or legal for a woman to be elected. I maintain that it would not only be proper but advisable for a woman to be a member of the Republican county central committee and I have ample proof that it is legal, also.

"It is my earnest desire to fairly and actually represent the Republicans of the tenth ward in party matters. I assure everyone that I shall consult with my constituents, both men and women, on all party matters. I shall represent the Republicans of this ward and will use every method possible to determine their desires and wishes. In short, it is not my desire to be committeeman just to establish my own ideas, but rather to promote the wishes of the Republicans of our ward—for it is our ward.

Brodbelt for Congress A REAL Democrat

"WHEN WEALTH WORKS THE PEOPLE WORK"

Not before Wealth can be put back into Commerce and Industry can we expect to see a decrease in National Unemployment. Taxes bind wealth to the hindrance of Commerce and Industry. The wealth that takes the greatest risk in commerce and industry pays the highest rate of taxation. Revise our National Tax set-up! Tax the billions of wealth on which no taxes are paid, also tax the billions of wealth on which very little taxes are paid, and put the same levy on all wealth in the United States. This accomplished we can, then, get a balanced budget, pay old age pensions to all classes of people and we will again have no unemployment in the country, as this will expand commerce and industry. Isn't one class of wealth to another class of wealth, when it moves for profit or loss in commerce and industry, always based on the American Dollar standard of Value? Then, why not tax the movement of wealth as it moves in this country, all at the same rate? Then we will have an equalization tax on all wealth, and from that time on there should never be a depression. This tax on the movement of wealth would lower the tax in the dollar to the consumer, which would automatically increase national income in proportion to the increase of the buying dollar. Taxes made this country what it is today. Taxes can still destroy this country.

I would appreciate your support at the Democratic Primaries, May 14th.

Faithfully yours,
SAMUEL [illegible]T.

Stitt Spark Plugs Made In Columbus

The Stitt Ignition Co. factory, located at 66 E. First-av, manufactures and distributes Stitt patented pressure-seal spark plugs for all kinds of equipment, including heavy duty gas engines used for drilling, pumping and gasoline compressor plants in the oil and gas fields of the United States and many foreign countries.

The Stitt Ignition Co. was established in Columbus during the World war by the Hon. Harvey C. Garber, who was its president and general manager until his decease on Mar. 23, 1938, to supply heavy duty plugs for use in oil and gas fields to replace plugs manufactured in Germany, and as a result of the high efficiency of these spark plugs, practically all gasoline marketed in made in gasoline compressor plants operated by engines using Stitt spark plugs. Over 85 per cent of the railroads in the country also use Stitt spark plugs in their automotive cars. The business has been continued under the leadership of Mrs. Harvey C. Garber, who has just been elected to her third successive term as president and general manager, and continues to show steady progress. This company has developed a new improved patented pressure-seal gasoline Stitt spark plug for automobiles, trucks, tractors and buses, which is being offered to the users of automobiles in the city of Columbus and throughout Ohio at a substantial saving. An ad in this edition of the Hilltop Record describes many advantages of the patented pressure-seal Stitt spark plugs.

Little Slippers

Just a pair of little slippers,
Lined with fur and soft as silk.
Just a pair of little slippers,
With the fur as white as milk.

Just a pair of little slippers,
On the cold still closet floor.
Just a pair of little slippers,
Never to pass through the door.

By a boy with pale white cheeks,
But they once were used quite often,
Just a little tot of seven,
Very small and very weak.

But his life was up quite early,
He was taken swift and sure.
Leaving just a pair of slippers,
On the cold, damp closet floor.

Mr. C. Carlton Hartley
Hilltop Record.
Dear Sir:

Allow me to thank you and the Gas Company, and all Hilltop merchants who assisted you with their advertising, for the lovely modern 1940 Tappan gas range awarded to me at the Hilltop Record-Gasco food institute last Friday night at West High school.

I also want to thank Miss Louise McFarland, Miss Rita Carper and Mr. K. A. Williams, who were all so nice to me. When I realized I had won the range I was so overcome I could hardly make my way to the auditorium stage, as they courteously assisted me.

This range makes my kitchen look like a million dollars. To anyone who wishes to modernize or furnish their kitchen, I say "buy a new 1940 modern Tappan gas range." Again I thank you, I enjoyed the Hilltop Record-Gasco food institute more than anything of a similar nature that I had ever attended.

Sincerely,
Mrs. James A. Hill,

Welch Opposes Cliques In Primary

Russell S. Welch, candidate of 11th ward Republican committeeman, is well qualified and experienced in business management and therefore is in a position to perform the necessary duties of the office, his friends and supporters claim.

"It is time to do away with "Boss-ism" and place in public office those who are qualified and experienced rather than stooges," Mr. Welch has been declaring in his campaign against Harry Arnold and F. E. Robertson.

Mr. Welch is an attorney and a business man of high standing and if elected will be governed by the wishes of his friends and neighbors, rather than by certain cliques and groups, it is asserted by his boosters. He is married and resides at 354 S. Brinker-av.

Brodbelt Has New Tax Plan

Samuel Brodbelt, Democratic candidate for the Democratic nomination for congress from this district, is making campaign on a platform of being a "Real Democrat," a congressman who will not be reactionary to the administration.

Mr. Brodbelt has his own program which he calls "When wealth works the people work," a revision of the national tax set-up which he says will bring wealth flowing back into commerce and industry by taking off the tax barriers, which he claims now hinder the working of wealth.

Active as a real estate man for many years, Mr. Brodbelt is considered an expert on taxes. He has long been an active Democrat.

Hilltop Bowlers Decide Nine League Winners

By David Shiflet

Bowling action on the Hilltop reached its peak this week as the nine leagues bowling at the Hilltop Recreation alleys finished their schedules. With few exceptions, close races featured the activities in each league.

Perhaps the closest battles were exhibited in the circuits known as the Hilltop Business Men's Recreation and Tuesday Niters. In the first named league the Rivoli and Ritz team edged the Richer Dairy representatives by a single game. Shank and Saunders gained the Recreation pennant with a single game win over Seiller's and in the Tuesday evening group Looker Barbers edged Hilltop Recreation by one game.

Larcomb Construction gained the top spot in the All-Star league while Painters Markct took top laurels ahead of Long and Haldeman in the Hilltop Ladies group. Blue Sunoco topped Transep, 41-19, to 35-25, to cop the Sun Oil Co. league bunting.

Hilltop C. of C. won the Church league honors by holding a four-game edge over West Park M. E. as Tim's cafe waltzed off with the Social league banner and Frank's Treasurers took a close two-game decision in the Suburban league from Kinnear Doors.

Bill Wolfe, manager of the local alleys, announced this week that each of the sponsoring firms of the winning teams would be awarded a cup. The awards are to be made this week.
